<td>NIH DATA MANAGEMENT AND SHARING POLICY</td>
<td>NIH just released new guidance on budgeting and costs in their NIH Data Management and Sharing (DMS) Policy FAQs. A significant change SPA wishes to highlight: Personnel Effort: Per NIH’s Budget/Costs FAQ 6, “All costs for data management and sharing activities, including personnel costs, must be included in the single line item on the R&amp;R Budget Form in section F. Other Direct Costs. This includes the salary and fringe benefits corresponding to the time it takes personnel to undertake data activities (e.g., formatting, curating, developing supporting documentation). Do not include personnel costs related to data management and sharing activities in section A. Senior/Key Person or section B. other Personnel. Supporting details, including a breakdown of any personnel effort, must be included in the budget justification.”; This is a change from our previous guidance.</td>

**Contact:** For questions, please reach out to data-management@columbia.edu

**Additional Information:** Given the number of NIH proposals planned for submission for NIH’s deadline on Monday, February 6th, we wanted to send a quick clarification regarding the costs associated with Dryad, a generalist digital data repository that is an option to meet the data sharing requirements under the NIH Data Management and Sharing (DMS) Policy. For Dryad, data deposit fees are waived for Columbia researchers, except for large datasets that exceed 50 GB. Costs for large datasets over 50 GB will vary depending on size of the data deposit. For more information, see Dryad’s terms. As reminder, it is best to follow NIH’s guidelines on selecting a repository, and take into consideration the following before selection: Does the NIH funding opportunity announcement (FOA), or NIH Institute, mandate a particular repository for data sharing? If no; Is there an NIH-supported data repository that is appropriate for your data type? If no; Consider a generalist repository, such as Dryad; or Columbia’s data storage options, some of which can act as repositories for data sharing. For questions, please reach out to data-management@columbia.edu; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

[No Link Provided]

CDMRP continues to be concerned about the impacts of COVID-19 on Service Members and the public. We are aware of the challenges it poses and are tracking some of the impacts to current awardees and ongoing research. While not every program will have financial resources available to assist, awareness of any significant unresolved issues affecting current research awards is important.

The intent of this notice is to remind recipients of the requirements in 32 CFR Part 1134, Subpart E Other Reporting. This provision specifies the requirement for recipients to disclose significant
developments as soon as they become known. These include problems, delays, or adverse conditions that will materially impair your ability to meet the objectives of your awards; Disclosures of significant developments may be made on your next interim performance report or at any point between scheduled performance reporting dates by contacting the Science Officer or Grant Specialist assigned to your award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

[NTW] [WEEKLY HIGHLIGHT/FY 24 NON GOVERNMENT FRINGE RATE]
FY24_Non Government Fringe Rate (beginning 07/01/2023) will be 33.5%_Institutional Information | Columbia | Research
Sponsor: https://research.columbia.edu
Deadline(s): 07/01/2023 (Effective Date)
Contact: OMB is available to assist you with these changes, so please reach out to your budget analyst with any questions
Link(s): https://research.columbia.edu/institutional-information
Additional Information: The announcement below was sent to all ARC Budget Tool Users this morning. The non-government fringe rate for FY24 (beginning July 1, 2023) is going to be 33.5%. Proposals for non-government grants should be prepared using the 33.5% fringe rate for budget period start dates 7/1/2023 or later.; We reflected this change on our Institutional Information sheet on the SPA website at https://research.columbia.edu/institutional-information. ; The government fringe rate of 29.3% remains the same until further notice.; As always, feel free to reach out to your SPA Project Officer should you have any questions about proposal preparation.; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu ; Website: https://spa.columbia.edu/; Update - FY24 Fringe Rates; To all Budget Tool users, UPDATE - FY24 Fringe Rates; The fringe rate charged for salaries on all funds - except government grants and contracts - is changing from 34.0% to 33.5% for FY24. OMB plans to automatically recalculate and apply the fringe changes to your FY24 budgets on Friday evening.; The fringe assessment on government grant projects is not changing and the amounts on account 59010 will be unchanged.; The lower fringe rate for non-government grants and contracts may necessitate users to review their projections and make necessary adjustments. Please make your adjustments by Tuesday, April 25th. ; OMB is available to assist you with these changes, so please reach out to your budget analyst with any questions.; Thank you.; The Budget Tool Team

[NTW] [FEDERAL FRINGE RATE FY23]
New Federal Fringe Rate FY23 of 29.30%
Learn about Fringe Benefit Rates | Columbia Finance
Institutional Information | Columbia | Research and Finance Site
Learn about Fringe Benefit Rates | Columbia Finance
Sponsor: SPA, Federal Government
Deadline(s): New Federal Fringe Rate FY23 of 29.30%
Contact: Any questions about the government fringe rate should be directed to AskRPIC@columbia.edu
Link(s): https://www.finance.columbia.edu/content/learn-about-fringe-benefit-rates
https://research.columbia.edu/institutional-information
https://www.finance.columbia.edu/content/learn-about-fringe-benefit-rates
Additional Information: New Federal Fringe Rate FY23 of 29.30%; We are writing to inform you that we have received approval from the Federal government to change the fringe rate applicable to government grants and contracts. This rate will increase from 28.2% to 29.3% retroactively and effective July 1, 2022. Adjustments will be reflected on your awards in ARC by December 23. For all funding sources other than government grants and contracts, the FY23 fringe benefits rate of 33.0% that took effect July 1 continues.; Please note that you may wish to take this opportunity to review the impact the change in the fringe benefits recovery rate may have on the allocation of personnel-related costs for the remainder of the grant life cycle.; For information regarding student employees working during the academic year or summer, refer to Learn about Fringe Benefit Rates | Columbia Finance; The PAC team will process a fringe adjustment for all FY23 payroll activity recorded since July 1, 2022.; The rate agreement is available on the SPA website on the Institutional Information | Columbia | Research and Finance Site at Learn about Fringe Benefit Rates | Columbia Finance; Any questions about the government fringe rate should be directed to AskRPIC@columbia.edu.; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

Additional Information: This is a reminder that NIH will be releasing the new redesigned xTrain module 03/30/2023. With this new release, trainees will be required to sign Reappointments and Amendments, just as they do for Initial Appointments. In
cases where this is not possible due to a trainee’s unavailability, the program director/principal investigator (PD/PI) will add a comment to explain why the trainee could not sign.; For more detailed information, see NIH’s notice below, along with their videos, screen shots and user guide.; eRA Reminder: Redesigned xTrain Module To Be Released Tomorrow, March 30; The new xTrain module is scheduled to be released tomorrow, Thursday, March 30 in eRA Commons. eRA collaborated with a group of xTrain users to revamp xTrain with new screens and improved process flows. The release also includes a process change for deletion of forms, as well as clarifications on signatures for trainees and organizational responsibilities for users.; Look for the new xTrain screens to appear in eRA Commons tomorrow. There will be no downtime or impact on users. Below, see resources for more information and a related message that details new features and screens.; Resources: NIH Guide Notice NOT-OD-23-094; xTrain Overview video tutorial; xTrain — Appointments video tutorial; xTrain online help (available following tomorrow’s release); (Original message below sent Thursday, March 16 at 11:05 a.m.); As mentioned a couple of weeks ago, NIH is going to launch a newly redesigned xTrain on March 30th. xTrain is used to manage appointments, reappointments and terminations for institutional training grants (Ts), individual fellowships (Fs), institutional career development awards (K12), and some research education awards (such as the R25); NIH released additional information below (which can also be read here), containing screen shots. In addition, they created a high-level, six-minute video walking through the new xTrain. Their detailed, online user guide won’t be available until after the release.; We will keep you posted on xTrain as more information becomes available.; eRA Enhancements: Redesigned xTrain Module in eRA Commons Coming on March 30; eRA Collaborating for a Transformative Tomorrow; eRA Enhancements: Redesigned xTrain Module in eRA Commons Coming on March 30; A newly redesigned xTrain module in eRA Commons is scheduled to be rolled out on Thursday, March 30, following a collaboration with an external user group. The new xTrain, with revamped screens and streamlined processes, is designed to be more user-friendly and task oriented. In addition, xTrain will adopt the new visual appearance being adopted by other eRA modules, as part of a required technology upgrade.; As a reminder, xTrain is used by program directors/principal investigators (PD/PIs), university administrators, and trainees to electronically prepare and submit PHS 2271 Statement of Appointment Forms and PHS 416-7 Termination Notices associated with institutional research training grants, institutional career development awards, individual fellowships, and research education awards.; The release will accommodate a clarification on signatures for trainees (see section towards the end of the message below). Read details about this change and a clarification of organizational responsibilities for external users in NIH Guide Notice NOT-OD-23-094.; Although the entire module will be updated, only a sampling of new screens is shown below. For complete screenshots and steps, see the xTrain online help following the release.; Awarded Grants Screen; The Awarded Grants screen is the first screen PIs, sponsors, and their delegates see upon login. Note that business officials, signing officials, and trainees see slightly different screens tailored for their task flows. The Awarded Grants screen lists grants awarded to the current user as well as grants for which the current user is a sponsor. Users can use the Quick Filters section, a set of toggles that narrow down the grants shown. Actions that were formerly under the Action column, such as the option to go to the training roster, appear under the three-dot ellipsis menu; see Figure 1; A set of new tools at the top of tables in xTrain lets you type text to quickly filter results, print or download results, choose results shown per page, and navigate through pages of results; see Figure 1. For information on using new table tools, see Standard Tools for Tables.
Figure 1: Awarded Grants screen showing Quick Filters to narrow down grants shown, the three-dot ellipsis menu displaying actions for a grant, and new table tools; **Trainee Roster Screen – Overview Section**; The top of the Trainee Roster screen shows grant information and trainee roster information by grant year and includes graphs of awarded and accepted months for pre-doc, post-doc, and short term. For a particular grant year, users can click an **Appointments – Start New** button to search for a trainee and start a new appointment form. All actions available for a grant reside under the three-dot ellipsis menu next to the grant number.; The **See Slots** link for each year will show slots awarded and accepted for each of the three categories of appointments (pre-doc, post-doc, and short term); see Figure 2. More complete slot data is available from the Appointment Form screen; see Figure 5.
Figure 2: Top part of the Trainee Roster screen, which graphically displays current trainee months, as well as a three-dot ellipsis for performing actions, number of Appointments and Terminations, a Start New appointment link, and a See Slots link for each grant; Trainee Roster Screen – List of Trainees Section; At the bottom of the Trainee Roster screen, which users can quickly access using the Jump to Roster Table button, users see the list of trainees. Users can click the three-dot ellipsis menu for a trainee to see available actions such as view the appointment form, view routing history, initiate or view a termination notice (not shown), amend an appointment, or create a service desk ticket that is automatically populated with the relevant information. Underlined and linked trainee names represent forms that are a work in progress by the trainee, but accessible to be recalled by the PI; see Figure 3.
Figure 3: Bottom of the Trainee Roster screen, which lists trainees as well as the three-dot ellipsis menu displaying action items; **Appointment Form Screen;** On the Appointment Form screen, accessible when creating or amending in-progress appointments, users can specify the details of a trainee as well as the trainee’s appointment, save the form as a draft, and eventually submit the form to the agency; see Figure 4.; Not shown is a similar screen for terminations, titled Termination Notice, which can be accessed for trainees who are eligible to have their appointments terminated.

![Appointment Form Screen](image)

Figure 4: Appointment Form screen, where users can specify the details of a trainee’s appointment, also displaying the Slot Data link and Save as Draft button; To quickly check how many slots are accepted, awarded, and remaining, the user can click the **Slot Data** link, shown outlined in red above, which expands the section; see Figure 5.

![Appointment Form Screen](image)

Figure 5: Slots and months for one grant year broken down into accepted, awarded, and remaining for pre-doc, post-doc, and short term; **A Process Change for Deletion of Forms;** **Deletion of Forms;** With this release, the process for deletion of forms...
will change. Agency staff will return the form to the organization to delete, instead of deleting the records on their own.; **Clarifications on Signatures for Trainees and of Organizational Responsibilities for External Users; Trainee Signature to be Required on Reappointments and Amendments**: Trainees will be required to sign Reappointments and Amendments, just as they do for Initial Appointments. In cases where this is not possible due to a trainee's unavailability, the program director/principal investigator (PD/PI) will add a comment to explain why the trainee could not sign.; **Clarification of Organizational Responsibilities for Type 6 and Type 7 Actions**: NIH has issued a clarification of an organization's responsibilities for Change of Recipient Organizations (Type 7) and Successor-in-Interest/Name Change (Type 6) actions (details in guide notice below); **Resources**: Please see the xTrain Overview video tutorial (for external users). Also look for the xTrain online help (following the March 30 release); **Questions?** See Need Help. Submit a web ticket; or call Toll-free: 1-866-504-9552, Phone: 301-402-7469. The Service Desk hours are Mon-Fri, 7 a.m. to 8 p.m. ET; **Help us improve our communications!** Send suggestions and feedback; **Learn more**. [NTW] [NIH ANNOUNCEMENTS/eRA COMMONS]

**NOT-OD-23-094: NIH Redesign of the xTrain Module in eRA Commons**

**Sponsor**: National Institutes of Health NIH; Agency for Healthcare Research and Quality AHRQ; Center for Disease Control CDC

**Deadline(s)**: 02/27/2023 (Release Date)

**Contact**: Please direct all NIH inquiries to: NIH Office of Policy for Extramural Research Administration (OPERA); Systems Policy Branch; Email: OPERAsystemspolicy@nih.gov; Please direct all AHRQ inquiries to: Shelley Benjamin; Agency for Healthcare Research and Quality (AHRQ); Telephone: 301-427-1528; Email: shelley.benjamin@ahrq.hhs.gov; Please direct all CDC inquiries to: CDC Office of Grant Services (OGS); Policy, Risk, Information and Systems Management (PRISM) Branch Email: PRISM@cdc.gov; Please direct all technical inquiries to: eRA Service Desk; Submit a web ticket (preferred method): https://era.nih.gov/need-help; Toll-free: 1-866-504-9552; Phone: 301-402-7469

**Additional Information**: After extensive collaboration with both internal and external stakeholder groups the xTrain module in eRA Commons has been redesigned. The xTrain module is used to process research training appointments, reappointments and more that extend to institutional training, career development, fellowships, and research education awards. The xTrain module was redesigned to streamline workflows and present a more user-friendly interface. The module is adopting the new visual appearance of other eRA modules with enhanced security and stability. This update is anticipated to be released on March 30, 2023.

[NTW] [NIH ANNOUNCEMENTS]

**NOT-OD-23-109: Updates to Funding Opportunity Terminology**

**Sponsor**: National Institutes of Health

**Deadline(s)**: 04/21/2023 (Release Date)

**Contact**: NIH Office of Policy for Extramural Research Administration; grantspolicy@nih.gov

**Additional Information**: The purpose of this notice is to notify the extramural community that NIH is transitioning to updated terminology regarding funding opportunities to better align with the Uniform Administrative Requirements as outlined in 2 CFR Part 200; Effective immediately, NIH will use the term notice of funding opportunity (NOFO) to refer to formal announcements of the availability of Federal funding through a financial assistance program. Previously, such announcements were referred to as funding opportunity announcements (FOAs). See the NIH Grants & Funding Glossary for the full definition.; NIH is currently updating websites, documents, and other resources to reflect the new terminology.
NOT-OD-23-106: Revising the NIH/AHRQ/NIOSH Post-Submission Material Policy
NOT-OD-23-066: Extending the Special Exception to the NIH/AHRQ/NIOSH Post-Submission Material Policy During the COVID-19 Pandemic: August/October 2023 Councils
NOT-OD-19-083: Update to the NIH/AHRQ/NIOSH Policy on Post-Submission Materials

**Sponsor:** NIH

**Deadline(s):** The deadline for submitting all post-submission materials, including preliminary data, will be 30 days before the study section meeting, unless specified otherwise in the NOFO.; For applications submitted for the May 25, 2023 receipt date and beyond, that special exception is ended and is replaced by the following policy. ; For applications submitted for the May 25, 2023 receipt date and beyond, NIH, AHRQ, and NIOSH will accept a one-page update with preliminary data as post-submission material for Type 1 R01, R21, or R03 applications, including resubmissions, if the NOFO used for submission allows preliminary data in the application. Because applications for emergency competitive revisions and urgent competitive revisions undergo expedited review, post-submission materials will not be accepted for those applications.; The deadline for submitting all post-submission materials, including preliminary data, will be 30 days before the study section meeting, unless specified otherwise in the NOFO.

**Contact:** NIH Review Policy Officer; ReviewPolicyOfficer@mail.nih.gov; Francis D. Chesley, Jr., M.D.; Agency for Healthcare Research and Quality; Telephone: 301-427-1521; E-mail: Francis.Chesley@ahrq.hhs.gov

**Link(s):**

**Additional Information:** The following announcement was issued from NIH today, NOT-OD-23-106. Announcement copied below, but please see the full announcement for additional information: In response to the COVID-19 Public Health Emergency, NIH implemented a special exception for post-submission material, allowing a one-page update of preliminary data as post-submission material to specified notices of funding opportunity (NOFOs) (see latest in series of exception notices NOT-OD-23-066). The Public Health Emergency is due to end on May 11, 2023 (see NOT-OD-23-095). For applications submitted for the May 25, 2023 receipt date and beyond, NIH, AHRQ, and NIOSH will accept a one-page update with preliminary data as post-submission material for Type 1 R01, R21, or R03 applications, including resubmissions, if the NOFO used for submission allows preliminary data in the application. Because applications for emergency competitive revisions and urgent competitive revisions undergo expedited review, post-submission materials will not be accepted for those applications.; The deadline for submitting all post-submission materials, including preliminary data, will be 30 days before the study section meeting, unless specified otherwise in the NOFO.; All other materials listed in NOT-OD-19-083 as acceptable post-submission materials will continue to be accepted if submitted 30 days before the study section meeting. Instructions for submission are included in NOT-OD-19-083.; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

**[NTW] [NIEHS P30 CENTER PILOT]**

**NIEHS P30 Center for Environmental Health and Justice in Northern Manhattan; NIEHS P30 Center Call for Pilot Proposals Application Deadline 05/15/2023**

04/15/2023 (Statistical Consultation Appointment Deadline); 05/03/2023 (Statistical Consultation Deadline); 05/15/2023 (Application Deadline)

Prior approval required for international studies: contact either Drs. Diane Re or Pam Factor-Litvak; Instructions for Submission; Prior to submitting a proposal, each applicant is required to set up a study design consultation with Dr. Pam Factor-Litvak, followed by a statistical consultation with a member of the statistical team – please contact Pam by April 15, 2023 for an appointment; Applications should be submitted electronically using the Qualtrics submission form by 5pm on the deadline date (May 15, 2023).

**Sponsor:** NIEHS P30 Center for Environmental Health and Justice in Northern Manhattan; [https://www.publichealth.columbia.edu/research/centers/niehs-center-environmental-health-justice-northern-manhattan](https://www.publichealth.columbia.edu/research/centers/niehs-center-environmental-health-justice-northern-manhattan)
**Deadline(s):** 04/15/2023 (Statistical Consultation Appointment Deadline); 05/03/2023 (Statistical Consultation Deadline); 05/15/2023 (Application Deadline)

**Contact:** [brought to our attention by] Carolina Montes Garcia; NIEHS P30 Center Project Coordinator; T32 Training Grant Administrator; Department of Environmental Health Sciences; Center for Environmental Health in Northern Manhattan; Columbia University Mailman School of Public Health; E-mail: cm3341@cumc.columbia.edu; Investigators interested in submitting proposals are encouraged to discuss them with Pilot Program Directors, Drs. Diane Re and/or Pam Factor-Litvak; For administrative issues, contact Ms. Carolina Montes Garcia.

**Link(s):** [https://www.publichealth.columbia.edu/research/centers/niehs-center-environmental-health-justice-northern-manhattan](https://www.publichealth.columbia.edu/research/centers/niehs-center-environmental-health-justice-northern-manhattan)

**Additional Information:** NIEHS P30 Center for Environmental Health and Justice in Northern Manhattan; Call for Pilot Proposals; Qualtrics Survey | Qualtrics Experience Management; [https://cumc.co1.qualtrics.com/jfe/form/SV_ewWM5vKnu9sChw](https://cumc.co1.qualtrics.com/jfe/form/SV_ewWM5vKnu9sChw); Center for Environmental Health and Justice in Northern Manhattan; Call for Pilot Proposals; NEW THIS YEAR: Cross Disciplinary Linked Projects; NEW THIS YEAR: Environmental Justice Pilot in Commemoration of Cecil Corbin-Mark; Awards up to $35,000 for 1 year for each project · Expedited Review Process; · Updated Award Notice: July 1, 2023; Application Deadline May 15, 2023; Study Design and Statistical Consultation Deadline May 3, 2023; To accelerate translation and interdisciplinary research, the NIEHS Center for Environmental Health and Justice in Northern Manhattan is seeking innovative and promising pilot project proposals in all areas of environmental health and environmental justice. For all programs, we encourage the use of community-based participatory research. Pilot projects are solicited which meet any of the three programs below: 1) Projects focusing on innovative problems in environmental health, taking either clinical/population based and/or basic science/laboratory approaches (total budget of ≤$35K); 2) **Linked cross disciplinary projects encouraging collaboration between clinicians/population-based scientists and basic/laboratory scientists.** Two applications (each ≤$35K) will be submitted, one proposing a clinical/population based project and one using basic science/laboratory approaches, addressing the same topic; 3) **Commemorating the work of Cecil Corbin-Mark, WE ACT’s highly respected leader in the environmental justice movement - a pilot in collaboration with a community group and focus on toxics, air quality, or housing. One will be awarded each year at ≤$35K;** Applicants will have access to the Center’s Facility Cores at no or reduced cost depending upon the extent of use and are encouraged to discuss their projects with the Core Directors. See the Center website for a detailed description of the Exposure Assessment, Integrative Health Sciences, and Study Design and Data Analytics Facility Cores. · Requirements: **Budget and Timeline:** Pilot project proposals can request up to $35,000 and should be completed within one year; **Eligibility:** A major goal of the Pilot Program is to fund projects that will generate preliminary data for the development of a R01 or equivalent; therefore applicants must have academic ranks that allow grant submissions. **Junior faculty with ideas for innovative projects are strongly urged to apply.** Senior faculty and all Center members are eligible if expanding their research into new areas of environmental health or proposing an inter-Center collaboration with investigators at another NIEHS P30 Center.; **Prior approval required for international studies:** contact either Drs. Diane Re or Pam Factor-Litvak; **Instructions for Submission:** Prior to submitting a proposal, each applicant is required to set up a study design consultation with Dr. Pam Factor-Litvak, followed by a statistical consultation with a member of the statistical team—please contact Pam by April 15, 2023 for an appointment; Applications should be submitted electronically using the Qualtrics submission form by 5pm on the deadline date (May 15, 2023). The application should include the following sections: **Electronic Cover Page** (title, abstract in lay language, investigators and affiliations, etc.); **Project Description** (environmentally relevant Specific Aims, Background and Significance, Study Design and Methods, Use of Facility Cores, and Future Plans that outline how results will lead to a larger project, Timeline. Project description sections should not exceed 3-5 pages); **Budget** (PI salary support is permitted up to $3,500 S+F, if needed); **References:** NIH Formatted Biosketches (For all key personnel); **Review Process:** All pilot proposals will be reviewed by both internal and external reviewers. Final funding decisions will be made by the Executive Committee within six weeks. Funding is contingent upon IRB (human subjects) and/or IACUC approval (animals); **Contacts:** Investigators interested in submitting proposals are encouraged to discuss them with Pilot Program Directors, Drs. Diane Re and/or Pam Factor-Litvak.; For administrative issues, contact Ms. Carolina Montes Garcia. Additional information can be found on the Center’s Pilot Projects Page.

[NTW] [WOMEN’S HEALTH]

RFA-OD-23-014: Understanding Chronic Conditions Understudied Among Women (R01 Clinical Trial Optional)

Advancing Science for the Health of Women (nih.gov)

**Sponsor:** Office of Research on Women’s Health; National Cancer Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute of Arthritis and Musculoskeletal and Skin Diseases; Eunice Kennedy Shriver National Institute of Child Health and Human Development; Office of AIDS Research

**Deadline(s):** 06/20/2023; 06/20/2024; 06/21/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Sarah Temkin, M.D.; Office of Research on Women’s Health (ORWH); Telephone: 301-402-2168; Email: temkinsm@mail.nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/rfa-files/RFA-OD-23-014.html

Additional Information: The purpose of this Notice of Funding Opportunity (NOFO) is to invite R01 applications on chronic conditions understudied among women and/or that disproportionately affect populations of women who are understudied, underrepresented, and underreported in biomedical Research should align with Goal 1 of the 2019-2023 Trans-NIH Strategic Plan for Women’s Health Research "Advancing Science for the Health of Women." The awards under this NOFO will be administered by NIH ICs using funds that have been made available through the Office of Research on Women’s Health (ORWH) and the scientific partnering Institutes and Centers across NIH; ORWH Notices of Funding Opportunities: Understanding Chronic Conditions Understudied Among Women (R01 and R21); NIH, National Institutes of Health; Office of Research on Women’s Health; ORWH Notices of Funding Opportunities: Understanding Chronic Conditions Understudied Among Women; RWH recently released two Notices of Funding Opportunities (NOFO), Understanding Chronic Conditions Understudied Among Women, to support research on chronic conditions that affect women and individuals assigned female at birth. The purpose of the NOFOs are to invite applications on chronic conditions understudied among women and/or that disproportionately affect populations of women who are understudied, underrepresented, and underreported in biomedical Research. The NOFOs align with Goal 1 of the 2019-2023 Trans-NIH Strategic Plan for Women’s Health Research "Advancing Science for the Health of Women."; The NOFOs will support research on chronic conditions that affect all women and individuals assigned female at birth that remain understudied building upon opportunities identified at the ORWH-led Advancing NIH Research on Women’s Health: A 2021 Conference. The U.S. Department of Health and Human Services defines chronic conditions as “conditions that last a year or more and require ongoing medical attention and/or limit activities of daily living.” Sex and gender influence prevention, diagnosis, and treatment of chronic conditions and multimorbidity among women. Women have higher prevalence of chronic conditions; often present with different symptoms (e.g., dizziness rather than chest pain with cardiac disease); are affected by different chronic conditions (e.g., female-specific conditions, autoimmune disease); and accumulate multi-morbidity at different life course timepoints (e.g., after menopause) compared to men. Additionally, the burden of chronic conditions is not evenly distributed among communities of women, with higher prevalence among populations of women historically understudied and underrepresented in biomedical research.; ORWH is interested in research on approaches to understanding chronic conditions and multimorbidity in women that include Understanding the underlying mechanisms of disease (including sex and gender differences): Identifying environmental factors (including psychosocial, socioeconomic, and sociocultural determinants of health) that influence risk; Improving prevention, diagnosis and treatment interventions; and Improving quality of life following diagnosis.; Research on chronic conditions with differential prevalence, morbidity and/or mortality in populations of women historically understudied and underrepresented in biomedical research is of particular interest. Visit the R01 and R21 funding opportunity pages to learn more about additional topics of interest.; The awards under these NOFOs will be administered by NIH ICs using funds that have been made available through the Office of Research on Women’s Health (ORWH) and the scientific partnering Institutes and Centers across NIH. Visit the funding opportunity pages to learn more information, key dates, award and eligibility information, application and submission instructions, and contact information: R01 Project Research Grant (RFA-OD-23-014); R21 Exploratory/Development Research Grant (RFA-OD-23-013)

**Additional Information:** Sending this announcement broadly due to the broad nature of the funding research priorities: Climate and Environment, Health Equity, and Future of the STEM Workforce. [brought to our attention by Stephanie Scott]; The following comes from Oak Ridge Associated Universities ORAU. Columbia is a member of ORAU's University Consortium. ORAU actively works with its member organizations to identify opportunities for collaboration with government agencies, national labs and private industry to advance scientific research and education. For more information about our membership benefits, see https://www.orau.org/university-partnerships/membership.html; All questions should be directed to the Research and University Partnerships Office at ORAU at university.partnerships@orau.org. See call for collaborations below.; FY 2024 ORAU-Directed Research and Development (ODRD) Program Call for Collaborations – New; https://www.orau.org/university-partnerships/member-grant-programs/odrd.html; On March 6th during the Annual Council Meeting, the Research and University Partnerships Office announced the formal Call for Proposals (CFP) for the FY24 ORAU-Directed Research and Development (ODRD) Program to ORAU subject matter experts. The FY24 research areas are Climate and Environment, Health Equity, and Future of the STEM Workforce. Proposals are due in June 2023, and must be submitted by ORAU staff.; ODRD projects are joint collaborations between ORAU and university researchers, designed as seed projects to attract ongoing research funding. ORAU researchers lead the effort as Principal Investigators and are responsible for initiating and proposing the project. Funding for awarded projects is shared between both parties, and projects must be completed in one year. The period of performance is October 1, 2023 – September 30, 2024.; Member university personnel with active relationships with ORAU staff are encouraged to reach out directly to discuss the potential for an ODRD project.; To facilitate new partnerships between ORAU and university researchers, we invite university faculty to submit a collaboration request at the following link: https://orausurvey.orau.org/n/fy24odrd.aspx. Requests must outline the proposed research topic, the role of the ORAU researcher, and the role of the university researcher. Requests will be accepted until 11:00 pm EST on April 2, 2023, and will be shared with the ORAU research community. If complementary interests align, ORAU will contact you to discuss the potential partnership the week of April 24, 2023. Submission of request is not required, and does not guarantee collaboration or funding opportunities. Late requests will not be accepted.; ORAU; Research and University Partnerships Office; (865) 576-6513; University.partnerships@orau.org; www.orau.org; ORAU, a 501(c)(3) nonprofit corporation, provides science, health and workforce

solutions that address national priorities and serve the public interest. Through our specialized teams of experts and access to a consortium of more than 150 major Ph.D.-granting institutions, ORAU works with federal, state, local and commercial customers to provide innovative scientific and technical solutions and help advance their missions. ORAU manages the Oak Ridge Institute for Science and Education (ORISE) for the U.S. Department of Energy (DOE). Learn more about ORAU at www.orau.org.

[NTW] [SPA ANNOUNCEMENTS/RASCAL]

Upcoming Significant Changes to Rascal Proposal Tracking; Sponsored Projects Administration (SPA), in collaboration with Columbia University Information Technology (CUIT), is excited to announce Rascal Proposal Tracking 3.0, anticipated to be released the end of March 2023

What’s changed? Rascal Proposal Tracking 3.0 has been modernized with new functionality to make it easier to identify, sort, and filter projects

Weekly Webinar Wednesday, March 29 [Archival information will be posted when available]

Weekly Office Hours, Tuesdays, April 4 – April 25; 9:30 am – 10:30 am Eastern Time

SPA Project Officers Department Assignments | Columbia | Research

Sponsor: SPA, CUIT

Deadline(s): 03/22/2023, 03/29/2023 (Archival Webinar Dates); 04/04/2023 – 04/25/2023 (Weekly Office Hours, Tuesdays 9:30-10:30 AM)

Contact: SPA Project Officers Department Assignments | Columbia | Research; https://research.columbia.edu/department-assignments

https://research.columbia.edu/department-assignments

Additional Information: Upcoming Significant Changes to Rascal Proposal Tracking; Sponsored Projects Administration (SPA), in collaboration with Columbia University Information Technology (CUIT), is excited to announce Rascal Proposal Tracking 3.0, anticipated to be released the end of March 2023.; What is Rascal Proposal Tracking?; Rascal Proposal Tracking is currently required to register any new or competing renewal grant or contract proposals with SPA. It captures critical proposal and compliance details used by your SPA Project Officer for proposal review and submission to a sponsor. Rascal Proposal Tracking is also used to register proposal resubmissions, transfer applications, non-competing continuations, supplemental requests, and cost extensions.; What's changed?; Rascal Proposal Tracking 3.0 has been modernized with new functionality to make it easier to identify, sort, and filter projects. Several data entry fields have been removed to reduce burden, while others have been enhanced to improve data collection and reporting. New validations have been created to highlight missing or potentially inaccurate information. It is easier to identify changes that have been made in Rascal Proposal Tracking throughout the registration and finalization process in close collaborations with the SPA Project Officer.; Will there be training?; Yes! We have scheduled two webinars to provide the research community with an overview of Rascal Proposal Tracking 3.0. The sessions will be recorded. You can register for one of the following dates: Wednesday, March 22; 2:00 pm – 3:30 pm Eastern Time; Wednesday, March 29; 2:00 pm – 3:30 pm Eastern Time. In addition, we will be holding weekly office hours in April 2023 to assist you and answer your specific questions. To register for office hours: Tuesdays, April 4 – April 25; 9:30 am – 10:30 am Eastern Time; We will provide more detailed information and resources as we get closer to the release of Rascal Proposal Tracking 3.0. For questions, please contact your SPA Project Officer.; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

[NTW] [NIH DATA MANAGEMENT AND SHARING POLICY]
NIH just released new guidance on budgeting and costs in their NIH Data Management and Sharing (DMS) Policy FAQs. A significant change SPA wishes to highlight: Personnel Effort. Per NIH’s Budget/Costs FAQ 6, “All costs for data management and sharing activities, including personnel costs, must be included in the single line item on the R&R Budget Form in section F. Other Direct Costs. This includes the salary and fringe benefits corresponding to the time it takes personnel to undertake data activities (e.g., formatting, curating, developing supporting documentation). Do not include personnel costs related to data management and sharing activities in section A. Senior/Key Person or section B. other

COLUMBIA | Mailman School of Public Health
mailman.columbia.edu/ir2
Personnel. Supporting details, including a breakdown of any personnel effort, must be included in the budget justification.”; This is a change from our previous guidance.

**Frequently Asked Questions (FAQs) | Data Sharing**

**Frequently Asked Questions (FAQs) | Data Sharing; Budget Costs FAQ 6**

**NIH Data Management and Sharing Plan (2023) | Columbia | Research; Revised**

**Budgeting for Data Management & Sharing | Data Sharing**

**NOT-OD-22-189: Implementation Details for the NIH Data Management and Sharing Policy**

**Sponsor:** NIH; SPA  
**Deadline(s):** 01/25/2023 (for NIH Deadlines on or after); update from SPA  
**Contact:** data-management@columbia.edu  
**Link(s):**  

**Additional Information:** NIH just released new guidance on budgeting and costs in their NIH Data Management and Sharing (DMS) Policy FAQs.; A significant change we wish to highlight: Personnel Effort: Per NIH’s Budget/Costs FAQ 6, “All costs for data management and sharing activities, including personnel costs, must be included in the single line item on the R&R Budget Form in section F. Other Direct Costs. This includes the salary and fringe benefits corresponding to the time it takes personnel to undertake data activities (e.g., formatting, curating, developing supporting documentation). Do not include personnel costs related to data management and sharing activities in section A. Senior/Key Person or section B. other Personnel. Supporting details, including a breakdown of any personnel effort, must be included in the budget justification.”; This is a change from our previous guidance. We have revised our FAQ (under topic: Budget Issues) to align with NIH. You should discontinue using previously suggested template language in the budget justification.; If you submitted a proposal to NIH on or after January 25, 2023 and have concerns about this change, note that NIH has stated regarding their assessment of the budget that “peer reviewers may provide comments on the reasonableness of the budget, but these comments will not impact the score. Peer reviewers will only use the information found in the budget justification to determine whether the requested DMS costs are reasonable and will not be provided with the separate DMS Plan attachment (see NOT-OD-22-189).” Therefore, the Just-In-Time (JIT) period will be used to correct or modify budgets and budget justifications. We expect NIH will continue to release additional budgeting guidance between now and prior to JIT; Please direct all questions regarding these changes to data-management@columbia.edu.; [brought to our attention by]

[NTW] [NIH DATA SHARING AND MANAGEMENT POLICY/DRYAD]

**Dryad | Home - publish and preserve your data (datadryad.org)**

**Dryad | Terms of service (datadryad.org) [important relative to large datasets that exceed 50 GB]**

**NIH Guidelines on electing a Data Repository | Data Sharing (nih.gov)**
Repositories for Sharing Scientific Data | Data Sharing (nih.gov)

Generalist Repositories | Data Sharing (nih.gov)

Sharing Data and Finding the Right Repository | Columbia | Research

**Sponsor:** NIH, SPA  
**Deadline(s):** 02/03/2023 (Release Date)  
**Contact:** For questions, please reach out to data-management@columbia.edu  
**Link(s):**  
https://datadryad.org/stash  
https://datadryad.org/stash/terms#addl-charges  
https://research.columbia.edu/content/research-data-storage  

**Additional Information:** Given the number of NIH proposals planned for submission for NIH's deadline on Monday, February 6th, we wanted to send a quick clarification regarding the costs associated with Dryad, a generalist digital data repository that is an option to meet the data sharing requirements under the NIH Data Management and Sharing (DMS) Policy. For Dryad, data deposit fees are waived for Columbia researchers, except for large datasets that exceed 50 GB. Costs for large datasets over 50 GB will vary depending on size of the data deposit. For more information, see Dryad's terms. As reminder, it is best to follow NIH's guidelines on selecting a repository, and take into consideration the following before selection: Does the NIH funding opportunity announcement (FOA), or NIH Institute, mandate a particular repository for data sharing? If no; Is there an NIH-supported data repository that is appropriate for your data type? If no; Consider a generalist repository, such as Dryad; or Columbia's data storage options, some of which can act as repositories for data sharing.; For questions, please reach out to data-management@columbia.edu; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

**[NTW] [NIH DATA SHARING AND MANAGEMENT STIPULATIONS]**

**Additional Information:** The Advanced Research Projects Agency for Health (ARPA-H) is issuing the ARPA-H Open Office Broad Agency Announcement (BAA). ARPA-H's mission is to accelerate better health outcomes for everyone by supporting the development of high-impact solutions to society's most challenging health problems. Awardees will develop groundbreaking new ways to tackle health-related challenges through high-potential, high-impact biomedical and health research. With a scope spanning the molecular to the societal, ARPA-H seeks proposals that aim to rapidly achieve better health outcomes across patient populations, communities, diseases, and health conditions, including in support of the Cancer Moonshot. Proposals are expected to use innovative approaches to enable revolutionary advances in science, technology, or systems. The four initial focus areas are: (1) Health Science Futures; (2) Scalable Solutions; (3) Proactive Health; (4) Resilient Systems; Please see the BAA and associated attachments for further details.

Led this year by Drs. Jeanette Stingone, Assistant Professor of Epidemiology and Robbie Parks, NIH NIEHS K99/R00 Fellow, Environmental Health Sciences. Environmental Epidemiology Climate Connections (E2C2) [Formerly EEC]. We plan to meet during the Spring 2023 term on the 2nd and 4th Tuesdays of each month, January 10, 24; February 14, 28; March* 28; April 11, 25; May 09, 23; June 13, 27, with the 2nd Tuesday for the entire E2C2 group and the 4th Tuesday for our Interdisciplinary Working Groups. *We will not meet on March 14, as it falls during Spring Break. On 04/11/2023 the Entire E2C2 Group will meet in EHS Conference Room 1102. Katlyn McGraw, Postdoctoral Research Fellow, Department of Environmental Health Sciences will lead our discussion of Choi et al, Log-transformation of independent variables: must we? https://pubmed.ncbi.nlm.nih.gov/36220581/; Wine, beverages and snacks will be provided. We will provide a Zoom link on a piecemeal basis if requested, but hope to see you on site! We will send an Outlook invitation to E2C2 affiliates. You may contact us at ckk7@cumc.columbia.edu for more information, to register, or to request a Zoom link.

**Additional Information:** we have our key note speakers confirmed for this year’s conference! Dr. Luisa Borrell will be our morning speaker and Dr. Oni Blackstock will speak in the afternoon; Save the Date! ; The Icahn School of Medicine at Mount Sinai will host the Annual Conference NYCEF 2023 on Monday June 5, 2023; The annual NYCEF conference provides a forum for epidemiologists working in the New York City area to present their work and discuss opportunities for collaborations. The conference includes oral presentations, posters and discussion sessions. The conference is expected to lead to new collaborative activities, such as networks with shared resources, joint educational programs, etc.; NYCEF provides a forum for regular contact and exchanges between epidemiologists working in academic and other institutions in the New York City Metropolitan Area, with a special focus on junior researchers, including junior faculty, post-docs, fellows, and doctoral students. NYCEF fosters increased awareness about research conducted in other institutions in New York City and surrounding...
areas, and provide opportunities for researchers to present their work, with the overall goals of promoting bilateral or multi-site collaborative projects and enhancing career opportunities for junior investigators; Participating Institutions: Albert Einstein College of Medicine, CUNY Graduate School of Public Health and Health Policy, CUNY School of Medicine, Hofstra Northwell School of Medicine, Icahn Medical School at Mount Sinai, Mailman School of Public Health at Columbia University, Memorial Sloan-Kettering Cancer Center, New Jersey Department of Health, New York Academy of Medicine, NYC Department of Health and Mental Hygiene, NYU College of Global Public Health, New York Medical College, New York University School of Medicine, Rutgers Cancer Institute of New Jersey, Rutgers University School of Public Health, SUNY Downstate Medical Center, SUNY at Stony Brook, and Weill Cornell Medical College. Call for abstracts forthcoming: The New York City Epidemiology Forum (NYCEF) invites the submission of abstracts for consideration for oral or poster presentation at the 2023 annual conference to be held at the Icahn School of Medicine at Mount Sinai on Monday June 5 2023. The goals of the conference are to exchange knowledge regarding epidemiologic studies performed in and around the New York City area, to stimulate discussion and to encourage collaboration among institutions. Although both senior and junior investigators are encouraged to submit abstracts, we particularly encourage submissions from junior investigators, postdoctoral fellows and graduate degree students.

NYC Epidemiology Forum
9th Annual Conference
Monday, June 5 2023- 10:00 am - 3:30 pm
Goldwurm Auditorium, 1425 Madison Avenue
&
Atrium, 1468 Madison Avenue

Abstract Submission deadline, Friday March 31st at 11.59pm:
https://docs.google.com/forms/d/1C5Ij6fR6Xxla87ZCI26ySAA7kImawyxt9vGy6RUax8Z80PZQA6A/viewform?usp=sh_link

The annual NYCEF conference provides a forum for epidemiologists working in the New York City area to present their work and discuss opportunities for collaborations. The conference includes oral presentations, posters, and discussion sessions. The conference is expected to lead to new collaborative activities, such as networks with shared resources and joint educational programs.

