NON-CONFIDENTIAL SHORT PROPOSAL
(Not to exceed 4 pages, including figures. The page limit does not include the references. Please do not include any confidential structures in your proposal.)

1. BACKGROUND & SIGNIFICANCE (Please describe the approach and scientific rationale.)

2. RESEARCH OBJECTIVES (Please include a non-confidential description of the research Aims, the scientific rationale for these Aims, and any relevant non-confidential preliminary results. Please use as many Aims and Sub-Aims as needed for the project.)

   A. Aim 1:
      - Rationale
      - Preliminary results
   B. Aim 2:
      - Rationale
      - Preliminary results

Please indicate the following key elements in this section:
   A. Therapeutic area of focus
   B. Mechanism of action, modality, and target

Have you already obtained any of the following discovery/pre-clinical data? If yes, please describe.
   A. Evidence of in vitro target engagement
   B. Any evidence of biological response
   C. Pathway inhibition
   D. Biomarkers
   E. Any in vivo data
   F. Information on the molecule, ease of synthesis, CMC, stability, and/or manufacturing

3. EXPERIMENTAL PLAN (Please provide an overview of the planned implementation of the project)

4. ANTICIPATED MILESTONES AND TIMELINES (Please provide anticipated timelines per Aim)

Please provide a high-level developmental plan including (but not limited to):
   A. Key experiments needed to warrant funding
   B. High-level budget/funding required to achieve milestones for 1st year of funding
   C. Beyond 1st year, please provide high-level timelines/general plans to IND
   D. Please provide milestones/budget to be further developed by both parties if Full Proposal is selected

5. REFERENCES (The one-page limit does not include the references.)

6. PUBLICATIONS (Please include up to 5 of your relevant publications.)