NYCEF provides a forum for regular contact and exchanges between epidemiologists working in academic and other institutions in the New York City Metropolitan Area, with a special focus on junior researchers, including junior faculty, post-docs, fellows, and students. NYCEF fosters increased awareness about research conducted in other institutions in New York City and surrounding areas, and provide opportunities for researchers to present their work, with the overall goals of promoting bilateral or multi-site collaborative projects and enhancing career opportunities for junior investigators.

[NTW] [REPORTING BACK RESEARCH RESULTS]
RFA-ES-23-006: Strategies for Responsibly Reporting Back Environmental Health and Non-Genomic Research Results (R01 Clinical Trial Optional)
**Sponsor:** National Institutes of Health (NIH); Components of Participating Organizations; National Institute of Environmental Health Sciences (NEIHS); National Human Genome Research Institute (NHGRI); Office of The Director, National Institutes of Health (OD)

**Deadline(s):** 06/15/2023; 06/16/2023 (Expiration)

**Contact: Scientific/Research Contacts** listed below; Liam O’Fallon; National Institute of Environmental Health Sciences (NEIHS); Telephone: 984.287.3298; Email: ofallon@niehs.nih.gov; Lydia Kline, MPH, MA; Office of Science Policy; Telephone: 301.827.9693; Email: lydia.kline@nih.gov; Dave J Kaufman; NATIONAL HUMAN GENOME RESEARCH INSTITUTE; Telephone: 301.594.6907; E-mail: dave.kaufman@nih.gov

**Additional Information:** Funding Opportunity: Reporting Back Research Results; Dear SRP Colleagues, The following is an announcement that may be of interest to some of you. Please direct any questions to the contact listed on the announcement; Thanks, Danielle; The National Institute of Environmental Health Sciences (NEIHS), the NIH Office of Science Policy (OSP), the All of Us Research Program, and the National Human Genome Research Institute (NHGRI), are pleased to announce a new funding opportunity, “Strategies for Responsibly Reporting Back Environmental Health and Non-Genomic Research Results.” We seek applications that will identify, develop and/or adapt, as well as test strategies for responsibly reporting back environmental health, non-genomic research, and gene-environment interaction (GxE) results to research participants and/or key partners.; **Learn more:** RFA-ES-23-006; **Due Date:** June 15, 2023; **Budget:** $250K Direct Costs per year; **Project Period:** 4 years; **Key objectives:** Advance the science of responsible report-back of environmental health research and other non-genomic research results to establish best practices/guidelines through research and evaluation; Identify preferences, perceived risks and benefits, barriers and facilitators related to responsibly reporting back research results. Use these new insights to inform the evolving practice of RBRR; Recognize the role of RBRR in reducing health disparities and advancing health equity; **Questions:** On email correspondence, please use subject line – “RBRR: Question on RFA-ES-23-006” – when reaching out to the three Scientific/Research Contacts listed below; Liam O’Fallon; National Institute of Environmental Health Sciences (NEIHS); Telephone: 984.287.3298; Email: ofallon@niehs.nih.gov; Lydia Kline, MPH, MA; Office of Science Policy; Telephone: 301.827.9693; Email: lydia.kline@nih.gov; Dave J Kaufman; NATIONAL HUMAN GENOME RESEARCH INSTITUTE Telephone: 301.594.6907; E-mail: dave.kaufman@nih.gov

**[NTW] [HEALTH SCIENCES LIBRARY]**

**Hot Topics in Responsible & Ethical Conduct of Research | Augustus C. Long Health Sciences Library 04/28/2023**

**Sponsor:** [https://library.cumc.columbia.edu](https://library.cumc.columbia.edu)

**Deadline(s):** 04/28/2023

**Contact:** hs-library@columbia.edu

**Link(s):** [https://library.cumc.columbia.edu/events/hot-topics-responsible-ethical-conduct-research-0](https://library.cumc.columbia.edu/events/hot-topics-responsible-ethical-conduct-research-0)

**Additional Information:** Please direct all questions to hs-library@columbia.edu; The Health Sciences Library and the Office of Research Compliance and Training invite you to join us on Friday, April 28 at 11:30 am, as we embark on a journey to promote digital scholarship. We will hear from the experts about topics surrounding research and publishing, including compliance, negotiation, ethics, authorship, the role of impact metrics and more! By the end of the program, you will be able to: Identify strategies for compliance with public access policies; Analyze authorship roles and responsibilities; Prepare for negotiations with colleagues and journal publishers; Examine the ethics of impact metrics in the context of tenure, promotion, and career advancement; Please join us for the program and share this announcement with anyone currently looking to publish. We cordially invite you all to attend! ; **For more information and to register,** visit: [https://library.cumc.columbia.edu/events/hot-topics-responsible-ethical-conduct-research-0](https://library.cumc.columbia.edu/events/hot-topics-responsible-ethical-conduct-research-0)

NIH Extramural Nexus Update on Simplifying Review Criteria: A Request for Information

**Sponsor:** NIH Office of Extramural Research; Extramural Nexus; [https://nexus.od.nih.gov](https://nexus.od.nih.gov)

**Deadline(s):** NA; 2022 Extramural Nexus Releases; All; December 2022

**Contact:** ExtramuralNexus@mail.nih.gov

**Link(s):** [https://nexus.od.nih.gov/all/2022/12/08/update-on-simplifying-review-criteria-a-request-for-information/](https://nexus.od.nih.gov/all/2022/12/08/update-on-simplifying-review-criteria-a-request-for-information/)

**Additional Information:** NIH Extramural Nexus blog post, “NIH is joining other federal agencies in using the term Notices of Funding Opportunities (NOFOs) rather than Funding Opportunity Announcements (FOAs). You will see both terms in use while we work to update our websites and resources.”; Read all about it below. The term “FOA” is being phased out. NOFOs still mean the same thing, it’s just a change in terminology. I’m sure it will take a little while for all of us to get used to it! Let me know if you have any questions. [brought to our attention by Stephanie Scott]; Email: stephanie.scott@columbia.edu; Website: [https://spa.columbia.edu/](https://spa.columbia.edu/); FOA or NOFO – It’s All About Funding; What’s in a name? A Funding Opportunity Announcement (FOA) by any other name would sound as sweet; NIH advertises available grant support through funding opportunities that provide information on the award, who is eligible to apply, the evaluation criteria for selection of an awardee, required components of an application, and how to submit an application.; In an effort to standardize terminology across the government, NIH is joining other federal agencies in using the term Notices of Funding Opportunities (NOFOs) rather than Funding Opportunity Announcements (FOAs). You will see both terms in use while we work to update our websites and resources.; Avoid FOMO (Fear of Missing Out) and apply to a NOFO today! NIH funding opportunities can be found on [Grants.gov](https://grants.nih.gov/) and in the [NIH Guide for Grants and Contracts](https://grants.nih.gov).

Your Questions on Human Subjects Research, Answered – NIH Extramural Nexus

01/10/2023

NIH Grants Conference & PreCon Events | [grants.nih.gov](https://grants.nih.gov)

**Sponsor:** NIH Office of Extramural Research

**Deadline(s):** NA 01/10/2023 (Release Date)

**Contact:** ExtramuralNexus@mail.nih.gov

**Link(s):** [https://nexus.od.nih.gov/all/2023/01/10/your-questions-on-human-subjects-research-answered/](https://nexus.od.nih.gov/all/2023/01/10/your-questions-on-human-subjects-research-answered/)

Hello, all. I just wanted to share these training resources and videos from NIH dedicated to human subjects research. These were presented during their two-part webinar series in December. See below for the details. [brought to our attention by] Stephanie Scott; NIH Extramural Nexus; Your Questions on Human Subjects Research, Answered; If you’re conducting research with human subjects, you might have questions about HHS regulations and NIH policies and how you can prepare proposals and inclusion plans. HHS and NIH experts address many of these questions, along with resources, guidance, and case studies in a 2-part webinar series focused on Human Subjects Research Policies, Clinical Trials, and Inclusion (Day 1 and Day 2). Feel free to break out the popcorn and binge the whole video or check out these sections for the information you need: How Do I Know If A Research Study Is Human Subjects Research?; What to Know About FWAs and IRBs to Get Your Grant Money?; An Overview of NIH Policies on Human Subjects; What are the Essentials of sIRB Requirements?; An Overview of NIH Policies on Clinical Trials; Including Diverse Populations in NIH Clinical Research; Using the eRA Human Subjects System (HSS); For presentation slides and other resources, see the event page. If you haven’t already, register for the 2023 Virtual NIH Grants Conference, February 1-2, for even more NIH policy guidance and resources. While in the grants conference center, be sure to visit the virtual Exhibit Hall and the booth, Human Subjects, Clinical Trials, and Inclusion for downloadable resources, links, and the opportunity to chat with experts during the event.

**Additional Information:** Skills for Health And Research Professionals (SHARP); Intensive boot camps led by field experts to teach in-demand research skills and methods to investigators at all career levels and from any organization. ; Short, intensive 1-4 day virtual and in-person boot camps (29 hot topics in research and education) led by field experts to teach in-demand research skills and methods to investigators at all career levels and from any organization.
Columbia Summer Research Institute (CSRI) is a 8-week accelerated research training program designed for junior investigators looking to arm themselves with the capacity and credentials needed to lead, discover, and apply new advances in the biomedical field.; Find out how to apply here ; Gain fundamental skills in clinical and translational research; Over an 8 week period, post-doctoral fellows and junior faculty will be immersed in an intensive learning environment mastering the theory and methods behind clinical research design and conduct, core concepts in epidemiology & biostatistics, and specialized concentrations in cost-effectiveness and health disparities research.; In-depth look at our curriculum; Work towards funding your own research and becoming a leader in your field; Build on core material from courses to develop your outline for an R01 or K research grant; Receive guidance through one-on-one mentorship from Columbia faculty; Earn 10 academic credits that may be applied to subsequent degree or certification; Learn more about the CSRI mission; Applications due April 15th! ; Apply Here ; Program Dates: July 6th - August 30th; Participants will begin their CSRI experience in person, July 6th & 7, and then transition to online classes primarily in the mornings, with optional in-person opportunities hosted throughout the program. Sample schedule shown below and more details linked here ; The Columbia Summer Research Institute is pleased to offer scholarship awards for the CSRI 2023 program.; The Columbia Summer Research Institute (CSRI) | Columbia University's Mailman School of Public Health is dedicated to providing early-career investigators with rigorous training in foundational research methods. In combination with clinical skills, the training program uniquely positions CSRI scholars to identify important research questions that drive discoveries and make impacts in medicine and public health. In order to increase accessibility and participation, we are offering a limited number of training scholarships for CSRI 2023.; The 8-week research methods training program will run from July 6 – August 30 on a half-day schedule, primarily from 8 a.m. to 12 p.m. on weekdays. Scholars will learn and apply the theory and methods behind the design and conduct of clinical research studies, covering core knowledge in biostatistics and epidemiology, as well as more specialized study of health disparities research, and decision analysis and cost effectiveness analysis. Successful participants complete an outline for an NIH-style R01 or K award and earn 10 academic credits that may be applied to a Master’s degree (separate application required).; Scholarships; Awards are made on the basis of merit and potential to impact diversity and inclusion of individuals who have been historically underrepresented in CSRI and/or the research workforce of an applicant’s (sub)specialty. Awards cover $5,000 to $10,000 of the cost of tuition for CSRI.; Eligibility; We invite applications from early-career investigators: post-doctoral fellows/researchers and junior faculty. Candidates from any institution are welcome to apply and we encourage applications from underrepresented groups, including but not limited to racial and ethnic minorities, sexual and gender minorities, and individuals with disabilities; Applying for the Scholarship; In addition to completing all required components of the Apply Standard Application to CSRI 2023 | Columbia University's Mailman School of Public Health, applicants who would like to be considered for a scholarship must complete the CSRI 2023 Scholarship Application Form (cognitoforms.com) which includes questions on: demographics; merit as defined by the applicant’s greatest strengths and/or achievements; impact on increasing diversity and inclusion in CSRI and/or the research workforce of the applicant’s specialty or sub-specialty; Applicants who have already submitted their
application to CSRI 2023 may also submit the CSRI 2023 Scholarship Application to be considered for an award. The deadline to apply to the CSRI 2023 program and the scholarship is April 15.

Additional Information: Two Important Federal Legal Requirements; Dear Members of the Research Community, We write to remind you of two important federal legal requirements related to sponsored projects: Certification of current and pending/other support (per Section 223 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021); Federal law requires principal investigators and senior/key persons to: disclose the amount, type, and source of all current and pending research support received by, or expected to be received by, the individual as of the time of the disclosure;
certify that the disclosure is current, accurate, and complete; and update such disclosure at the request of the agency prior to the award of support and at any subsequent time the agency determines appropriate during the term of the award; Currently, funding agencies vary in their implementation of the certification requirement. Information related to specific funding agency requirements is available on the Funding Applications and Progress Reports Disclosure page of the University’s Science and Security website. If you are uncertain whether to make a disclosure, we recommend that you err on the side of transparency. Please contact your Sponsored Projects Administration project officer with questions; Prohibition against use of certain telecom or video surveillance equipment (per Section 889 of the National Defense Authorization Act for Fiscal Year 2019); The U.S. Government prohibits Columbia from using certain telecommunications or video surveillance equipment, produced by certain companies, as a substantial or essential component or as critical technology for any system. These rules, which apply to all recipients of federal funding, also prohibit the use of federal funds to procure or obtain covered telecommunications equipment or services. These restrictions apply to all purchases completed through a University Purchase Order, P-Card, AP Voucher or reimbursement of a personal charge through Concur; “Covered telecommunications equipment or services” are: Telecommunications equipment or services produced by Huawei Technologies Company, ZTE Corporation, or any subsidiary or affiliate of these entities; and Video surveillance technology and equipment or services used for certain public safety, physical surveillance, or national security purposes and produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, Dahua Technology Company, or any subsidiary or affiliate of these entities.; For more information about this prohibition and to access lists of the prohibited companies and their subsidiaries and affiliates, please visit Research Compliance and Training’s Economic Sanctions and Restricted Parties webpage; For Procurement-related questions, please contact Hugh Horowitz, Procurement Services, at hugh.horowitz@columbia.edu. For questions about this restriction more generally, please contact Michelle Avallone, Director of Export Controls and International Engagement, at mla25@columbia.edu; Thank you for your attention to these important requirements.; Sincerely, [brought to our attention by] William Berger; AVP for Sponsored Projects Administration; Hugh Horowitz; AVP for Procurement; Naomi Schrag; VP for Research Compliance, Training and Policy

[NTW] [TICKBORNE DISEASES]
NOT-AI-23-013: Notice of Special Interest (NOSI): Advancing Research for Tickborne Diseases (TBDs)
Sponsor: National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Mental Health; National Institute of Neurological Disorders and Stroke
Deadline(s): 02/05/2023 (First Available Due Date); 01/08/2026 (Expiration)
Contact: Samuel Perdue, Ph.D.; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: 240-627-3341; E-mail: sperdue@nih.gov

[NTW] [FIREARM INJURY PREVENTION]
NOT-OD-23-039: Notice of Special Interest (NOSI): Firearm Injury and Mortality Prevention Research
Sponsor: NIH
Deadline(s): 02/05/2023 (First Available Due Date); 02/05/2026 (Expiration Date)
Contact: Please direct all inquiries to the Scientific/Research, Peer Review, and Financial/Grants Management contacts in Section VII of the listed funding opportunity announcements.; The Office of Behavioral and Social Sciences Research (OBSSR) facilitates this Notice on behalf of the participating NIH Institutes and Centers (ICs). As OBSSR cannot accept assignment of applications or directly fund or manage awards, contact one of the IC-based officials below regarding the suitability of the

Columbia Mailman School of Public Health
research.resources@mailman.columbia.edu/2
proposed project for this NOSI and the IC’s research portfolio.; Scientific/Research Contact(s): Dara R. Blachman, Ph.D.; Office of Behavioral and Social Sciences Research (OBSSR); Email: Dara.blachman-demner@nih.gov

Additional Information: The purpose of this Notice is to highlight interest in research to improve understanding of the determinants of firearm injury, the identification of those at risk of firearm injury (including self- and other-directed, victims and perpetrators, accidental injury), the development, piloting, and testing of innovative interventions to prevent firearm injury and mortality, and the examination of approaches to improve the implementation of existing, evidence-based interventions to prevent firearm injury and mortality.

[NTW] [DISEASE PREVENTION]

NOT-OD-23-108: Request for Information (RFI) on the NIH Office of Disease Prevention Strategic Plan for Fiscal Years 2024–2028

Deadline(s): 05/22/2023 (Response Date)
Contact: Wilma Peterman Cross; Office of Disease Prevention (ODP); Telephone: 301-827-5561; Email: prevention@nih.gov

Additional Information: This Request for Information (RFI) is seeking feedback on the NIH Office of Disease Prevention (ODP) draft strategic plan for Fiscal Years 2024–2028 (FY24–28). The final ODP FY24–28 Strategic Plan, Prevention Research: Creating a Healthier Future for All, will outline activities coordinated by the office to assess, facilitate, and stimulate prevention research, and disseminate the results of this research to improve public health.

[NTW] [ANCILLARY STUDIES]

PAR-23-025: Ancillary Studies to Ongoing Clinical Projects (R01 Clinical Trial Not Allowed)

Sponsor: National Institute of Arthritis and Musculoskeletal and Skin Diseases
Deadline(s): 08/07/2023; 12/05/2025; 12/06/2025 (Expiration)
Contact: Scientific/Research Contact(s); Heiyoung Park, Ph.D.; National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS); Telephone: 301-594-5032; Email: parkh1@mail.nih.gov

[NTW] [ANCILLARY STUDIES]

PAR-23-026: Ancillary Studies to Ongoing Clinical Projects (R21 Clinical Trial Not Allowed)

Sponsor: National Institute of Arthritis and Musculoskeletal and Skin Diseases
Deadline(s): 08/07/2023; 12/05/2025; 12/06/2025 (Expiration)
Contact: Scientific/Research Contact(s); Heiyoung Park, Ph.D.; National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS); Telephone: 301-594-5032; Email: parkh1@mail.nih.gov

[NTW] [NIAID]

PAR-23-065: NIAID Resource-Related Research Projects (R24 Clinical Trial Not Allowed)
Sponsor: National Institute of Allergy and Infectious Diseases
Deadline(s): 05/25/2023; 09/25/2025; 01/07/2026; 01/08/2026 (Expiration)
Contact: Scientific/Research Contact(s): For the Division of AIDS (DAIDS): Martin Gutierrez, Ph.D.; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: 240-292-4844; Email: mgutierrez@niaid.nih.gov
Link(s): https://grants.nih.gov/grants/guide/pa-05.23.html

Additional Information: The proposed resources should be relevant to the scientific areas of the NIAID mission including the biology, pathogenesis, and host response to microbes, including HIV; the mechanisms of normal immune function and immune dysfunction resulting in autoimmunity, immunodeficiency, allergy, asthma, and transplant rejection; and translational research to develop vaccines, therapeutics, and diagnostics to prevent and treat infectious, immune-mediated, and allergic diseases.

[NTW] [COLUMBIA SCHOLARLY PROJECTS PROGRAM]
The SPP, now in its 10th year, links 4th year Columbia medical students with faculty mentors to explore an area of medical practice or research with the aim of creating new knowledge.

Scholarly Projects Program (SPP) | Vagelos College of Physicians and Surgeons
SPP Scholarly Projects Program Mentor Qualtrics Survey | Qualtrics Experience Management

Sponsor: https://www.vagelos.columbia.edu
Deadline(s): None provided
Contact: psspp@cumc.columbia.edu
Link(s): https://www.vagelos.columbia.edu/education/academic-programs/md-program/curriculum/md-curriculum/differentiation-and-integration-d-i/scholarly-projects-program
https://cumc.co1.qualtrics.com/jfe/form/SV_eDVehU9mhmyGhg

Additional Information: [brought to our attention by Stephanie Scott]; Sending this announcement, campus-wide, on behalf of Dr. Utpal Pajvani, Director, Scholarly Projects Program, and Dr. Anil K. Lalwani, VP&S Associate Dean of Student Research. Please see solicitation below. For more information about the Scholarly Projects Program (SPP), click here. You may also email psspp@cumc.columbia.edu; Dear Faculty, We write to solicit Columbia faculty mentors for medical students involved in research through the Scholarly Projects Program (SPP). The SPP, now in its 10th year, links 4th year Columbia medical students with faculty mentors to explore an area of medical practice or research with the aim of creating new knowledge. The SPP aims to develop students’ abilities in the following School-Wide Learning Objectives: (i) generate hypotheses, exhibit curiosity and develop a pattern of life-long learning and (ii) participate in the process through which new knowledge is generated, and assess the importance of novel ideas. After students identify a faculty mentor, they co-develop project ideas and eventually spend 4-6 months working on their project with protected time in their 4th year of medical school; In order to facilitate matching students with mentors in their area of interest we are soliciting mentors and projects for the 2022-2023 academic year. If you are interested in serving as a mentor for the SPP, please click this link to provide a short description of your work: https://cumc.co1.qualtrics.com/jfe/form/SV_eDVehU9mhmyGhg; Students may apply for funding for their project, and mentors receive a $1000 stipend for their time and effort. Beyond these considerations, both students and mentors find the SPP experience highly rewarding.; Thank you for your time and consideration. We will share your information with our students and advise them to reach out to you or your contact person as indicated on the form. If you have any questions, please email psspp@cumc.columbia.edu; Best, Utpal Pajvani, MD, PhD; Director, Scholarly Projects Program; Anil K. Lalwani, MD; VP&S Associate Dean of Student Research.

[NTW] [PROVOST]
2023 Office of the Provost’s Teaching and Learning Grants | VPTLI; Deadline 05/01/2023
Sponsor: Provost’s Office  
Deadline(s): 05/01/2023  
Contact: A prior meeting and consultation with the Center for Teaching and Learning (CTL) is strongly recommended to help develop the project plan and the appropriate in-kind support level. Please contact ColumbiaCTL@columbia.edu to schedule a meeting  
Link(s): https://vptli.columbia.edu/request-for-proposals/  
Additional Information: 2023 Provost’s Teaching & Learning Grants + Funding for AI Innovation; Dear fellow members of the Columbia community: Since 2014, the Office of the Provost has funded 207 Teaching and Learning Grants involving faculty from all Columbia schools to further enhance learning environments for our students. I am pleased to share this year’s exciting set of funding opportunities for faculty who are looking to integrate new educational approaches and technologies into their classrooms. These grant programs support individual faculty as well as initiatives by schools and departments.; The deadline for submission of applications to the Provost’s Teaching and Learning Grants is Monday, May 1, 2023. The Request for Proposal (RFP) details and application instructions are available here. A prior meeting and consultation with the Center for Teaching and Learning (CTL) is strongly recommended to help develop the project plan and the appropriate in-kind support level. Please contact ColumbiaCTL@columbia.edu to schedule a meeting.; This year, the Office of the Provost has allocated additional funding to encourage faculty to innovate and experiment pedagogically with generative Artificial Intelligence (AI) tools (e.g. ChatGPT) in courses or curricula. Faculty are encouraged to consider how AI tools can be leveraged to enhance teaching and learning in all of the grant options included below. Other than an idea for pedagogical innovation, such as incorporating AI tools into assignment design, assessment practices, or classroom policies, there are no additional requirements to request a consultation with the CTL to discuss a potential project.; Faculty who are already using or conducting research on the integration of AI tools like ChatGPT in their classes should reach out to the CTL to discuss additional support and potential funding by writing to ColumbiaCTL@columbia.edu.; Register for an Office of the Provost RFP Town Hall offered on Thursday, March 9 from 11:00 A.M.-12:00 P.M. or Monday, April 3 from 12:00-1:00 P.M. At this Q&A event, CTL, CUIT, and SOLER staff will answer questions about the types of awards and the application process.; Please visit https://vptli.columbia.edu/request-for-proposals to learn more about the resources available to applicants and to access the full Request for Proposal.; Provost Boyce and all of us in the Office of the Provost look forward to continuing to support Columbia faculty as they develop new and exciting ways to enhance teaching and learning across the University and beyond.

[NTW] [POSTDOCTORAL]  
NOT-OD-23-084: Request for Information (RFI): Re-envisioning U.S. Postdoctoral Research Training and Career Progression within the Biomedical Research Enterprise  
Sponsor: Office of the Director, NIH  
Deadline(s): 04/14/2023 (Response Date)  
Contact: Office of the Director, NIH; Email: ACDPostdocInquiries4RFI@nih.gov  
Additional Information: RFI Announcement: Re-envisioning U.S. Postdoctoral Research Training and Career Progression within the Biomedical Research Enterprise; Dear Colleagues: I wanted to let you know that NIH welcomes community input on the status of the postdoctoral training system through a Request for Information (RFI) open February 14 through April 14, 2023.; Ensuring the future of U.S. competitiveness and innovation in biomedical research is of utmost importance to NIH. A new Advisory Committee to the NIH Director (ACD) Working Group was recently established to address growing concerns about the postdoctoral training system and recruiting qualified postdoctoral candidates in the future. The goal of this working group is to explore the status of the postdoctoral training system, identify and understand critical factors and issues relating to this perceived decline in the number of postdoctoral fellows in academia, and provide recommendations to address those factors. The working group has developed an RFI to get input from the extramural research community: https://grants.nih.gov/grants/guide/notice-files/NOT-OD-23-084.html ; NIH is particularly interested in hearing about promising solutions to address current challenges affecting the postdoctoral trainee community. This RFI will assist NIH in hearing the voices of postdoctoral trainees along with others impacted by this unique and skilled training position, and in
exploring ways to address some of the fundamental challenges faced by the postdoctoral trainee community.; The insights from the RFI responses will inform the working group to develop recommendations to address the challenges impacting the postdoctoral community. We would greatly appreciate your time and effort in responding to this RFI. Furthermore, we encourage you to share this RFI with other interested groups. Below is suggested language you may use: NIH is seeking input from the community, particularly trainees, early-stage faculty, and others invested in the biomedical workforce, about challenges faced by the postdoctoral trainee community. An NIH Advisory Committee to the Director Working Group has posted a Request for Information where you can share your insights on issues affecting and possible solutions to the recent decline in postdoctoral trainees. Your responses will be used to help develop recommendations to address this problem which impacts U.S. competitiveness in biomedical research and innovation. Please consider responding to the RFI, which closes on April 14, 2023. ; You can also amplify NIH’s posts sharing the RFI on Twitter and LinkedIn.; Many thanks, Mike; Michael S Lauer, MD; NIH Deputy Director for Extramural Research; Michael.Lauer@nih.gov

[NTW] [NIH ANNOUNCEMENTS]
NOT-OD-23-005: NIH Operates Under a Continuing Resolution
Sponsor: National Institutes of Health
Deadline(s): 10/24/2022 (Release Date)
Contact: Questions regarding adjustments applied to individual grant awards may be directed to the Grants Management Specialist identified in the Notice of Award.
Additional Information: The Department of Health and Human Services (HHS), including National Institutes of Health (NIH), operates under the Continuing Appropriations and Ukraine Supplemental Appropriations Act (Public Law 117-180) signed by President Biden on September 30, 2022. This Act (CR) continues government operations through December 16, 2022, at the Fiscal Year (FY) 2022 enacted level, with no reduction.; Related Announcements: NOT-OD-22-045 – NIH Operates Under a Continuing Resolution; NOT-OD-22-076 - Guidance on Salary Limitation for Grants and Cooperative Agreements; NOT-OD-22-117 - Notice of Legislative Mandates in Effect for FY 2022; NOT-OD-22-132 - Correction to Stipend Levels for Ruth L. Kirschstein National Research Service Award (NRSA) Stipends, Tuition/Fees and Other Budgetary Levels Effective for Fiscal Year 2022

[NTW] [NIH ANNOUNCEMENTS]
NOT-OD-23-086: Updated Process for Requesting Drawdowns Outside of the Liquidation Period
Sponsor: National Institutes of Health
Deadline(s): 02/23/2023 (Release Date)
Contact: FFR Reconciliation and Financial Support Center; NIH Office of Policy for Extramural Research Administration (OPERA); Office of Extramural Research; Email: OPERAFFRInquiries@od.nih.gov
Additional Information: This notice updates guidance issued in NOT-OD-21-149 and provides the process for requesting payments from the HHS Payment Management System (PMS) after the 120-day liquidation period on PMS documents in Open or Pending Closed status. These procedures do not apply to documents in Closed status as funds are no longer available to be drawn. The guidance previously provided in NOT-OD-21-149 was never intended to be used to draw additional funds on closed documents. NIH will only consider late draw requests on closed PMS documents if they are related to a public health emergency, natural disaster, or similar event.; A recipient may request payments from PMS up to 120 days past the period of performance end date of the PMS subaccount (e.g., award document number in Section I of the Notice of Award). Per the NIH Grants Policy Statement (NIHGPS), a term and condition of every NIH award, recipients must submit timely, accurate grant expenditure reports, and reconcile cash transaction reports submitted to the PMS with expenditure reports submitted to NIH.
[NTW] [NIH ANNOUNCEMENTS]
NOT-OD-23-075: Office of Research Infrastructure Programs (ORIP) implementation of NIH Policy on Acceptance for Review of Applications Requesting $500,000 or More in Direct Costs in Any One Budget Year

**Sponsor:** Division of Program Coordination, Planning and Strategic Initiatives, Office of Research Infrastructure Programs  
**Deadline(s):** 02/15/2023 (Release Date)  
**Contact:** Please direct all inquiries to: Stephanie Murphy, VMD, PhD; Office of Research Infrastructure Programs; Telephone: 301-451-7818; Email: stephanie.murphy@nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-23-075.html

[NTW] [NIH ANNOUNCEMENTS]
NOT-OD-23-076: Ruth L. Kirschstein National Research Service Award (NRSA) Stipends, Tuition/Fees and Other Budgetary Levels Effective for Fiscal Year 2023

**Sponsor:** NIH; National Institutes of Health; Agency for Healthcare Research and Quality  
**Deadline(s):** 02/03/2023 (Release Date)  
**Contact:** Specific questions concerning this notice or other policies relating to training grants or fellowships should be directed to the grants management office in the appropriate NIH Institute or Center, AHRQ, or HRSA; General inquiries concerning NRSA stipend and tuition policies should be directed to: Division of Biomedical Research Workforce  
Office of Extramural Research; Website: https://researchtraining.nih.gov; Email: NIITrain@mail.nih.gov  
**AHRQ:** Division of Research Education; Office of Extramural Research, Education, and Priority Populations; Agency for Healthcare Research and Quality (AHRQ)  
Email: TrainingTA@ahrq.hhs.gov  
**HRSA:** Paul Jung, M.D.; Director, Division of Medicine and Dentistry; Bureau of Health Workforce; Health Resources and Services Administration  
Email: pjung/hrsa.gov  
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-23-076.html

**Additional Information:** NIH just released the FY23 NRSA stipend levels. See NOT-OD-23-076. The stipends, training related expenses, and institutional allowances all had slight increases; This Notice supersedes NOT-OD-22-132 and establishes stipend levels for fiscal year (FY) 2023 Kirschstein-NRSA awards for undergraduate, predoctoral, and postdoctoral trainees and fellows, as shown in the tables below which reflects the Consolidated Appropriations Act, 2023 (H.R. 2617, Public Law No: 117-328), signed into law on December 29, 2022. The Training Related Expenses and Institutional Alowances for predoctoral and postdoctoral trainees and fellows reflect a moderate increase. The Tuition and Fees for all educational levels remain unchanged from the prior budget year. See NIH Funding Strategies for guidance on current NIH Fiscal Operations.

[NTW] [NIH ANNOUNCEMENTS]
NOT-OD-23-071: Notice of Fiscal Policies in Effect for FY 2023

**Sponsor:** NIH  
**Deadline(s):** 02/03/2023 (Release Date)  
**Contact:** National Institutes of Health; Office of Policy for Extramural Research Administration (OPERA); Division of Grants Policy; GrantsPolicy@OD.NIH.gov
Friday Newsletter 04/21/2023

Additional Information: This Notice provides guidance about the NIH Fiscal Operations for Fiscal Year 2023 and implements the Consolidated Appropriations Act, 2023 Public Law 117-328, signed into law on December 29, 2022.

[NTW] [NIH ANNOUNCEMENTS]
NOT-OD-23-072: Notice of Legislative Mandates in Effect for FY 2023

Sponsor: National Institutes of Health
Deadline(s): 02/03/2023 (Release Date)
Contact: NIH Office of Policy for Extramural Research Administration (OPERA); Division of Grants Policy; GrantsPolicy@OD.NIH.gov

Additional Information: The Consolidated Appropriations Act, 2023 Public Law 117-328, signed into law on December 29, 2022, provides funding to NIH for the Fiscal Year ending September 30, 2023. The intent of this notice is to provide current requirements outlined in the following statutory provision that limits or conditions the use of funds on NIH grant, cooperative agreement, and contract awards for FY 2023.

[NTW] [SPRING/SUMMER GRANT WRITING GROUP]
Please let Research Resources (ckk7) know if you are planning on submitting an R01 for the Spring or Summer or Fall 2023 Deadlines; Grant Writing Group; Research resources is pleased to coordinate grant type specific grant writing groups, pending faculty / researcher interest. Please let us know via email to ckk7@cumc.columbia.edu if you are interested in such groups, along with the type of grant and proposed due date(s). We are planning to coordinate a writing group for this fall’s NIH deadlines. Please join us.

**Sponsor:** Research Resources
**Deadline(s):** Please let us know if you are planning to submit an R01 for the fall NIH deadlines, and let us know if you are interested in joining a Summer 2023 Grant Writing Group, via email to ckk7@cumc.columbia.edu
**Contact:** ckk7@cumc.columbia.edu

Additional Information: Newly Funded New York City Center Aims to Reduce Health Disparities in Multiple Chronic Diseases; A multi-institutional group in New York City has united to address health disparities in multiple chronic diseases through the Center to Improve Chronic Disease Outcomes through Multi-level and Multi-generational Approaches Unifying Novel Interventions and Training for Health Equity (COMMUNITY Center). The vision of the center is rooted in public health tenets, recognizing that medical advances alone can only partially reduce the inequitable burden of disease in people of color. Reducing health disparities in chronic diseases requires multi-faceted approaches that intervene on structural, community, family and individual level determinants of health and well-being; Please note the Community Center's website where students, faculty and doers may be interested in reviewing. It has links in which information for the IDC (Investigator Development Core) can be found. We will be starting a next cycle phase in a few months, which will also be announced. The research funded application is found within this link and we welcome applications from early-stage investigators from CUIMC, WE-CORN, Hunter or PAGNY that are post-doctoral fellows, junior faculty conducting research, or non-research track clinicians. Thank you for helping me disseminate this information! We will be in touch. [brought to our attention by Marisol Castellano mc4542@cumc.columbia.edu]

https://www.niehs.nih.gov/research/supported/translational/implementation/index.cfm
Additional Information: New NIH Structural Racism and Discrimination Funding Opportunity; Dear PEPH colleagues, NIEHS is thrilled to announce our participation in PAR-23-112, Addressing the Impact of Structural Racism and Discrimination on Minority Health and Health Disparities. This initiative will support intervention research that addresses structural racism and discrimination (SRD) in order to improve minority health or reduce health disparities.; Please share with your networks!; Please direct inquiries to Lindsey Martin lindsey.martin@nih.gov.; Application Due Dates: March 24, 2023; October 10, 2023; October 9, 2024; October 9, 2025; NIEHS is interested in applications that are within scope of our 2018-2023 Strategic Plan, that meet the criteria established in this FOA, and focus on intervention research that mitigates or prevents the impacts of environmental exposures on communities due to structural racism and discrimination (SRD). Examples of environmental exposures which are considered of primary interest for NIEHS include but are not limited to: industrial chemicals or manufacturing byproducts, metals, pesticides, herbicides, air pollutants and other inhaled toxicants, particulates, or fibers, fungal, and bacterial or biologically derived toxins. Applicants are strongly encouraged to utilize community engaged research approaches that ensure equity, such as including community partners as part of the research team along with letters of support from community partners. Applications that demonstrate collaborative (i.e., community-academic partnerships) intervention approaches to address the negative health effects of SRD across multiple populations with environmental health disparities will be prioritized. NIEHS is particularly interested in intervention research on a subtype of SRD - environmental racism. For the purposes of this FOA, environmental racism includes the use of racist and discriminatory practices in determining which communities receive health-protective (i.e., green space) or health-harming infrastructure (i.e., industrial complexes). Areas of specific interest to NIEHS include, but are not limited to: Interventions that prevent or mitigate single or combined environmental exposures disproportionately affecting the health of one or more communities impacted by environmental racism; Interventions that address the disproportionate health impacts of exposures due to climate change, extreme weather and natural or human caused disasters on communities affected by environmental racism; Interventions that prevent or mitigate disproportionate exposures in the built environment (e.g., mold or lead in housing, lack of greenspace) attributed to systemic neighborhood disinvestment; Interventions that address the role of environmental racism in occupational exposures; Interventions that promote the resiliency of communities experiencing environmental racism; Want to learn more about implementation science and environmental health? Check out this podcast, our website and resources from our workshop!; Lindsey Ann Martin, PhD;
Program Officer: National Institute of Environmental Health Sciences (NIEHS); Division of Extramural Research & Training; Population Health Branch; Phone: (984) 287-4036; Email: Lindsey.Martin@nih.gov. PAR-23-112: Addressing the Impact of Structural Racism and Discrimination on Minority Health and Health Disparities (R01 - Clinical Trial Optional) (nih.gov); New NIH Funding Opportunity; Addressing the Impact of Structural Racism and Discrimination on Minority Health and Health Disparities

The National Institute of Environmental Health Sciences (NIEHS) is announcing their participation in Addressing the Impact of Structural Racism and Discrimination on Minority Health and Health Disparities. This initiative will support intervention research that addresses structural racism and discrimination (SRD) in order to improve minority health or reduce health disparities.; Find more information and apply here.; Upcoming application due date: March 24, 2023 by 5:00 PM local time of applicant organization.;

There is increasing recognition that racism and discrimination contribute to poorer health outcomes for racial/ethnic minorities and other populations that experience health disparities. Health research on racism and discrimination to date has largely focused on interpersonal interactions, and to a lesser extent, one specific form of SRD, residential segregation. Typically, such research focuses on the adverse health consequences of SRD exposures. Less research has explored the resilience among populations exposed to SRD or community strategies to resist or mitigate historic or contemporary SRD exposures. Additionally, intervention research has rarely emphasized reduction of SRD as a strategy to improve health and reduce disparities. Research on mitigation of SRD is needed to inform health care and social policies at all levels.; NIEHS is interested in applications that are within scope of their 2018-2023 Strategic Plan, that meet the criteria established in this funding opportunity announcement and focus on intervention research that mitigates or prevents the impacts of environmental exposures on communities due to SRD.;

Applicants are strongly encouraged to utilize community engaged research approaches that ensure equity, such as including community partners as part of the research team along with letters of support from community partners.; Areas of specific interest to NIEHS include, but are not limited to: Interventions that prevent or mitigate single or combined environmental exposures disproportionately affecting the health of one or more communities impacted by environmental racism; Interventions that address the disproportionate health impacts of exposures due to climate change, extreme weather and natural or human caused disasters on communities affected by environmental racism; Interventions that prevent or mitigate disproportionate exposures in the built environment (e.g., mold or lead in housing, lack of greenspace) attributed to systemic neighborhood disinvestment; Interventions that address the role of environmental racism in occupational exposures; Interventions that promote the resiliency of communities experiencing environmental racism; Please direct inquiries to Lindsey Martin

**[NTW] [NIH VIRTUAL GRANTS CONFERENCE]**

**2022-2023 Virtual NIH Grants Conference and PreCon Events: New Name! New Approach! Deeper Dive! – NIH Extramural Nexus**

**NIH Grants Conference & PreCon Events**

**NIH Grants Conference & PreCon Events; Calendar**

**NIH Grants Conference; Registration**

**Sponsor:** NIH

**Deadline(s):** 08/25/2022 (First Event); 02/02_03/2023 (Virtual Conference Dates)

**Contact:** ExtramuralNexus@mail.nih.gov; Event Questions and Special Requests: NIHGrantsEvents@nih.gov (Submit no less than 3 days prior to the event, if possible.)

https://grants.nih.gov/learning-center/conference
https://grants.nih.gov/learning-center/conference#conf-cal
https://nihgrantsconference.vfairs.com/en/registration-form

**Additional Information:** NIH is going to host a series of webinars on various topics on a monthly basis (what they’re calling ‘pre-conference’ events), as well as host the 2022-2023 Virtual NIH Grants Conference. You can register for these today! Go to their new NIH Grants Conference and PreCon Events webpage to register.; Below is their official announcement and schedule. It kicks off this month with a session on the NIH Loan Repayment Program (LRP) on Thursday, August 25th, from 2 – 3:30pm EDT.; These are open to anyone with all levels of experience: Research Administrators, Researchers, Grant Writers, PostDocs, Trainees, and others in the research community. See below for additional details. [brought to our attention by] Stephanie Scott; Mike Lauer; **Subject:** 2022-2023 Virtual NIH Grants Conference and PreCon Events: New Name! New Approach! Deeper Dive!; Reimagine: to reinterpret (an event, work of art, etc.) imaginatively; rethink: If you have followed my blogs through the years, you know I am a huge fan of an NIH event focused on bringing the extramural research community together with NIH...
experts to share knowledge, perspectives, guidance, and resources on the NIH grants process and policies. The event has evolved through the years in format, reach, and trans-NIH involvement. Each year, I thought its success would be hard to top...yet somehow it happened. For decades it was known as the “NIH Regional Seminar on Program Funding and Grants Administration.” We capped events at 900 attendees. In 2020, it was hosted online and became the “NIH Virtual Seminar.” Last year, over 15,000 attendees participated, representing every state, and over 100 countries. Yet here we are again...reimagining what it could be...reimagining what it should be.; For the past two years, our virtual seminar has spanned four days and included 50 sessions. That is a lot of information for attendees to digest in a short period of time! This year, we thought participants would appreciate the opportunity to get the content over a longer period, allowing time for the information to digest. In addition, by pulling select topics out of the larger conference and sharing them in monthly preconference events, there is the opportunity to dive deeper into issues and build time for additional Q&A, case studies, and conversation.; To this end, I’d like to introduce you to our new, NIH Grants Conference and PreCon Events... all hosted within our virtual conference center. Visit the Conference Calendar of Events to view the times and descriptions for each: August 25: NIH Loan Repayment Programs: Supporting the Next Generation of Researchers; September 15: Navigating Early Career Funding Opportunities; October 14: Research Misconduct & Integrity; November 9: Foreign Collaborations: Policies, Processes, & Partnerships; December 6 & 7: Human Subjects: Policies, Clinical Trials, & Inclusion; January 12, 2023 Making the Most of the 2023 NIH Grants Conference; February 1 & 2, 2023: 2023 Virtual NIH Grants Conference: Funding, Policies, & Processes; I am excited about the new opportunities this conference approach will provide everyone involved. Here are additional details about some of this year’s conference features.; All-Access Conference Pass: There are no fees for signing up. Once you register, your log-in and password provide you access to all of the PreCon Events, 2-Day Conference, On-Demand Library, Exhibit Hall, and additional opportunities to engage with NIH and your peers.; Virtual Conference Center: The conference and designated preconference events will take place on a single, online platform called vFairs, the same one used for the past two NIH Virtual Seminars. The Exhibit Hall will be available throughout the year for perusing NIH Institute and program booths and collecting valuable information; booths will be staffed for the 2-day conference.; Build Your Personalized Agenda. Once you register to access our conference center, you can add any of the on-demand videos, PreCon Events, or NIH Grants Conference sessions to your agenda, guaranteeing that you won't miss out!; First Event: Thursday, August 25, from 2:00 – 3:30 PM ET – We are pleased to kick off the PreCon Events with experts from the NIH Loan Repayment Program (LRP). This informative and interactive virtual event will provide participants a valuable opportunity to gain program information on how NIH can help pay off a researcher's student debt, as well as guidance on the LRP application process.; We hope you are as excited as we are about the opportunities the virtual conference center and the planned events offer participants. Register today to get your All-Access Conference Pass. Within a couple of weeks, the conference center will open and be ready for you to explore and plan your NIH Grants Conference experience! ; 2022-2023 Virtual NIH Grants Conference and PreCon Events #NIHgrantsconf; View article

**Deadline(s):** 01/31/2023 (Update Release; re for proposals submitted or due on or after January 30, 2023)  
**Contact:** https://research.columbia.edu/department-assignments  
**Link(s):** https://research.columbia.edu/nsf-researcher-disclosure-requirements

**Additional Information:** Please see the important reminders from NSF outlined below. As a follow-up to this email, we will be sending additional communications regarding Columbia-specific resources to help you comply with NSF’s new requirements. Stay tuned! ; NSF System Enhancements to Support the Revised PAPPG (NSF 23-1); Dear Colleagues: Effective today, the National Science Foundation (NSF) made a number of system updates in Research.gov, FastLane, and Grants.gov in accordance with implementation of the revised Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 23-1) for proposals submitted or due on or after January 30, 2023. Please see the Summary of Changes to the PAPPG (NSF 23-1) and view the Fall 2022 PAPPG (NSF 23-1) Revisions presentation; Proposal Preparation and Submission in Research.gov; New proposals must be prepared and submitted in Research.gov. FastLane proposal preparation and submission functionality has been
decommissioned. Grants.gov remains a submission option for most NSF proposals.; New supplemental funding requests must be submitted in Research.gov regardless of the system (Research.gov, FastLane, or Grants.gov) used for proposal submission.; Multiple Research.gov training resources are available: Visit the Research.gov About Proposal Preparation and Submission page for Frequently Asked Questions (FAQs), how-to guides, and video tutorials and the Research.gov About Supplemental Funding Request Preparation and Submission page for FAQs.; Explore preparing Research.gov proposals and supplemental funding requests on the Research.gov Proposal Preparation Demo Site and Research.gov Supplemental Funding Request Demo Site. All Research.gov automated compliance checks are enabled on the demo sites, and the sites can be used to verify proposal and supplemental funding request document compliance in Research.gov before uploading documents in the actual systems.; View the Fall 2022 Proposal Submission Modernization Update recording including a demo of Research.gov proposal preparation features.; Additional System Enhancements to Support the PAPPG (NSF 23-1); Biographical Sketch and Current and Pending (Other) Support; As of January 30, 2023, Research.gov and Grants.gov only accept the revised biographical sketch and current and pending (other) support formats. Research.gov and Grants.gov will generate a compliance error message if a proposer or grantee attempts to upload a prior version of either document.; The revised biographical sketch and current and pending (other) support formats are in SciENcv, and the fillable PDFs are available on the NSF biographical sketch and current and pending (other) support websites. Proposers currently may use either SciENcv or the fillable PDFs. Beginning October 23, 2023, use of SciENcv will become mandatory.; The Research.gov Project Reporting System will enforce use of the revised current and pending (other) support format when uploaded in annual and final project reports.; View the NSF Biographical Sketch and Current and Pending (Other) Support: SciENcv and NSF Formats webinar, NSF presentation, and NIH presentation.; Concept Outlines and ProSPCT; Emails generated by the Program Suitability and Proposal Concept Tool (ProSPCT) for the concept outline submission type can be uploaded in the Research.gov ; Proposal Submission System. This applies to Rapid Response Research (RAPID), Early-concept Grants for Exploratory Research (EAGER), Research Advanced by Interdisciplinary Science and Engineering (RAISE), and Planning proposals.; For additional guidance, refer to PAPPG Chapter I.D.1. and view the Concept Outlines at NSF webinar.; Additional Updates; A new checkbox has been added to the proposal Cover Sheet for Safe and Inclusive Working Environments for Off-Campus or Off-Site Research. Refer to the PAPPG Chapter I.I.E.9.; Functionality has been added in the Research.gov Proposal Submission System for proposers to provide updated current and pending (other) support information requested by NSF program officers prior to making funding recommendations. Refer to PAPPG Chapter II.D.2.h.(ii).; A new Post Award Disclosure of Current Support and In-Kind Contributions notification has been added. Access this new request using the Notification & Requests link under Awards & Reporting on the Research.gov My Desktop page. Refer to PAPPG Chapter 9.C.; FastLane Decommissioning; Limited FastLane proposal capabilities such as proposal file updates and budget revisions will remain available for FastLane-submitted proposals until September 29, 2023. This includes proposals submitted to NSF via Grants.gov on or before November 18, 2022.; Refer to the FastLane Decommissioning page for additional information. This page will be updated on an ongoing basis.; Questions; For NSF technical questions or immediate assistance, please contact the NSF Help Desk (7:00 AM – 9:00 PM Eastern Time, Monday through Friday except for federal holidays); Email the NSF Help Desk: rgov@nsf.gov; Call the NSF Help Desk: 1-800-381-1532; For NIH SciENcv technical questions or immediate assistance, please contact the NIH Help Desk (7:30 AM – 5:30 PM Eastern Time, Monday through Friday except for federal holidays); Email the NIH Help Desk: info@ncbi.nlm.nih.gov; Create a ticket: https://support.nlm.nih.gov/support/create-case/; Policy-related questions should be directed to policy@nsf.gov.; My best regards, Jean; Jean Feldman; Head, Policy Office; Division of Institution and Award Support; Office of Budget, Finance and Award Management.; New resources to assist with the NSF biographical sketch and current and pending (other) support forms; The new NSF Proposal and Award Policies and Procedures Guide (PAPPG) (NSF 23-1) took effect this week for proposals submitted on, or due on or after, Monday, January 30, 2023. To assist with the creation of NSF’s new Biographical Sketches and Current & Pending (C&P) Support formats, we provide you with the following: Resources: Have I Included...? - a questionnaire to assist you with ensuring all projects and in-kind contributions are included in the C&P form.; The Rascal Other Support Tool - a starting point to assist researchers in identifying current and pending sponsored projects required to be disclosed in Other Support/Current and Pending Support forms for federal agencies. Researchers can download an Excel report to send to administrators assisting with C&P Support. The Other Support Tool contains only proposals from and awards to Columbia. It does not include other information required in C&P Support, such as in-kind contributions. The researcher is responsible for including all required information.; NSF’s video and slide decks from their recent webinar on the revised Biographical Sketches and C&P formats, with a SciENcv demonstration.; View our last town hall slide decks and the latest...
information at NSF Researcher Disclosure Requirements; Reminders: The Biographical Sketch and Current & Pending (Other) Support formats contain a new certification requirement, in accordance with Section 223(a)(1) of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (42 USC 6605(a)(1)). Senior personnel are required to certify that the information provided in their Biographical Sketch and Current and Pending Support documents are accurate, current, and complete.; The signature requirement cannot be delegated and must be completed by the person submitting the biographical sketch or current and pending support.; You can use either NSF's PDF-fillable Biographical Sketches and Current & Pending (C&P) Support formats, containing the revision date "rev. 01/19/2023", or you can use SciENcv to create these forms. Earlier versions of these formats will not be accepted in Research.gov, and will cause compliance errors if a proposer attempts to upload a prior version of either document.; If using the PDF-fillable forms, you should not use DocuSign, or any other e-signature software. The certification requires a typed name and date only. Using an e-signature will generate errors upon proposal submission.; If you choose to use SciENcv, we strongly encourage you to view NSF's webinar first to learn the latest information on how to use SciENcv to include the newly required certifications.; SciENcv will be required beginning October 23, 2023. At that time, the PDF-fillable versions will no longer be available or accepted.; Please feel free to contact your SPA Project Officer with questions.; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

Additional Information: Dear NSF-funded Researchers and Applicants, As we have previously communicated, as of today (January 30, 2023) all NSF proposals that include off-campus or off-site research must have a plan to ensure a safe and inclusive work environment for that specific project, and must share the plan with all participants. NSF defines "off-campus or off-site research" as "data/information/samples being collected off-campus or off-site, such as fieldwork on research vessels and aircraft."; To support principal investigators in meeting this new requirement, we have created two templates that principal investigators can download, customize for their specific project(s), and then disseminate to their team members: Template Plan for Ensuring a Safe and Inclusive Work Environment for Off-Campus or Off-site Research Activity. This template plan ("Plan") includes a project-specific information sheet for the Principal Investigator to complete, plus a description of Columbia-wide policies, resources and information relevant to safe and inclusive research environments, and a place to add any school or departmental resources.; Template Email to Disseminate Plan. NSF requires the Plan to be disseminated to all members of the team before they depart for field or off-site research activity. Principal investigators should use this template email to do so. It is important for principal investigators and/or their administrators to keep a copy of the email after it is sent, to document that this NSF requirement was fulfilled.; In addition, as of today, a new certification has been added to the Rascal Proposal Tracking Data Sheet, to confirm compliance with this requirement. The certification says: "I/we certify that a plan has been developed for this proposal in accordance with NSF requirements on ensuring a Safe and Inclusive Working Environments for Off-Campus or Off-Site Research."

Please note: In general, NSF does not require the plan to be submitted to NSF. However, several solicitations from the NSF Directorates for Biological Sciences (BIO) and Geosciences (GEO) will soon require the submission of a Safe and Inclusive Work Environments Plan that will be considered as part of the Broader Impacts
criteria during the review process. Program Directors from BIO and GEO will hold a Virtual Office Hour on Tuesday, February 7, 2023; 3:30 - 4:30 PM Eastern on this new pilot effort regarding Safe and Inclusive Work Environments Plans. Register here for this webinar.; If you have questions about this new requirement, please contact your SPA Project Officer.; Thank you.; William Berger; AVP for Sponsored Projects Administration; Naomi Schrag; Vice President for Research Compliance, Training and Policy.

**Additional Information:** Yesterday, NSF provided key updates regarding its new Biographical Sketch and Current & Pending (Other) Support formats. This is important information for those of you who may have started working on the new forms for upcoming submissions or are about to do so, as follows: Late yesterday, NSF replaced the PDF-fillable US NSF – About Biographical Sketches and US NSF – About Current and Pending (Other) Support formats on their webpages to correct the formatting in order to be compliant (see notice below). These formats now have a revision date, “rev. 01/19/2023” indicated on the bottom right footer.; You must use these latest versions of the PDF-fillable forms in order to be compliant. If you downloaded the forms within the last week, you must make sure to use this latest format with the rev. 01/19/2023 in the bottom right corner.; The use of these new forms, or SciENcv, is required for proposals submitted on, or due on or after January 30, 2023. You cannot upload these new forms prior to January 30th, there will be system errors. You can, however, start using the forms now, and upload to Research.gov on or after that date.; These clarifications were made during a webinar NSF conducted yesterday to review the new PDF-fillable Biographical Sketches and Current & Pending (Other) Support formats, as well as SciENcv. A video recording and slides will be available soon on their website at the Resource Center – NSF Policy Office Outreach (nsfpolicyoutreach.com). I will notify you when the materials become available.; [brought to our attention by Stephanie Scott]; Enhancements to the NSF biographical sketch and current and pending (other) support fillable PDF formats; Dear colleagues, NSF has recently made enhancements to the biographical sketch and current and pending (other) support fillable PDF formats. The updated formats are consistent with the Proposal and Award Policies and Procedures Guide (PAPPG) Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 23-1) | NSF - National Science Foundation and are available on the NSF US NSF – About Biographical Sketches and US NSF – About Current and Pending (Other) Support websites. NSF made the following enhancements in response to feedback received from the research community: Current and Pending (Other) Support; Corrected the Status of Support radio button; Corrected fonts and margins for compliance with NSF policy; Included the revision date (rev. 01/19/2023) at the bottom of each page; Biographical Sketch: Corrected margins for compliance with NSF policy; Included the revision date (rev. 01/19/2023) at the bottom of each page; Staff from NSF and NIH conducted a webinar to discuss the revised formats and demonstrate the SciENcv system. A recording.
of the webinar will be made available in the coming days at: https://nsfpolicyoutreach.com/; NSF appreciates the feedback from the research community. Additional feedback and questions may be submitted to: policy@nsf.gov; Regards, Jean Feldman; Head, Policy Office; Division of Institution and Award Support; National Science Foundation; FAQs related to NSFS Proposal and Award Policy, PAPPG (NSF 22-1)

Additional Information: The slides are available from today's town hall. See slides from Town Hall#2: NSF PAPPG Changes, and NSF Disclosures Refresh, conducted 1/13/2023. We will continue to post all updates and materials on the NSF Researcher Disclosure Requirements webpage.; Again, we strongly encourage you to attend NSF’s webinar next week where they will review the revised versions of the Biographical Sketch and Current and Pending (Other) Support formats, and in SciENcv.; The NSF webinar is Thursday, January 19th at 3:00 PM Eastern Time. Webinar registration is available now.; Thank you to all who attended today's town hall.; Revised NSF Biographical Sketch and Current and Pending (Other) Support Formats - Now Available in SciENcv and on the NSF Website; The National Science Foundation (NSF) just released revised versions of the Biographical Sketch and Current and Pending (Other) Support formats, for consistency with the Proposal and Award Policies and Procedures Guide (PAPPG) NSF 23-1. Senior/key persons must use the revised formats for proposals submitted or due on or after January 30, 2023. These revised formats are also now available in SciENcv; These new formats contain a new certification requirement, in accordance with Section 223(a)(1) of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (42 USC 6605(a)(1)), senior personnel are required to certify that the information provided in their Biographical Sketch and Current and Pending Support documents are accurate, current, and complete.; We recommend you preview these new formats now. Next week staff from NSF will conduct
a webinar to discuss the revised formats and demonstrate the SciENcv system on Thursday, January 19th at 3:00 PM Eastern Time. Webinar registration is available now. We highly recommend you attend this webinar. As a reminder, today we are hosting a town hall regarding new PAPPG requirements, as a follow up to the town hall we conducted on December 12, 2022. Slides from Town Hall: NSF PAPPG Changes. See NSF’s announcement below.

Revised NSF Biographical Sketch and Current and Pending (Other) Support Formats - Now Available in SciENcv and on the NSF Website; Dear Colleagues: NSF implemented revised versions of the Biographical Sketch and Current and Pending (Other) Support formats, for consistency with the Proposal and Award Policies and Procedures Guide (PAPPG) NSF 23-1. The requirement to use the revised formats is effective for proposals submitted or due on or after January 30, 2023.; These revised formats are now available in SciENcv and on the NSF Policy Office website. As a reminder, the mandate to use SciENcv only for preparation of these senior personnel documents will go into effect for new proposals submitted or due on or after October 23, 2023.; Staff from NSF and NIH will conduct a webinar to discuss the revised formats and demonstrate the SciENcv system on Thursday, January 19th at 3:00 PM Eastern Time. Webinar registration is available now.; Regards, Jean Feldman; Head, Policy Office; Division of Institution and Award Support; National Science Foundation
Dear Colleagues:

We are pleased to announce that supplemental funding requests, including Life Balance requests, can now be prepared in Research.gov. Supplemental funding requests can be submitted in Research.gov regardless of the system used (Research.gov, FastLane, or Grants.gov) for proposal submission. FastLane supplemental funding request functionality will remain available in parallel for the preparation and submission of new proposals submitted or due on or after January 30, 2023.

In addition, NSF program officers will request updated Current and Pending Support information prior to making a funding recommendation. NSF will be hosting another town hall to review very important upcoming changes to National Science Foundation (NSF) proposals and awards, taking effect for proposals submitted or due on or after January 30, 2023 as stated in NSF’s revised version of the NSF Proposal and Award Policies and Procedures Guide (PAPPG) (NSF 23-1). We encourage you to share this announcement with faculty within your departments who may apply for NSF funding;

- When: Friday, January 13th, 1:30pm – 3:00pm Eastern Time;
- Register here, using a Columbia-affiliated email address only.;
- In this town hall we will expand on the disclosure requirements with some examples and frequently asked questions. The agenda will include: Revisions to the Biographical Sketch and Current and Pending Support formats to require certifications from the individual (as required by the 2021 National Defense Authorization Act, Section 223) regarding information being accurate, current, and complete.;
- In addition, NSF program officers will request updated Current and Pending Support information prior to making a funding recommendation.;
- Review of the new PDF-fillable Biosketch and Current & Pending Support forms (not released at this time);
- Examples of disclosures.;
- SciENv (time permitting); We encourage you to review: NSF’s Video and slide deck (presented Nov. 17, 2022) on the Revisions to the PAPPG (NSF 23-1);

[The full, revised PAPPG];
[Summary of changes];
[For questions, please feel free to contact your SPA Project Officer: Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/]

**Additional Information:** See the announcement below from NSF with the latest information concerning the transition to Research.gov, and the decommissioning of FastLane. Research.gov can now accommodate supplemental funding requests, and the last day FastLane can be used to submit new proposals is January 27, 2023. NSF plans to issue more information soon, so please stay tuned. [brought to our attention by Stephanie Scott]; Preparing Supplemental Funding Requests in Research.gov and Upcoming FastLane Proposal Decommissioning Deadlines; Dear Colleagues: We are pleased to announce that supplemental funding requests, including Career-Life Balance requests, can now be prepared in Research.gov. Supplemental funding requests can be submitted in Research.gov regardless of the system used (Research.gov, FastLane, or Grants.gov) for proposal submission. FastLane supplemental funding request functionality will remain available in parallel for the preparation and submission of new proposals.
requests until January 27, 2023; In addition, the last two proposal types for the Small Business Innovation Research Program (SBIR) and the Small Business Technology Transfer Program (STTR) will be enabled in Research.gov for the fiscal year (FY) 2023 competitions. With all proposal and submission types soon fully supported in Research.gov, the system will be ready for the transition from FastLane for the preparation and submission of all new proposals in late January 2023, when the Proposal and Award Policies and Procedures Guide (PAPPG) (NSF 23-1) is effective. The last day to submit new proposals in FastLane is January 27, 2023; Please see the table of important FastLane transition deadlines below. Additional information will be forthcoming on the transition of other FastLane functionality and a FastLane Decommissioning webpage is being developed.

### New Supplemental Funding Request Functionality:

The Research.gov Supplemental Funding Request System has many features to help reduce administrative burden, including: Intuitive and dynamic interfaces which provide only relevant preparation options; Inline help features; Fast document uploads and immediate feedback within each section; and Automated compliance checks with specific, actionable warning and error messages.; The new Research.gov Supplemental Funding Request Demo Site can be used to explore preparing supplemental requests and to check the compliance of uploaded documents.; The supplemental funding request functionality and demo site are accessible from new links within the Awards & Reporting tile on the Research.gov My Desktop page after signing in to Research.gov.; Topic-specific Frequently Asked Questions (FAQs) and demo site guidance are posted on the new Research.gov About Supplemental Funding Request Preparation and Submission page.; Please refer to PAPPG Chapter VI.E.5. for supplemental funding request policy guidance.; New SBIR and STTR Proposal Types; Proposers will prepare and submit SBIR and STTR Phase I and Phase II proposals in Research.gov for the FY 2023 competitions.; SBIR and STTR proposal types will be available to try out on the Research.gov Proposal Preparation Demo Site (you will be prompted to sign in to Research.gov if you are not already signed in) after the SBIR and STTR program solicitations for the FY 2023 competitions are published.; Research.gov Proposal and Supplemental Funding Request Feedback: NSF wants your feedback on the proposal preparation and submission functionality, as well as on the new supplemental funding request enhancements. Your input helps NSF to ensure the systems and demo site features are working as intended and to identify areas of improvement. Feedback may be submitted on the Research.gov Feedback page. Submitted feedback is reviewed on an ongoing basis by NSF’s Research.gov Business Office.; Questions? If you have IT system-related questions, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or via email to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov.; Regards, National Science Foundation

Additional Information: Below is an update from NSF regarding the decommissioning of FastLane, with a table of important transition deadlines. We will continue to provide you with NSF updates in the coming weeks. For questions, please reach out to your Department Assignments | Columbia | Research SPA Project Officer; [brought to our attention by Stephanie Scott]; FastLane Proposal Decommissioning and Transition of Functionality to Research.gov; Dear Colleagues: Effective November 21st, Award Documents, Organizational Reports, and Grants.gov integration in FastLane were retired and will be decommissioned. Here’s what you need to know: The FastLane Award Documents functionality as well as all historical award documents moved to Research.gov and are accessible via a new Award Documents link on the Research.gov My Desktop page under Awards & Reporting.; The Continuing Grant Increments Report that was available under FastLane Organizational Reports moved to Research.gov and can be accessed using the new Continuing Grant Increments Reports link on the Research.gov My Desktop page under Awards & Reporting.; Information in the two other FastLane organizational reports was already available outside of FastLane.; Active Awards Report information can be found in NSF Award Search; Organization Permission Report information is in Research.gov Account Management.; Grants.gov applications are now processed in Research.gov instead of in FastLane. Corrections or additions to Grants.gov applications submitted to NSF on or after November 21st will also be made in Research.gov.; Upcoming Transition Deadlines; NSF is preparing to transition the preparation and submission of all new proposals from FastLane to Research.gov on January 30, 2023, when the Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 23-1) | NSF - National Science Foundation becomes effective. Please see the table of important FastLane transition deadlines below as well as the new FastLane Decommissioning webpage for a comprehensive list. Decommissioning deadlines for FastLane proposal review functions and panel review functions are being determined and will be added to the FastLane Decommissioning webpage when the information is finalized.; Important FastLane Proposal Preparation and Supplemental Funding Request Transition Deadlines

**Access to FastLane Proposals and Supplemental Funding Requests:** FastLane proposals and supplemental funding requests will be available for the research community to access until Friday, September 29, 2023. This includes proposals submitted to NSF via Grants.gov on or before November 18, 2022. FastLane submitted and in-progress proposals and supplemental funding requests will not be transferred to Research.gov; however, the reviews and summaries for proposals submitted in FastLane will remain available in Research.gov. Refer to the Instructions to Access and Download/Print FastLane Proposals and Supplemental Funding Requests for additional information.; Policy-related questions should be directed to policy@nsf.gov. We hope that you are as excited for these transitions as we are! Regards, National Science Foundation

Additional Information: The National Science Foundation (NSF) announced that a revised version of the NSF Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 23-1) has been issued. The new PAPPG will be effective for proposals submitted or due on or after January 30, 2023. See original announcement below.; The NSF Policy Office will be holding a webinar session to review the significant changes in the PAPPG during the Fall 2022 NSF Virtual Grants Conference. This session will be held: Thursday, November 17, 2022; 3:00 pm – 4:00 pm, EST; To register for the conference, including this session, click the Registration page; The significant changes taking place include: Revisions to the Biographical Sketch and Current and Pending Support formats to include certifications from the individual (as required by the 2021 National Defense Authorization Act, Section 223) regarding information being accurate, current, and complete.; Requirement for NSF program officers to request updated Current and Pending Support information prior to making a funding recommendation, in accordance with the NSPM-33 Implementation Guidance.; Requirements for use of SciEnv for the Biographical Sketch and Current and Pending Support documents.; FastLane will be decommissioned.; Use of Concept Outlines as a submission type and the Program Suitability and Proposal Concept Tool (ProSPCT). – NSF has slides and a video available on Concept Outlines; We strongly encourage you to attend the webinar session on November 17th, or view the recording when NSF makes it available. Our office will provide more information about these significant changes, including additional learning opportunities, as we continue to receive updates from NSF.; [brought to our attention by]

Stephanie F. Scott, MS, CRA: Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/; Dear Colleagues: We are pleased to announce that a revised version of the NSF Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 23-1) has been issued. The new PAPPG will be effective for proposals submitted or due on or after January 30, 2023. Significant changes include: Revisions to incorporate Research.gov as the replacement for FastLane for proposal preparation and submission.; Information about the use of Broad Agency Announcements (BAAs) and the BAA Management System (BAAM).; Revisions to the certification for Responsible and Ethical Conduct of Research (REC), or proposals submitted on or after July 31, 2023, which expands the training to faculty and other senior personnel as well as requires specific training mandated by the America COMPETES Act, as amended.; Use of Concept Outlines as a submission type and the Program Suitability and Proposal Concept Tool (ProSPCT).; Requirement for proposers to provide a certification regarding Safe and Inclusive Working Environments for Off-Campus and Off-Site Research.; Revisions to the Biographical Sketch and Current and Pending Support formats to include certifications from the individual (as required by the 2021 National Defense Authorization Act, Section 223) regarding information being accurate, current, and complete.; Requirement for NSF program officers to request updated Current and Pending Support information prior to making a funding recommendation, in accordance.
with the NSPM-33 Implementation Guidance; Requirements for use of SciENcv for the Biographical Sketch and Current and Pending Support documents; Implementation of Build America, Buy America statutes; New sections on Research Security and Scientific Integrity.; You are encouraged to review the by-chapter summary of changes provided in the Introduction section of the PAPPG.; NSF will present information about these changes at the upcoming NSF Grants Conference as part of the Proposal and Award Policy Update session on November 17th. Additional information and no-cost registration are available at: https://nsfpolicyoutreach.com/22-grants-conference/.; While this version of the PAPPG becomes effective on January 30, 2023, in the interim, the guidelines contained in the current PAPPG (NSF 22-1) continue to apply.; If you have any questions regarding these changes, please contact the DIAS/Policy Office at policy@nsf.gov.; Regards, [brought to our attention by] Jean Feldman; Head, Policy Office; Division of Institution and Award Support; Office of Budget, Finance & Award Management; National Science Foundation

Deadline(s): 11/16/2022 (First Available Due Date); 01/09/2024 (Expiration Date)

Contact: Please direct all inquiries to the contacts in Section VII of the listed funding opportunity announcements with the following additions/substitutions: Scientific/Research Contact(s); Valerie Maholmes, Ph.D., CAS; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-496-1514; Email: maholmev@mail.nih.gov

Additional Information: The Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) is issuing this NOSI to underscore the need for multidisciplinary research that addresses the potential associations between childhood trauma, particularly chronic sexual abuse and gynecologic health and disease. The NICHD is interested in receiving applications proposing scientific meetings or developmental/exploratory projects that will catalyze this field of inquiry by bringing together multiple disciplines to determine where there are opportunities for collaboration and to identify scientific opportunities for investigation.

[NTW] [MATERNAL AND CHILD HEALTH]
Notice of Special Interest (NOSI): Advancing Research on Early Pregnancy Loss
Sponsor: Eunice Kennedy Shriver National Institute of Child Health and Human Development; Office of Research on Women's Health
Deadline(s): 07/05/2022 (Release Date)
Contact: Please direct all inquiries to: Clara Cheng, PhD; Fertility and Infertility Branch; Eunice Kennedy Shriver National Institute of Child Health and Human Development; Telephone: 301-435-6992; Email: clara.cheng@nih.gov
Additional Information: Early Pregnancy loss (EPL), defined as a pregnancy loss occurring up to 20 weeks gestation, is a very common pregnancy complication, occurring in 12-15% of clinically recognized pregnancies, with increased prevalence
associated with increasing maternal age. The use of highly sensitive hCG assays allows the detection of pregnancy earlier in gestation than the time of clinical recognition, and gives an even higher estimated loss of 50-70% of conceptions prior to the second trimester. To achieve a successful pregnancy, a series of strict embryonic and maternal conditions must be met, that include high quality embryos, favorable conditions for embryo implantation, receptive maternal endometrium and optimal uterine environment to sustain the conceptus to term. In addition, maternal immune tolerance and hormonal factors play a critical role. While approximately half of all cases of EPL appear to be due to embryonic aneuploidy, very little is known about the physiologic and pathophysiologic processes that underlie non-aneuploid EPL. As a result, there is also a lack of understanding for the underlying causes of recurrent pregnancy loss (RPL). This NOSI seeks to address these critical knowledge gaps by encouraging basic, translational and clinical studies on biological processes that may uncover potential etiologies of EPL and RPL. This includes research to understand implantation mechanistically and identify a range of key factors, involved in implantation and placentation that are important for early pregnancy establishment, including abnormalities that contribute to sporadic EPL and recurrent pregnancy loss.
ese storms, NIH wants to assure our recipient community that we will be doing our part to help the extramural community continue its research. Our website on natural disasters. Due to the exceptional impact of these storms, straight-line winds, and tornadoes from March 24, 2023 to March 25, 2023. NIH is deeply concerned for the health and safety of people and animals, and about the biomedical enterprise in the areas in Mississippi affected by these natural disasters. Due to the exceptional impact of these storms, NIH wants to assure our recipient community that we will be doing our part to help the extramural community continue its research. Our website on Extramural Response to Natural Disasters has a
list of available resources, including guidance on animal welfare issues.; NIH has identified the following actions to relieve short-term administrative, financial management, and audit requirements under the Uniform Guidance at 2 CFR Part 200 – “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” – which are implemented in HHS regulation at 45 CFR 75 – without compromise to accountability requirements. This guidance will be updated as appropriate once further guidance is received from HHS and the Office of Management and Budget (OMB). Specific policy exceptions are detailed below.

**Additional Information:** Below is a reminder of the new look and feel coming on June 23rd of the RPPRs in the eRA Commons module, along with screen shots. Please see below additional action items you may need to take. [brought to our attention by Stephanie Scott]  

**eRA Enhancements:** Reminder that a New Visual Appearance is Coming June 23 to Research Performance Progress Report (RPPR) Module in eRA Commons; eRA Collaborating for a Transformative Tomorrow;  

**eRA Enhancements: Reminder that a New Visual Appearance is Coming June 23 to Research Performance Progress Report (RPPR) Module in eRA Commons:** We would like to remind you that the Research Performance Progress Report (RPPR) Module in eRA Commons is moving to the new visual appearance being adopted by other eRA modules, as a result of a required technology upgrade. The functionality and content will remain the same, except for new unique entity identifier (UEI) fields where applicable and other FORMS-G changes (e.g., updated budget forms); see Actions Required below.; Along with the screen refresh, a revised, updated RPPR Instruction Guide will be issued that builds on the instruction guide issued on May 13 and will reflect new screenshots as well as updated policy guidance on FORMS-G and UEI changes see NOT-OD-22-130 for details; All screens are being transitioned to the new look. The refreshed screens will be rolled out on Thursday, June 23, 2022. The release will take place with no downtime. The updates to the RPPR screens are designed to enhance the user experience. The new look is accompanied by changes that enhance the security and stability of the module.;  

**Actions Required:** See the prior messages appended at the bottom of this message for details on both actions below.; Submit in-progress budget forms by June 22. Budget forms for non-SNAP awards that are started, but not submitted, by June 23 will have to be re-filled out.; Obtain UEI numbers for performance sites listed in Section G.8 Project/Performance Sites, as the DUNS field will be removed and replaced with a UEI field effective June 23.;  

**Highlights of New Changes:** The screens will adopt the new standard features being incorporated in eRA modules, such as:  

**Apps menu icon** — The apps menu, located in the upper left of the new blue header, shows a dropdown menu of other eRA modules available to the user.

**Buttons** — If multiple buttons exist in a row, the primary button will be prominent and the secondary ones will either be outlined or have no border, to help highlight the options that are more likely to be used.
**Header and Footer** — An elegant header and footer take up less space, leaving more real estate for the functionality of the module.; **Action items** — A three dot ellipsis icon, when clicked, displays a dropdown menu of action items. This icon replaces the action column. See Figure 3.; **Enhanced Table Tools** — A set of tools enhances the ability to work with table data. See Figure 2.; For an explanation of all the new look and feel features, please see *Navigating and Using the UI in eRA Modules* in the eRA Commons online help.; **New UEI Fields Added**; For grant applications due on or after January 25, 2022, applicants must have a unique entity identifier (UEI) at the time of application submission, because the federal government has transitioned away from DUNS numbers. DUNS and UEI fields will co-exist on some grant forms during the transition.; New UEI fields appear anywhere that DUNS numbers previously appeared, and in some cases the DUNS was removed; see Figure 1, Figure 3, and Figure 4.; Also see these two articles for more information on UEI numbers: Unique Entity Identifier Update; Goodbye DUNS, Hello UEI

![Figure 1](image1.jpg)

**Figure 1:** The new Cover Page screen, showing a new UEI field.

**New Table Tools on Lists of Information**; On lists of information, you can use new table tools to filter, download/print data, set the number of rows per page, navigate through pages of list data, and sort by columns. All user interface (UI) elements below are explained in *Navigating and Using the UI in eRA Modules* in the eRA Commons online help.

![Figure 2](image2.jpg)

**Figure 2:** The new table tools, with a new UEI column for Performance Sites (DUNS has been removed).
New Three-Dot Ellipsis Icon for Performing Actions on a Record: When actions are available on data, look for the new three-dot ellipsis icon, which shows available actions; see Figure 3. The three-dot ellipsis menu is dynamic and shows only those actions that are currently available.

![Figure 3: The new three-dot ellipsis icon showing a menu of available actions.](image)

Separate Popup Windows for Entering/Editing Details: To reduce screen clutter, data entry fields have been moved to separate popup windows, available by clicking a button or the Edit option on a three-dot ellipsis menu; see Figure 4.

![Figure 4: A new popup window for entering or editing data, showing the new UEI option for identifier.](image)
Subject: entry of your budget!

As of April 4, 2022, the unique entity identifier (UEI) replaced the Dun & Bradstreet (DUNS) number as the official identifier required for an organization/institution to apply for and receive federal funding from NIH and other federal agencies. See NIH Guide Notice NOT-OD-21-170. The UEI, a 12-character alpha numeric identifier, is issued as part of the System for Award Management (SAM) registration process. As communicated in NOT-OD-22-130, the Research Performance Progress Report (RPPR) Module in eRA Commons is moving to the new visual appearance being adopted by other eRA modules, as a result of a required technology upgrade. The refreshed screens will be rolled out on Thursday, June 23, 2022. All screens are being transitioned to the new look. The release includes the addition of the new UEI fields where applicable and required FORMS-G changes, including updated budget forms (see appended message); We would like to inform you that RPPR Section G.8 Project/Performance Sites will no longer have a DUNS number field and will require a UEI instead of a DUNS number. This change will be effective on June 23. If your organization is currently working on an RPPR with performance sites, please obtain the UEIs of the performance sites. Performance sites that do not have a UEI can obtain one through SAM.gov.

Additional Information: The Research Performance Progress Report (RPPR) Module in eRA Commons is moving to the new visual appearance being adopted by other eRA modules, because of a required technology upgrade that enhances the security and stability of the module. The upgrade includes adding the new unique entity identifier (UEI) fields where applicable and required FORMS-G changes, including updated budget forms. These upgrades are expected to be released on June 23, 2022.; NIH & AHRQ issued announcement NOT-OD-22-130, as well as the announcement below containing details about upcoming changes to RPPRs. The modules in the eRA Commons are currently being modernized with a new visual appearance and enhances to security.; The Research Performance Progress Report (RPPR) Module in eRA Commons is expected to be upgraded by Thursday,
June 23, 2022. Please note the following as some of you may need to take action prior to the release date of the upgrade. **Non-SNAP awards only**: Budget forms will be updated to a new format. Users with in-progress RPPR forms will be required to re-enter budget form data if the in-progress RPPR is not submitted by June 22, a day before the release. NIH recommends that in-progress RPPRs be submitted by Wednesday, June 22 to avoid having to redo budget forms after the cutover. If that is not possible, they recommend you delay completing the budget forms until after Thursday, June 23 to avoid re-work.; **NIH published an interim RPPR instruction guide** that incorporates critical changes to align with recently issued guide notices and policy changes. They include: Modified instruction language to align with the updated Other Support and Biosketch format pages and associated instructions.; Modified Question G.4. Human Subjects to incorporate Human Subjects System and Clinical Trials reporting language in line with NOT-OD-20-125.; For institutional research training, career development and research education awards: Question B.4 text modified to incorporate the electronic submission requirement for the Trainee Diversity Report.; Added instructional language for Ruth L. Kirschstein National Research Service Award (NRSA) childcare costs reporting and requests in the RPPR, as per NOT-OD-21-074 and NOT-OD-21-177. AHRQ NRSA recipients should refer to NOT-HS-22-013 (Individual Fellows) and NOT-HS-22-014 (Institutional Research Training Awards).; A final RPPR Instruction Guide will be published on June 23, 2022, to reflect the revised screenshots accompanying the new look and feel of the RPPR module.; **Due dates for submission of the RPPR remain unchanged.**; For questions, please contact your SPA Project Officer. See more details below.; **eRA Alert:** Action Required for In-Progress RPPR Budget Forms Due to RPPR Update June 23; Updated RPPR Instruction Guide Available; eRA Collaborating for a Transformative Tomorrow; **eRA Alert:** Action Required for In-Progress RPPR Budget Forms Due to RPPR Update June 23; Updated RPPR Instruction Guide Available; The Research Performance Progress Report (RPPR) Module in eRA Commons is moving to the new visual appearance being adopted by other eRA modules, because of a required technology upgrade that enhances the security and stability of the module. The refreshed screens will be rolled out on Thursday, June 23, 2022.; All screens are being transitioned to the new look. The upgrade includes the addition of the new unique entity identifier (UEI) fields where applicable and required FORMS-G changes, including updated budget forms.; An updated, initial **RPPR Instruction Guide** was issued on Friday, May 13 to reflect changes associated with recently issued guide notices on Other Support and Biosketch format pages, human subjects, Trainee Diversity Report and NRSA childcare costs reporting (see NOT-OD-22-130 for details). A final RPPR Instruction Guide will be published on June 23, 2022, to reflect the revised screenshots accompanying the new look and feel of the RPPR module.; **Action Required for Budget Forms;** Users need to be aware that budget forms (applicable to non-SNAP awards only) will be updated to a new format. As a result of this update, users with in-progress RPPR forms will be required to redo budget form data if the in-progress RPPR is not submitted by June 22, a day before the release.; We recommend that in-progress RPPRs be submitted by Wednesday, June 22 to avoid having to redo budget forms after the cutover.; If that is not possible, we recommend you delay completing the budget forms until after Thursday, June 23 to avoid re-work.; RPPRs submitted on or before June 22 will reflect the FORMS-F budget forms. Due dates for submission of the RPPR remain unchanged. See https://grants.nih.gov/grants/rppr/index.htm.; **Forms-G and UEI Changes to Budget Form**; These are the changes to the SF424 Research and Related Budget Form in the RPPR: Under Other Direct Costs, increased the number of available ‘Other’ direct costs lines from 3 to 10; A UEI field that replaces the previous ‘Organizational DUNS’ field Enhanced organization search — enter the organization name and the UEI, organization name and organization address will automatically populate the budget form.; The Training Budget form and the PHS Additional Indirect Costs form will also have the ‘Organizational DUNS’ field replaced by the UEI field, as well as move to the new format; See Figure 1 for the location of budget forms.

**Additional Information:** NIH recently updated its NIH Pre-award and Post-award Disclosures Relating to the Biographical Sketch and Other Support table (rev. June 8, 2022). It contains additional clarifications of where certain types of activities should be disclosed on NIH forms (i.e. the Biographical Sketch, Other Support, Annual Project Reports, etc.). In addition, we recently posted new Columbia-specific FAQs to clarify the requirements for uploading supporting documentation to accompany NIH Other Support forms and be uploaded into Rascal’s COI Module. Please see FAQs: Supporting Documentation Requirements for Rascal and Other Support.; As a reminder, we have several resources to assist you with completing the NIH Biographical Sketches, Other Support forms, and the certification requirements: NIH Researcher Disclosure Requirements; Columbia’s FAQs on NIH Other Support and Biosketches; NIH’s FAQs - Other Support and Foreign Components; NIH’s FAQs - Biosketches; SciENcv – currently optional, a tool for creating NIH Biosketches; Request DocuSign in order to complete the certification requirements for NIH Other Support; Note that most NIH-funded PIs were already given access to DocuSign. If you are other senior key personnel on an NIH grant, or an administrator assisting with Other Support forms, you will need to request DocuSign. DocuSign user guides and videos are available on the NIH Researcher Disclosure Requirements webpage. To request DocuSign, use this Request DocuSign Qualtrics form. If experiencing technical difficulties, contact DocuSign-Support@columbia.edu.; For questions, reach out to your SPA Project Officer. [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; [Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu]

[NTW] [RESEARCH RESOURCES INFORMATION SESSIONS]  
SPRING 2022 INFORMATION SESSIONS (Columbia Research/SPA and Research Resources)  
**January:** We recommend that Mailman Affiliates, especially those who will be participating faculty on upcoming Training Grant initiatives, attend the January Columbia Research SPA Town Halls!  
**NIH Town Hall - Part I slides 01/10/2022**  
**NIH Town Hall – Part II slides 01/14/2022**  
**February:** Andrea Baccarelli, Time Management, 02/24/2022, archival slides  
**March:** Rosa Rivera, Ashley Bogosian, Lourdes Pilapil, *Pre and Post Award Grant Management, Budget Design and Justification Workshop*, 03/24/2022 Archival Slide Deck Accessible via CU Sharepoint Login  
**April:** R2 Information Session 04/28/2022 Presented by Pam Factor-Litvak, "Optimizing Your Responses to Summary Statements", pw protected via CU Sharepoint login .pdf of slide deck Archival

**March 2022:** Research Resources, Sponsored Projects Administration, the Department of Population and Family Health, and the Department of Health Policy and Management presented on Thursday March 24, 2022 (03/24/2022) Virtually via Zoom Pre and Post Award Grant Management, Budget Design and Justification Workshop [archival slide deck accessible via CU Sharepoint Login] moderated by Rosa Rivera, Director of Sponsored Projects Administration (SPA) and Associate Dean for Grants and Contracts, Ashley Bogosian, Director of Research Administration, of the Department of Population and Family Health, and Lourdes Pilapil, Associate Director, Grant/Finance, of the Department of Health Policy and Management. An archival version of the AV/Zoom will be posted after the event and review.
[NTW] [MAXIMIZING INVESTIGATORS’ RESEARCH AWARD (MIRA)]
Maximizing Investigators’ Research Award (R35 - Clinical Trial Optional)
**Sponsor:** National Institute of General Medical Sciences  
**Deadline(s):** 05/16/2025; 05/17/2025 (Expiration)  
**Contact:** Scientific/Research Contact(s); Zhongzhen Nie, Ph.D.; National Institute of General Medical Sciences (NIGMS);  
**Email:** MIRA2019RESEARCH@NIGMS.NIH.GOV  
**Link(s):** http://grants.nih.gov/grants/guide/pa-files/PAR-22-180.html  
**Additional Information:** The Maximizing Investigators’ Research Award (MIRA) provides support for the program of research in an investigator’s laboratory that is within the mission of NIGMS. The goal of MIRA is to increase the efficiency and efficacy of NIGMS funding; This FOA allows applications from eligible NIGMS-funded investigators and from New Investigators proposing research within the scientific mission of NIGMS. The FOA also allows renewal applications from all current MIRA grantees (established investigators and those previously funded as early-stage investigators). PD/PIs who are currently Early Stage Investigators (ESIs) should apply through the ESI MIRA FOA and should not apply through this FOA.

NIH DEIA Diversity Equity Inclusion and Accessibility Prize Competition 05/17/2023 (Q&A Webinar); 09/26/2023 (Entry Deadline)

Home | Scientific Workforce Diversity at NIH

NIH UNITE | National Institutes of Health (NIH)
**Additional Information:** NIH Institutional Excellence in Diversity, Equity, Inclusion, and Accessibility (DEIA) Prize Competition; NIH is launching the Institutional Excellence in Diversity, Equity, Inclusion, and Accessibility (DEIA) Prize Competition. This competition is the result of input received from the public in response to a Request for Information (RFI). The Chief Officer for Scientific Workforce Diversity (COSWD) is administering the prize competition in collaboration with the NIH UNITE initiative and 24 institutes and centers across the agency.; The prize competition goals are as follows: To recognize and reward institutions whose biomedical, social, and behavioral science schools, departments, centers, or divisions have identified gaps with respect to diversity, equity, inclusion, and accessibility (DEIA) and have designed, implemented, and evaluated interventions to address these gaps to achieve sustained improvement in DEIA within their faculty, postdoctoral scholars, and student bodies.; To identify effective practices for enhancing DEIA within faculty, postdoctoral scholars, and student bodies that are feasible and can be disseminated for adoption by other institutions.; Eligible institutions will have until September 26, 2023 to submit an entry. There will also be a webinar on May 17, 2023, to address questions about the Prize Competition.; More information is available on the Prize Competition website;

**Key Dates**

Prize competition launch: **April 4, 2023**; Q&A Webinar: **May 17, 2023**; Deadline to submit an entry: **September 26, 2023**; Winners announced: **December 2023**; [brought to our attention by] Lindsey Ann Martin, PhD, Health Scientist Administrator, Program Contact for Implementation Science, National Institute of Environmental Health Sciences (NIEHS), Division of Extramural Research & Training (DERT), Population Health Branch (PHB), Email: lindsey.martin@nih.gov

[NTW] [DIVERSITY]
All of Us Research Program Makes Nearly 250,000 Whole Genome Sequences Available to Advance Precision Medicine
Sponsor: https://allofus.nih.gov/
Deadline(s): NA; 04/20/2023 (Released)
Contact: Contact Us | All of Us Research Program | NIH; https://allofus.nih.gov/about/contact-us
Additional Information: All of Us Research Program Now the Largest, Most Diverse Genomic Dataset of its Kind; Dataset includes nearly a quarter million whole genome sequences; The Researcher Workbench dataset is now the world’s largest, most diverse genomic dataset available for wide use; The National Institutes of Health’s All of Us Research Program has significantly expanded its data to now include nearly a quarter million whole genome sequences for broad research use. About 45% of the data was donated by people who self-identify with a racial or ethnic group that has been historically underrepresented in medical research. The data expansion provides registered researchers access to the world’s largest and most diverse dataset of its kind paving the way to help advance health equity and uncover health care approaches better tailored to people’s genes, lifestyles, and environments.; In total, the expanded dataset provides researchers information from more than 413,450 participants. In addition to the whole genome sequences, this resource also includes data from surveys, electronic health records, physical measurements and Fitbit devices. Fitbit device data will now include information on sleep, in addition to activity, step count and heart rate. Sleep data, when used alongside participants’ electronic health record data, could be useful for studying how sleep patterns affect overall health and disease progression, including for conditions such as heart disease, high blood pressure, diabetes, depression and dementia.
NOT-PM-23-002: Notice of Future Research Opportunity Announcement for the All of Us Center for Linkage and Acquisition of Data

**Sponsor:** All of Us Research Project, Office of The Director, National Institutes of Health

**Deadline(s):** 12/12/2022 (Release Date)

**Contact:** Inquiries can be directed to AOU-DTPD-Notices@nih.gov using the subject line “CLAD Notice (NOT-PM-23-002).”

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-PM-23-002.html

**Additional Information:** All of Us Research Program Outlines Future Funding Opportunity; Landmark precision medicine effort returns value to research participants by sharing tailored, actionable health-related reports; All of Us Research Program | National Institutes of Health (NIH) | https://allofus.nih.gov; Future Research Opportunity Announcement to Support Data Linkages for All of Us Center for Linkage and Acquisition of Data (CLAD); The National Institutes of Health’s All of Us Research Program has published a new Notice of Future Research Opportunity Announcement (ROA). The ROA, expected to be published in January 2023, will solicit proposals to develop and implement the Center for Linkage and Acquisition of Data. This new award will increase research opportunities and scientific discovery by expanding data streams available to researchers using the Researcher Workbench through passive means to help minimize participant burden.; Data would be acquired and curated in a manner consistent with the All of Us Research Program’s informed consent and privacy and security policies and regulations.; The Notice was published to provide potential offerors time to engage with the All of Us Research Program in advance of the release of the ROA. Inquiries can be directed to AOU-DTPD-Notices@nih.gov using the subject line “CLAD Notice (NOT-PM-23-002).”; The National Institutes of Health is issuing this Notice to alert the community about an upcoming Research Opportunity Announcement (ROA) from the All of Us Research Program, a historic effort to gather data from at least 1 million people who reflect the diversity of the United States, with the goal of accelerating health research and medical breakthroughs, and enabling individualized prevention, treatment, and care.

DocuSign Request Form

NIH Other Support forms

DocuSign User Guide for Researchers

Additional Information: As a reminder, effective January 25, 2022, PIs and other senior/key personnel must electronically sign the NIH Other Support form to certify the accuracy of the information provided, and adhere to Columbia University's Electronic Signature Policy. A typed name is not an electronic signature and is not acceptable. Certification cannot be delegated to administrators or other staff. NIH will not accept wet signatures, or pictures of wet signatures.; The University recommends using DocuSign to electronically sign the Other Support forms. DocuSign is cloud-based and automatically retains the originally signed documents. Both faculty and administrators can use DocuSign.; CUIT is in the process of creating DocuSign accounts for PIs who have current active or pending NIH grants. Administrators who support faculty in creating and organizing Other Support forms and wish to have access to DocuSign will need to request an account. Please complete this Qualtrics form as soon as possible in order for CUIT to create an account. We only need the person’s name and UNI, and one person can complete forms for multiple individuals.; DocuSign training will be offered next week by CUIT and SPA, and will be recorded if you are unable to attend. A quick desktop reference guide and instructional video resources will also be forthcoming. Please register for the trainings by using a Columbia-affiliated email address here: Friday, January 21st, 2 - 3pm ; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research Sponsored Projects Administration; Email: stephanie.scott@columbia.edu ; Website: https://spa.columbia.edu/

**Contact:** If you have any technical difficulties accessing DocuSign, please email DocuSign-Support@columbia.edu; For questions concerning the NIH requirements for electronic signature of Other Support, email Stephanie Scott at sfs2110@cumc.columbia.edu

**Link(s):** https://grants.nih.gov/grants/forms/othersupport.htm
https://cumc.co1.qualtrics.com/jfe/form/SV_9essHTmloOtgzmG

**Additional Information:** You are receiving this email because you were recently given access to DocuSign in order to meet NIH's Other Support form electronic signature requirements. Researchers can use DocuSign to electronically sign the NIH Other Support forms. Administrators who assist researchers with NIH Other Support forms can use DocuSign to obtain electronic signatures from researchers.; All PIs and other senior/key personnel must electronically sign their NIH Other Support forms, prior to their submission to NIH, certifying that the information is accurate and complete. You are encouraged to use DocuSign to meet these requirements. In addition, administrators who assist researchers with NIH Other Support forms can use DocuSign to obtain electronic signatures from researchers. As a reminder, a typed name is not an electronic signature and is not acceptable.

Certification cannot be delegated to administrators or other staff. NIH will not accept wet signatures, or pictures of wet signatures.; Access to DocuSign has already been given to the following individuals: PIs with active NIH grants; Administrators who requested access, using our DocuSign Request Form; Researchers, who are not NIH-funded PIs (i.e., other senior/key personnel), who requested access using our DocuSign Request Form; ; If you are an administrator or other senior/key personnel who has not yet requested DocuSign and needs it for the purposes of NIH Other Support only, please use the DocuSign Request Form. Newly awarded PIs without prior NIH funding, and PIs transferring to Columbia from another institution will need to request access using the request form.; In order to use DocuSign you will need to follow the login steps outlined in the user guides below: DocuSign User Guide for Researchers; DocuSign User Guide for Administrators; Other training materials: Slide deck; DocuSign Training Video (1/19/2022); DocuSign Training Video (repeat session, 1/21/2022); If you have any technical difficulties accessing DocuSign, please email DocuSign-Support@columbia.edu; For questions concerning the NIH requirements for electronic signature of Other Support, email Stephanie Scott at sfs2110@cumc.columbia.edu; For more information about the NIH disclosure requirements, including guidance documents and FAQs, see NIH Researcher Disclosure Requirements: Other Support, Biosketches, and Foreign Components; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/
Columbia FAQs: NIH Other Support & Biosketches, specifically the section on Subawards

*Important* Are you ready for the new NIH Biosketch and Other Support requirements, effective January 25, 2022? For resources and FAQs to assist you, please see NIH Researcher Disclosure Requirements.

**Sponsor:** NIH, SPA

**Deadline(s):** NA; 02/16/2022 (Release Date)

**Contact:** Feel free to reach out to your SPA Project Officer and myself with any questions.; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

**Additional Information:** I wanted to point you to new FAQs and guidance related to requesting NIH Other Support forms from subrecipients and other external collaborators. Please see the Columbia FAQs: NIH Other Support & Biosketches, specifically the section on Subawards. Subawards FAQ#4 includes suggested language you can use when requesting Other Support forms from subrecipients and external collaborators.; In general, both domestic and foreign subrecipients are subject to the same NIH Other Support disclosure requirements as we are. Subrecipients must electronically sign their Other Support forms, prior to their inclusion in the flattened PDF, certifying that the information is accurate and complete, and they must also include supporting documentation, as applicable. However, SPA will accept any form of electronic signature method that is in alignment the subrecipient's institutional practices to meet the NIH requirements. They do not have to use DocuSign, but they must use an electronic signature. Wet signatures, typed signatures, and pictures of signatures will not be accepted.; Please read the FAQs for more details. Feel free to reach out to your SPA Project Officer and myself with any questions.; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/; *Important* Are you ready for the new NIH Biosketch and Other Support requirements, effective January 25, 2022? SPA made minor revisions to our subaward forms. Please discontinue using prior versions of these forms. We will not ask you to change forms if you recently used previous versions, however, use the latest forms going forward.

Note that our forms for outbound subawards (when Columbia issues subawards as a pass-through entity) and inbound subawards (when Columbia receives subawards as a subrecipient) are located in both our Subawards webpage, and our Internal forms webpage. SUMMARY OF CHANGES: PROPOSALS CONTAINING OUTBOUND SUBAWARDS Updated Subaward Face Page (rev July 11, 2022). Includes formatting changes; Removes the DUNS numbers, which were replaced with the Unique Entity Identification #s (UEIs). DUNS numbers are no longer active.

Questions about including subawards in proposals should be directed to your SPA Project Officer. REQUEST FOR OUTBOUND SUBAWARDS (ROS) AND SUBAWARD ISSUANCE: As a reminder, use the Request for Outbound Subawards (ROS) form, located at Subawards – Award Management, which contains a User Guide and instructional video.; Please ensure your subrecipients are completing the latest version of Attachment 3B (page 1) published by the Federal Demonstration Partnership (FDP). The latest version contains important data elements used for required reporting done by our office.; Questions about the ROS form and Attachment 3B for outbound subawards should be directed to the appropriate subawards team: Morningside: subawards-ms@columbia.edu; CUIMC: subawards-cumc@columbia.edu; INBOUND SUBAWARDS: Updated Inbound Subaward Face Page (rev July 11, 2022); Includes formatting changes; Removes the DUNS numbers, which were replaced with the Unique Entity Identification #s (UEIs). DUNS numbers are no longer active.; Questions about Inbound Subaward requirements should be directed to your SPA Project Officer.

ATTACHMENT 3B FOR INBOUND SUBAWARDS ISSUED TO COLUMBIA: New Attachment 3B templates available for both Morningside and CUIMC.; Clarification of the Place of Performance. The address provided in the Place of Performance must be where the actual work takes place as confirmed by the PI. The Congressional District should be based on the Place of Performance. Instructions are provided in the new templates, in the Place of Performance field, and should be deleted and replaced with the Place of Performance. They state: "READ THESE INSTRUCTIONS FIRST, DELETE, THEN COMPLETE THIS SECTION WITH THE ADDRESS WHERE THE ACTUAL WORK TAKES PLACE AS CONFIRMED BY PI. The Congressional District BELOW is based on the address where the work takes place: Morningside: NY-010; Medical Center: NY-013; Manhattanville: NY-013; Lamont-Doherty and Nevis Labs: NY-017. If the address is off-campus, type the address into https://www.house.gov/representatives/find-your-representative to find the Congressional District."

Questions about Inbound Subaward requirements should be directed to your SPA Project Officer.; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

[NTW] [SPA ANNOUNCEMENTS]
Recent changes to the Congressional NYS Senate Districts and Assembly Districts for Columbia University updated on SPA Institutional Information webpage

Sponsor: SPA, Sponsored Projects Administration
Deadline(s): released 01/19/2023
Contact: SPA Project Officer Department Assignments | Columbia | Research ; https://research.columbia.edu/department-assignments
Dear Research Administrators, Please note there have been recent changes to the Congressional, NYS Senate Districts and Assembly Districts for Columbia University. This information is routinely requested in grant applications, in particular, the grant cover sheet (NY-013 should be used to reflect Columbia's main legal address), or the Project/Performance Site Location(s) where the districts should reflect where the actual work is taking place.; Below are the new districts, highlighting the changes: Morningside: NY-013; Medical Center: NY-013; Manhattanville: NY-013; Lamont-Doherty NY-017; Nevis Labs: NY-016; New York State Senate and Assembly; This information has been updated on the [SPA Institutional Information webpage](https://spa.columbia.edu/). Please feel free to send any questions to your SPA Project Officer. [brought to our attention by Stephanie Scott](mailto:stephanie.scott@columbia.edu); Email: stephanie.scott@columbia.edu ; Website: [https://spa.columbia.edu/](https://spa.columbia.edu/)

**[NTW] [NIH OTHER SUPPORT]**

NIH Other Support Beta Testing NIH Other Support Creation Using SciENcv

It is not yet available to the research community. However, they are looking for volunteers to work directly with them to test it out. Email your interest to Stephanie Scott, and your contact information with the person coordinating these efforts who is in direct contact with the SciENcv team; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu

**Sponsor:** SciENcv NIH

**Deadline:** Between April 4-15 (projected), approximately 45 minute sessions

**Contact:** Email your interest to Stephanie Scott, and your contact information with the person coordinating these efforts who is in direct contact with the SciENcv team; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu ; Website: [https://spa.columbia.edu/](https://spa.columbia.edu/)

**Additional Information:** Opportunity related to NIH Other Support; I am writing to inform you that NIH recently developed a way for you to create your Other Support forms using SciENcv. It is not yet available to the research community. However, they are looking for volunteers to work directly with them to test it out. They want faculty and research administrators, but they especially want faculty from different scientific disciplines and career stages.; This is a great opportunity for you to directly provide them with feedback. I do not yet know what kind of functionality they built in, but I do know the purpose of SciENcv is to streamline the creation of these forms and reduce burden. I also know that researchers will have the ability to electronically sign their Other Support forms in SciENcv (rather than use DocuSign); Here are the details: When: Between April 4-15 (projected), approximately 45 minute sessions; Who: Faculty and Research Administrators, with priority to Faculty from different disciplines, career stages; What: Test the new SciENcv interface and NIH Other Support forms, and provide feedback directly to the developers and NIH staff; Email your interest to me, and I will share your contact information with the person coordinating these efforts who is in direct contact with the SciENcv team. They will reach out directly to you to schedule a testing session.; If you are interested but not able to participate during the testing window, your name will be added to the list for future
opportunities. This is not the first and only time we will be able to test SciENcv as they make improvements to the system and further develop it; I learned of this opportunity through the Federal Demonstration Partnership (FDP), whose mission is to identify ways to reduce administrative burden for researchers receiving federal funding. Columbia is a member and very active in the FDP, and I am on the FDP Executive Committee; Thank you; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research ; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu ; Website: https://spa.columbia.edu/

https://research.columbia.edu/FAQs_nihosbiosketch

Additional Information: NIH recently released new clarifications for the Other Support format pages and Biographical Sketches. Key clarifications include:
Signatures are not required on the Other Support format pages until January 25, 2022, regardless of whether you use the old or new formats.
Completed support from the last three years is no longer required in Other Support. Only include active and pending projects. Awardees must report significant changes in Other Support in RPPRs, such as a change in status of previously reported current or pending projects, or access to a new resource/in-kind contribution.
Only unique, high-value materials and data received within the past three years, that are still in use, must be included as in-kind contributions in Other Support.
Only *current* positions and scientific appointments are required in the Biosketch. Applicants may choose to include past appointments that they wish to highlight. Consulting agreements must be included in Other Support only when the PD/PI or other senior/key personnel will be conducting research as part of the consulting activities. Non-research consulting activities are not Other Support. Include *estimates for the amount paid*, rather than time and effort reflected in calendar months, for consulting that is disclosed in Other Support.

Rather than simply updating a previously submitted Other Support form, we strongly recommend that you *create a new form from scratch*, to ensure that you are able to implement all changes.

To assist you further, we created additional FAQs based on questions collected from researchers and administrators at Columbia University. They are meant to *supplement* NIH’s FAQs. In addition, we will be hosting monthly webinars to walk you through the forms. Stay tuned for a separate communication with the webinar schedule.

All questions should be directed to your [SPA Project Officer](mailto:sfs2110@cumc.columbia.edu). Below is a listing of applicable resources:

**NIH’s FAQs and Instructions:**

[NTW] [CHANGES TO BIOGRAPHICAL SKETCH AND OTHER SUPPORT PAGES]

**Announcing New Inbox for Inquiries Related to Changes to Biographical Sketch and Other Support Format Page**

Effective as of this announcement, please send inquiries related to changes to the biographical sketch and other support templates to [nihosbiosketch@nih.gov](mailto:nihosbiosketch@nih.gov)

**Updated Other Support resources, including FAQs and sample Other Support format pages**

**Implementation of Changes to the Biographical Sketch and Other Support Format Page**

**Upcoming Changes to the Biographical Sketch and Other Support Format Page for Due Dates on or after May 25, 2021**

**Reminders of NIH Policies on Other Support and on Policies related to Financial Conflicts of Interest and Foreign Components**

*Sponsor:* National Institutes of Health  
**Deadline(s):** 05/18/2021 (Release Date)
IH is diligently working to ensure complete and timely responses to inquiries related to changes to the biographical sketch and other support templates in response to the high volume of inquiries received. Effective as of this announcement, please send inquiries related to changes to the biographical sketch and other support templates to nihosbiosketch@nih.gov.

Additional Information: This announcement informs the research community of the creation of a central email inbox for inquiries related to changes to the biographical sketch and other support templates in response to the high volume of inquiries received. Effective as of this announcement, please send inquiries related to changes to the biographical sketch and other support templates to nihosbiosketch@nih.gov.

Inquiries are being processed in reverse chronological order: all positions and scientific appointments both domestic and foreign, including affiliations with foreign entities or governments. This includes titled academic, professional, or institutional appointments whether or not remuneration is received, and whether full-time, part-time, or voluntary (including adjunct, visiting, or honorary).

This is critical. The senior/key personnel, and mentors for training grants, have to include all positions and appointments, not just select ones, or ones relevant to the proposal. It’s not just the heading of Section B that changed, it’s the instructions to Section B.

The changes as outlined in the announcement are as follows:

<table>
<thead>
<tr>
<th>Format Page</th>
<th>Changes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Biographical Sketch Format Page</td>
<td>Section B ‘Positions and Honors’ has been renamed ‘Positions, Scientific Appointments, and Honors’.</td>
</tr>
<tr>
<td></td>
<td>For the non-Fellowship Biosketch, Section D has been removed.</td>
</tr>
<tr>
<td></td>
<td>For the Fellowship Biosketch, Section D has been updated to remove ‘Research Support.’</td>
</tr>
<tr>
<td></td>
<td>As applicable, all applicants may include details on ongoing and completed research projects from the past three years that they want to</td>
</tr>
</tbody>
</table>
Other Support Format Page

draw attention to within the personal statement, Section A.
The format page has been re-organized to separate funded projects from in-kind contributions.
Signature block added, for Program Director/Principal Investigator or Other Senior/Key Personnel to certify the accuracy of the information submitted. Each PD/PI or senior/key personnel must electronically sign their respective Other Support form as a PDF prior to submission.

**Additional Information:** On Behalf of CUIMC Executive Leadership - Dean Armstrong, MD; Subject: New Physician-Scientist Pathway Initiative; Sent: Wednesday, December 21, 2022 3:59 PM; "I want to discuss a subject that will be a central focus for VP&S in 2023 and beyond: our global leadership in advancing biomedical research and maximizing its impact on human health. I am very pleased to be able to announce today the first major initiative in this long-term effort, a new physician-scientist pathway program supported by another transformative gift from Roy and Diana Vagelos, our indispensable benefactors."; "The Vagelos College of Physicians and Surgeons already attracts exceptionally talented graduate students, physicians in training, and early-career physician-scientists seeking the best environment for launching careers that will change medicine through scientific discovery. Extraordinary work in recent years on the medical school curriculum and in clinical departments reflects our faculty's commitment to these students, trainees, and early career faculty. Examples of this existing institutional commitment are the Moynihan Clinical Research Fellowship for psychiatry residents exploring clinical applications of neuroscience research; the Irving Institute's TRANSFORM program, offering career awards, resources, and peer programs for physician-scientists; the Allan Gordon Scholars Fund, providing critical support for early-stage investigators in the Department of Neurology; the Young Faculty Mentoring Program offering mentorship and career guidance for young investigators in the Department of Medicine; and many other initiatives of this type across the medical school."

https://covid19.columbia.edu/content/research-ramp-up-ambassadors [Research Ramp-up Ambassadors]

Additional Information: COVID-19 Updates for the Research Community: January 3, 2022; Dear Members of the Research Community, We write to highlight key COVID-19 updates for the research community: First, as stated in the Provost's (Update on the Start of the Spring Semester) December 22 message, faculty, researchers, staff, and students involved in research, administration and all other non-instructional activities should work remotely, if feasible, during the first two weeks of January. All in-person, indoor gatherings of any kind are prohibited during the first two weeks of January; Second, research is not being paused or suspended at this time. However, to the extent feasible, research activities, including human subjects research, should be conducted virtually. Individual units and principal investigators may determine which team members are required to be in person versus remote. They should also take into account the needs and safety of research participants and study-specific requirements. As always when making such determinations, a precautionary approach is warranted and strongly recommended; Third, the Research page of the University's COVID-19 Resource Guide contains updated information specific to the research community. This page includes a new FAQ for principal investigators regarding steps to consider in the event that a team member tests positive for COVID-19; Finally, below are important reminders: [1] If you are eligible, get a vaccine booster as soon as possible. Upload documentation no later than January 31, 2022 (details on upload to follow); [2] Wear a properly-fitting face covering for all indoor activity on campus and outdoors in large gatherings; [3] Comply with University testing requirements, including new recommendations as of December 29, 2021. Those who are returning to campus will please note that: all faculty and staff that have traveled, have been away for a period of time, or have participated in social events and gatherings are strongly recommended to get a PCR test from a local testing site 48 hours prior to returning to University facilities. There is no need to provide proof of this test, unless it is positive; [4] All visitors, including those who enter any campus facility for any period of time, must be vaccinated and show proof of vaccination as part of visitor attestation. This vaccination policy does not apply to individuals accessing a facility for research screening or research participation; [5] For in-person human subject procedures, research participants must comply with these guidelines and complete an attestation before entering campus spaces. The attestation is available in English and Spanish. As noted above, the visitor vaccine requirement is not applicable to research participants; [6] If you have COVID-19 symptoms or test positive for COVID-19, you must stay home and isolate as
directed by your provider or contact tracing outreach. If you test positive, irrespective of location of the testing, please notify covidtesttrace@columbia.edu. [7] Close contacts who are fully vaccinated do not have to quarantine and can continue to work in-person, but should test between 5-7 days of exposure/notification. [8] The Research Ramp-up Ambassadors continue to be a resource for individuals with concerns about on-campus research activities. If you have questions, please feel free to send them to COVID19_research@columbia.edu. As always, we thank you for your continued care and commitment to safety and to our research enterprise, and we look forward to a productive 2022.

Sincerely, Jeannette M. Wing
Executive Vice President for Research, Professor of Computer Science, and Chair, Research Working Group

*The Research Working Group advises the President’s Task Force on COVID-19 and the Council of Deans and includes: Rui Costa, Director and Chief Executive Officer, The Mortimer B. Zuckerman Mind Brain Behavior Institute, Professor of Neuroscience; Garud Iyengar, Vice Dean of Research, The Fu Foundation School of Engineering and Applied Science, Tang Family Professor of Industrial Engineering and Operations Research; Arthur Lerner-Lam, Senior Advisor to the Co-Deans, Columbia Climate School, Lamont Research Professor; Robert Mawhinney, Dean of Science, Faculty of Arts and Sciences, Professor of Physics; Gerald Rosberg, Senior Executive Vice President; Naomi Schrag, Vice President for Research Compliance, Training and Policy; Michael Shelanski, Senior Vice Dean for Research, Vagelos College of Physicians and Surgeons, Henry Taub Professor of Alzheimer's Disease and the Aging Brain

**Contact:** Please direct all inquiries to: NIH Office of Policy for Extramural Research Administration; Division of Grants Policy; grantspolicy@nih.gov

**Additional Information:** The purpose of this notice is to alert the extramural research community that the HHS declared public health emergency for COVID-19 will be terminated on May 11, 2023; Therefore, effective May 12, 2023, NIH will no longer issue Emergency Notices of Funding Opportunity (NOFOs) related to COVID-19. Ongoing emergency awards will not be impacted and will retain all existing emergency flexibilities for the remainder of the current competitive segment; Please contact the Program and Grants Management Officials listed in the NOFO or on the Notice of Award with questions about specific grant projects

[NTW] [COVID-19]

**Expiration Date of May 11, 2023**

**Sponsor:** Office of the Director, NIH

**Deadline(s):** 05/11/2023 (Expiration Date, Public Health Emergency)

**Contact:** NIH Office of Extramural Research; Email: SingleIRBPolicy@mail.nih.gov

**Additional Information:** The purpose of this Notice is to remind the extramural research community that once the federal Public Health Emergency for COVID-19 expires, NIH will no longer be able to grant single IRB (sIRB) exceptions for multi-site research that is subject to the revised Common Rule cooperative research provision under the Office for Human Research Protections (OHRP) Determination of “Exception to the Single IRB Review Requirements for Certain HHS- Conducted or -Supported Cooperative Research Activities Subject to the 2018 Requirements During the Coronavirus Disease 2019 (COVID-19) Public Health Emergency.”; The Secretary of the U.S. Department of Health and Human Services (HHS) is planning for the Federal Public Health Emergency (PHE) for COVID-19, declared under Section 319 of the Public Health Service (PHS) Act, to expire at the end of the day on May 11, 2023. As indicated by OHRP in their Important Updates about the COVID-19 Single Institutional Review Board (IRB) Exception, as of the date of the conclusion of the public health emergency, the COVID-19 Single IRB exception will expire and cannot be applied to additional studies. All exceptions that have been granted by NIH prior to May 11, 2023, will be effective for the duration of the research or the time they were granted, as indicated in the determination letters.; To ensure that sIRB exception requests for research that is subject to the revised Common Rule cooperative research provision can be reviewed, and a determination made prior to May 11, 2023, NIH suggests submitting any new exception requests no later than March 31, 2023 per the process outlined in NOT-OD-21-006.

Combating COVID-19 | The White House

**Sponsor:** NIH  
**Deadline(s):** 05/10/2022 (Release Date)  
**Contact:** NIH Review Policy Officer; ReviewPolicyOfficer@mail.nih.gov  

**Additional Information:** The NIH remains firmly committed to supporting the biomedical research enterprise as the nation implements the President's Guidelines for Re-Opening America Again. The purpose of this Notice is to extend the guidance provided earlier for applicants preparing applications for the January 2023 Council round, beginning with the May 25, 2022 due date; Related Announcements; NOT-OD-22-046 - Clarification and Guidance for Applicants Preparing Applications for the Spring 2022 Due Dates During the COVID-19 Pandemic; NOT-OD-21-180 - RESCINDED - Clarification and Guidance for Applicants Preparing Applications for the Fall 2021 Due Dates During the COVID-19 Pandemic; NIH issued the following notice yesterday NOT-OD-22-112 for applicants preparing applications for the **January 2023 Council round, beginning with the May 25, 2022 due date.** I copied the notice, and highlighted the key points below.; **Purpose:** The NIH remains firmly committed to supporting the biomedical research enterprise as the nation implements the President's Guidelines for Re-Opening America Again. The purpose of this Notice is to extend the guidance provided earlier for applicants preparing applications for the January 2023 Council round, beginning with the May 25, 2022 due date; Reviewers will continue to receive instructions to assume that constraints arising from the COVID-19 pandemic (e.g., lab occupancy restrictions, declines in patient accrual, etc.) will be resolved during the project period and thus should not affect their scores.; Therefore, NIH grant applications should NOT include contingency or recovery plans for problems resulting from the COVID-19 pandemic. However, applicants may address effects due to the pandemic on productivity or other scoreable issues in their Personal Statement in the NIH Biosketch. Reviewers will be instructed to take these pandemic-related circumstances into account when assessing applicants’ productivity and other score-driving factors.; As with previous instructions, if needed, NIH staff will request and assess plans to resolve specific problems arising from the COVID-19 pandemic prior to funding.; **Inquiries:** Please direct all inquiries to: NIH Review Policy Officer; ReviewPolicyOfficer@mail.nih.gov ; [brought to our attention by] Stephanie F. [NTW] [COVID-19]
New York State Department of Health website Interim Updated Isolation and Quarantine Guidance Released 01.04.2022

Updated CU COVID-19 Policy Announcements December 20 and December 22

ReopenCU website

Students can currently upload their vaccine and booster information
For CUIMC students go [here](#).  
For all other students, go [here](#)

**Sponsor:** CUIMC  
**Deadline(s):** 01/05/2022 (Release Date)  
**Contact:** report any outside positive test results you do receive to covidtesttrace@columbia.edu
Additional Information: Dear fellow members of the Columbia community, We are writing to provide updates on our December messages regarding Columbia University COVID-19 policies and procedures. We are carefully monitoring the COVID-19 pandemic status in the New York City metro area and among our affiliates. While Columbia is doing its own asymptomatic testing on campus, we also urge you to report any outside positive test results you do receive to covidtrace@columbia.edu so that we have an accurate picture of COVID-19 positive cases amongst our affiliates and can provide you with information on available resources. As you are aware, the Omicron variant has been shown to be more transmissible than prior virus variants. However, there are reassuring data suggesting that this variant causes less severe illness and that our vaccines, and particularly once boosted, also protect against symptomatic and severe COVID-19. We have three important updates to share with you: Changes in isolation and quarantine guidelines: New York State, acting on guidance from the CDC, has modified isolation and quarantine as follows: Isolation: All individuals who test positive for COVID-19 can end their isolation after 5 days if they are asymptomatic. Day 0 is considered the first day of symptom onset and/or the day of a positive test result. Quarantine: Individuals who are fully vaccinated and have received booster dose, do not need to quarantine. Such individuals are recommended to get tested on day 5-7 after last exposure. Individuals who are not vaccinated or not fully vaccinated or are eligible for a booster but have not yet received one should quarantine for 5 days – where day 0 is the last day of exposure – provided symptoms do not appear. Such individuals are recommended to get tested on day 5-7. Full details can be found on the New York State Department of Health website. Changes in gathering/events and dining policies: In addition to the policies that were announced on December 20 and December 22, Columbia-related non-academic gatherings on and off campus are prohibited until the end of January. In all dining halls, only grab-and-go food will be available for the first week of the undergraduate return beginning January 18th. All affiliates are strongly urged to avoid indoor social gatherings wherever they are located, unless aware of vaccination and testing status of all attendees. Masking in these locations is also strongly recommended as well as crowded outdoor social gatherings. Masking indoors at Columbia will continue through March 31, and we urge wearing of masks indoors in all public settings as well as in crowded settings when outdoors. Columbia athletic events will permit no fans for the first two weeks of January. Uploading vaccine and booster information: Next week, we will provide you with the links to be able to upload your booster information. New hires seeking to upload any vaccine (not booster) information may do so on our ReopenCU website. Students can currently upload their vaccine and booster information. For CUIMC students go here. For all other students, go here. Sincerely, Donna Lynne; Senior Vice President and Chief Operating Officer, CUIMC; University COVID Director; Gerry Rosberg; Senior Executive Vice President

Notice of Special Interest (NOSI) - Administrative Supplements for Research of Emerging and Existing Issues of COVID-19 Related to the Health and Well-Being of Women, Children and Individuals with Physical and/or Intellectual Disabilities

Sponsor: Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Alcohol Abuse and Alcoholism; National Institute on Drug Abuse; National Institute of Neurological Disorders and Stroke; Office of Behavioral and Social Sciences Research; Office of Research on Women's Health

Deadline(s): 04/29/2022 (First Available Due Date); 06/06/2024 (Expiration)

Contact: Please direct all inquiries to: Robert Tamburro, MD, MSc; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-480-2619; Email: robert.tamburro@nih.gov

Additional Information: Related Announcements: PA-20-272 - Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional); The purpose of this funding opportunity is to provide an
opportunity for funded researchers in these various fields to pursue supplemental funding to conduct research addressing these emerging and other existing COVID-related issues among pregnant and lactating people, infants, children and adolescents, and individuals with physical and/or intellectual disabilities. The goal of this NOSI is to not replace or to compete with the various COVID-related funding opportunities currently available. Instead, the purpose is to complement them by offering a funding opportunity for currently funded investigators to address key issues not currently covered by available COVID-related funding announcements among these populations.

Additional Information: Related Announcements: OTA-22-006 - NIH All of Us Engagement, Communications, and Enrollment Partners Other Transactions (OT) Research Opportunity Announcement (ROA); The All of Us Research Program is a historic effort to gather data from at least 1 million people, with the goal of accelerating health research and medical breakthroughs, and enabling individualized prevention, treatment, and care. The program is creating a national research resource to inform thousands of studies, covering a wide variety of health conditions. Researchers will use data from the program to learn more about how individual differences in lifestyle, environment, and biological makeup can influence health and disease. The purpose of this announcement is to fund organizations who can help All of Us build its cohort of volunteers who reflect the rich diversity of the United States and are actively engaged as partners. These funded organizations will help design and implement strategies to raise awareness of the program through community and health care provider organizations, drive increased enrollment of participants, foster regular communication with participants, and engage the research community to use the data being gathered.

**Additional Information:** Many different factors—biological, social, and environmental--affect human health. It is also increasingly recognized that interactions between these factors play a significant role in prevention, pathophysiology, and management of human disease. Sex/gender differences, being a member of a sexual and/or gender minority group, and race/ethnicity are among those factors with a significant impact on human health and disease. However, consideration of these factors in research projects remains limited.

University systems are currently being updated to accommodate the new rates. If you have any questions, please reach out to Fabrizio Carucci at fc2586@columbia.edu or Kristi Bazata at klv2102@columbia.edu or your project officer in SPA.; Columbia | Research ; Office of the Executive Vice President for Research.

The memo is posted on our Institutional Information Page here:

https://research.columbia.edu/institutional-information

However, the actual rate agreement itself is not available yet. We are allowed, though, to use these new rates when preparing proposal budgets. The rate agreement itself will not be available for a few weeks.
Therefore, you need to rely on this memo, and speak with a SPA Project Officer if you have specific questions about how to use the new rates for proposal budgets.

[NTW] [NIH ANNOUNCEMENTS]
2022 NIAID Omnibus Broad Agency Announcement HHS-NIH-NIAID-BAA2022-1 Now Available

Sponsor: National Institute of Allergy and Infectious Diseases
Deadline(s): 03/08/2022 (Release Date)
Contact: Primary Contact: Julie C. Rodriguez, Esq., Contracting Officer; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: 301-761-7735; Email: julie.rodriguez@nih.gov

Additional Information: The National Institute of Allergy and Infectious Diseases (NIAID), National Institutes of Health (NIH), of the Department of Health and Human Services (DHHS) supports research related to the basic understanding of microbiology and immunology leading to the development of vaccines, therapeutics, and medical diagnostics for the prevention, treatment, and diagnosis of infectious and immune-mediated diseases. The NIAID, NIH, of the DHHS is soliciting proposals that possess the research and development (R&D) expertise necessary for successfully carrying out research toward meeting the program objectives of the Division of Microbiology and Infectious Diseases (DMID), NIAID.; The Omnibus BAA is governed by Federal Acquisition Regulation (FAR) 6.102(d)(2) and FAR 35.016, as well as the NIH Policy Manual, Manual Chapter 6035, Broad Agency Announcements. A BAA may be used as a solicitation mechanism for basic and applied research directed toward advancing the state-of-the-art or increasing knowledge or understanding and that part of development not related to the development of a specific system or hardware procurement. BAAs are general in nature, identifying areas of research interest, and shall only be used when meaningful proposals with varying technical/scientific approaches can be reasonably anticipated.; Offers submitted in response to this BAA will be required to present separate detailed technical and business proposals designed to meet the Technical Objectives described for each Research Area proposed. The Statement of Work (SOW), including the specific technical requirements and performance specifications, shall be developed and proposed by the Offeror, not the Government.

[NTW] [NIH ANNOUNCEMENTS]
Notice of Change to NIHs Policy on Special Council Review of Research Applications

Sponsor: National Institutes of Health
Deadline(s): 02/17/2022 (Release Date)
Contact: NIH Office of Policy for Extramural Research Administration; Division of Grants Policy; grantspolicy@nih.gov

Additional Information: Related Announcements: NOT-OD-12-140 - Notice of NIH Special Council Review of Research Applications from PDs/PIs with More than $1.0 Million Direct Costs in Annual NIH Support; NOT-OD-21-169 - New NIH "FORMS-G" Grant Application Forms and Instructions Coming for Due Dates on or after January 25, 2022; Purpose: This Notice announces an update to the Special Council Review (SCR) policy in an effort to align SCR policy with updated Other Support disclosure requirements (see NOT-OD-21-169) and to increase the threshold from $1 million in direct costs, per year to $2 million in total costs (inclusive of direct and indirect), per year. This policy does not represent a cap on NIH funding.
FY 2022 Updated Guidance: Requirement for Instruction in the Responsible Conduct of Research

**Sponsor:** National Institutes of Health

**Deadline(s):** 02/17/2022 (Release Date)

**Contact:** Please direct all inquiries to: NIH; Division of Biomedical Research Workforce; Office of Extramural Research; National Institutes of Health; Website: https://researchtraining.nih.gov; Email: NIHTrain@mail.nih.gov; AHRQ; Francis D. Chesley, Jr., M.D.; Director, Office of Extramural Research, Education, and Priority Populations; Agency for Healthcare Research and Quality; E-mail: Francis.Chesley@ahrq.hhs.gov

**Link(s):** http://grants.nih.gov/grants/guide/notice-files/NOT-OD-22-055.html

**Additional Information:** Related Announcements: NOT-OD-10-019 - Update on the Requirement for Instruction in the Responsible Conduct of Research; NOT-RR-11-005 - Modification of PAR-10-206: NCRR Science Education Partnership Award (SEPA) (R25); NOT-OD-21-152 - Extension of COVID Flexibilities for Instruction in the Responsible Conduct of Research; Purpose: By way of this Notice, the National Institutes of Health (NIH), Agency for Healthcare Research and Quality (AHRQ), and Health Resources & Services Administration (HRSA) reaffirm the principle that education in the responsible conduct of research is a fundamental element of research training and announce updates to their existing policy and guidance for such instruction. In particular, this Notice provides new recommendations on the format, frequency, and timing of instruction in the responsible conduct of research (RCR) and suggests additional topics for consideration.

Update non-government FY22 fringe rates 01.01.2022 to 06.30.2022, 32%

CU SPA Institutional Information Page

SPA Project Officer

SPA Summary One-Pager relative to NIH Biosketch and Other Support Page stipulations for 01.25.2022 onward

**Sponsor:** SPA

**Deadline(s):** 12/16/2021 (Received information from SPA); 01/01/2022_06/30/2022 (Update Non-Government FY22 Fringe Rates)

**Contact:** stephanie.scott@columbia.edu; https://spa.columbia.edu/; SPA Project Officer

**Link(s):** https://www.finance.columbia.edu/content/learn-about-fringe-benefit-rates
https://research.columbia.edu/institutional-information
https://research.columbia.edu/department-assignments

**Additional Information:** Dear Departmental and Research Administrators, There has been an update to the non-government FY22 fringe rates. The update is for the six month period 1/1/2022 – 6/30/2022, originally planned for 31.5% will now be 32%; Please note that the fringe rate for government grants (GG) remains at 28.20% until further notice; SPA will work with the department on a final budget for award setup prorating the rates in effect at the time of NOA issuance. If your award has already been set up during, SPA will not be rebudgeting to the new rate; The new rate is reflected on the SPA Institutional Information page. If you have any questions, please contact your SPA Project Officer; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/; Are you ready for the new NIH Disclosure Requirements for the Biosketch and Other Support, effective January 25, 2022? View our Summary One-Pager, and feel free to distribute to other researchers and administrators at Columbia.

User guides and training videos on the use of DocuSign are on SPAs website here

SPA Project Officer
*Important* Are you ready for the new NIH Biosketch and Other Support requirements, effective January 25, 2022? For resources and FAQs to assist you, please see NIH Researcher Disclosure Requirements

Sponsor: SPA/NH
Deadline(s): NA, re upcoming K Award Deadlines
Contact: Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu
Website: https://spa.columbia.edu/

Link(s): https://grants.nih.gov/grants/how-to-apply-application-guide/forms-g/career-forms-g.pdf
https://grants.nih.gov/grants/forms/othersupport.htm
https://research.columbia.edu/department-assignments
https://research.columbia.edu/nih-researcher-disclosure-requirements

Additional Information: Hello, all. With the standard due date coming up for NIH Research Career Development awards (K-awards), due Monday, February 14th (moved from the 12th since that falls on a weekend), our office has received a lot of questions about the requirements for Other Support forms for mentors and co-mentors, given the new NIH Other Support requirements that took effect January 25, 2022. The instructions for Current & Pending Support (which is what it is called for mentors in K-awards, as opposed to Other Support) remain unchanged, with the exception of the change from 'annual direct costs' to 'total costs', and the addition of the electronic signature.; There is still a 3-page limit for each mentor, and it is limited to the mentor's/co-mentor's current and pending research support relevant to the candidate's research plan. In other words, the mentor includes selected projects and in-kind contributions in their Current & Pending Support that are relevant to the candidate's research plan. In addition, “percent effort/person months” and “overlap” should not be included. See page 61 of the new FORMS-G instructions for K-awards, which outlines what should be included in Current & Pending Support.; The new Other Support format pages should be used to create Current & Pending Support in K-award applications. Do not reuse and recycle old Other Support forms.; We recommend the use of DocuSign to meet NIH's electronic signature requirement. User guides and training videos on the use of DocuSign are on our website here.; NIH will request full Other Support forms, to include all resources made available to a researcher in support of and/or related to all of their research endeavors, during Just-in-Time (JIT), upon request.; Should you have any questions, please reach out to your SPA Project Officer.; *Important* Are you ready for the new NIH Biosketch and Other Support requirements, effective January 25, 2022? For resources and FAQs to assist you, please see NIH Researcher Disclosure Requirements.; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

**Additional Information:** NIH Director's Early Independence Awards (DP5); Limited Submission; NIH Director's Early Independence Awards (DP5); Internal Proposal due at 9:00 a.m. on Wednesday, May 31, 2023; Internal Application and Instructions—Internal Applications must be completed on our InfoReady Review site at: [https://columbia.infoready4.com/#competitionDetail/1901459](https://columbia.infoready4.com/#competitionDetail/1901459); Please click the “Columbia University Login” button to view instructions and begin your application. **Funding:** Up to $250k in direct costs per year, plus applicable Facilities and Administrative (F&A) costs,
for five years.; **What:** The NIH Director's Early Independence Award supports exceptional investigators who wish to pursue independent research essentially after completion of their terminal doctoral/research degree or end of post-graduate clinical training, thereby forgoing the traditional post-doctoral training period and accelerating their entry into an independent research career. For the program to support the best possible researchers and research, applications are sought which reflect the full diversity of the research workforce. Individuals from diverse backgrounds and from the full spectrum of eligible institutions in all geographic locations are strongly encouraged to apply to this Funding Opportunity Announcement. In addition, applications in all topics relevant to the broad mission of NIH are welcome, including, but not limited to, topics in the behavioral, social, biomedical, applied, and formal sciences and topics that may involve basic, translational, or clinical research. The NIH Director’s Early Independence Award is a component of the High-Risk, High-Reward Research program of the NIH Common Fund.; **Important: This is not a postdoctoral program.** Applicants must move into an independent faculty position if awarded. If the Early Independence investigator is staying at the same institution at which they trained, the institution must indicate how independence from degree/fellowship mentors will be established and maintained.; Individuals must commit at least 9.6 person-months each year (i.e., 80% effort of a 12-month appointment) during the first two years of the project period to research supported by the Early Independence Award. In the final three years of the project period, awardees may reduce effort toward the Early Independence Award project, but the total effort towards independent research in general must remain at least 9.6 person-months each year (i.e., 80% effort of a 12-month appointment).; To be eligible, investigators, at the time of application, must have received their most recent doctoral degree or completed clinical training within the previous fifteen months or expect to do so within the following twelve months. To be consistent with the NIH Definition of Early Stage Investigator (ESI) Policies | grants.nih.gov; eligible clinical training includes clinical residency and clinical fellowship. For full eligibility requirements, see Section III. **Eligibility Information** in the RFA.; **Who:** The PD/PI must have received their terminal doctoral degree, or completed their clinical training between June 1, 2022, and September 30, 2024. The end of post-graduate clinical training includes residency and fellowship periods. The PD/PI must not have served as a post-doctoral fellow for more than 12 months following a previous, non-terminal doctoral degree before June 1, 2022. Those holding Assistant Professor appointments are not eligible.; **When:** Internal Proposal due May 31, 2023 (9:00 a.m.); Letter of Intent due August 4, 2023; Full Proposal due September 6, 2023; **How:** To apply, please visit the internal application and instructions on our InfoReady Review site at: https://columbia.infoready4.com/#/competitionDetail/1901459; **RFA:** https://grants.nih.gov/grants/guide/raa-files/RFA-RM-23-007.html ; **Questions:** Greg Culler and Casey Rollins at limitedsubmissions@columbia.edu ; Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions; COLUMBIA | RESEARCH

[NTW] [LIMITED SUBMISSION/IMMUNITY]

**Limited Competition; NIH Autoimmunity Centers of Excellence, Clinical Research Program (UM1)**

**RFA-Al-22-071: Autoimmunity Centers of Excellence, Clinical Research Program (UM1 Clinical Trial Required) (nih.gov)**

**Current CU Limited Submission Opportunities**

**Sponsor:** CU Limited Submissions; NIH; National Institute of Allergy and Infectious Diseases

**Deadline(s):** 04/17/2023 (Internal, Limited Submission Deadline); 05/19/2023 (Sponsor Deadline)

**Contact:** Greg Culler at limitedsubmissions@columbia.edu.

**Additional Information:** Limited Submission; NIH Autoimmunity Centers of Excellence, Clinical Research Program (UM1); Internal Deadline – 9:00 a.m. on Monday, April 17, 2023; Internal Application and Instructions – Anyone who is planning to submit to this program must complete an internal application on our InfoReady Review site.
at https://columbia.infoready4.com/#competitionDetail/1902487. Please click the “Columbia University Login” button to view instructions and begin your application.; What: The purpose of this Funding Opportunity Announcement (FOA) is to solicit applications to participate in the NIAID Autoimmunity Centers of Excellence (ACE), a cooperative network intended to improve the understanding, prevention, and treatment of autoimmune diseases. The ACE program was founded on the premise that collaborations among basic and clinical scientists can accelerate both fundamental and applied research. The ACE combines Basic and Clinical research programs. Members of the Clinical research program will conduct innovative studies of human autoimmunity within Clinical and Collaborative Projects. Members of the Basic and Clinical ACE will work together to design and conduct studies of autoimmune disease pathogenesis and mechanisms of action of immune-modulating interventions being tested in ACE clinical trials.; Who: Applicant teams must possess the skills, knowledge, resources, and institutional support necessary to carry out the proposed work; When: Internal Deadline - 9:00 a.m. on Monday, April 17, 2023; Sponsor Deadline – May 19, 2023; How: To apply, please visit the internal application and instructions on our InfoReady Review site at: https://columbia.infoready4.com/#competitionDetail/1902487.; Questions: Greg Culler at limitedsubmissions@columbia.edu.; Limited Submissions; C O L U M B I A | R E S E A R C H ; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions

**Additional Information:** Brain Research Foundation (BRF) Scientific Innovations Award (SIA); Limited Submission Funding  
Brain Research Foundation (BRF) Scientific Innovations Award (SIA); Internal Deadline – 9:00 a.m. on Tuesday, May 16, 2023;  
**Internal Application and Instructions** - Internal Applications must be completed on our InfoReady Review site at https://columbia.infoready4.com/#competitionDetail/1902942.; Please click the “Columbia University Login” button to view instructions and begin your application.; **Program:** The objective of the Scientific Innovations Award is to support projects that may be too innovative and speculative for traditional funding sources but still have a high likelihood of producing important findings. It is expected that investigations supported by these grants will yield high impact findings and result in major grant applications and significant publications in high impact journals. This funding mechanism is designed to support research studies of brain function in health and disease in well-established research laboratories, under the direction of established investigators (Professors and Associate Professors). Studies should be related to either normal human brain development or specifically identified disease states, including molecular and clinical neuroscience as well as studies of neural, sensory, motor, cognitive, behavioral and emotional functioning in health and disease. The grant proposal must detail a new research project that is not funded by other sources. This grant is not to be used as a source of bridge funding. Each total award is limited to $150,000 (direct costs) for a two-year grant period. Exact dates will be provided by the BRF upon application approval. 100% of these SIA funds must be utilized for direct costs. These costs may include:  
**Eligibility:** This funding mechanism is designed to support creative, exploratory, cutting-edge research in well-established research laboratories, under the direction of established researchers. Applicants must meet the following requirements:  
· Hold a full-time appointment at Columbia as Associate Professor or Professor;  
· Current major NIH or other peer-reviewed funding is preferred but evidence of such funding in the past three years is required;  
· Previous recipients of BRF Scientific Innovations Award are not eligible, unless 5 or more years have
passed since the start date of the prior award and all grant requirements were met.; When: Internal deadline – 9:00 a.m. on Tuesday, May 16, 2023; Sponsor deadline – Thursday, June 22, 2023, at 5:00 p.m. EST; How: To apply, please visit the internal application and instructions at our InfoReady Review site at: https://columbia.infoready4.com/#competitionDetail/1902942; Questions: Greg Culler and Casey Rollins at limitedsubmissions@columbia.edu. | BRF Program: https://www.thebrf.org/scientific-innovations-award/; Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions; COLUMBIA | RESEARCH

[NTW] [LIMITED SUBMISSION/Foundation Funding/Cancer]

2024 Pew-Stewart Scholars for Cancer Research; 05/08/2023 (Internal Application Deadline); 05/17/2023 (Institutional Nomination Due); 06/12/2023 (Application Portal Opens); 09/01/2023 (Sponsor Deadline)

**Deadline(s):** 05/08/2023 (Internal Application Deadline); 05/17/2023 (Institutional Nomination Due); 06/12/2023 (Application Portal Opens); 09/01/2023 (Sponsor Deadline)

**Contact:** If you have questions about any part of the application process, please feel free to reach out to the Pew Biomedical Programs team at pew-stewart@pewtrusts.org

**Link(s):** https://columbia.infoready4.com/#competitionDetail/1900531

**Additional Information:** HICCC will complete a limited submission competition in order to identify and select one nominee. We Will submit the name and contact information of the nominee to the Pew Foundation by the nomination deadline [as of 04/11/2023 there’s an apparent typo on the infoready page]; Announcing 2024 Pew-Stewart Scholars for Cancer Research; Dear Colleagues, On behalf of the leadership of the Herbert Irving Comprehensive Cancer Center, we are thrilled to launch a 2024 Pew-Stewart Scholars for Cancer Research. The award will provide four-year funds of $300,000.; Application Submission Deadline: Monday, May 8th, 2023, 11:59 pm EST. You can apply through the InfoReady web portal. https://columbia.infoready4.com/#competitionDetail/1900531; Please contact Dr. Sadiqa Quadri with any questions on the program at skq1@cumc.columbia.edu; Best, wishes, Sadiqa; Pew-Stewart Scholars for Cancer Research; The Pew-Stewart Scholars for Cancer Research supports assistant professors of outstanding promise in science relevant to the advancement of a cure for cancer. The award provides $300,000 in flexible support—$75,000 per year for a four-year period. For the 2024 award, one nomination will be invited from each of the participating institutions listed at the bottom of this page.; In line with The Alexander and Margaret Stewart Trust’s mission to invest in innovative, cutting-edge cancer research that may accelerate and advance progress toward a cure for cancer, applications are invited from nominees conducting cancer research. This program is distinct from the Pew Scholars Program, and it follows a different, but parallel set of guidelines and procedures for nominating an applicant whose research is related to cancer.

**Additional Information:** US Department of State Program to End Modern Slavery (PEMS); Limited Submission; US Department of State Program to End Modern Slavery (PEMS); Internal Deadline – 9:00 a.m. on Tuesday, March 21, 2023; Internal Application and Instructions – Anyone who is planning to submit to this program must complete an internal application on our InfoReady Review site at https://columbia.infoready4.com/#competitionDetail/1899668. Please click the “Columbia University Login” button to view instructions and begin your application.; What: The U.S. Department of State Office to Monitor and Combat Trafficking in Persons (TIP Office) is pleased to invite organizations to submit proposals to combat human trafficking outside of the United States to support the Program to End Modern Slavery (PEMS). The goal of PEMS is to measurably and substantially reduce the prevalence of human trafficking and the harms associated with the crime in targeted populations through innovative interventions driven by research, monitoring, evaluation, and learning, and the expansion of partnerships with government, academia, civil society organizations, international organizations, and the private sector. Applications must include at least one identified local partner engaged in the project from its inception.; PEMS-funded efforts conduct scientifically rigorous research to establish evidence on the effects of anti-trafficking programs on the reduction of the prevalence of human trafficking through the advancement of sound prevalence measurement methodologies, strong monitoring and evaluation practices, evidence-based programming and the application of victim-centered and trauma-informed approaches and interventions.; The TIP Office has identified two programming priorities for funding: Programming Priority One – Intervention Development Research (IDR); Programming Priority Two – Provide tailored Adaptive Learning and Evaluation (ALE) coaching and support to IDR partners; See the NOFO at https://www.grants.gov/web/grants/view-opportunity.html?oppid=346383; for more information about programming priorities.; Who: Applicant teams must possess the skills, knowledge, and resources necessary to carry out the proposed work; When: Internal Deadline - 9:00 a.m. on Tuesday, March 21, 2023; Sponsor Deadline – April 21, 2023; How: To apply, please visit the internal application and instructions on our InfoReady Review site at: https://columbia.infoready4.com/#competitionDetail/1899668; Questions: Greg Culler at limitedsubmissions@columbia.edu; Limited Submissions; C O L U M B I A | R E S E A R C H ; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions

**Link(s):** [https://columbia.infoready4.com/#competitionDetail/1899031](https://columbia.infoready4.com/#competitionDetail/1899031); [https://columbia.infoready4.com/#limitedsubmissions](https://columbia.infoready4.com/#limitedsubmissions) [Current limited submission programs]

**Additional Information:** Schmidt Science Fellows; Limited Submission; Schmidt Science Fellows; Internal Deadline – 9:00 a.m. on Thursday, April 6, 2023; Internal Application and Instructions – Internal Applications must be completed on our InfoReady Review site at [https://columbia.infoready4.com/#competitionDetail/1899031](https://columbia.infoready4.com/#competitionDetail/1899031); Please click the “Columbia University Login” button to view instructions and begin your application.; What: The Schmidt Science Fellows program will provide support for researchers who obtain their PhD from Columbia University between May 15, 2023 and June 30, 2024 to pursue postdoctoral training in a field outside their PhD research area. Schmidt Science Fellows are encouraged and supported to take an ambitious scientific risk when considering their postdoctoral placement. Their proposed research pivot should represent a genuine and innovative disciplinary departure from their PhD studies, with a clear goal towards gaining new skills in a new area and establishing field-leading interdisciplinary lines of research with potential for high reward and societal impact. Columbia may only nominate applicants who receive their PhD from Columbia University between May 15, 2023 and June 30, 2024. Researchers with a PhD conferred by another institution must apply through the institution that conferred their PhD.; Important: This is not a traditional postdoctoral program. Applicants must be planning to pursue postdoctoral training in a discipline outside that of their PhD. Applicants should consider the following: Schmidt requires a flexible approach towards postdoc placements.; All placements are
subject to discussion and mentorship with the Schmidt Academic Council, and approval by program leadership.; Candidates should not assume that any pre-existing position will be automatically approved, or automatically denied, but will be subject to the same review and approval process as any new position.; Applicants are required to outline their future research plans, and identify three potential labs in which they may carry out the proposed research.; Schmidt does not require candidates to have contacted any of these potential host labs (although they may choose to do so), and does not require them to have secured a position, or offer of a position, in any of these labs.; Who: Applicants must meet the following requirements: Have conducted their graduate (PhD) degree in the natural sciences (Astronomy, Biology, Chemistry, Physics, and Earth Sciences), Engineering, Mathematics, or Computer Science.; Have completed, or expect to complete, all of the requirements for the conferral of their PhD at Columbia University in one of these fields between May 15, 2023 and June 30, 2024.; Columbia must be the PhD awarding institution; Be in good standing at Columbia ensuring that there are no current sanctions (academic or non-academic) against them; Be available for the entire period of the 2024 program, from April 2024 to November 2025 including attendance for onboarding activities, attendance of the Global Meeting Series, and a Senior; Fellows event.; When: Internal Deadline - 9:00 a.m. on Thursday, April 6, 2023; Sponsor Deadline – May 12, 2023; How: To apply, please visit the internal application and instructions on our InfoReady Review site at: https://columbia.infoready4.com/#competitionDetail/1898031; Questions: Greg Culler and Casey Rollins at limitedsubmissions@columbia.edu; Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions; COLUMBIA | RESEARCH

Deadline(s): 04/20/2023 (Internal, Limited Submission Deadline); 06/01/2023, 06/01/2024; (Sponsor Deadlines); 06/04/2024 (Sponsor Expiration Date)
Contact: Greg Culler at limitedsubmissions@columbia.edu [Limited Submission, internal CU contact]; Scientific/Research Contact(s); Yvonne Bennett, Ph.D.; National Institute of Mental Health (NIMH); Telephone: 301-222-7094; Email: yvonne.bennett@nih.gov
Link(s): https://columbia.infoready4.com/#competitionDetail/1898295
https://columbia.infoready4.com/#limitedsubmissions

Additional Information: NIH Shared Instrumentation Grant (SIG) Program (S10); Funding Opportunity; NIH Shared Instrumentation Grant (SIG) Program (S10); Internal deadline – 9:00 a.m. on Thursday, April 20, 2023; Internal Application and Instructions- Internal Applications must be completed on our InfoReady Review site at https://columbia.infoready4.com/#competitionDetail/1898295; Please click the “Columbia University Login” button to view instructions and begin your application.; What: The Shared Instrument Grant (SIG) Program encourages applications from groups of NIH-supported investigators to purchase or upgrade a single item of high-priced, specialized, commercially available instruments or integrated instrumentation system. The minimum award is $50,000. There is no maximum price limit for the instrument; however, the maximum award is $600,000. Instruments supported include, but are not limited to: X-ray diffractometers, mass spectrometers, nuclear magnetic resonance spectrometers, DNA and protein sequencers, biosensors, electron and light microscopes, cell sorters, and biomedical imagers.; Under the S10 mechanism, funding requests are limited to the purchase
cost of the instrument only. Support for technical personnel, service contracts, extended warranties, software, and supplies are not allowable.; This program does not provide facilities and administrative (F&A) costs, or support, construction, alterations, or renovations.; Matching funds are not required; however, commitment of an appropriate level of institutional support to ensure the associated infrastructure is expected (building alterations, or renovations, post-award service contracts and technical personnel); Who: The following eligibility requirements apply.; PI - The PD/PI for this application should have documented (in the biographical sketch) technical expertise directly related to the type of the chosen instrument. The PD/PI does not need to have an NIH research grant or any other research support, but is expected to be an expert on the requested instrument. The PD/PI may be a Core director or non-tenured faculty member of the applicant organization; he/she must be affiliated with the applicant organization, and must be registered on eRA Commons.; Major User Group - A Major User group composed of three individuals who have substantial need for the instrument must be identified. Each member of this group must be a PD/PI on a distinct NIH-funded research grant or cooperative agreement award in an area of basic, translational, or clinical research. (The requirement is at least one award per investigator. An award given to multi-PDs/PIs is counted only once towards the fulfillment of this requirement.) PDs/PIs on NIH training or fellowship grants (e.g., T and F mechanisms) and other non-research grants such as conference grants are not eligible to be Major Users. Once the eligibility requirement has been met, additional users with active research awards from NIH or other sources may be added as Major or Minor Users.; To demonstrate the clear need for the requested instrument, the projects supported by NIH research grants should together require at least 75 percent of the Accessible User Time (AUT). Major Users supported by NIH grants should together require at least 35 percent of the AUT.; Accessible User Time (AUT) is the number of annual hours the instrument can be used for any research purpose.; When: Internal deadline – 9:00 a.m. on Thursday, April 20, 2023; NIH deadline – June 1, 2023; How: To apply, please visit the internal application and instructions on our InfoReady Review site at: https://columbia.infoready4.com/#competitionDetail/1898295 ; RFA: PAR-22-080: Shared Instrumentation Grant (SIG) Program (S10 Clinical Trial Not Allowed) ; https://grants.nih.gov/grants/guide/pa-files/PAR-22-080.html ; Questions: Greg Culler at limitedsubmissions@columbia.edu ; Limited Submissions; C O L U M B I A | R E S E A R C H ; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions

Additional Information: Announcing Trainee Associate Member (TAM) Travel Awards Aug 2022; Dear All, This email is in behalf of the Herbert Irving Comprehensive Cancer Center (HICCC) Cancer Research leadership, Training and Education Coordination (CRTEC) Core is seeking applications to support the 2022 Trainee Associate Member (TAM) Travel Awards. Please find a link below for the detail.; https://columbia.infoready4.com/#competitionDetail/1880142; Best wishes, Sadiqa; Announcing Trainee Associate Member (TAM) Travel Awards Aug 2022; We are pleased to announce the launch of Trainee Associate Member
(TAM) Travel Awards Aug 2022. Click on the link below to view more information. Thank you! Internal Submission Deadline: Thursday, September 8, 2022; Cycle: 2022; Discipline/Subject Area: Cancer Research; Funding Available: 1000; Description: The Herbert Irving Comprehensive Cancer Center (HICCC) Cancer Research Training and Education Coordination (CRTEC) Core is seeking applications to support the 2022 Trainee Associate Member (TAM) Travel Awards; Purpose: TAM Travel Awards are intended to support career development in cancer research by assisting early career scholars with expenses related to registration, travel, and lodging at conferences; Eligibility: Only applicants who are giving a poster or platform presentation will be considered. Only Trainee Associated Members are eligible; Amount of award: Up to $1,000 in travel reimbursement will be available per trainee per event. Only one presenter per abstract will be awarded travel expenses; Submission: There are four application deadlines annually: February 1, May 1, August 1, and November 1. The application must be completed online in the InfoReady portal. All application materials must be completed as no later than midnight of the due date; Award Criteria: Applications will be evaluated by an internal ad hoc committee. Awards will be based on the applicant's research and the impact of meeting attendance on the trainee's development. Award recipients will be announced within three weeks of the deadline dates. Members who are not funded are eligible to reapply in the next award cycle. Members may be awarded for only one Travel Award at a 12-month period. Applications by Members who have received Travel Awards will be assigned a lower priority than applications from Members who have never been funded in the period from 12 - 24 months after their award; The application packet will consist of: 1. Meeting information: Name of meeting, location, dates, cost of registration and estimate of your travel and lodging expenses; 2. The abstract of your presentation; 3. Recommendation/approval memo from your mentor that specifies how attending the meeting benefits your career/research; 4. Proof/confirrmation of being a presenter at the conference; 4. Curriculum vitae; Follow the Link here to Apply: https://columbia.infoready4.com/#competitionDetail/1880142

[NTW] [FOUNDATION FUNDING/PILOT/NEUROLOGY]
The Carol and Gene Ludwig Pilot Grant Program in Neurodegeneration
Sponsor: Department of Neurology; Carol and Gene Ludwig Pilot Grant Program
Deadline(s): 03/15/2023 (LOI); 05/15/2023 (Application)
Contact: Applications must be submitted via email to Daniel Krug at djk2178@cumc.columbia.edu; Questions should be directed to Drs. Peter St George-Hyslop ps2764@cumc.columbia.edu and Elizabeth Bradshaw emb2280@cumc.columbia.edu
Additional Information: Sending this internal funding opportunity on behalf of the Department of Neurology for the 2023 Carol and Gene Ludwig Pilot Grant Program in Neurodegeneration; Eligibility: Columbia faculty members across all disciplines, from either the Morningside or CUI MC campuses, whose work addresses the development of new knowledge about the pathobiology of neurodegenerative disease and dementia. In order to promote research collaborations, applications must be submitted by research teams consisting of two or more faculty researchers with at least two fields of research experience and expertise.; Budget: Proposals may be funded for up to $300,000 direct costs over 2 years.; Process: Applications must be submitted via email to Daniel Krug at djk2178@cumc.columbia.edu; Due Date: March 15, 2023 for LOI; and May 15, 2023 for full application.
Questions should be directed to Drs. Peter St George-Hyslop ps2764@cumc.columbia.edu and Elizabeth Bradshaw emb2280@cumc.columbia.edu: Call for Proposals: The Carol and Gene Ludwig Pilot Grant Program in Neurodegeneration (Deadline March 15, 2023): The Carol and Gene Ludwig Pilot Grant Program in Neurodegeneration will provide grants to support high-risk/high-reward research projects in promising areas of neurodegenerative disease, with the goal of building a cohort of researchers focusing on the mechanisms of neurodegeneration and translation of the new knowledge into clinically useful tools. For additional details, please see the attached FOA; Eligibility: In order to promote research collaborations, applications must be submitted by research teams consisting of two or more researchers with faculty appointments at Columbia University; Research teams should have at least two fields of research experience and expertise; Funding Amount: Up to $150,000 per year over 2 years. The committee is expecting to fund 2-4 projects annually. Funding will be based on merit; Key Dates and Submission Information: Request for Application Open: January 1, 2023, and annually thereafter; Letter of Intent: March 15, 2023, and annually thereafter (Invitations for full applications will be sent out in April); Full Application: May 15, 2023, and annually thereafter; Anticipated Award Decision: June 2023, and annually thereafter; Project Duration: 24 months from July 1-June 30; Letters of intent and full application packages should be sent to Daniel Krug djk2178@cumc.columbia.edu prior to the application deadline; Key Contacts: Peter St George-Hyslop ps2764@cumc.columbia.edu; Betsy Bradshaw emb2280@cumc.columbia.edu; Daniel Krug djk2178@cumc.columbia.edu; Topics of Interest: The Ludwig Family Foundation Pilot Research Program seeks applications focused on developing new knowledge about the pathobiology of neurodegenerative disease, and dementia in particular, that will enable the development of innovative tools and molecules to diagnose, monitor, and treat these diseases; The proposed work program must focus on neurodegenerative disease, and an emphasis on neurodegenerative dementias is especially encouraged; The proposed work program should be multidisciplinary, and should contain at least two independent laboratories with naturally complementary skills; Investigators with projects that are directed towards delivering actionable biomarkers or novel therapies in any stage of development that are based upon a valid target and have a translational/commercialization trajectory are encouraged to apply; Therapeutic strategies including small molecules, biologics, novel delivery approaches, gene therapy, and cell therapeutics will be considered; While all applications in this area are welcome, a non-restrictive set of examples include: Artificial Intelligence/Machine Learning (AI/ML) approaches and coupled validating biological studies that identify resilience factors that might: i) lead to novel biomarkers or; ii) to therapeutically actionable targets; The exploitation of recent genetic studies that identify resilience alleles in risk genes; Exploration of recent cellular, biological and clinical studies relating to microglial proteins with potential protective effects.

*Are you eager to accelerate the time to reproducible research? Curious about how to utilize the cloud for making your next grant application more competitive? Join the Academic Medicine team from Amazon Web Services for this monthly workshop series during the academic year. They’ll provide foundational overviews of the cloud and then deeper dives on successful case studies from your colleagues on how they’ve utilized AI/ML tools, R studio on Amazon, cloud credits, medical imaging annotation, open data, & the AWS team’s clinical & research subject matter experts! CUIMC IT offers Amazon Web Services (AWS) accounts for individuals and departments who want to use space and resources such as virtual servers, data management, massive cloud storage and analytics. For more information on cloud services at CUIMC IT, including how to request an AWS account please click here.

Amazon Web Services (AWS) accounts for individuals and departments who want to use space and resources such as virtual servers, data management, massive cloud storage and analytics. For more information on cloud services at CUIMC IT, including how to request an AWS account please click here; CUIMC IT & AWS: Third Thursday Series for Academic Medicine Faculty, Staff & Grad Students; RSVP here to receive the calendar invite and virtual meeting link.; CUIMC Showcase: Cloud Solutions for Improving Patient Safety, Quality of Care, and Individual Health (Cloud Transformation, Health on FHIR, Future AWS Use Cases); Featuring Kenrick Cato, PhD, FAAN (Nurse Researcher/Assistant Professor for NewYork-Presbyterian Hospital and Columbia University School of Nursing); Kenrick Cato, PhD, RN, CPHIMS, is a Nurse Researcher/Assistant Professor for NewYork-Presbyterian Hospital and Columbia University School of Nursing, respectively. Dr. Cato worked as a staff nurse at NewYork-Presbyterian Hospital providing care for surgical oncology patients and as a clinical analyst, working on projects to improve patient safety through the use of the hospital's electronic systems. Dr. Cato’s program of research focuses on the use of data science to investigate ways of improving patient safety, quality of care, and individual health. Towards these goals, Dr. Cato’s previous work has included National Institute of Health funded research in health communication via mobile health platforms, shared decision making in primary care settings and data mining of electronic patient records. His current projects include automated data mining of electronic patient records to discover characters about a patient that are often missed by clinicians. He has published his findings in numerous peer-reviewed journals and at national and international conferences.; There will be time at the end for Q&A in an office hours format. Please email columbia-med@amazon.com with any questions or to access slides/recordings from prior sessions.

[NTW] [SPA ANNOUNCEMENTS/TRAINING GRANTS]

**Parent T32 FOA PA-23-048: Ruth L. Kirschstein National Research Service Award (NRSA) Institutional Research Training Grant (Parent T32)**

**Parent T35 for short term trainees FOA PA-23-080: Ruth L. Kirschstein National Research Service Award (NRSA) Short-Term Institutional Research Training Grant (Parent T35)**

**Sponsor:** NIH

**Deadline(s):** new issues of Parent T32 and Parent T35, released 01/27/2023

**Contact:** Please let me know if you have any questions; Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: [https://spa.columbia.edu/](https://spa.columbia.edu/)

**Additional Information:** Please see the new NIH Parent T32 FOA PA-23-048: Ruth L. Kirschstein National Research Service Award (NRSA) Institutional Research Training Grant (Parent T32), and the Parent T35 for short term trainees FOA PA-23-080: Ruth L. Kirschstein National Research Service Award (NRSA) Short-Term Institutional Research Training Grant (Parent T35), both released today! NIH just released the Parent T32 FOA, which is a re-issue PA-20-142: Ruth L. Kirschstein National Research Service Award (NRSA) Institutional Research Training Grant (Parent T32) (which expires on May 8, 2023). They also released the new Parent T35, which is a re-issue of PA-20-162: Ruth L. Kirschstein National Research Service Award (NRSA) Short-Term Institutional Research Training Grant (Parent T35) (also expires May 8, 2023). Therefore, if you are planning to prepare a NEW or COMPETING RENEWAL application for the May 25, 2023 deadline or later, you would use this new FOA PA-23-048 for T32s, and PA-23-080 for T35s. This is timely, because I was about to ask the PIs and training grants administrators via these listservs who is planning to submit an institutional training grant this year in 2023. Please reply to me if you plan to submit this year. Every year I take inventory, and then strategize about how to roll out training and consultations for those of you planning to submit. Please indicate: The name of the PI(s); Department; The training grant title; The grant #, if one exists (for example, T32CAXXXXX); New or Competing Renewal. Also indicate if it is a resubmission; Due Date; The names of the administrative points of contacts; I have not even had a chance to review the differences between the old funding announcements and the new ones, but will soon. Once I get the inventory of planned proposal submissions, I will be reaching out with additional information.

[NTW] [NIH ANNOUNCEMENTS]

NIH Operates Under a Continuing Resolution

Sponsor: National Institutes of Health

Deadline(s): 12/15/2021 (Release Date)

Contact: Questions regarding adjustments applied to individual grant awards may be directed to the Grants Management Specialist identified in the Notice of Award.

Additional Information: The Department of Health and Human Services (HHS), including National Institutes of Health (NIH), operates under the Further Extending Government Funding Act (Public Law 117-70) signed by President Biden on December 3, 2021. This Act (CR) continues government operations through February 18, 2022 at the FY 2021 enacted level, with no reduction. Continuing the procedures identified under NOT-OD-21-058 and consistent with NIH practices during the CRs of FYs 2006-2021, NIH Institutes and/or Centers may, at their discretion, issue non-competing research grant awards at a level below that indicated on the most recent Notice of Award. Upward adjustments to awarded levels will be considered after FY 2022 appropriations are enacted, but NIH expects institutions to monitor their expenditures carefully during this period. All legislative mandates that were in effect in FY 2021 (see NOT-OD-21-056) remain in effect under this CR, as well as the salary limitation set at Executive Level II of the Federal Pay Scale (see NOT-OD-21-057) and the Ruth L. Kirschstein National Research Service Award predoctoral and postdoctoral stipend levels and tuition/fees as described in NOT-OD-21-049.

Guidance electronic Research Administration (eRA) Research Performance Progress Report (RPPR) Submission Validations for Clinical Trial Registration and Results Reporting

Applicable Clinical Trial (ACT)

FDAAA 801 and the Final Rule

NIH Policy on the Dissemination of NIH-Funded Clinical Trial Information
**Sponsor:** Office of The Director, National Institutes of Health (OD)  
**Deadline(s):** 10/29/2021 (Release Date)  
**Contact:** Please direct all compliance inquiries to: Office of Policy for Extramural Research Administration; Division of Grants Compliance and Oversight; Telephone: 301-435-0938; Email: grantscompliance@mail.nih.gov; Please direct all RPPR forms and instructions inquiries to: Office of Policy for Extramural Research Administration; Systems Policy Branch; Email: OPERAsystempolicy@nih.gov [NIH Contacts]; If you require assistance with ClinicalTrials.gov registration or results reporting, please contact the University’s system administrators at ClinicalTrialsGov@cumc.columbia.edu  
[https://clinicaltrials.gov/ct2/manage-recs/fdAAA](https://clinicaltrials.gov/ct2/manage-recs/fdAAA)  
**Policy and Regulation on ClinicalTrials.gov Registration and Reporting | grants.nih.gov**

**Additional Information:** Last week, the NIH implemented new system validations for Research Performance Progress Reports (RPPR) for clinical trial registration and results reporting. RPPRs that have associated clinical trials that are non-compliant with these requirements will receive errors preventing submission of the RPPR. See NOT-OD-22-008 for more details; As a reminder, failure to register or report results data for an Applicable Clinical Trial (ACT) as per FDAAA 801 and the Final Rule or the NIH Policy on the Dissemination of NIH-Funded Clinical Trial Information can result in immediate suspension or termination of funding, monetary civil penalties of up to $10,000 per day of non-compliance, criminal or civil prosecution, and/or a permanent notice of non-compliance publicly posted on the ClinicalTrials.gov record for a study.; Of note, the FDA issued its first Notice of Noncompliance to an individual investigator conducting a trial sponsored by an academic institution. The Principal Investigator (PI) failed to submit required results data to ClinicalTrials.gov. As a result of this noncompliance, the ClinicalTrials.gov record for the study will be permanently marked with and searchable by the “FDAAA 801 Violations” field, even though results were posted a day after the Notice was issued.; The requirements for registration and results reporting are as follows: Applicable studies must be registered no later than 21 days after enrollment of the 1st participant (i.e., date of when the 1st participant signs a study consent form); Results information for applicable studies must be submitted to ClinicalTrials.gov no later than one year after primary completion date (with limited exceptions) for the primary outcome measure, and one year after the study completion date for all other outcome measures, including safety data.; If you require assistance with ClinicalTrials.gov registration or results reporting, please contact the University’s system administrators at ClinicalTrialsGov@cumc.columbia.edu. [NTW] [NIH ANNOUNCEMENTS]
NIH Extramural NEXUS; 02.09.2022: New NIH Administrative Supplements Available to Support Diversity Mentorship
NIH mentorship initiatives and resources
Sponsor: NIH Office of Extramural Research
**Deadline(s):** 02/09/2022 (Release Date)

**Contact:** ExtramuralNexus@mail.nih.gov

**Link(s):** [https://nexus.od.nih.gov/all/2022/02/09/new-nih-administrative-supplements-available-to-support-diversity-mentorship/](https://nexus.od.nih.gov/all/2022/02/09/new-nih-administrative-supplements-available-to-support-diversity-mentorship/)

**Additional Information:** Please see below article from today’s NIH Extramural News on new NIH administrative supplements to support diversity mentorship. You can also read the article here if you’re having trouble seeing it below. [brought to our attention by Stephanie Scott]; NIH Extramural Nexus – 2021; Posted: Wednesday, February 9, 2022 by Marie A. Bernard; Subject: New NIH Administrative Supplements Available to Support Diversity Mentorship ; Marie A. Bernard, M.D., NIH Chief Officer for Scientific Workforce Diversity.; I am pleased to announce the availability of a new NIH administrative supplement that recognizes the crucial role outstanding mentors play in fostering future leaders in the biomedical research enterprise.; Qualified investigators can now submit proposals in response to the Chief Officer for Scientific Workforce Diversity (COSWD)-led xxx, Notice of Special Interest (NOSI) NOT-OD-22-057: Administrative Supplements to Recognize Excellence in Diversity, Equity, Inclusion, and Accessibility (DEIA) Mentorship. Proposals are due by April 7, 2022.; Mentorship is a critical part of recruiting and retaining an inclusive scientific workforce. Evidence suggests mentorship helps foster scientific identity and career progression in science, technology, engineering, mathematics, and medicine (STEMM) disciplines. For example, research shows that grant-writing mentorship for early-career biomedical investigators from underrepresented groups can foster increased publication productivity, a key contributor to scientific career advancement.; Based on this evidence, one goal of my office is to support and amplify the impact of programs that develop scientific talent through training and mentorship. Thus, this new NOSI is part of our commitment to enhancing mentorship within NIH-supported research, with an emphasis on scientists from underrepresented groups.; The participating NIH Institutes and Centers will supplement the existing awards of scientists who have demonstrated a commitment to exceptional training and mentorship, especially to individuals from groups identified as underrepresented in the biomedical sciences.; Supplements are available for various grant types, including career development, training, cooperative, and Research Project Grants (R01). They will provide up to $250,000 in direct costs, not to exceed the direct costs of the parent award. Investigators may use the funds to perform additional research within the parent grant’s scope, develop curricula or training activities to strengthen mentor training, or help foster the research career development of additional students, post-doctorates, or other trainees.; The NIH has an array of mentorship initiatives and resources, and I am excited about this addition to the agency’s offerings. I encourage all eligible investigators to take advantage of this opportunity to be recognized for outstanding mentoring, and for promoting inclusive excellence.

[NTW] [LIMITED COMPETITION/K-AWARDS]

PAR-22-129: Limited Competition: Small Grant Program for NIDDK K01/K08/K23/K25 Recipients (R03 Clinical Trial Optional)

**Sponsor:** National Institute of Diabetes and Digestive and Kidney Diseases

**Deadline(s):** 02/16/2025; 06/16/2025; 09/07/2025; 09/08/2025 (Expiration)

**Contact:** Scientific/Research Contact(s); Lisa M. Spain, Ph.D.; Division of Diabetes, Endocrinology, and Metabolic Diseases; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); Telephone: 301-451-9871; Email: SpainL@niddk.nih.gov

**Additional Information:** The National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) announces a program that provides NIDDK-supported K01, K08, K23, and K25 recipients the opportunity to apply for Small Grant (R03) support during the latter years of the award period of their K award. Through the use of this mechanism, the NIDDK is seeking to enhance the capability of its K01, K08, K23, and K25 award recipients to conduct research as they complete their transition to fully independent investigator status. The R03 grant mechanism supports different types of projects, including pilot and feasibility studies; secondary analysis of existing data; small, self-contained research projects; development of research methodology; and development of new research technology. The R03 is, therefore, intended to support research projects that can be carried out in a short period of time with limited resources and that may provide preliminary data to support a subsequent R01, or equivalent, application.

Contact: Scientific/Research Contact(s): Christine Happel, Ph.D.; Program Officer, Office of Special Initiatives; National Center for Advancing Translational Sciences (NCATS); Telephone: 301-827-9444; Email: christine.happel@nih.gov

[NTW] [TRANSLATIONAL]
CTSA Compendium of D&I Catalogs | Irving Institute for Clinical and Translational Research
Sponsor: CTSA; https://www.irvinginstitute.columbia.edu
Deadline(s): 11/07/2022 (Release Date)
Contact: Contacts | Irving Institute for Clinical and Translational Research; https://www.irvinginstitute.columbia.edu/contact
Link(s): https://www.irvinginstitute.columbia.edu/about-us/initiatives-and-committees/implementation-science/ctsa-compendium-d-i-catalogs

Additional Information: CTSA Compendium of D&I Catalogs; Led by the national D&I CTSA working group; This resource was developed by the Clinical & Translational Science Awards (CTSA) Program’s “Advancing Dissemination and Implementation Sciences in CTSAs” working group. This group focuses on meeting both the conceptual as well as practical challenges to advancing the utilization of D&I across the translational science spectrum.

[NTW] [COLLABORATIVE]
PAR-23-077: Collaborative Program Grant for Multidisciplinary Teams (RM1 - Clinical Trial Optional)
Sponsor: National Institute of General Medical Sciences
Deadline(s): 05/26/2023; 01/26/2024; 05/28/2025; 01/27/2026; 01/28/2026 (Expiration)
Contact: Scientific/Research Contact(s); Please direct all inquiries to: RM1mailbox@nigms.nih.gov

Additional Information: This Funding Opportunity Announcement (FOA) is designed to support highly integrated research teams of three to six Program Directors/Principal Investigators (PDs/PIs) to address ambitious and challenging research questions that are within the mission of NIGMS. Project goals should not be achievable with a collection of individual efforts or projects. Collaborative program teams are expected to accomplish goals that require considerable synergy and managed team interactions. Teams are encouraged to consider far-reaching objectives that will produce major advances in their fields; This FOA is not intended for applications that are mainly focused on the creation, expansion, and/or maintenance of community resources, creation of new technologies, or infrastructure development.

[NTW] [COLLABORATION]
NOT-AI-23-037: Notice of Special Interest (NOSI): Administrative Supplement for Collaborative Projects Supported by the NIAID RNCP and CCRP
Sponsor: National Institute of Allergy and Infectious Diseases; National Eye Institute; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute on Drug Abuse; National Institute of Neurological Disorders and Stroke
Deadline(s): 06/01/2023 (First Available Due Date); 06/02/2023 (Expiration Date)
Contact: Scientific/Research Contact; Merriline Vedamony, Ph.D.; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: 240-669-5432; Email: merriline.satyamitra@nih.gov
[NTW] [PILOT/INTERDISCIPLINARY]
VP&S, Zuckerman Institute 2023 Interdisciplinary Research Initiatives Seed (IRIS) Fund Program; Deadline 05/1/2023

**Sponsor:** VP&S, Zuckerman Institute

**Deadline(s):** 05/01/2023

**Contact:** All questions should be directed to Claudia Cosentino at cc3704@cumc.columbia.edu.

**Link(s):** https://columbia.infoready4.com/#competitionDetail/1900109

**Additional Information:** VP&S is pleased to announce the 2023 Interdisciplinary Research Initiatives Seed (IRIS) Fund Program; Promoting new interdisciplinary/multi-investigator research projects.; Any Officer of Instruction (with tenure or on tenure track) with a primary appointment in VP&S is eligible to apply as a lead investigator.; Two awards will be made up to $100,000, which may be extended for up to two years.; **Deadline: Monday, May 1, 2023**

[NTW] [NIH ANNOUNCEMENTS/COVID-19/BIG DATA]
The National Institutes of Health’s [All of Us Research Program](https://allofus.nih.gov/) has announced a significant increase in the COVID-19 data available in its precision medicine database

**All of Us Research Program**

**Apply for Access to the All of Us Research Program Database**

**Sponsor:** [https://allofus.nih.gov/](https://allofus.nih.gov/)

**Deadline(s):** 09/2021 (Release Date)

**Contact:** [https://allofus.nih.gov/about/contact-us](https://allofus.nih.gov/about/contact-us)

**Additional Information:** All of Us Research Program; The Future of Health Begins With You; Now Available: All of Us Research Program Expands Dataset to Fuel New Discoveries; The National Institutes of Health’s All of Us Research Program has announced a significant increase in the COVID-19 data available in its precision medicine database, adding survey responses from more than 37,000 additional participants, and virus-related diagnosis and treatment data from the nearly 215,000 participant electronic health records (EHRs) that are currently available. The program has also expanded its collection of wearable data to now include 11,670 paired participant Fitbit records, a 42% increase from its last update, making this one of the largest publicly-available sets of digital health technology data available.; Researchers interested in exploring the data and conducting analyses can apply for access after their institutions have signed a data use agreement with the program. At this time, any U.S.-based academic, nonprofit, or health care organization can enter into a data use agreement with the program.; The program anticipates releasing the first set of genomic data in the next refresh, anticipated this winter.

[mailman.columbia.edu/r2]
The Database and Knowledgebase program beyond the January 25, 2023, receipt date of the current FOAs (potential applicants sufficient time to develop meaningful collaborations and responsive projects.

The National Institutes of Health (NIH) Office of Data Science Strategy (ODSS), intends to promote an initiative by publishing a Funding Opportunity Announcement (FOA) to solicit applications for early-stage biomedical data repositories or knowledgebases. This Notice is being provided to allow potential applicants sufficient time to develop meaningful collaborations and responsive projects. The NIH intends to continue the Database and Knowledgebase program beyond the January 25, 2023, receipt date of the current FOAs (PAR-23-078 and PAR-
This new FOA will support early-stage biomedical data repositories and knowledgebases. This Notice of Intent to Publish (NOITP) is being provided to allow potential applicants time to develop meaningful community engagement, collaborations, and NIH consultations to submit applications for responsive data repositories and knowledgebases as trans-NIH data resources; The FOA is expected to be published in Spring 2023 with an expected application due date in Fall, 2023.; This FOA will utilize the R24 activity code.

[NTW] [BIG DATA]
NOT-OD-23-073: Notice of Special Interest (NOSI): Administrative Supplements to Enhance Software Tools for Open Science

**Sponsor:** Office of the Director, NIH; National Center for Complementary and Integrative Health; National Cancer Institute; National Eye Institute; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of General Medical Sciences; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Library of Medicine; Division of Program Coordination, Planning and Strategic Initiatives, Office of Research Infrastructure Programs

**Deadline(s):** 05/09/2023 (First Available Due Date); 05/10/2023 (Expiration Date)

**Contact:** Scientific/Research Contact(s); Office of Data Science Strategy (ODSS); Division of Program Coordination, Planning, and Strategic Initiatives; Office of the Director; softwaresupplements@nih.gov

**Additional Information:** This Notice announces the continuing availability of administrative supplements to active awards that have a significant software development component or key role in maintaining software tools of recognized value in biomedical and behavioral research. The goal of these supplements is to enhance the sustainability and impact of research software tools by enabling the use of best practices and design principles in software development and leverage advances in computing in a modern data ecosystem. The supplements are intended to support and encourage collaborations between scientists and software engineers to update, refactor and enhance the design, implementation, and cloud-readiness of research software and build new communities for open science. Through these awards, the NIH Office of Data Science Strategy (ODSS) intends to help researchers who have developed scientifically valuable software to make their tools robust and sustainable, take advantage of new data science, software engineering, and computing paradigms, reach a broader community and contribute to open science. This initiative is aligned with the NIH Strategic Plan for Data Science, which describes actions aimed at building a better data infrastructure and a modernized data ecosystem.

[NTW] [BIG DATA]
NOT-OD-23-082: Notice of Special Interest (NOSI): Administrative Supplements to Support Collaborations to Improve the AI/ML-Readiness of NIH-Supported Data

**Sponsor:** Office of the Director, NIH; John E. Fogarty International Center; National Center for Complementary and Integrative Health; National Cancer Institute; National Eye Institute; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of General Medical Sciences; National Institute of Mental Health; National Institute on
Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Institute of Nursing Research; National Library of Medicine; Division of Program Coordination, Planning and Strategic Initiatives, Office of Research Infrastructure Programs

**Deadline(s):** 05/16/2023 (First Available Due Date); 05/17/2023 (Expiration Date)

**Contact:** Fenglou Mao, PhD; Office of Data Science Strategy (ODSS); Division of Program Coordination, Planning, and Strategic Initiatives; Office of the Director; Email: AI-readiness@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-23-082.html

**Additional Information:** This Notice announces the availability of supplements to active grants which are intended to support collaborations that bring together expertise in biomedicine, data management, and artificial intelligence and machine learning (AI/ML) to make NIH-supported data useful and usable for AI/ML analytics. This initiative is aligned with the NIH Strategic Plan for Data Science, which describes actions aimed at modernizing the biomedical research data ecosystem and making data FAIR (Findable, Accessible, Interoperable, and Reusable) with high impact for open science. For the purposes of this Notice, AI/ML is inclusive of machine learning (ML), deep learning (DL), and neural networks (NN).

[NTW] [ELECTRONIC HEALTH RECORDS]

**NOT-GM-23-035: Notice of Special Interest (NOSI): Availability of Administrative Supplements to Advance the Use of Electronic Health Records for Research**

**Sponsor:** National Institute of General Medical Sciences

**Deadline(s):** 05/15/2023 (First Available Due Date); 05/16/2023 (Expiration Date)

**Contact:** Please direct all inquiries to: Michele McGuirl, PhD; National Institute of General Medical Sciences (NIGMS); Email: michele.mcguirl@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-GM-23-035.html

[NTW] [BIG DATA/BIOINFORMATICS/INFECTIOUS DISEASES]

**NOT-AI-23-033: Notice of Intent to Publish a Funding Opportunity Announcement for Bioinformatics Resource Centers (BRCs) for Infectious Diseases (U24 Clinical Trials Not Allowed)**

**Sponsor:** National Institute of Allergy and Infectious Diseases

**Deadline(s):** 08/25/2023 (First Estimated Application Due Date)

**Contact:** Wiriya Rutvisuttinunt, Ph.D.; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: (301) 761-5109; Email: wiriya.rutvisuttinunt@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-AI-23-033.html

**Additional Information:** This Notice is to inform potential applicants of the National Institute of Allergy and Infectious Diseases’ (NIAID) intent to publish a Funding Opportunity Announcement (FOA) to solicit applications for NIAID Bioinformatics Resource Centers (BRCs) for Infectious Diseases to provide knowledgebases and bioinformatics services to the infectious disease community. The BRC Program accommodates genomic and multi-omic data and tools for viruses, bacteria and eukaryotic pathogens, vectors, host-interactions, and microbiomes related to NIAID’s mission to advance research on infectious diseases and in response to public health emergencies.

[NTW] [BIG DATA/DATA REPOSITORIES]

**NOT-OD-23-099: Notice of Intent to Publish a Funding Opportunity Announcement for Established Data Repositories and Knowledgebases (Clinical Trials Not Allowed)**

**Sponsor:** Office of the Director, NIH
Deadline(s): Fall 2023 (First Estimated Application Due Date)
Contact: The Office of Data Science Strategy (ODSS); National Institutes of Health (NIH); Email: drkb-foa@nih.gov

Additional Information: The National Institutes of Health (NIH) Office of Data Science Strategy (ODSS), with other NIH Institutes and Centers (ICs), intends to promote an initiative by publishing a Funding Opportunity Announcement (FOA) to solicit applications for established biomedical data repositories or knowledgebases.

**Additional Information:** Infectious Disease Fund Developed to Support and Accelerate Growth in New York’s Life Science Industry and Combat Public Health Threats like COVID-19; Fund Will Fast Track Qualified Startups, Early Stage Companies and Late Stage Academic Research in New York Institutions to Commercialize Efforts to Combat Infectious Disease; Applications and Fund Guidelines Available [Here](https://esd.ny.gov/biodefensefund); Short Proposal Instructions: Short proposals are due by 5:00 PM EDT on September 27, 2021. Short proposals should be completed and submitted through an online form found at [NYSBiodefenseFund.submittable.com](https://nysbiodefensefund.submittable.com). Information included in the Short proposal should be non-confidential. Applications received after the September 27 deadline will be rolled into the next application cycle.; *Please allow time to create a Submittable account if you do not already have one.*

Columbia led this effort. We encourage you to apply.; New York State Spearheads Defense Against the Next Pandemic by Launching a $40 M Biodefense Fund for Startups and Academic Researchers. Applications are now available for New York State’s new $40 million Biodefense Commercialization Fund that will provide grants of as much as $4 million to startups and academic research projects to help accelerate the development and commercialization of life science research that addresses serious infectious disease threats, including COVID-19 and its variants. Eligible companies that are developing promising diagnostics, therapeutics, vaccines, and other innovations to prevent, treat or mitigate serious infectious disease threats may apply for grants of up to $4 million. New York’s academic research institutions will be able to apply for grants of up to $500,000 to help fast track advanced intellectual property that is on the cusp of moving to a commercial phase and university exit. An emphasis will be placed on supporting the development of innovations with the highest potential for commercial viability.; To submit an application or learn more about the Fund, please visit the program’s website at [https://esd.ny.gov/biodefensefund](https://esd.ny.gov/biodefensefund), or email BiodefenseFund@esd.ny.gov.

**[NTW] [NIH ANNOUNCEMENTS/COVID-19]**

**Clarification and Guidance for Applicants Preparing Applications for the Fall 2021 Due Dates During the COVID-19 Pandemic**

**Sponsor:** Office of the Director, NIH

**Deadline(s):** 08/25/2021 (Release Date)

**Contact:** NIH Review Policy Officer; ReviewPolicyOfficer@mail.nih.gov

**Additional Information:** Last week, NIH issued announcement [NOT-OD-21-180](https://grants.nih.gov/grants/guide/notice OD-21-180.html), which provides additional guidance related to COVID-19 for applicants preparing applications for the May 2022 Council round, beginning with the September 25, 2021 due date for Spring 2022 initial peer review meetings. Please see text of the announcement below, especially highlighted section.; Purpose: The NIH remains firmly committed to supporting the biomedical research enterprise as the nation implements the President's Guidelines for Re-Opening America Again. The purpose of this Notice is to clarify the guidance provided earlier [NOT-OD-21-026](https://grants.nih.gov/grants/guide/notice Files/NOT-OD-21-026.html), for applicants preparing applications for the May 2022 Council round, beginning with the September 25, 2021 due date for Spring 2022 initial peer review meetings.; Reviewers will continue to receive instructions to assume that constraints arising from the COVID-19 pandemic (e.g., lab occupancy restrictions, declines in patient accrual, etc.) will be resolved during the project...
period and thus should not affect their scores. Therefore, NIH grant applications should NOT include contingency or recovery plans for problems resulting from the COVID-19 pandemic. However, applicants may address effects due to the pandemic on productivity or other scoreable issues in their Personal Statement in the NIH Biosketch. Reviewers will be instructed to take these pandemic-related circumstances into account when assessing applicants’ productivity and other score-driving factors. As with previous instructions, if needed, NIH staff will request and assess plans to resolve specific problems arising from the COVID-19 pandemic prior to funding. [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University; Columbia University Irving Medical Center; sfs2110@columbia.edu

**Further Demographic Analyses of NIH R01 Grant Outcomes of T32 Postdoctoral Participants**

**Data on Implementing NIH’s Next Generation Researchers Initiative**

**NIH-Wide Strategic Plan for FY 2021-2025 Now Available**

**Additional Clarifications to Biosketch and Other Support Policies Now Available**

**Save the Date: Fall 2021 NIH Virtual Seminar on Program Funding and Grants Administration!**

**Sponsor:** NIH Office of Extramural Research  
**Deadline(s):** 08/04/2021 (Release Date)  
**Contact:** ExtramuralNexus@mail.nih.gov  
**Link(s):** https://nexus.od.nih.gov/all/issue/august-2021/  
**Additional Information:** NIH’s August issue of their newsletter, the NIH extramural NEXUS August 2021, was released. It contains a number of announcements, reminders, and blog posts. To note is the Save the Date for the 2021 NIH Virtual Seminar, taking place November 1 – 4. It’s a great opportunity for researchers and administrators to learn about NIH’s processes; There are also new FAQs related to the Other Support format pages and Biographical Sketches (our office will provide further guidance on that in
the coming week). See below for more information.; [brought to our attention by Stephanie Scott] ; Data on NGRI, Biosketch/Other Support Resources, Demographic Analyses of R01 Grant Outcomes of T32 Postdocs

[NTW] [NIH STRATEGIC PLAN 2021-2025]
NIH-Wide Strategic Plan for Fiscal Years (FYs) 2021-2025 is now available
Extramural Nexus Framework of three key objectives of the NIH 2021-2025 NIH-Wide Strategic Plan, Archival 02.18.2020
Archival NIH-Wide Strategic Plan for Fiscal Years (FYs) 2016-2020

Sponsor: NIH
Deadline(s): 07/30/2021 (2021-2025 plan; Release Date)
Contact: ExtramuralNexus@mail.nih.gov

Additional Information: NIH-Wide Strategic Plan for FY 2021-2025 Now Available; We are pleased to announce that the NIH-Wide Strategic Plan for Fiscal Years (FYs) 2021-2025 is now available. This updated plan articulates NIH’s highest priorities over the next 5 years, outlining our vision for the future direction, capacity, and stewardship of biomedical and behavioral research.; The plan is organized around a framework of three key objectives: [1] Advancing Biomedical and Behavioral Sciences; [2] Developing, Maintaining, and Renewing Scientific Research Capacity; [3] Exemplifying and Promoting the Highest Level of Scientific Integrity, Public Accountability, and Social Responsibility in the Conduct of Science.; The plan weaves five cross-cutting themes across these objectives, centered around minority health and health disparities, women’s health, public health challenges across the lifespan, collaborative science, and data science. The plan also mentions several achievements made during the previous FY 2016-2020 plan, but please recognize that this plan is not meant to describe everything NIH does.; As Dr. Francis Collins, the NIH Director, notes in the opening statement, “NIH will [invest] efficiently and effectively in a wide range of basic, translational, clinical, and applied research, while at the same time supporting the workforce and infrastructure required for a sustainable research enterprise. As outlined in this Strategic Plan, this approach will enable NIH to build a solid foundation of fundamental knowledge about living systems that will serve to accelerate research aimed at addressing our most pressing health needs.”; We appreciate members from the research community, professional societies, advocacy groups, and the public who worked with us and provided feedback throughout the process to develop this plan.

[NTW] [FORMS-G]
New NIH “FORMS-G” Grant Application Forms and Instructions Coming for Due Dates on or after January 25, 2022
High-level Summary of Form Changes in FORMS-G Application Packages
Sponsor: National Institutes of Health; Agency for Healthcare Research and Quality; Food and Drug Administration
Deadline(s): 01/25/2022 (Forms-G must be used for grants submitted on or after this date)
Contact: Please direct all NIH inquiries to: NIH Office of Policy for Extramural Research Administration (OPERA); Systems Policy Branch; Email: OPERA.systemspolicy@nih.gov; Please direct all AHRQ inquiries to: Division for Policy, Coordination and Analysis; Office of Extramural Research, Education, and Priority Populations; Agency for Healthcare Research and Quality, HHS; Email: Grant_Queries@ahrq.hhs.gov; Please direct all FDA inquiries to: Food and Drug Administration (FDA); Office of Acquisitions and Grants Services (OAGS); Grants Management Branch; Email: OAGSGrantsPolicy@fda.hhs.gov
**Additional Information:** See High-level Summary of Form Changes in FORMS-G Application Packages for a full list of form changes. Participating agencies will notify the community if it is determined additional changes are needed. These changes will be implemented with application form packages identified with a Competition ID of "FORMS-G" and associated application guide instructions. Additional guidance and confirmation of implementation plans will be provided in Fall 2021.;

**Effective Date:** Applicants must use FORMS-G application packages for due dates on or after January 25, 2022 and must use FORMS-F application packages for due dates on or before January 24, 2022. Applications submitted using the wrong forms for their intended due date may be withdrawn and removed from funding consideration.

**[NTW] [FORMS-G]**

**Reminder: FORMS-G Grant Application Forms & Instructions Must be Used for Due Dates On or After January 25, 2022 - New Grant Application Instructions Now Available**

**Sponsor:** National Institutes of Health; National Institutes of Health NIH; Agency for Healthcare Research and Quality AHRQ; U.S. Food and Drug Administration FDA

**Deadline(s):** 01/25/2022 (For Due Dates on or after January 25, 2022)

**Contact:** Please direct all NIH inquiries to: NIH Office of Policy for Extramural Research Administration (OPERA); Systems Policy Branch; Email: OPERAsystemspolicy@nih.gov; Please direct all AHRQ inquiries to: Agency for Healthcare Research and Quality, HHS; Division for Policy, Coordination and Analysis; Office of Extramural Research, Education, and Priority Populations; Email: Grant_Queries@ahrq.hhs.gov; Please direct all FDA inquiries to: Food and Drug Administration (FDA); Office of Acquisitions and Grants Services (OAGS); Grants Management Branch; Email: OAGSGrantsPolicy@fda.hhs.gov

**[NTW] [NATIONAL SCIENCE FOUNDATION]**

NSF New Proposal Functionality, NSF Website Enhancements, and Updates to the Biographical Sketch and Current and Pending Support Formats

NSF Funding Opportunity Search
About Proposal Preparation and Submission
Proposal Submission Capabilities

NSF 22-1
Dear Colleagues:

The National Science Foundation (NSF) has enabled a number of enhancements for proposals submitted in Research.gov and FastLane, and upcoming revisions to the NSF-approved Biographical Sketch and Current and Pending Support format pages. In addition, NSF announced significant improvements to the NSF Funding Opportunity Search functionality with enhanced features to help you identify opportunities quickly and easily. Please see below for the details. I highlighted in yellow a few key points. We’ll be sure to provide more information about these changes soon, and as always, please feel free to ask questions to your SPA Project Officer. [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; sfs2110@cumc.columbia.edu; Web: https://spa.columbia.edu/; New Proposal Functionality, NSF Website Enhancements, and Updates to the Biographical Sketch and Current and Pending Support Formats; Dear Colleagues: The National Science Foundation (NSF) has enabled a number of enhancements for proposals submitted in Research.gov, FastLane, and Grants.gov. In addition, the updated NSF-approved biographical sketch and current and pending support SciENcv and fillable PDF formats that fall under the revised Proposal & Award Policies & Procedures Guide (PAPG) NSF 22-1 will be available to preview by September 17, 2021. We are also excited to announce enhanced NSF Funding Opportunity Search functionality and revamped program pages on nsf.gov and beta.nsf.gov, the new version of the NSF website. As NSF builds its new nsf.gov website in small, iterative pieces using the https://beta.nsf.gov/ platform, we are not simply moving existing content from nsf.gov to the new site. Rather, the new website will improve how information is presented for use by various audiences including prospective proposers, grantees, and the general public.; Here’s what to know.; Research.gov Proposal Submission System Enhancements; Research.gov proposal features continue to expand to support the transition of all proposal preparation and submission functionality from FastLane to Research.gov by a target date of December 31, 2022. Many NSF funding opportunities are supported in Research.gov and clearly specify whether submission via Research.gov is available or required.; Effective August 30, 2021, Conference and Ideas Lab proposal types, renewal and accomplishment-based renewal submission types, and preliminary proposals for Ideas Lab solicitations are all now available for submission in Research.gov. FastLane must be used to submit preliminary proposals for proposal types other than Ideas Lab until that functionality is available in Research.gov.; The proposal preparation landing page has been revised, and Principal Investigators will now first select the proposal submission type from the drop-down options and then will follow the proposal setup wizard to initiate a new proposal. In progress and submitted proposals are accessible from the tiles on the revised proposal preparation landing page, after first selecting the submission type from the drop-down options.; New automated compliance checks and associated error and warning messages for the enabled proposal and submission types were also implemented. Error messages will prohibit proposal submission to NSF, whereas warning messages still permit proposal submission.; New Frequently Asked Questions (FAQs) were added to the Research.gov About Proposal Preparation and Submission page, and the Proposal

Columbia | Mailman School of Public Health
mailman.columbia.edu/ur2
Submission Capabilities page has been updated to reflect the latest development updates. All supported proposal and submission types as well as associated compliance checks are also enabled in the Research.gov Proposal Preparation Demo Site. Refer to the PAPPG NSF 20-1 for current proposal requirements. Guidelines in the revised PAPPG NSF 22-1 will apply for proposals submitted or due on or after October 4, 2021. NSF-approved Biographical Sketch and Current and Pending Support Format Updates; Current and Pending Support Fillable PDF Updates: Based on feedback from the research community and NSF Program Officers, NSF has incorporated functionality as of August 30, 2021, in FastLane and Grants.gov to remove any pages which do not contain data entered by users (i.e., blank pages) from the NSF-approved current and pending support fillable PDF. This trimming functionality will be integrated in Research.gov on October 4, 2021, in coordination with implementation of the revised PAPPG NSF 22-1 for proposals submitted in Research.gov and project reports submitted in the Research.gov Project Reporting System. The trimming service only applies to the NSF-approved current and pending support fillable PDF and not to any other uploaded PDFs. Current and pending support PDFs generated in SciENcv do not include blank pages. The current and pending support fillable PDF document is paginated, and the PDF page numbers will not be updated during the trimming process. This means that it is possible for the trimmed PDF to have skipped page numbers corresponding to the blank pages removed from the fillable PDF. NSF Program Officers are aware of this potential occurrence in proposals submitted to NSF; Proposers with in progress proposals as of August 30, 2021, can delete previously uploaded current and pending support fillable PDFs from their FastLane or Grants.gov proposals and then re-upload them to trigger the trimming service. Updated Biographical Sketch and Current and Pending Support SciENcv and Fillable PDF Formats: The updated NSF-approved biographical sketch and current and pending support formats will be available in September 2021 to preview before they are required on October 4. The updated fillable PDF formats will be available for download from the NSF biographical sketch and current and pending support websites by September 3rd. Updated SciENcv formats will be available on the SciENcv Create a New Document screen by September 17th. Biographical sketch format updates include increasing the page limit from two to three pages; Current and pending support format updates include the addition of new sections for information on objectives and overlap with other projects to help NSF and reviewers assess overlap/duplication. Although submission of the updated NSF-approved formats is not permitted (i.e., Research.gov, FastLane, and Grants.gov will not allow the 22-1 forms to be uploaded) until implementation of the revised PAPPG NSF 22-1 on October 4, 2021, NSF is encouraging proposers and grantees to begin familiarizing themselves with the updated NSF-approved formats when they are available. Enhanced Funding Opportunity Search Functionality and Revamped Program Pages: Based on extensive research with external and internal stakeholders, NSF has made significant improvements to the NSF Funding Opportunity Search functionality to help researchers and prospective researchers quickly and easily find relevant programs and NSF-funded projects in specified disciplines. Funding Search results now include short program descriptions, programs incorporated in core program solicitations with links to the relevant guidelines, and Dear Colleague Letters. The revamped program pages include significant content and navigation improvements including information previously only viewable in solicitations. For more information about NSF’s beta site, please visit https://beta.nsf.gov/about-beta. NSF will continue to enhance the site, and ongoing feedback from external and internal stakeholders is vital to the process. Feedback on the updated Funding Search and program page enhancements or any other aspect of the site may be directed to beta-nsf-feedback@nsf.gov. Questions? If you have IT system-related questions, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov. Regards, National Science Foundation
Additional Information: The slides are now available from today’s town hall on the important NSF PAPPG changes. You can download them here. We will be posting all related presentations, updates and materials on our NSF Researcher Disclosure Requirements webpage. Save the date – we will have our next town hall on the NSF PAPPG changes and latest disclosure requirements on Friday, January 13, 2023, from 1:30pm – 3:00pm Eastern Time. We are anticipating the new NSF Biographical Sketches and Current & Pending Support forms will be released by them, therefore, we scheduled this town hall for an hour and a half. I'll send the registration information later this week. Should you have any questions, feel free to reach out to your SPA Project Officer. [brought to our attention by] Stephanie Scott; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

Regional Innovation Engines | Beta site for NSF - National Science Foundation NSF Regional Innovation Engines Program Events | Eventbrite 2021 Solicitation PDF (nsf.gov) National Science Foundation (govdelivery.com) NSF Engines newsletter

Additional Information: A bold new initiative of the U.S. National Science Foundation, the Regional Innovation Engines (NSF Engines) program catalyzes innovation ecosystems across the United States to advance critical technologies, address societal challenges, nurture diverse talent, and promote economic growth and job creation. With the potential for each Engine to receive up to $160 million for up to 10+ years, the program supports the development of regional coalitions, spanning academia, industry, nonprofits, government, civil society, and communities of practice, to engage in use-inspired research, translation of research results to society, and workforce development. The NSF Engines program uniquely harnesses the Nation’s geography of innovation, unleashing a new era of innovation and competitiveness for the U.S. Learn more about the NSF Engines program at https://beta.nsf.gov/funding/initiatives/regional-innovation-engines; Events: Attend an upcoming webinar and/or virtual roadshow to meet fellow potential applicants in their region. To register, visit: https://nsfengines.eventbrite.com.; More below.; The NSF Directorate for Technology, Innovation and Partnerships, or TIP, is pleased to announce the launch of a bold, new initiative, the Regional Innovation Engines, or NSF Engines, program. This new program harnesses the Nation's science and technology research and development enterprise and regional-level resources to: Advance critical technologies; Address national and societal challenges; Foster partnerships across industry, academia, government, nonprofits, civil society, and communities of practice; Promote and stimulate economic growth and job creation; Spur regional innovation and talent; IMPORTANT RESOURCES: NSF Engines website: https://beta.nsf.gov/funding/initiatives/regional-innovation-engines; NSF Engines BAA: https://sam.gov/oppp/67236a938b4f49c5a582e6c57921e3bc/view; LEARN AND CONNECT WITH THE NSF ENGINES PROGRAM; Handout: Share the NSF Engines' program handout with your network.; Events: Attend an upcoming webinar and/or virtual roadshow to meet fellow potential applicants in their region. To register, visit: https://nsfengines.eventbrite.com.; Stay Connected: Subscribe to the NSF Engines newsletter for updates.
Dear Colleague:

We are excited to share the latest Research.gov proposal preparation functionality that is now available in Research.gov.

**New Research.gov Proposal Preparation Functionality Available May 2nd; New Postdoctoral Fellowship Proposal Type:** The Postdoctoral Fellowship proposal type is available in Research.gov for proposals submitted in response to postdoctoral fellowship solicitations that do not contain reference letter requirements. The postdoctoral fellowship solicitations will only display in Research.gov and be available for selection for proposers preparing a proposal as a Postdoctoral Scholar/PI. To initiate a postdoctoral fellowship proposal in Research.gov, the proposer must first have the Postdoctoral Scholar/PI role, which is different from the PI role.

- **Proposers can now upload multiple PDF documents in the Other Supplementary Documents proposal section and will no longer need to combine separate uploads of multiple supplementary documents:** Proposers now have the Postdoctoral Scholar/Principal Investigator (PI) role, which is different from the PI role. Additional guidance is available in the Add a New Role – Postdoctoral Fellowship Principal Investigator section of the Account Management Guide on the Research.gov About Account Management page.
- **Expanded Where to Apply Options:** Proposers now have the ability to choose additional Directorate/Division/Program options (i.e., secondary units of consideration) to direct proposals to NSF. Refer to the Managing Where to Apply topic FAQs on the Research.gov About Proposal Preparation and Submission page for additional information.
- **Project Data Form:** The Project Data Form is now available in Research.gov and must be included in proposals for selected funding opportunities in the Directorate for Education and Human Resources (EHR)/Division of Undergraduate Education (DUE). See the Project Data Form topic FAQs on the Research.gov About Proposal Preparation and Submission page for details.
- **Separate Uploads of Multiple Supplementary Documents:** Proposers can now upload multiple PDF documents in the Other Supplementary Documents proposal section and will no longer need to combine multiple PDF documents in the Other Supplementary Documents proposal section.

We strongly urge proposers to prepare and submit all eligible proposals in Research.gov now, to support a smooth transition from FastLane proposal preparation and submission to Research.gov proposal preparation and submission in January 2023.

Please see announcement from NSF below regarding important Research.gov enhancements, as well as NSF Public Access Repository (NSF-PAR) enhancements that took effect today. As a reminder, FastLane will no longer be an option for proposal preparation and submission beginning January 2023. Questions concerning NSF policies should be directed to your SPA Project Officer. [brought to our attention by Stephanie Scott]

**Additional Information:**
- **Feedback about the PAR 2.0 pilot may be submitted to publicaccess@nsf.gov**
- **Questions:** If you have IT system-related questions regarding the new functionality and enhancements, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or via email to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov.

**Regards,**

**Questions?**
documents into a single PDF prior to uploading.; **NSF Public Access Repository (NSF-PAR) Enhancements Effective May 2nd:** PIs and co-PIs can now remove research datasets from NSF-PAR without assistance from the NSF Help Desk by disassociating the NSF award(s) from the dataset. Disassociating all NSF awards from a dataset removes the dataset from the NSF-PAR publicly facing search.; Deposit of dataset information in NSF-PAR remains optional, and there are no changes at this time to NSF’s Public Access policy or project reporting requirements.; Training resources are available on the Research.gov About Public Access page. Information about the NSF Public Access Initiative including FAQs is available on the NSF Public Access Initiative page. Feedback about the PAR 2.0 pilot may be submitted to publicaccess@nsf.gov.; For information about Research.gov proposal functionality planned for release in the coming months, please see the Proposal Submission Capabilities on the Research.gov About Proposal Preparation and Submission page. All enabled proposal and submission types are also available to try out on the Research.gov Proposal Preparation Demo Site (you will be prompted to sign in to Research.gov if you are not already signed in). Demo site FAQs can be found on the Research.gov About Proposal Preparation and Submission page left navigation menu.; **Questions?** If you have IT system-related questions regarding the new functionality and enhancements, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or via email to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov.; Regards, National Science Foundation

**Additional Information:** Please see this important announcement from NSF regarding the required use of Research.gov, and the decommission of FastLane. Policy-related questions should always be directed to your SPA Project Officer. [brought to our attention by Stephanie Scott]; NSF sent the announcement below reminding the research community that FastLane will be decommissioned at the end of this calendar year. NSF currently requires the use of Research.gov for many program solicitations. See Program Descriptions that Require Proposal Preparation and Submission in Research.gov or Grants.gov, a document that identifies program descriptions requiring Research.gov preparation and submission and the associated effective date. This document will be updated on an ongoing basis.; Please see NSF's full announcement below, which contains training resources to assist you. For
Dear Colleague:

In accordance with Important Notice No. 147; many National Science Foundation (NSF) program solicitations now require the use of Research.gov for the preparation and submission of proposals. Be advised that NSF will now start requiring the use of Research.gov for the preparation and submission of proposals in response to program descriptions. As a reminder, FastLane is targeted to be removed as a submission option from all funding opportunities by December 31, 2022. Grants.gov will remain a submission option for most NSF proposals.; To assist the research community, NSF developed a dynamic listing of program descriptions that require submission in Research.gov. Follow these steps to determine if your proposal for a specific program description must be prepared and submitted in Research.gov: Access the relevant NSF.gov program description page (e.g., Magnetospheric Physics, PD 98-5750); View the advisory in the Program Guidelines section on the right side of the program description page and click on the link in the advisory: Alert: Many NSF programs are only accepting proposals in Research.gov or Grants.gov. FastLane may no longer be a submission option. For more information, please visit Program Descriptions that Require Proposal Preparation and Submission in Research.gov or Grants.gov.; The document will identify program descriptions requiring Research.gov preparation and submission and the associated effective date. This document will be updated on an ongoing basis as FastLane will be removed from all program descriptions as a proposal preparation and submission option by December 31, 2022.; Since many program solicitations also require submission in Research.gov, proposers should pay close attention to the requirements identified in those specific funding opportunities.; Research.gov Proposal Capabilities and Transition from FastLane Proposal Preparation; Nearly all FastLane proposal preparation and submission capabilities are now available in Research.gov. For details about the remaining proposal features that will soon be added to Research.gov, please see the Proposal Submission Capabilities table on the Research.gov About Proposal Preparation and Submission page. To stay informed about Research.gov and FastLane changes, we invite you to join our System Updates listserv. Sign up by sending a blank email to: system_updates-subscribe-request@listserv.nsf.gov.; NSF strongly encourages proposers to prepare and submit all supported proposals in Research.gov now, to facilitate a smooth transition from FastLane proposal preparation to Research.gov over the next several months. In addition, NSF relies on your vital feedback to help ensure the system is working as intended and to identify areas of improvement. Feedback may be submitted at https://www.research.gov/research-web/feedback.; Research.gov Proposal Preparation and Submission Training Resources; Research.gov About Proposal Preparation and Submission page; Frequently Asked Questions (FAQs) by topic; Video Tutorials; How-to Guides; Research.gov Proposal Preparation Demo Site (See the demo site FAQs on the Research.gov About Proposal Preparation and Submission page for access information and demo site features.); Research.gov Update and Demonstration presentation from the Fall 2021 NSF Virtual Grants Conference; Questions? If you have IT system-related questions, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or via rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov.; Regards, FastLane and Research.gov Teams at the National Science Foundation

Friday Newsletter 04/21/2023

**Sponsor:** NSF

**Deadline(s):** Effective October 4, 2021, the National Science Foundation (NSF) made a number of system updates for proposals submitted in Research.gov, FastLane, and Grants.gov in accordance with the implementation of the *Proposal & Award Policies & Procedures Guide (PAPPG)* (NSF 22-1); 10/04/2021 (Effective Date)

**Contact:** If you have IT system-related questions, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov

**Link(s):**
- https://research.columbia.edu/department-assignments
- https://www.nsf.gov/pubs/policydocs/pappg22_1/pappg_2.jsp#IE1

**Additional Information:** See NSF update below regarding system updates that were made yesterday in Research.gov and FastLane to align with the latest *Proposal & Award Policies & Procedures Guide (PAPPG)* (NSF 22-1); We’ll be reviewing some of these changes during next week’s Research Administration Forum, taking place on Wednesday, October 13th at 11am (click link for more information about the Forum); As always, please feel free to reach out to your SPA Project Officer should you have any questions; [brought to our attention by Stephanie Scott]; Now Available: New Proposal and Submission Types and System Enhancements to Support the Revised PAPPG (NSF 22-1); Dear Colleague: Effective October 4, 2021, the National Science Foundation (NSF) made a number of system updates for proposals submitted in Research.gov, FastLane, and Grants.gov in accordance with the implementation of the *Proposal & Award Policies & Procedures Guide (PAPPG)* (NSF 22-1). Please see the list of PAPPG (NSF 22-1) significant changes and clarifications for all of the updates. New proposal and submission types were also enabled in the Research.gov Proposal Submission System; New Proposal Types in the PAPPG; The PAPPG (NSF 22-1) incorporates two new “Other Types of Proposals”: Planning Proposals; Planning proposals must be prepared and submitted in Research.gov; Refer to PAPPG Chapter II.E.1 for Planning proposal requirements; Career-Life Balance (CLB) Supplemental Funding Requests; CLB supplemental funding requests must be prepared and submitted in FastLane; Refer to PAPPG Chapter II.E.8 for CLB supplemental funding request requirements; Updates to NSF-approved Biographical Sketch and Current and Pending Support Formats; The NSF-approved biographical sketch and current and pending support formats were updated to incorporate revisions in the PAPPG (NSF 22-1) and must be used for proposals submitted or due on or after October 4, 2021; The current formats are posted on the NSF biographical sketch and current and pending support websites. Updated system-related Frequently Asked Questions (FAQs) are also available: FAQs on using SciENcv and FAQs on using NSF fillable PDF. SciENcv documents created using the previous version (i.e., NSF 20-1) prior to October 4th are automatically converted in SciENcv to the current version after October 4th; Biographical sketch format updates include increasing the page limit from two to three pages.; Current and pending support format updates include the addition of new sections for information on objectives and overlap with other projects to help NSF and reviewers assess overlap/duplication.; Biographical sketches and current and pending support information also must be uploaded with Change of Principal Investigator (PI) and Add/Change co-PI requests in FastLane.; When notifying NSF that active other support has changed since the award was made, or since the most recent annual report, current and pending support information must be uploaded in annual and final project reports in the Research.gov Project Reporting System.; Research.gov, FastLane, and Grants.gov will generate a compliance error message if a proposer or grantee attempts to upload a prior version of the biographical sketch or current and pending support formats on or after October 4th.; Removal of Blank Pages from the Current and Pending Support Fillable PDF; Research.gov, FastLane, and Grants.gov will remove any pages which do not contain data entered by users (i.e., blank pages) from the NSF-approved current and pending support fillable PDF.; The trimming service is triggered in Research.gov and FastLane during document upload and during proposal submission in Grants.gov.; The trimming service only applies to the NSF-approved current and pending support fillable PDF and not to any other uploaded PDFs. Current and pending support PDFs generated in SciENcv do not include blank pages.; The current and pending support fillable PDF document is paginated, and the PDF page numbers will not be updated during the trimming process. This means that it is possible for the trimmed PDF to have skipped page numbers corresponding to the blank pages removed from the fillable PDF.; Research.gov Proposal Submission System Enhancements; The Grant Opportunities for Academic Liaison with Industry (GOALI) and Planning proposal types and the Letter of Intent submission type are now available for submission in Research.gov.; New
automated compliance checks and associated error and warning messages for the enabled proposal and submission types were also implemented. Error messages will prohibit proposal submission to NSF, whereas warning messages still permit proposal submission; All supported proposal and submission types as well as associated compliance checks are also enabled in the Research.gov Proposal Preparation Demo Site; New FAQs were added to the Research.gov About Proposal Preparation and Submission page, and the Proposal Submission Capabilities page has been updated to reflect the latest development updates; Research.gov proposal features continue to expand to support the transition of all proposal preparation and submission functionality from FastLane to Research.gov by a target date of December 31, 2022. Many NSF funding opportunities are supported in Research.gov and clearly specify whether submission via Research.gov is available or required.; Questions? If you have IT system-related questions, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov.; Regards, National Science Foundation

https://research.columbia.edu/nih-researcher-disclosure-requirements

**Additional Information:** NSF recently issued an announcement, Coming February 2022: Implementation of the New SAM UEI to Replace DUNS in NSF Systems. In summary, there is a government-wide initiative to phase out Dun & Bradstreet (DUNS) numbers, to be replaced with Unique Entity Identifier (UEI) numbers. These numbers are entity registration numbers required by the federal government in order to receive federal funds. Most electronic proposal submission systems request our DUNS numbers, either upon registering in that system, or on the cover page of a grant application. These systems will now require UEI numbers. Columbia already has UEI numbers for the Morningside and CUIMC campuses. This information can be obtained on our Institutional Information webpage.; NSF’s announcement provides an overview of how their proposal systems are transitioning to accommodate the new UEI numbering system. While these changes do not directly impact Columbia because we already have UEI numbers, any proposed subrecipients in NSF grant applications will need to have either DUNS or UEI numbers if they don’t already have them. **Beginning February 28th, subrecipients need to have UEI numbers and be registered in NSF systems, or you will be unable to include them as subawardees in the budget when preparing a proposal.** Attached you will find a two-page guidance document to assist you when preparing an NSF proposal containing subrecipients; The second important item related to this is we have **updated our outbound and inbound Subawards Pages** to include the UEI numbers, with additional minor revisions. Please begin using these forms anytime you propose subrecipients, regardless of sponsor. These updated forms can be found on our Internal Forms webpage, or you can access the following webpages containing the updated forms with more specific instructions about subawards: Subawards - Proposal Preparation (Columbia as Prime Recipient); Inbound Subawards (Columbia as Subrecipient); If you have questions concerning the attached guidance document, you can contact me; If you have IT system-related questions regarding NSF’s transition to the SAM UEI, please contact the NSF Help Desk at 1-800-381-1532 or rgov@nsf.gov.; Questions concerning grants policies and required subaward forms for proposals should be directed to your SPA Project Officer.

*Important* Are you ready for the new NIH Biosketch and Other Support requirements, effective January 25, 2022? For resources and FAQs to assist you, please see NIH Researcher Disclosure Requirements; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu ; Website: https://spa.columbia.edu/

[02/28/2022 Reminder/Update] I just wanted to send a reminder that beginning 02/28/2022, subrecipients need to have UEI numbers and be registered in NSF systems, or you will be unable to include them as subawardees in the budget when preparing an NSF proposal. See original announcement below; and attached guidance document.; NSF released another press release today to remind the research community of this. You may see emails from them. Our attached guidance document summarizes what you need to know and what to do.; If you have IT system-related questions regarding NSF’s transition to the SAM UEI, please
[NTW] [NATIONAL SCIENCE FOUNDATION]

Issuance of NSF Proposal and Award Policies and Procedures Guide (NSF 22-1)

Sponsor: National Science Foundation

Deadline(s): 10/04/2021 (Effective Date)

Contact: If you have any questions regarding these changes, please contact the DIAS/Policy Office at policy@nsf.gov.; Regards, Jean Feldman; Head, Policy Office; Division of Institution and Award Support; Office of Budget, Finance & Award Management; CU SPA Project Officer

https://www.nsf.gov/pubs/policydocs/pappg22_1/sigchanges.jsp
https://nsfpoilocoutreach.com/get-notified/

Additional Information: Issuance of NSF Proposal and Award Policies and Procedures Guide (NSF 22-1); See below announcement from NSF. They have released the latest version of the NSF Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 22-1), effective for proposals submitted or due on or after October 4, 2021. While this version of the PAPPG becomes effective on October 4, 2021, in the interim, the guidelines contained in the current PAPPG (NSF 20-1) continue to apply.; A listing of significant changes can be found here, and a condensed list of major changes are below. NSF will be hosting a webinar to review the significant changes, date to be determined. However, you can sign up here to be notified immediately when registration for the webinar is open. I’ll also provide that information once it becomes available.; One thing I’d like to highlight is that NSF will be increasing the page limit for the biographical sketch from two to three pages, effective for proposals submitted or due on or after October 4, 2021. Stay tuned for more information about that.; As always, feel free to contact your SPA Project Officer should you have any questions, and we’ll keep you posted of new developments.; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; sfs2110@columbia.edu ; Website: https://spa.columbia.edu/ ; Dear Colleagues: ; We are pleased to announce that a revised version of the NSF Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 22-1) has been issued.; The new PAPPG will be effective for proposals submitted or due on or after October 4, 2021. Significant changes include: A new section covering requests for reasonable and accessibility accommodations regarding the proposal process or requests for accessibility accommodations to access NSF’s electronic systems, websites and other digital content; A table entitled, NSF Pre-award and Post-award Disclosures Relating to the Biographical Sketch and Current and Pending Support. This table identifies where pre- and post-award current and pending support disclosure information must be provided. Proposers and awardees may begin using this table immediately; Increasing the page limit for the biographical sketch from two to three pages; Updates to the current and pending support section of NSF proposals to require that information on objectives and overlap with other projects is provided to help NSF and reviewers assess overlap/duplication; Adding planning proposals and Career-Life Balance supplemental funding requests as new proposal types; Updates to travel proposals will require that AORs certify that prior to the proposer’s participation in the meeting for which NSF travel support is being requested, the proposer will assure that the meeting organizer has a written policy or code-of-conduct addressing harassment.; You are encouraged to review the by-chapter summary of changes provided in the Introduction section of the PAPPG.; NSF plans to conduct a webinar covering these changes. Visit the NSF policy outreach website to sign up for notifications about this and other outreach events.; While this version of the PAPPG becomes effective on October 4, 2021, in the interim, the guidelines contained in the current PAPPG (NSF 20-1) continue to apply.; If you have any questions regarding these changes, please contact the DIAS/Policy Office at policy@nsf.gov.; Regards, Jean Feldman; Head, Policy Office; Division of Institution and Award Support; Office of Budget, Finance & Award Management

[NTW] [NATIONAL SCIENCE FOUNDATION (NSF)]
Statement by NSF Director Sethuraman Panchanathan on the President’s FY22 Budget Request

Sponsor: NSF  
Deadline(s): 05/28/2021 (Release Date)  
Contact: https://www.nsf.gov/help/contact.jsp  
https://www.whitehouse.gov/omb/budget/  
https://beta.nsf.gov/budget

Additional Information: May 28, 2021; Statement by NSF Director Sethuraman Panchanathan on the President’s FY22 Budget Request; President Proposes Crucial Investments to Advance the Frontiers of U.S. Science and Technology; The Biden-Harris Administration today submitted to Congress the President’s Budget for fiscal year 2022. As the Administration continues to make progress defeating the pandemic and getting our economy back on track, the Budget makes historic investments that will help the country build back better and lay the foundation for shared growth and prosperity for decades to come; “This request will bolster the U.S. economy and our leadership in critical and emerging areas of research and technological advancements, which are essential to our long-term economic and national security,” said NSF Director Sethuraman Panchanathan. “NSF’s mission is unique in supporting research across all fields of science, technology, engineering, and mathematics, and all levels of STEM education. Seven decades of experience building the necessary partnerships between federal, state, and local government, academia, and industry have produced remarkable results for the country. With this budget, we can rapidly scale our investments and build even stronger bridges between discovery, innovation, and commercialization.”; The Budget includes more details on what is proposed in the two historic plans the President has already put forward — the Americans Jobs Plan and the American Families Plan – and reinvests in education, research, public health, and other foundations of our country’s strength. At the U.S. National Science Foundation, the Budget would: Enhance Fundamental Research and Development. $9.43 billion, an increase of $1.55 billion above 2021 enacted level will support research across the spectrum of science, engineering and technology. This includes biological sciences; computer and information sciences; engineering; geosciences; math and physical sciences; social, behavioral, and economic sciences; and education. With this additional funding, NSF will continue to be the champion of basic and fundamental research and will strengthen it at speed and scale; Strengthen U.S. Leadership in Emerging Technologies. Includes the establishment of a new directorate for technology, innovation and partnerships within NSF to help translate research into practical applications. The directorate will work with programs across NSF and with other federal and non-federal entities to expedite technology development in emerging areas that are crucial for the United States’ technological leadership.; Advances Equity in Science and Engineering. +$100 million, an increase of about 50 percent, in funding for programs that aim to increase participation in science and engineering of individuals from racial and ethnic groups underrepresented in these fields. Funding will support curriculum design, research on successful recruitment and retention methods, development of outreach or mentorship programs, fellowships, and building science and engineering research and education capacity at historically black colleges and universities, and other minority-serving institutions.; Advances Climate Science and Sustainability Research. $1.2 billion for climate and clean energy-related research will fund a broad portfolio of research related to climate science and clean energy, including research on atmospheric composition, water and carbon cycles, modeling climate systems, renewable energy technologies, materials sciences, and social, behavioral, and economic research on human responses to climate change.; Continues Construction of Forefront Research Infrastructure. Invests in the continued construction of major NSF research facilities, including long-term upgrades of NSF’s major Antarctic infrastructure. It also supports construction of the Vera C. Rubin Observatory to enable astronomy research. In addition, the budget request seeks funding for the construction and procurement of smaller research facilities and equipment across the nation.; Enacting the Budget policies into law this year would strengthen our Nation’s economy and lay the foundation for shared prosperity, while also improving our Nation’s long-term fiscal health.; For more information on the President’s FY22 Budget, please visit: https://www.whitehouse.gov/omb/budget/; For more information on the NSF budget, please visit: https://beta.nsf.gov/budget; -NSF- [brought to our attention by Stephanie Scott / SPA]
Notice of Special Interest (NOSI): Improving Patient Adherence to Treatment and Prevention Regimens to Promote Health

**Sponsor:** Office of Behavioral and Social Sciences Research; National Center for Complementary and Integrative Health; National Cancer Institute; National Eye Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; *Eunice Kennedy Shriver* National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Nursing Research; Office of Disease Prevention; Office of Research on Women's Health

**Deadline(s):** 05/07/2021 (First Available Due Date); 06/08/2024 (Expiration Date)

**Contact:** Scientific/Research Contact(s): Wendy Nelson, PhD, MPh; National Cancer Institute (NCI); Telephone: 240-276-6971; Email: nelsonw@mail.nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-100.html

Dyadic Interpersonal Processes and Biopsychosocial Outcomes (R01 Clinical Trials Not Allowed)

**Sponsor:** NIH Basic Behavioral and Social Science Opportunity Network; National Cancer Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; *Eunice Kennedy Shriver* National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute of Dental and Craniofacial Research; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; Office of Behavioral and Social Sciences Research; Office of Research on Women's Health

**Deadline(s):** 02/05/2023; 05/08/2023 (Expiration)

**Contact:** William Elwood, PhD; Office of Behavioral and Social Sciences Research (OBSSR); Telephone: 301-402-0116; Email: william.elwood@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PAR-21-281.html

**Additional Information:** This FOA invites basic and/or methodological research projects that seek to illuminate or measure independent and interdependent health-related effects within dyads. For the purpose of this FOA, a *dyad* is a unit of two individuals whose interactions and influences on one another are nested within larger social contexts and networks. Both animal and human subjects research projects are welcome. Types of projects submitted under this FOA include but are not limited to, observational studies involving humans, or existing/synthesized datasets studies. Researchers proposing basic science experimental studies involving human participants (i.e., experimentally manipulate independent variables) should consider the companion FOA PAR-21-280 "Dyadic Interpersonal Processes and Biopsychosocial Outcomes (R01 Basic Experimental Studies with Humans)."

PA-23-115: AHRQ Small Research Projects to Advance the Science of Primary Care (R03)

**Sponsor:** Agency for Healthcare Research and Quality

**Deadline(s):** 06/16/2023; Standard dates; 03/19/2027 (Expiration)

**Contact:** Scientific/Research Contact(s): Patrick G. O'Malley MD, MPH; Director, National Center for Excellence in Primary Care Research; Center for Evidence and Practice Improvement; DHHS/Agency for Healthcare Research and Quality; Email: patrick.o'malley@ahrq.hhs.gov

**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PA-23-115.html
Notice of Special Interest (NOSI): Research Supplements to Promote Reentry and Reintegration into Health-Related Research Careers” (NOT-OD-21-134)

**Sponsor:** NIH Office of Research on Women’s Health

**Deadline(s):** 08/26/2021 (First Available Due Date); 10/07/2023 (Expiration)

**Contact:** Scientific Contact; Paul Cotton, Ph.D., RDN; Phone: (301) 496-1051; Email: NHLBI_DivReEntry@nhlbi.gov.

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-134.html

**Additional Information:** NIH NOSI supports returning biomedical researchers; NIH Office of Research on Women’s Health; NIH NOSI Supports Returning Biomedical Researchers; NIH has announced a new supplements program for researchers returning to biomedical careers after a qualifying absence. Under “Notice of Special Interest (NOSI): Research Supplements to Promote Reentry and Reintegration into Health-Related Research Careers” (NOT-OD-21-134), successful applicants will be able to participate in full- or part-time mentored research experiences through existing NIH research grants. Eligible for these reentry supplements are individuals whose research careers have been interrupted for at least 6 months because of family responsibilities or other qualifying circumstances. The reintegration supplements will enable individuals to find supportive scientific environments after departure from an unsafe or discriminatory environment resulting from unlawful harassment.; Most candidates for the reentry supplements will have a doctoral degree or equivalent; however, some awarding NIH Institutes and Centers may enable predoctoral students, including those enrolled in dual-degree programs, to apply. Postdoctoral and predoctoral students are eligible to apply for reintegration supplements to allow them to transition to a safe, supportive research environment and complete their graduate degrees.; Click here for more information, including detailed eligibility requirements and staff contacts. The first available due date for submissions is August 26, 2021, and the supplements program is set to expire on October 7, 2023.; Related Announcements: PA-20-272 - Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional)

Integrating Biospecimen Science Approaches into Clinical Assay Development (U01 Clinical Trial Not Allowed)

**Sponsor:** National Institutes of Health NIH; National Cancer Institute NCI

**Deadline(s):** 06/07/2024; 09/13/2024; 09/14/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Lokesh Agrawal, PhD; National Cancer Institute (NCI); Telephone:240-276-5718; Email: lokesh.agrawal@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/files/PAR-22-049.html

**Additional Information:** New Funding Opportunity Announcement: Integrating Biospecimen Science Approaches into Clinical Assay Development; NIH National Cancer Institute www.cancer.gov ; Announcement: Integrating Biospecimen Science Approaches into Clinical Assay Development – PAR 22-049 (Re-issue of PAR 18-947); Includes small biopsies (core biopsies, small excision samples), blood utilized for liquid biopsies, tissue swabs, tissue secretions, pleural and esophageal aspirates, feces, or bodily fluids like sweat, urine, CSF, breast milk and saliva.; This FOA seeks to: Support research to investigate and mitigate challenges facing clinical assay development due to biopsy specimen preanalytical variability in liquid biopsies and tissue biopsies ; Improve understanding of biopsy collection, processing, and storage procedures that may affect analytical performance for current and emerging clinical biomarkers; Serve to facilitate the development of clinical biomarker assays through evidence-based standardization of biopsy handling: Next Application Due Date: January 11th, 2022; Future Application Dates: June 7th, 2022, September 13th, 2022; For more information, please contact the program directors: Lokesh Agrawal, Ph.D.; Phone: (240) 276-5718; Email: lokesh.agrawal@nih.gov ; Abhi Rao, PhD.; Phone: (240) 276-5715; Email: abhi.rao@nih.gov ; Visit us on the web at http://biospecimens.cancer.gov
NOT-CA-23-004: Notice of Special Interest (NOSI): Utilization of Cohorts and Prospective Study Designs for Liquid Biopsy Assay Validation for Early Detection of Cancers

**Sponsor:** National Cancer Institute  
**Deadline(s):** 01/05/2023 (First Available Due Date); 07/02/2025 (Expiration Date)  
**Contact:** Please direct all inquiries to the Scientific/Research, Peer Review, and Financial/Grants Management contacts in Section VII of the listed funding opportunity announcements.; Scientific/Research Contact(s): Matthew Young, Ph.D.; National Cancer Institute (NCI); Telephone: 240-276-5846; Email: matthew.young@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-CA-23-004.html

RFA-CA-22-050: NCI Cancer Moonshot Scholars Diversity Program (CMSDP) (R01 Clinical Trial Optional)

**Sponsor:** National Cancer Institute  
**Deadline(s):** 06/06/2023; 02/06/2024; 02/07/2024 (Expiration)  
**Contact:** Scientific/Research Contact(s): Division of Cancer Prevention; Brandy Heckman-Stoddard, PhD, MPH; National Cancer Institute (NCI); Telephone: 240-276-7048; Email: brandy.heckman-stoddard@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/rfa-files/RFA-CA-22-050.html

**Additional Information:** Please note that two grant editing services for early-stage investigators are available through VP&S Office for Research. We highly recommend contacting the Office of Research more than one month in advance of your deadline to secure these services. More information can be found here: [https://research.ps.columbia.edu/content/grant-editing-service/](https://research.ps.columbia.edu/content/grant-editing-service/). If you are an New and Early-Stage Investigators | Division of Cancer Control and Population Sciences (DCCPS) interested in applying for this program, additional specific aims review and grant editing support is available through the HI CCC Office of Diversity, Equity, and Inclusion. Please contact Sandra Ryeom swr2117@columbia.edu or Jennifer Woo Baidal jw3286@cumc.columbia.edu for more information.

RFA-CA-22-028: Cancer Adoptive Cellular Therapy Network (Can-ACT) for Adult Cancers (UG3/UH3 Clinical Trial Required)

[NTW] [CLINICAL TRIALS]
NOT-OD-22-205: Continued Extension of Certain Flexibilities for Prospective Basic Experimental Studies With Human Participants

**Sponsor:** Office of The Director, National Institutes of Health OD  
**Deadline(s):** 08/30/2022 (Release Date)  
**Contact:** NIH Grants Information; Email: grantsinfo@od.nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-22-205.html  
**Additional Information:** Continued Extension of Certain Flexibilities for Prospective Basic Experimental Studies With Human Participants; **Notice Number:** NOT-OD-22-205; **Purpose:** This notice replaces NOT-OD-21-088. The purpose of this notice is to further extend interim policy flexibilities regarding registration and results reporting for a subset of NIH-funded research whose primary purpose is basic experimental studies with humans (BESH) submitted in response to BESH Funding Opportunity Announcements (FOAs). These studies, referred to in NOT-OD-18-212 as “prospective basic science studies involving human participants,” meet both the NIH definition of a “clinical trial” and also the definition of basic research. This additional extension will last through September 24, 2024. During this extension period, NIH will continue to work with the BESH community to achieve effective and efficient dissemination of information that is useful to other researchers and members of the public, while also maintaining the NIH commitment to stewardship and increasing transparency.

[NTW] [CLINICAL TRIALS]
PAR-22-205: NIAMS Clinical Trial Planning Grant (R34) - Clinical Trial Not Allowed

**Sponsor:** National Institute of Arthritis and Musculoskeletal and Skin Diseases

COVID-19 Campus Safety for Employees and Students

**Sponsor:** CUMC

**Deadline(s):** NA

**Contact:** If you have further questions or requests after reading this guide, please email cumchr@cumc.columbia.edu (link sends e-mail) or your Senior Human Resources Business Partner. If you have any COVID-19 specific questions, please email covid19questions@cumc.columbia.edu (link sends e-mail).

**Link(s):** https://www.cumc.columbia.edu/covid-19-resources-cumc/covid-19-campus-safety-employees-and-students

**Additional Information:** CUMC is focused on the safety of our health care providers, our staff, students and the patients we serve. In charting a path forward, CUMC is committed to continuing our missions of providing the finest clinical care, cutting edge research, and educating the next generation of leaders in science and medicine.

Notice of Special Interest (NOSI) - Emerging and Existing Issues of Coronavirus Disease 2019 (COVID-19) Research Related to the Health and Well-Being of Women, Children and Individuals with Physical and/or Intellectual Disabilities

**Sponsor:** Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute of Environmental Health Sciences; National Institute of Neurological Disorders and Stroke; Office of Behavioral and Social Sciences Research; Office of Research on Women’s Health

**Deadline(s):** 06/05/2022 (First Available Due Date); 06/06/2024 (Expiration Date)

**Contact:** Scientific/Research Contact(s): Robert Tamburro, MD, MSc; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-480-2619; Email: robert.tamburro@nih.gov

**Link(s):** http://grants.nih.gov/grants/guide/notice-files/NOT-HD-22-002.html

**Additional Information:** NOSI: Emerging and Existing Issues of Coronavirus Disease 2019 (COVID-19) Research Related to the Health and Well-Being of Women, Children and Individuals with Physical and/or Intellectual Disabilities; **FOA Number:** NOT-HD-22-002; **Key Dates:** First Available Due Date: June 5, 2022; Expiration Date: June 6, 2024; **Purpose:** The purpose of this funding opportunity is to provide an avenue for researchers to pursue funding to conduct research addressing these and other emerging and existing COVID-related issues among pregnant and lactating people, infants, children and adolescents, and individuals with physical and/or intellectual disabilities. The goal of this NOSI is to not replace or compete with the various COVID-related funding opportunities currently available. Instead, the purpose is to complement them by offering a funding opportunity to address key issues in a most timely manner not currently covered by available COVID-related funding announcements among these populations. Research projects addressing issues that are the focus of currently available or future COVID funding opportunity announcements will be encouraged to submit to those announcements. Also, applicants responding to this NOSI are strongly encouraged to describe plans for the rapid sharing of data and results as well as innovative data analytics approaches. The sharing of COVID-related data and resources and effective communication of results are a high priority of the NIH.; view NOT-HD-22-002

https://content.govdelivery.com/accounts/USNIHORWH/bulletins/2f561d2  
**Additional Information:** NIH releases NOSI on COVID-19’s impact on underserved and vulnerable populations; View it as a Web page. NIH NOSI to Support Studies on COVID-19’s Impact on Underserved and Vulnerable Populations; ORWH has announced its
participation in Notice of Special Interest (NOSI): Social, Behavioral, and Economic Impact of COVID-19 in Underserved and Vulnerable Populations (NOT-MH-21-330). The COVID-19 pandemic has demonstrated that prevention and mitigation strategies for the pandemic are uneven—for a range of reasons, including a lack of trust in health systems, economic circumstances, and challenges in sustaining long-term adherence, especially for underserved and vulnerable populations. By increasing our understanding of the multifaceted effects of the COVID-19 pandemic and public health interventions that mitigate risk and promote resilience in high-risk populations, we can improve the long-term response to the pandemic and prepare more effectively for future public health emergencies.; To strengthen the understanding and response to social, behavioral, and economic effects of the COVID-19 pandemic, NIH is encouraging the submission of applications that will: Address the roles and effects of interventions, particularly those under the umbrella of digital health, as well as community-engaged and multilevel interventions in health care settings to address access, reach, delivery, engagement, effectiveness, scalability, and sustainability of services that are utilized during and following the pandemic; Encourage the leveraging of existing large-scale data sources with broad population coverage to improve prediction of various mitigation efforts (including vaccinations, masking, and physical distancing) on transmission reduction and on social and economic effects and assess the downstream health and health care access effects, with an emphasis on underserved and vulnerable populations; The first submission date is October 5, 2021, and subsequent receipt dates will extend through September 8, 2024.

**[NTW] [NIH ANNOUNCEMENTS]**

**Updated Process for Submission of Federal Financial Reports for Closed Payment Management System Subaccounts**

**Sponsor:** National Institutes of Health  
**Deadline(s):** 06/01/2021 (Release Date)  
**Contact:** Please direct all system policy inquiries to: Systems Policy Branch; Office of Policy for Extramural Research Administration; OPERAsystemspolicy@nih.gov; Please direct inquiries for NIH Office of Financial Management (OFM) to: Don Geiger, OFM-GAB Branch Chief; don.geiger@nih.gov; (301) 402-5130

**Additional Information:** The purpose of this Notice is to provide instructions to NIH recipients who need to submit an SF-425 Federal Financial Report (FFR) for a closed subaccount (e.g. “C” status) in the HHS Payment Management System (PMS). The subaccount corresponds to the award document number in Section I of the Notice of Award.

**[NTW] [LIMITED COMPETITION]**

**Limited Competition: Promoting a Basic Understanding of Chemical Threats to Skin (R34 Clinical Trial Not Allowed)**

**Sponsor:** National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Allergy and Infectious Diseases  
**Deadline(s):** 02/16/2024; 06/16/2024; 09/08/2024 (Expiration)  
**Contact:** Scientific/Research Contact(s): Hung Tseng PhD; National Institute of Arthritis Musculoskeletal and Skin Diseases (NIAMS); Telephone: 301-496-0810; Email: tsengh@mail.nih.gov

**[NTW] [HEALTHCARE ASSOCIATED INFECTIONS (HAI)]**

**Large Health Services Research Demonstration and Dissemination Projects for Prevention of Healthcare-Associated Infections (R18)**

**Sponsor:** Agency for Healthcare Research and Quality
R²report
Friday Newsletter 04/21/2023

Deadline(s): Standard dates; 05/27/2025 (Expiration)
Contact: James Cleeman, MD; Division of Healthcare-Associated Infections; Center for Quality Improvement and Patient Safety; Agency for Healthcare Research and Quality; Telephone: (301) 427-1330; E-mail: james.cleeman@ahrq.hhs.gov

[NTW] [HEALTHCARE ASSOCIATED INFECTIONS]
Large Research Projects for Prevention of Healthcare-Associated Infections (R01)
Sponsor: Agency for Healthcare Research and Quality
Deadline(s): Standard dates; 05/27/2025 (Expiration)
Contact: Scientific/Research Contact(s); James Cleeman, MD; Division of Healthcare-Associated Infections; Center for Quality Improvement and Patient Safety; Agency for Healthcare Research and Quality; Telephone: (301) 427-1330; E-mail: james.cleeman@ahrq.hhs.gov

[NTW] [DIVERSITY]
Short-Term Research Education Program to Enhance Diversity in Health-Related Research (R25 Clinical Trial Not Allowed)
Sponsor: National Heart, Lung, and Blood Institute
Deadline(s): 08/09/2023; 02/23/2024; 02/24/2024 (Expiration)
Contact: Scientific/Research Contact(s); Paul Cotton, Ph.D., RDN; National Heart, Lung, and Blood Institute (NHLBI); Telephone: 301-435-0202; Email: paul.cotton@nih.gov

[NTW] [DIVERSITY]
Maintaining and Enriching Environmental Epidemiology Cohorts to Support Scientific and Workforce Diversity (U24 Clinical Trial Not Allowed)
Sponsor: National Institutes of Health NIH; Components of Participating Organizations; National Institute of Environmental Health Sciences NIEHS
Deadline(s): 02/13/2024; 02/14/2024 (Expiration)
Contact: Scientific/Research Contact(s); Melissa M. Smarr, PhD; National Institute of Environmental Health Sciences (NIEHS); Telephone: 984-287-4507; Email: melissa.smarr@nih.gov
Additional Information: RFA-ES-22-001: Maintaining and Enriching Environmental Epidemiology Cohorts to Support Scientific and Workforce Diversity has been published to the guide. The purpose of this Funding Opportunity Announcement is to solicit applications that propose to: (1) support the maintenance and resource infrastructure enrichment of existing Environmental Epidemiology Cohorts (EECs) and to (2) enrich data management and data sharing activities to promote widespread data sharing and scientific collaborations, while strengthening scientific and workforce diversity in environmental health.

[NTW] [DIVERSITY]
Reminder: Notice of NIH’s Encouragement of Applications Supporting Individuals from Underrepresented Ethnic and Racial Groups as well as Individuals with Disabilities
Sponsor: National Institutes of Health

**[NTW] [RESEARCH ADMINISTRATION FORUM]**

**Archival Research Administration Forum 10.13.2021 Requires CU uni login NIH Other Support and Biosketch town hall**

**SPA Project Officer**

**Video**

**Slides 61-76**

**NIH videos on transitioning to Login.gov**

**Overview of NIH eRA and 2FA**

**NIH FAQs on both Login.gov and InCommon Federated**

**Sponsor:** SPA

**Deadline(s):** 10/13/2021 (Event Date)
Additional Information: Thank you all for attending today’s Forum. The slides are available for you to view and download here. If you have any trouble downloading them, please email me directly (sometimes there are browser incompatibility issues). These slides contain many links to registrations to upcoming events and trainings, including: Tomorrow’s NIH Loan Repayment Program webinar; Next week’s NIH Other Support and Biosketch town hall; Next week’s training on the new Request for Outbound Subaward form, targeted for administrators; And many more. Please view these slides and feel free to register for anything applicable to you. I will still be sending separate emails announcing some of these upcoming events.; As always, please feel free to reach out to your SPA Project Officer should you have any questions; During yesterday’s Research Administration Forum, I provided an overview of transitioning to two-factor authentication (2FA) using Login.gov and/or InCommon Federated accounts (your Columbia UNI and password) in order to be able to access the NIH eRA Commons and other NIH modules. NIH is requiring everyone to transition to 2FA, but is taking a phased approach.; I recorded this segment of the Forum. You can watch the video here, and follow along with yesterday’s slide deck, see slides 61-76. I cover: Who needs to transition; When you need to transition; The two different options (Login.gov vs InCommon Federated); Essential tips for doing it correctly; Where to go for help; NIH also has their own videos and resources, but I do think listening to me explain it first will assist you in making decisions faster.; NIH Resources: NIH videos on transitioning to Login.gov ; Overview of NIH eRA and 2FA ; NIH FAQs on both Login.gov and InCommon Federated ; If after watching my video and reading NIH’s FAQs you feel you are in a unique situation then feel free to contact me.; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; sfs2110@cumc.columbia.edu ; Website: https://spa.columbia.edu/
Additional Information: Thank you to all who attended yesterday’s Research Administration Forum [on 04/11/2022]. The full slide deck is available here. We post all of our forum slides on a dedicated webpage called Research Administration Forums; The slide deck contains many hyperlinks to additional resources, policies and materials. Please let me know if you have any questions you’d like me to share with the panelists. Thank you! [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/

[NTW] [ENVIRONMENTAL/BIG DATA]
The HHEAR Data Center’s public data repository has recently been updated

**Sponsor:** HHEAR; Human Health Exposure Analysis Resource; **Sponsored by:** National Institute of Environmental Health Sciences (NIEHS) | New York State Foundation for Science, Technology and Innovation (NYSTAR)

**Deadline(s):** NA

**Contact:** HHEARsupport@msm.edu

**Link(s):** https://hheardatcenter.mssm.edu/
https://hheardatcenter.mssm.edu/Account/Login

**Additional Information:** HHEAR public data available! The HHEAR Data Center’s public data repository has recently been updated. To benefit the broader research community, the HHEAR Data Center hosts a public data repository that contains both de-identified original study and de-identified harmonized data from all studies accepted into the CHEAR and HHEAR program that have passed the embargo period. The goal of this repository is to promote the secondary analysis of pooled environmental health data by providing data in a manner that is findable, accessible, interoperable and reusable. The repository is searchable.
by a number of features and users are able to compile and download customized datasets from CHEAR and HHEAR research studies. The repository is updated periodically as studies come off embargo; To access both types of data, go to HHEAR Data Center website; Thank you, The HHEAR Coordinating Center; [update 01/2023] Publicly Available HHEAR Data; The HHEAR Data Center's public data repository has recently been updated. The repository contains de-identified study-specific epidemiologic and laboratory analysis data from HHEAR projects that have passed the embargo period; The HHEAR data repository also contains harmonized study data that can be combined for multiple HHEAR projects. Users are able to search and download customized datasets from these research studies; To access the data in the repository, go to the HHEAR Data Center Portal, select the login link on the top menu and follow the instructions to register or log in with your HHEAR username and password. Once logged in, from the top menu, select Studies to download study-specific files, or select Harmonized Data to create a custom dataset; The repository is updated periodically as projects pass embargo and complete the harmonization process; If you have any questions about using the HHEAR data repository, contact hhearsupport@mssm.edu.

HHEAR; Human Health Exposure Analysis Resource Webinar Series

Sponsor: HHEAR; Human Health Exposure Analysis Resource
Deadline(s): 01/13/2023 (First Event, others to be announced)
Contact: Contact | Human Health Exposure Analysis Resource (HHEAR) Program (hhearprogram.org) ; https://hhearprogram.org/contact
Link(s): https://hhearprogram.org/hhear-exposomics-webinar-series

Additional Information: HHEAR Exposomics Webinar: Computational Workflows for Untargeted Exposomics; HHEAR is hosting a series of webinars on several topics important to exposomics, a rapidly evolving approach in the contemporary biomedical sciences, which involves characterizing the totality of exposures and their effects on our health since conception; The seventh webinar in this series will take place Friday, January 13, at 2 p.m. EST. [this event will have occurred when the newsletter is distributed; the link provided lists subsequent events from this program] Oliver Fiehn, Ph.D., of University of California, Davis, and Xiuxia Du, Ph.D., of University of North Carolina at Charlotte, will discuss advances in computational resources for untargeted exposomics.; Computational workflows are key to understanding untargeted exposomics data. Drs. Fiehn and Du will discuss how computational workflows are utilized for extracting the tens of thousands of features in untargeted exposomics data, identifying and annotating the features, and predicting what compounds could have produced those features that do not have confident matches with existing in-house and publicly available compound databases.

**Link(s):** https://www.epa.gov/environmentaljustice/environmental-justice-grants-funding-and-technical-assistance

**Additional Information:** President Biden Releases $100 Million in Funding; $100 Million Available for Environmental Justice Grants; Last week, the U.S. government released $100 Million to help fund projects that advance environmental justice in underserved and overburdened communities. This funding is part of President Biden’s Inflation Reduction Act; It is the largest
amount of environmental justice grant funding ever offered by the EPA.; Think Big! Environmental Justice work goes far beyond projects that traditional environmental organizations are interested in, and you may not even realize you’re organization is doing it.; For these two RFPs, there is special priority for projects addressing: Climate change; Disaster resiliency and/or emergency preparedness; Projects located in and/or benefitting rural areas; Projects conducting Health Impact Assessments; [brought to our attention by grantwriters.net; grantgeek@grantwriters.net Cherily Sprague; C.sprague@grantwriters.net]

[NTW] [ENVIRONMENTAL HEALTH SCIENCES]
RFA-ES-23-004: Time-Sensitive Research Opportunities in Environmental Health Sciences (R21 Clinical Trial Not Allowed)
Sponsor: National Institute of Environmental Health Sciences
Deadline(s): 06/01/2023; 08/01/2025; 10/01/2025; 12/02/2025 (Expiration)
Contact: Scientific/Research Contact(s): Toccara Chamberlain, M.A.; National Institute of Environmental Health Sciences (NIEHS); Telephone: 984-287-4482; Email: toccara.chamberlain@nih.gov

[NTW] [HEALTH EQUITY]
Leveraging Health Information Technology (Health IT) to Address and Reduce Health Care Disparities (R01 Clinical Trial Optional)
Sponsor: National Institute on Minority Health and Health Disparities; National Eye Institute; National Institute on Aging; National Institute of Biomedical Imaging and Bioengineering; National Institute of Mental Health; National Library of Medicine
Deadline(s): 05/07/2025; 05/08/2025 (Expiration)
Contact: Scientific/Research Contact(s): Yewande A. Oladeinde, Ph.D.; National Institute on Minority Health and Health Disparities NIMHD; Telephone: 301-402-4307; Email: yewande.oladeinde@nih.gov

[NTW] [HEALTH EQUITY]
NOT-OD-22-179: Notice of Special Interest (NOSI): Addressing Evidence Gaps in Screening (nih.gov)
Sponsor: Office of Disease Prevention; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Arthritis and Musculoskeletal and Skin Diseases; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Institute of Nursing Research; Office of Dietary Supplements; Office of Research on Women’s Health
Deadline(s): 10/04/2022 (First Available Due Date); 05/08/2025 (Expiration Date)
Contact: Please direct all inquiries to the contacts in Section VII of the listed funding opportunity announcements with the following additions/substitutions: Melissa C. Green Parker, PhD; Office of Disease Prevention (ODP); Telephone: 301-480-1161; Email: melissa.greenparker@nih.gov

[NTW] [OUTSTANDING INVESTIGATOR AWARD]
NHLBI Outstanding Investigator Award (OIA) (R35 Clinical Trial Optional)
R²port
Friday Newsletter 04/21/2023

Sponsor: National Heart, Lung, and Blood Institute
Deadline(s): 02/15/2024; 04/26/2024 (Expiration)
Contact: Scientific/Research Contact(s); Division of Cardiovascular Sciences; Narasimhan Danthi, Ph.D.; Telephone: 301-451-5170; Email: ndanthi@nhlbi.nih.gov

[NTW] [OUTSTANDING INVESTIGATOR AWARD]
RFA-CA-22-045: NCI Outstanding Investigator Award (R35 Clinical Trial Optional)
Sponsor: National Cancer Institute
Deadline(s): 11/07/2024; 11/08/2024 (Expiration)
Contact: Scientific/Research Contact(s): Christine Siemon; National Cancer Institute (NCI); Telephone: 240-276-6266; Email: siemonc@nih.gov

[NTW] [EARLY INVESTIGATOR]
NHLBI Emerging Investigator Award (EIA) (R35 Clinical Trial Optional)
Sponsor: National Heart, Lung, and Blood Institute
Deadline(s): 02/15/2024; 04/26/2024 (Expiration)
Contact: Scientific/Research Contact(s); Division of Cardiovascular Sciences; Narasimhan Danthi, Ph.D.; Telephone: 301-451-5170; Email: ndanthi@nhlbi.nih.gov

[NTW] [EARLY STAGE RESEARCHERS]
PAR-23-156: Lasker Clinical Research Scholars Program (Si2/R00 Clinical Trial Optional)
Sponsor: National Institutes of Health; National Center for Complementary and Integrative Health; National Cancer Institute; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute on Deafness and Other Communication Disorders; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences; National Library of Medicine
Deadline(s): 08/25/2023; 08/26/2023 (Expiration)
Contact: Scientific/Research Contact(s); Charles R. Dearolf, Ph.D.; Director, Program Development and Support; Office of Intramural Research; Telephone: 301-402-1225; Email: LaskerScholar@nih.gov
Additional Information: This NOFO encourages applications for the Lasker Clinical Research Scholars Program for the purpose of supporting the research activities during the early stage careers of independent clinical researchers.

[NTW] [EARLY CAREER]
PAR-23-029: NCMRR Early Career Research Award (R03 Clinical Trial Optional)
Sponsor: Eunice Kennedy Shriver National Institute of Child Health and Human Development
Deadline(s): 03/28/2024; 03/28/2025; 03/29/2025 (Expiration)
Contact: Scientific/Research Contact(s); Maria Nurminskaya, PhD; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 240-591-9986; Email: Maria.nurminskaya@nih.gov
[NTW] [EARLY INVESTIGATOR/BEHAVIORAL]
RFA-MH-22-185: NIMH Biobehavioral Research Awards for Innovative New Scientists (NIMH BRAINS) (R01 Clinical Trial Optional)

**Sponsor**: National Institute of Mental Health  
**Deadline(s)**: 06/20/2023; 06/20/2025; 06/21/2025 (Expiration)  
**Contact**: Scientific/Research Contact(s); Eric R. Murphy, Ph.D.; National Institute of Mental Health (NIMH); Telephone: 301-443-9230; Email: eric.murphy@nih.gov

[NTW] [EARLY STAGE INVESTIGATOR]
Method to Extend Research in Time (MERIT) Award Extension Request (Type 4 Clinical Trial Optional)

**Sponsor**: National Cancer Institute  
**Deadline(s)**: 07/07/2021 (First Application Due Date); 12/02/2024 (Expiration)  
**Contact**: Scientific/Research Contact(s); For any scientific or research-related questions on this extension request opportunity, please contact the Program Officer listed on the NoA of the most recent parent award.

**Link(s)**: https://grants.nih.gov/grants/guide/pa-files/PAR-21-138.html

**Additional Information**: The first Application Due Date is July 7, 2021. NCI ESI MERIT Award Extension requests are due during the penultimate award year, either on March 1, July 1, or November 1. For more details, refer to the deadlines table for the NCI ESI MERIT Awards. Recipients are encouraged to contact the NCI program director and grants management specialist assigned to the R37 award for details. All applications are due by 5:00 PM local time of applicant organization. All types of non-AIDS applications allowed for this funding opportunity announcement are due on the listed date(s) Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date.

[NTW] [EARLY STAGE INVESTIGATOR]
Notice of Special Interest: Expanding the Otitis Media Research Workforce: Focus on Early Stage Investigators

**Sponsor**: National Institute on Deafness and Other Communication Disorders  
**Deadline(s)**: 01/25/2022 (First Available Due Date); 09/08/2025 (Expiration Date)  
**Contact**: Scientific/Research Contact(s); Bracie Watson, Jr., Ph.D.; National Institute on Deafness and Other Communication Disorders (NIDCD); Telephone: 301-402-3458; Email: watsonb@nidcd.nih.gov

**Link(s)**: https://grants.nih.gov/grants/guide/notice-files/NOT-DC-22-001.html

[NTW] [CLINICAL TRIALS]
PAR-22-189: Single-Site Investigator-Initiated Clinical Trials (R61/R33 Clinical Trial Required) (nih.gov)

**Sponsor:** National Heart, Lung, and Blood Institute  
**Deadline(s):** 09/11/2025; 09/12/2025 (Expiration)  
**Contact:** Scientific/Research Contact(s): Division of Blood Diseases and Resources; Nahed El Kassar, MD; National Heart, Lung, and Blood Institute (NHLBI); Telephone: 301-435-0065; Email: nahed.elkassar@nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PAR-22-189.html

[NTW] [CLINICAL TRIALS]

NIA Announces New Policy and Procedures for the Reporting of Human Subjects Enrollment Data for NIA Clinical Research Trials/Studies

**Sponsor:** National Institute on Aging  
**Deadline(s):** 06/17/2021 (Release Date)  
**Contact:** Holly Massett, Ph.D.; Senior Advisor, Clinical Research Recruitment & Engagement; Division of Extramural Activities; National Institute on Aging; Email: NIAclinicalresearch@nia.nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-AG-21-029.html  
**Additional Information:** The purpose of this Notice is to inform the research community of the National Institute on Aging (NIA) new policy and procedures for reporting enrollment data for clinical research trials/studies funded through an NIA funding mechanism (including grants, contracts, and cooperative agreements). This Notice details the new requirements, expectations of NIA-funded investigators, and impetus for the policy change.

[NTW] [P GRANTS]

NINDS Program Project Grant (P01 Clinical Trial Optional)

**Sponsor:** National Institute of Neurological Disorders and Stroke  
**Deadline(s):** 05/25/2021 (First Application Due Date); 01/25/2024; 05/08/2024 (Expiration)  
**Contact:** Scientific/Research Contact(s): David Owens, Ph.D.; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-496-9248; Email: do47h@nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PAR-22-181.html

[NTW] [P-AWARDS (PROGRAM PROJECTS)]

PAR-22-225: NIAID Investigator Initiated Program Project Applications (P01 Clinical Trial Not Allowed)

**Sponsor:** National Institute of Allergy and Infectious Diseases  
**Deadline(s):** 06/08/2023; 09/07/2025; 09/08/2025 (Expiration)  
**Contact:** Scientific / Research Contact(s); For the Division of AIDS (DAIDS): Martin Gutierrez, Ph.D.; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: 240-292-4844; Email: mgutierrez@niaid.nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PAR-22-225.html  
**Additional Information:** This Funding Opportunity Announcement (FOA) invites submission of investigator-initiated Program Project (P01) applications. The proposed programs should address scientific areas relevant to the NIAID mission including: biology and pathogenesis of infectious microbes, including HIV; host-microbe interactions; mechanisms regulating immune system development and function across the lifespan, and in response to infectious pathogens; immune dysfunction resulting in allergy, asthma, autoimmunity, immunodeficiency, or transplant rejection; and translational research to develop vaccines, therapeutics, and diagnostics to prevent and treat infectious and immune-mediated diseases. Each P01 application submitted
to this FOA must include at least two related, synergistic research projects that share a common central theme, focus, and/or overall objective; and an administrative core. A P01 may include scientific cores, if needed for the proposed research.

[NTW] [SUMMER RESEARCH]
Summer Research Education Experience Program (R25 Clinical Trial Not Allowed)

**Sponsor:** National Institute of Neurological Disorders and Stroke; National Institute on Alcohol Abuse and Alcoholism; National Institute of Biomedical Imaging and Bioengineering; National Institute on Drug Abuse; National Institute of Environmental Health Sciences  
**Deadline(s):** 03/19/2024; 05/08/2024 (Expiration)  
**Contact:** Laura E. Kwako, Ph.D.; National Institute on Alcohol Abuse and Alcoholism (NIAAA); Telephone: 301-451-8507; Email: laura.kwako@nih.gov  

[NTW] [CLINICIAN SCIENTISTS]  
Research Experiences to Enhance Clinician-Scientists' Participation in NIDCDs Research (R25 Clinical Trial Not Allowed)

**Sponsor:** National Institute on Deafness and Other Communication Disorders  
**Deadline(s):** 05/26/2023; 09/26/2023; 01/29/2024; 01/30/2024 (Expiration)  
**Contact:** Scientific/Research Contact(s); Alberto L. Rivera-Rentas, Ph.D.; National Institute on Deafness and Other Communication Disorders (NIDCD); Telephone: 301-496-1804  
Email: riverara@nidcd.nih.gov  

[NTW] [LIMITED COMPETITION]

Limited Competition: Clinical and Translational Science Awards (CTSA) Consortium-Wide Centers: Resources for Rapid Demonstration and Dissemination (U24 Clinical Trials Not Allowed)

**Sponsor:** National Center for Advancing Translational Sciences  
**Deadline(s):** 06/21/2023; 06/22/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); Audie Atienza, PhD; National Center for Advancing Translational Sciences (NCATS); Telephone: 301-435-0198; Email: Audie.Atienza@nih.gov  

[NTW] [PHYSICAL ACTIVITY]
Notice of Special Interest (NOSI): Developing and Testing Multilevel Physical Activity Interventions to Improve Health and Well-Being

**Sponsor:** Office of Disease Prevention; National Center for Complementary and Integrative Health; National Cancer Institute; National Institute on Aging; National Institute of Arthritis and Musculoskeletal and Skin Diseases; **Eunice Kennedy Shriver** National Institute of Child Health and Human Development; National Institute on Deafness and Other Communication Disorders; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Nursing Research; Office of Behavioral and Social Sciences Research; Office of Research on Women’s Health  
**Deadline(s):** 06/05/2021 (First Available Due Date); 02/16/2024 (Expiration)
**Report**

[NTW] [FOUNDATION FUNDING]  
HHMI Opens National Competition for Investigator Program | HHMI Deadline 03/21/2023  
**Sponsor:** HHMI; [Login](https://www.hhmi.org); [https://www.hhmi.org](https://www.hhmi.org)  
**Deadline(s):** 12/2022 (Applications open); 03/21/2023 (Application); 11/07/2023 (Semifinalists selected); 03/18/204 (Semifinalist symposium); 04/2024 (Finalists Selected)  
**Contact:** For questions about the competition or application process, email [sciencecomp@hhmi.org](mailto:sciencecomp@hhmi.org)  
**Link(s):** [https://www.hhmi.org/login](https://www.hhmi.org/login)  
**Additional Information:** HHMI Investigator Program; The Howard Hughes Medical Institute (HHMI) is announcing a national open competition to appoint approximately 25 new Investigators. This effort will expand HHMI’s community of more than 260 Investigators who perform basic biological research at about 60 research institutions across the nation.; **Funding** – Each HHMI Investigator will receive roughly $8 million over a seven-year term, which is renewable pending favorable scientific review.; **Timeline** – Application opens – December 2022; Application deadline – March 21, 2023; March received by March 21, 2023.; Semifinalists will be selected – November 7, 2023; Semifinalist Symposium – March 18, 2024; Finalists Selected – April 2024; HHMI Investigator appointments starting as early as September 1, 2024.; **Eligibility** – Applicants must: Hold a PhD and/or MD
(or the equivalent); Have a tenured or tenure-track position as an assistant professor or higher academic rank (or the equivalent) at an eligible US institution. Federal government employees are not eligible.; Have more than five, but no more than 15, years of post-training, professional experience. To meet this requirement, the applicant’s first post-training professional appointment must have begun no earlier than March 1, 2008, and no later than April 1, 2018.; Be principal investigator on one or more active, national peer-reviewed research grants with an initial duration of at least three years as of April 1, 2023. Mentored awards and training grants do not qualify. Multi-investigator grants may qualify.; Applicants can establish eligibility now via the HHMI Application and Review Channel (ARC) https://arc.hhmi.org/login. Summary: HHMI is the largest private biomedical research institution in the nation. Our scientists make discoveries that advance human health and our fundamental understanding of biology. We also invest in transforming science education into a creative, inclusive endeavor that reflects the excitement of research.; Upon appointment, selected scientists become HHMI employees while retaining academic appointments and laboratories at their respective institutions. HHMI provides each Investigator with a full salary, employee benefits, and research budget during their term. The Institute will also cover other expenses, including the purchase of critical equipment.; Through the HHMI Investigator Program, the Institute has joined with roughly 60 US universities, hospitals, institutes, and medical schools to create an environment that provides flexible, long-term support for HHMI scientists and members of their research teams. HHMI Investigators are widely recognized for their creativity and research accomplishments: more than 150 HHMI Investigators are members of the National Academy of Sciences, and 33 current or former HHMI Investigators have been awarded the Nobel Prize. HHMI will appoint approximately 25 new Investigators through a national open competition.; For questions about the competition or application process, email sciencecomp@hhmi.org; Program URL: https://www.hhmi.org/news/hhmi-opens-national-competition-investigator-program; [brought to our attention by] Limited Submissions; C O L U M B I A | R E S E A R C H ; Office of the Executive Vice President for Research; Columbia University in the City of New York; To view current limited submission programs please visit: https://columbia.infoready4.com/#limitedsubmissions

[NTW] [DEPARTMENT OF DEFENSE]

DoD/CDMRP - COVID-19 Impact on Research Awards

[No Link Provided]

CDMRP continues to be concerned about the impacts of COVID-19 on Service Members and the public. We are aware of the challenges it poses and are tracking some of the impacts to current awardees and ongoing research. While not every program will have financial resources available to assist, awareness of any significant unresolved issues affecting current research awards is important.; The intent of this notice is to remind recipients of the requirements in 32 CFR Part 1134, Subpart E Other Reporting. This provision specifies the requirement for recipients to disclose significant developments as soon as they become known. These include problems, delays, or adverse conditions that will materially impair your ability to meet the objectives of your awards.; Disclosures of significant developments may be made on your next interim performance report or at any point between scheduled performance reporting dates by contacting the Science Officer or Grant Specialist assigned to your award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation

**Sponsor:** Department of Defense

**Deadline(s):** NA

**Contact:** For questions concerning this notice, please contact the Grants Specialist and Science Officer or Grants Officer’s Representative listed in your award

JUST RELEASED! FY23 DOD Program Announcements for the Peer Reviewed Cancer, Prostate Cancer and Tick-Borne Disease Research Programs; This e-mail is to notify the research community of recently released Fiscal Year 2023 (FY23) funding opportunities for the Department of Defense (DOD) programs managed by the office of Congressionally Directed Medical Research Programs (CDMRP); This is to notify the research community that funding announcements continue to be released by the Department of Defense (DOD) programs managed by the office of Congressionally Directed Medical Research Programs (CDMRP); Each program contains its own set of pre-application and full proposal deadlines and eligibility criteria. For more information, see their Department of Defense (DOD) FY 23 Open Funding Opportunities, Congressionally Directed Medical Research Programs (health.mil) webpage. Below are the programs that were announced today. You can also subscribe to be alerted from DoD about new funding opportunities related to your specific area of interest; [brought to our attention by Stephanie Scott] A pre-application is required and must be submitted through the electronic Biomedical Research Application Portal (eBRAP) at https://eBRAP.org prior to the pre-application deadline. All applications must conform to the final Funding Opportunities/Program Announcements and General Application Instructions which can be found on the Grants.gov website https://Grants.gov.; A listing of all CDMRP and other USAMRDC extramural funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.; New for FY22: The applicant organization must be registered as an entity in SAM https://www.sam.gov/SAM/ and receive confirmation of an "Active" status before submitting an application through Grants.gov. As published in the Federal Register 10 July 2019 https://www.federalregister.gov/documents/2019/07/10/2019-14665/unique-entity-identification-standard-for-awards-management, the Unique Entity Identifier for awards management generated through SAM will replace the Data Universal Numbering System (DUNS) number as of April 2022. CDMRP has transitioned to use of the Unique Entity Identifier (SAM) and will utilize the latest SF 424 which includes the UEI. The DUNS will no longer be accepted.; For email notification when CDMRP funding opportunities are released, subscribe to program-specific news and updates under "Email Subscriptions" on the eBRAP homepage at https://eBRAP.org. For more information about the CDMRP-administered programs, please visit the CDMRP website https://cdmrp.army.mil/; For more information on types of funding opportunities offered and application strategies review the CDMRP Webinar Series: https://cdmrp.army.mil/pubs/Webinars/webinar_series/; To be added or removed from this email list please use the "Subscribe/unsubscribe" to program specific news and updates at https://ebrap.org.; Point of Contact: CDMRP Public Affairs; 301-619-9783; usarmy.detrick.medcom-cdmrp.mbx.cdmrp-public-affairs@health.mil

Press Release: FY22 Breast Cancer Research Program, Congressionally Directed Medical Research Program

**Sponsor:** Department of Defense; https://cdmrp.health.mil

**Deadline(s):** NA, anticipated funding announcement

**Contact:** help@ebраМ.org

**Link(s):** https://cdmrp.health.mil/pubs/press/2022/22bcrppreann3

**Additional Information:** pre-announcement/anticipated funding opportunity on the Department of Defense’s Congressionally Directed Medical Research Programs (CDMRP) Breast Cancer Research Program (BCRP) broadly. See the press release that was published today, with more information below: Press Release: FY22 Breast Cancer Research Program, Congressionally Directed Medical Research Program (https://cdmrp.health.mil/); As a quick reminder, Columbia has a license to Pivot, a searchable funding opportunity database where you can tailor your search for funding opportunities, and create email alerts when an opportunities are available based on your search criteria. More information on Pivot can be found at Find Funding Using Pivot. [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development; Columbia | Research; Sponsored Projects Administration; Columbia University & Columbia University Irving Medical Center; Email: stephanie.scott@columbia.edu; Website: https://spa.columbia.edu/; DOD Breast Cancer Research Program Anticipated Funding Opportunity; Department of Defense; Congressionally Directed Medical Research Programs (CDMRP); Breast Cancer Research Program (BCRP); Anticipated Funding Opportunity for Fiscal Year 2022 (FY22); The FY22 Defense Appropriations Act provides funding for the BCRP to support innovative, high-impact research with clinical relevance that will accelerate progress to end breast cancer for Service Members, Veterans, and the general public. The managing agent for the anticipated funding opportunity is the CDMRP at the U.S. Army Medical Research and Development Command (USAMRDC); The BCRP is providing the information in this pre-announcement to allow investigators time to plan and develop ideas for submission to the anticipated FY22 funding opportunity. This pre-announcement should not be construed as an obligation by the government. The FY22 BCRP funding opportunity announcement for the following award mechanism will be posted on the Grants.gov website. Pre-application and application deadlines will be available when the announcement is released.; Applications submitted to the FY22 BCRP must address one or more of the following overarching challenges: Prevent breast cancer (primary prevention); Identify determinants of breast cancer initiation, risk, or susceptibility; Distinguish deadly from non-deadly breast cancers; Conquer the problems of overdiagnosis and overtreatment; Identify what drives breast cancer growth; determine how to stop it; Identify why some breast cancers become metastatic; Determine why/how breast cancer cells lie dormant for years and then re-emerge; determine how to prevent lethal recurrence; Revolutionize treatment regimens by replacing them with ones that are more effective, less toxic, and impact survival; Eliminate the mortality associated with metastatic breast cancer; Press Release: FY22 Breast Cancer Research Program, Congressionally Directed Medical Research Program; Clinical Research Extension Award NEW for FY22; Investigators at all academic levels (or equivalent); Supports research that extends the data collection, follow-up, and analysis of breast cancer clinical research studies.; The intent of this mechanism is to increase the clinically relevant impact of breast cancer patient participation in clinical research by addressing the knowledge lost due to limited or early termination of patient follow-up and sample collection and analysis.; Although not all-inclusive, research proposed under this mechanism may entail a deeper molecular analysis of clinical samples, initiation of new correlative studies, biomarker validation, or continuing clinical follow-up of patients currently/previous enrolled in an open/ongoing or completed clinical trial.; Principal Investigators (PIs) are required to include two or more breast cancer advocates on their research team.; Partnering PI Option allows two PIs, termed Initiating and Partnering PIs, to partner on a single application.; Submission of a Letter of Intent is required prior to full application submission.; Clinical trials are not allowed.; Maximum funding of $5 million (M) for direct costs (plus indirect costs); Maximum period of performance is 4 years; Partnering PI Option: Maximum funding of $6M for direct costs (plus indirect costs); Maximum period of performance is 4 years; A pre-application is required and must be submitted through the electronic Biomedical Research Application Portal (eBRAP) at https://eBRAP.org prior to the pre-application deadline. All applications must conform to the final Funding Opportunities/Program Announcements and General Application Instructions which can be found on the Grants.gov website https://Grants.gov.; A listing of all CDMRP and other USAMRDC extramural funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.; New for FY22: The applicant organization must be registered as an entity in SAM https://www.sam.gov/SAM/ and receive confirmation of an “Active” status before submitting an application through
Grants.gov. As published in the Federal Register 10 July 2019, the Unique Entity Identifier for awards management generated through SAM will replace the Data Universal Numbering System (DUNS) number as of April 2022. CDMRP has transitioned to use of the Unique Entity Identifier (SAM) and will utilize the latest SF 424 which includes the UEI. The DUNS will no longer be accepted.; For email notification when CDMRP funding opportunities are released, subscribe to program-specific news and updates under “Email Subscriptions” on the eBRAP homepage at https://eBRAP.org. For more information about the CDMRP-administered programs, please visit the CDMRP website https://cdmrp.army.mil; For more information on types of funding opportunities offered and application strategies review the CDMRP Webinar Series: https://cdmrp.army.mil/pubs/Webinars/webinar_series.; To be added or removed from this email list please use the "Subscribe/unsubscribe" to program specific news and updates at https://ebrap.org.; Point of Contact: CDMRP Public Affairs; 301-619-9783; usarmy.detricken.medcom-cdmrp.mbx.cdmrp-public-affairs@health.mil

Notice of Information: High Priority Countries for the Center for Global Mental Health Research
Sponsor: National Institute of Mental Health
Deadline(s): 07/08/2022 (Release Date)
Contact: Please direct all inquiries to: Leonardo Cubillos, MD, MPH; Director - Center for Global Mental Research; National Institute of Mental Health (NIMH); Email: leonardo.cubillos@nih.gov

Additional Information: Purpose: In accordance with our mission, the Center for Global Mental Health Research (CGMHR) at the National Institute of Mental Health (NIMH) is issuing this notice to inform the extramural research community that the CGMHR will prioritize applications with foreign components where research will take place in low- and middle-income countries (LMICs). This prioritization will apply to investigator-initiated research applications.

[NTW] [MENTAL HEALTH DISORDERS]

Notice of Special Interest (NOSI): Dissemination and Implementation Research to Advance Mental, Emotional, and Behavioral Health Preventive Interventions in School Settings

Sponsor: National Center for Complementary and Integrative Health; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; Office of Behavioral and Social Sciences Research; Office of Disease Prevention; Office of Research on Women’s Health

Deadline(s): 06/05/2022 (First Available Due Date); 06/05/2024 (Expiration Date)

Contact: Scientific/Research Contact(s): NCCIH: Beda Jean-Francois, Ph.D.; National Center for Complementary and Integrative Health (NCCIH); Telephone: 202-313-2144; Email: Beda.Jean-Francois@nih.gov

Additional Information: NOSI: Dissemination and Implementation Research to Advance Mental, Emotional, and Behavioral Health Preventive Interventions in School Settings; FOA Number; NOT-AT-22-004; Key Dates; First Available Due Date: June 5, 2022; Expiration Date: June 5, 2024; Purpose: The purpose of this Notice of Special Interest (NOSI) is to stimulate dissemination and implementation research to support innovative approaches to identifying, understanding, and developing strategies for overcoming barriers to the adoption, adaptation, integration, scale-up and sustainability of evidence-based preventive interventions to support children’s mental, emotional, and behavioral (MEB) health in school settings. This NOSI encourages applications which focus on dissemination and implementation research to deliver interventions in the school setting that will promote healthy MEB development and/or prevent MEB disorders. Applications should include a focus on one of the following: (1) primary/universal prevention MEB programs designed to promote healthy MEB development by decreasing risk factors and increasing protective factors to prevent onset of an MEB disorder; or (2) secondary/selective prevention programs designed to support screening and early identification of MEB disorders to slow progression with early intervention. Applications focused on tertiary/indicated treatment of MEB disorders will be considered non-responsive to this Notice.; View NOT-AT-22-004

[NTW] [MATERNAL AND CHILD HEALTH]

**Announcement of Childcare Costs for Ruth L. Kirschstein National Research Service Award (NRSA) Individual Fellows**

Extramural Nexus

**How do I request childcare costs in my fellowship application**

**Sponsor:** NIH  
**Deadline(s):** 03/15/2021 (Release Date)  
**Contact:** Please direct all grants policy inquiries to: NIH Office of Policy for Extramural Research Administration; Division of Grants Policy; Email: grantspolicy@nih.gov; For general inquiries about fellowships and career development programs please contact: Division of Biomedical Research Workforce; Office of Extramural Research; Website: [https://researchtraining.nih.gov](https://researchtraining.nih.gov); Email: NIHTrain@mail.nih.gov  
https://nexus.od.nih.gov/all/2021/03/02/announcement-of-childcare-costs-for-ruth-l-kirschstein-national-research-service-award-nrsa-supported-individual-fellows/  
https://nexus.od.nih.gov/all/2021/03/19/how-do-i-request-childcare-costs-in-my-fellowship-application/  

**Additional Information:** Earlier today, NIH issued corrected instructions to request childcare costs for recipients of NRSA individual fellowships. See [NOT-OD-21-074](https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-074.html), which replaces to announcement NOT-OD-21-069 referenced below. NIH also updated its FAQs. If you have any questions regarding how to make the request in a fellowship application, RPPR, or administrative supplement, please contact your SPA Project Officer. We’ll provide you with any updates [brought to our attention by] Stephanie Scott, Announcement of Childcare Costs for Ruth L. Kirschstein National Research Service Award (NRSA) Supported Individual Fellows; This week NIH announced a new policy to allow for childcare support costs to recipients of NRSA individual fellowships (i.e., F31, F32, etc.). These costs must be specifically requested in new, continuation applications or through administrative supplements beginning on or after April 8, 2021. Please read the full announcement at [NOT-OD-21-069](https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-069.html), the FAQs, and supplementary information below.; **Some key takeaways:** The policy applies to full-time NIH-NRSA supported individual fellowship applicants and awardees. However, additional information is forthcoming later this year regarding expanding the policy to trainees on institutional training grants, anticipated for FY2022.; Each fellow is eligible to receive $2,500 per budget period for childcare costs. The childcare cost amount is not determined by number of children.; Childcare costs are permitted for dependent children living in the eligible fellow’s home from birth under the age of 13, or children who are disabled and under age 18.; Eligible childcare is care that is licensed and/or regulated by state and/or local authorities. See FAQs for more details.; At a minimum, recipients must obtain and retain documentation verifying that a childcare provider is licensed and/or regulated by state and/or local authorities, and must document that the fellow is eligible to receive the childcare costs and has eligible dependents.; The childcare cost is restricted for that purpose and cannot be rebudgeted without prior written approval from the NIH awarding IC.; If you have any questions regarding how to make the request in the fellowship application, RPPR, or administrative supplement, please contact your SPA Project Officer. The announcement [NOT-OD-21-069](https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-069.html), and the FAQs, provide instructions on how to make the childcare support request.; We’ll provide further guidance on these new costs at a later date.; **Feed:** NIH Extramural Nexus; **Posted on:** Tuesday, March 2, 2021 11:40 AM; **Author:** Mike Lauer; **Subject:** Announcement of Childcare Costs for Ruth L. Kirschstein National Research Service Award (NRSA) Supported Individual Fellows; **View article.**; Subsequently, NIH posted this blog, with screen shot, to assist applicants with the request for childcare costs. If you have any questions regarding how to make the request in a fellowship application, RPPR, or administrative supplement, please contact your SPA Project Officer. We’ll provide you with any updates.

Additional Information: NIH issues funding opportunity for studies on mitigating sexual harassment in the biomedical research enterprise; National Institutes of Health; Office of Research on Women's Health; NIH issues funding opportunity for studies on mitigating sexual harassment in the biomedical research enterprise (govdelivery.com); NIH NOSI to Support Studies on Mitigating Sexual Harassment in the Biomedical Research Enterprise; ORWH has announced its participation in Notice of Special Interest (NOSI): Interventions Designed to Change the Culture to Mitigate or Eliminate Sexual Harassment in the Biomedical Research Enterprise NOT-OD-21-150. The cumulative effect of sexual harassment has a devastating and costly impact on individuals and the Nation. There are emotional, physical, mental, and legal consequences, which may have a direct impact on individual performance and career advancement, as well as social and fiscal effects on institutional settings, students, and co-workers.; The National Academies of Sciences, Engineering, and Medicine report titled Sexual Harassment of Women: Climate, Culture, and Consequences in Academic Sciences, Engineering, and Medicine demonstrates the urgent need to develop new partnerships to address this challenging problem. NIH is encouraging applications to test interventions that would be designed to change the culture and mitigate or eliminate sexual harassment in the biomedical research enterprise.; The first available due date for funding opportunity submissions is October 13, 2021, and subsequent receipt dates will extend through October 14, 2023.

[NTW] [SUBSTANCE USE DISORDERS/HIV]
NOT-DA-23-013: Notice of Special Interest (NOSI): Research to Address Ending the HIV
Epidemic Initiative Goals Relevant to Substance Using Populations At-Risk for or Living with HIV

**Sponsor:** National Institute on Drug Abuse  
**Deadline(s):** 02/05/2023 (First Available Due Date); 02/08/2027 (Expiration Date)  
**Contact:** Please direct all inquiries to the Scientific/Research, Peer Review, and Financial/Grants Management contacts in Section VII of the listed funding opportunity announcements; Scientific/Research Contact(s): Vasundhara Varthakavi, PhD; National Institute on Drug Abuse (NIDA); Telephone: 301-443-2146; Email: vasundhara.varthakavi@nih.gov  

**Additional Information:** Purpose: The purpose of this NOSI is to support a broad spectrum of multi-disciplinary, substance use research to address the goals of the four pillars, including Diagnose, Treat, Prevent, and Respond of the 'Ending the HIV Epidemic in the U.S. (EHE)’ initiative. Projects proposed in response to this NOSI are required to meet the needs of the substance using populations who are at high risk for contracting HIV or living with HIV in the geographically defined EHE priority areas within the U.S.

**[NTW] [SUBSTANCE USE DISORDERS/HIV]**  
**PAR-23-269: NIDA Avant-Garde Program for HIV and Substance Use Disorder Research (DP1 Clinical Trial Optional)**  
**Sponsor:** National Institute on Drug Abuse  
**Deadline(s):** 08/15/2023; 08/14/2024; 08/14/2025; 08/15/2025 (Expiration)

Accelerating the Pace of Drug Abuse Research Using Existing Data (R21 Clinical Trial Optional)

**Sponsor:** National Institute on Drug Abuse

**Deadline(s):** 03/04/2024; 08/05/2024; 11/15/2024; 11/16/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Marsha F. Lopez, Ph.D., M.H.S.; National Institute on Drug Abuse (NIDA); Telephone: 301-443-6504; Email: marsha.lopez@nih.gov

Notice of Special Interest (NOSI): Epidemiology and Prevention of Alcohol Misuse in Understudied Young Adult Populations; Military, Workforce, and Community College
Notice of Special Interest (NOSI): Reducing Stigma Related to Drug Use in Human Service Settings

Sponsor: National Institute on Drug Abuse; National Institute of Mental Health
Deadline(s): 02/05/2022 (First Available Due Date); 01/08/2025 (Expiration Date)
Contact: Please direct all inquiries to the contacts in Section VII of the listed funding opportunity announcements with the following additions/substitutions: Richard A. Jenkins PhD; National Institute on Drug Abuse (NIDA); Telephone: 301-443-1923; Email: jenkinsri@mail.nih.gov

Notice of Special Interest (NOSI): International Research Collaboration on Drug Abuse and Addiction Research

Sponsor: National Institute on Drug Abuse
Deadline(s): 10/05/2021 (First Available Due Date); 09/08/2024 (Expiration Date)
Contact: Please direct all inquiries to the Scientific/Research, Peer Review, and Financial/Grants Management contacts in Section VII of the listed funding opportunity announcements.; Steve Gust, Ph.D.; National Institute on Drug Abuse (NIDA); Telephone: 301-402-1118; Email: sgust@nida.nih.gov

Notice of Special Interest (NOSI): Human Molecular Genetics of Substance Use Disorders

Sponsor: National Institute on Drug Abuse (NIDA)
Deadline(s): 06/05/2020 (First Available Due Date); 09/08/2023 (Expiration Date)
Contact: Scientific/Research Contact(s); Jonathan D. Pollock, Ph.D.; National Institute on Drug Abuse (NIDA); Telephone: 301-435-1309; Email: pollock@mail.nih.gov
Additional Information: Notice of Special Interest (NOSI): Human Molecular Genetics of Substance Use Disorders; https://grants.nih.gov/grants/guide/notice-files/NOT-DA-20-030.html; Application Due Dates: Standard Due Dates Apply.; This Notice encourages applications for research projects that identify, validate and/or functionally characterize loci, genetic variations and haplotypes that are associated with vulnerability to addiction and that potentially inform the likelihood of responsiveness to treatment. Data may be collected from the general population, special populations, recent admixed populations, and/or electronic medical records (EMR). Secondary data analysis of data collected from the general population, special populations, recent admixed populations, and/or animal models is also appropriate for this notice. Investigators are encouraged to include...
functional characterization, gene x gene interactions, gene x environment interactions, and gene x environment x development interactions.

[NTW] [SUBSTANCE USE DISORDERS]
Mechanisms of Alcohol Tolerance (R21/R33 Clinical Trial Optional)
Sponsor: National Institute on Alcohol Abuse and Alcoholism
Deadline(s): 02/16/2024; 06/16/2024; 09/08/2024 (Expiration)
Contact: Scientific/Research Contact(s); Elizabeth Powell, PhD; National Institute on Alcohol Abuse and Alcoholism (NIAAA); Telephone: 301-443-0786; Email: elizabeth.powell3@nih.gov

[NTW] [SUBSTANCE USE DISORDERS]
HEAL Initiative: Planning Studies for Initial Analgesic Development [Small Molecules and Biologics] (R61 Clinical Trial Not Allowed)
Sponsor: National Institute of Neurological Disorders and Stroke; National Center for Complementary and Integrative Health; National Eye Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Arthritis and Musculoskeletal and Skin Diseases; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute of Dental and Craniofacial Research; National Institute of Mental Health
Deadline(s): 06/09/2023; 10/10/2023; 10/11/2023 (Expiration)
Contact: Scientific/Research Contact(s); Michael L. Oshinsky, PhD; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-496-9964; Email: michael.oshinsky@nih.gov

[NTW] [SUBSTANCE USE DISORDERS]
NIDA Animal Genomics Program (U01 Clinical Trial Not Allowed)
Sponsor: National Institute on Drug Abuse
Deadline(s): 07/26/2023; 03/04/2024; 03/05/2024 (Expiration)
Contact: Scientific/Research Contact(s); Amy C. Lossie, PhD; National Institute on Drug Abuse (NIDA); Telephone: 301-827-6092; Email: lossieac@mail.nih.gov
Link(s): https://grants.nih.gov/grants/guide/pa-files/PAR-21-244.html

[NTW] [PEDIATRICS]
Pediatric Immune System Ontogeny and Development (INTEND) (R01 Clinical Trial Not Allowed)
Sponsor: Eunice Kennedy Shriver National Institute of Child Health and Human Development
Deadline(s): 10/05/2023; 02/05/2024; 05/08/2024 (Expiration)
Contact: Scientific/Research Contact(s); Sai Majji, PhD; Maternal and Pediatric Infectious Disease Branch; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-661-9816; Email: sai.majji@nih.gov
BRAIN Initiative: Integration and Analysis of BRAIN Initiative Data (R01 Clinical Trial Not Allowed)

**Sponsor:** National Institute of Mental Health; National Center for Complementary and Integrative Health; National Eye Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Neurological Disorders and Stroke

**Deadline(s):** 06/09/2023; 10/13/2023; 06/07/2024; 06/08/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Ming Zhan, Ph.D.; National Institute of Mental Health (NIMH); Telephone: 301-827-3678; Email: ming.zhan@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-21-135.html

BRAIN Initiative: Brain Behavior Quantification and Synchronization (R61/R33 Clinical Trial Optional)

**Sponsor:** National Institutes of Health (NIH); Components of Participating Organizations; National Institute of Mental Health (NIMH); National Eye Institute (NEI); National Institute on Aging (NIA); National Institute on Alcohol Abuse and Alcoholism (NIAAA); National Institute of Biomedical Imaging and Bioengineering (NIBIB); Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); National Institute on Deafness and Other Communication Disorders (NIDCD); National Institute on Drug Abuse (NIDA); National Institute of Neurological Disorders and Stroke (NINDS); National Center for Complementary and Integrative Health (NCCIH); All applications to this funding opportunity announcement should fall within the mission of the Institutes/Centers. The following NIH Offices may co-fund applications assigned to those Institutes/Centers; Office of Behavioral and Social Sciences Research (OBSSR)

**Deadline(s):** 02/15/2024; 02/16/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Lizzy Ankudowich, Ph.D.; National Institute of Mental Health (NIMH); Telephone: 301-480-8187; Email: lizzy.ankudowich@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-23-335.html

**Additional Information:** Purpose: This Funding Opportunity Announcement (FOA) supports the development and validation of next-generation tools, methods, and analytic approaches to precisely quantify behaviors and combine them with simultaneous recordings of brain activity in humans. Tools used for measuring and analyzing behavior should be multi-modal, with the appropriate accuracy, specificity, temporal resolution, and flexibility necessary for integration with existing tools used to measure and modulate the brain circuits that give rise to those behaviors.

NOT-AT-24-001: Notice of Special Interest of NCCIH in PAR-22-097/098, “Global Brain and Nervous System Disorders Research Across the Lifespan (R01/R21 Clinical Trial Optional)

**Sponsor:** National Center for Complementary and Integrative Health

**Deadline(s):** 11/15/2023 (First Available Due Date); 12/10/2024 (Expiration Date)

**Contact:** Scientific/Research Contact(s); For general inquiries or studies related to this NOSI, please contact: Patrick Still, Ph.D.; National Center for Complementary and Integrative Health (NCCIH); Telephone: 301-682-1895; Email: patrick.still@nih.gov

[NTW] [BRAIN INITIATIVE]
RFA-DA-23-039: BRAIN Initiative: Theories, Models and Methods for Analysis of Complex Data from the Brain (R01 Clinical Trial Not Allowed)

**Sponsor:** National Institute on Drug Abuse; National Center for Complementary and Integrative Health; National Eye Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Deafness and Other Communication Disorders; National Institute of Mental Health; National Institute of Neurological Disorders and Stroke; Office of Behavioral and Social Sciences Research

**Deadline(s):** 09/12/2024; 09/13/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Susan N. Wright, PhD; National Institute on Drug Abuse (NIDA); Telephone: 301-402-6683; Email: BRAINTheoriesFOA@mail.nih.gov

[NTW] [BRAIN INITIATIVE]
BRAIN Initiative: Exploratory Team-Research BRAIN Circuit Programs - eTeamBCP (U01 Clinical Trials Optional)

**Sponsor:** NIH

**Deadline(s):** 06/15/2023; 06/14/2024; 06/15/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Karen K David, Ph.D.; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-496-9964; Email: BRAINCircuits@nih.gov

**Additional Information:** BRAIN Initiative: Exploratory Team-Research BRAIN Circuit Programs - eTeamBCP (U01 Clinical Trials Optional); **FOA Number:** RFA-NS-22-028; **Key Dates:** Open Date (Earliest Submission Date): May 14, 2022; Expiration Date: June 15, 2024; **Purpose:** This funding opportunity announcement (FOA) is designed to support teams of three or more (up to six) PDs/PIs that seek to cross boundaries of interdisciplinary collaboration to elucidate the contributions of dynamic circuit activity to a specific behavioral or neural system. Applications are encouraged to propose adventurous and challenging goals that can only be tackled by a synergistic team-based approach and have the potential to be transformative and/or to enable significant advances. These studies at the exploratory stage are intended for the development of experimental capabilities and/or theoretical frameworks in preparation for a future competition for larger-scale or extended efforts, including the BRAIN TargetedBCP (R01) or the multi-component, Team-Research BRAIN Circuit Programs (U19); View RFA-NS-22-028

[NTW] [BRAIN INITIATIVE]
Notice of Special Interest to Encourage Eligible NIH BRAIN Initiative Awardees to Apply for PA-21-071 Research Supplements to Promote Diversity in Health-Related Research (Admin Supp - Clinical Trial Not Allowed)

**Sponsor:** National Institute of Neurological Disorders and Stroke; National Center for Complementary and Integrative Health; National Eye Institute; National Institute on Alcohol Abuse and Alcoholism; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Mental Health

**Deadline(s):** 09/30/2021 (First Available Due Date); 09/30/2024 (Expiration Date)

**Contact:** Michelle Jones-London, Ph.D.; National Institute of Neurological Disorders and Stroke (NINDS);
Email: BRAINDiversitySupp@ninds.nih.gov

Additional Information: Sending this funding announcement on behalf of the Taub Institute for Research on Alzheimer’s Disease and the Aging Brain. Please direct all questions to Allison Heaps at ah3788@cumc.columbia.edu. Taub Institute for Research on Alzheimer’s Disease and the Aging Brain; RESEARCH EDUCATION SCHOLAR; in THE ALZHEIMER’S DISEASE RESEARCH CENTER; The Alzheimer’s Disease Research Center (ADRC) has funds to support Research Education Scholars beginning in July 2023.; The Research Education Component (REC) of the ADRC supports the development of future leaders in the field of Alzheimer’s disease and related disorders (ADRD) through training and research support.; Training: Each year, the REC provides up to 5 scholars with a breadth of training in ADRD through monthly seminars, tailored didactics, and professional development activities. Group didactics, spanning a wide variety of topics in ADRD, are complemented by individual training plans to fill gaps in specific skills or knowledge areas unique to each scholar.; Research Support: The REC will fund mentored pilot studies for two years. Project budgets typically range from $10,000 to $20,000 per year. Applicants are asked to clearly justify the requested funds, keeping in mind that the review committee may recommend a reduction in budgets requested at $20,000, as not all projects can be funded at this level.; ELIGIBILITY REQUIREMENTS – The REC Program is designed for investigators at the postdoctoral, instructor or Assistant Professor level. Priority will be given to applicants who self-identify as members of underrepresented groups in health-related sciences. Populations Underrepresented in the Extramural Scientific Workforce | SWD at NIH.; BUDGET: The REC typically supports projects that range from $10,000 to $20,000. Applicants are asked to clearly justify the requested funds, keeping in mind that the review committee may recommend a reduction in budgets requested at $20,000, as not all projects can be funded at this level.; Access application here: http://bit.ly/3G37qxf; APPLICATION DEADLINE: May 1, 2023; PROJECT START DATE: July 1, 2023; SUBMIT PROPOSALS VIA EMAIL ONLY in Word format; Allison Heaps, M.S.; Taub Institute for Research on Alzheimer’s Disease and the Aging Brain; ah3788@cumc.columbia.edu; THESE FUNDS ARE AVAILABLE THROUGH NIH GRANT AG066462-03

[NTW] [NEUROLOGICAL]
PAR-23-090: NIH SIREN Neurologic Clinical Trials (UG3/UH3 - Clinical Trial Required)

**Sponsor:** National Institute of Neurological Disorders and Stroke  
**Deadline(s):** 06/06/2023; 10/06/2023; 10/07/2025; 02/06/2026; 03/06/2026; 03/07/2026 (Expiration)  
**Contact:** Jeremy Brown, MD; Office of Emergency Care Research; National Institute of Neurological Disorders & Stroke (NINDS); Telephone: 301-594-4481; Email: jeremy.brown@nih.gov  
**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PAR-23-090.html

[NTW] [CLINICAL TRIALS/NEUROLOGICAL]
NINDS Exploratory Clinical Trials (UG3/UH3 Clinical Trial Required)

**Sponsor:** National Institute of Neurological Disorders and Stroke  
**Deadline(s):** 10/08/2024; 02/10/2025; 03/10/2025; 03/11/2025 (Expiration)  
**Contact:** Scientific/Research Contact(s); Jeremy Brown MD; National Institute for Neurological Diorders and Stroke (NINDS); jeremy.brown@nih.gov  
**Link(s):** http://grants.nih.gov/grants/guide/pa-files/PAR-22-142.html

**Additional Information:** The purpose of this Funding Opportunity Announcement (FOA) is to encourage grant applications for investigator-initiated exploratory Phase 1 and Phase 2 clinical trials to the National Institute of Neurological Disorders and Stroke (NINDS). These trials must address questions within the mission and research interests of the NINDS.
[NTW] [NEUROLOGY]
Development of Biomarkers or Biomarker Signatures for Neurological and Neuromuscular Disorders (R61/R33 Clinical Trial Optional)
**Sponsor:** National Institute of Neurological Disorders and Stroke; National Institute on Aging
**Deadline(s):** 05/07/2025; 05/08/2025 (Expiration)
**Contact:** Scientific/Research Contact(s): Carol Taylor-Burds Ph.D; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-496-1779; Email: carol.taylor-burds@nih.gov

[NTW] [NEUROLOGY]
Clinical Trial Readiness for Functional Neurological Disorders (U01 Clinical Trial Optional)
**Sponsor:** National Institute of Neurological Disorders and Stroke
**Deadline(s):** 11/06/2024 (Expiration)
**Contact:** Scientific/Research Contact(s); Codrin Lungu, MD; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-496-9135; E-mail: lunguci@ninds.nih.gov

[NTW] [NEUROLOGY]
Translational Neural Devices (U44 Clinical Trial Optional)
**Sponsor:** National Institute of Neurological Disorders and Stroke
**Deadline(s):** 06/19/2023; 10/18/2023; 02/20/2024; 02/21/2024 (Expiration)
**Contact:** Scientific/Research Contact(s); Eric Hudak, Ph.D.; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-496-1779; Email: NINDS-Devices@nih.gov

[NTW] [NEUROLOGY]
Notice of Special Interest: Advancing Research in Gastrointestinal Dysfunction in People with Neurodevelopmental Disorders
**Sponsor:** National Institute of Neurological Disorders and Stroke; *Eunice Kennedy Shriver* National Institute of Child Health and Human Development
**Deadline(s):** 10/05/2021 (First Available Due Date); 07/17/2024 (Expiration Date)
**Contact:** Scientific/Research Contact(s); Adam L. Hartman, MD; National Institute of Neurological Disorders and Stroke; Telephone: 301-496-9135; Email: adam.hartman@nih.gov

[NTW] [PARKINSON’S DISEASE]
**NOT-DK-23-006:** Notice of Intent to Publish a Funding Opportunity Announcement for A Consortium for Gut-Brain Communication in Parkinson’s Disease (U01 Clinical Trial Not Allowed)
**Sponsor:** National Institute of Diabetes and Digestive and Kidney Diseases
**Deadline(s):** 10/10/2023 (First Estimated Application Due Date)
Contact: Inquiries; Terez Shea-Donohue, Ph.D.; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); Telephone: 301 825-2314; Email: terez.shea-donohue@nih.gov

[NTW] [PARKINSONS DISEASE]
NOT-DK-23-007: Notice of Intent to Publish a Funding Opportunity Announcement for A Consortium for Gut-Brain Communication in Parkinsons Disease (U24 Clinical Trial Not Allowed)
Sponsor: National Institute of Diabetes and Digestive and Kidney Diseases
Deadline(s): 10/10/2023 (First Estimated Application Due Date)
Contact: Inquiries; Terez Shea-Donohue, Ph.D.; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); Telephone: 301 825-2314; Email: terez.shea-donohue@nih.gov

[NTW] [AUTISM]
Research on Autism Spectrum Disorders (R03 Clinical Trial Optional)
Sponsor: National Institute of Mental Health; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Deafness and Other Communication Disorders; National Institute of Environmental Health Sciences
Deadline(s): 02/16/2024; 03/17/2024 (Expiration)
Contact: Lisa Gilotty, Ph.D.; National Institute of Mental Health (NIMH); Phone: 301-443-3825; E-mail: gilottyl@mail.nih.gov

[NTW] [AGING]

Longevity Impetus Grant Announcement; Applications Open on 09.13.2021

**Sponsor:** https://impetusgrants.org/ [Application window opens 09/13/2021; sign up for a reminder when application open at this site]

**Deadline(s):** 09/13/2021 (Applications Open); Open Deadline

**Contact:** contact@americanagingassociation.org

**Link(s):** www.impetusgrants.com

**Additional Information:** Longevity Impetus Grant Announcement; FYI Below. Yousin shared this. Applications open on 9/13: https://www.impetusgrants.com/; Impetus Grants provides funding for scientists to start working on what they consider the most important problems in aging biology, without delay; www.impetusgrants.com. September 7, 2021; Dear AGE Member, I'd like to bring to your attention a new source of grant funding for bold ideas in aging research: the Longevity Impetus Grants. These grants will support bold ideas with the potential to change how the field thinks and works, including high-risk projects. For more information about the program and to apply, please visit the website. ; The applications are ~1 page, and decisions are made within three weeks. Impetus Grants range from $10K to $500K, with a maximum of 10% institutional overhead. There’s no restriction on project period, and no strings attached.; The ideal application is able to explain how the project would broadly impact the field, by developing/validating new tools and/or changing how we think about aging biology. Such proposals could seek to prove or disprove common assumptions in the field, discover new ways to reverse aging processes, synthesize isolated manifestations of aging into a systemic perspective, and/or develop widely applicable methodologies.; Please consider sharing this email within your institution, and with anyone else you think should apply.; I highly encourage you to consider applying for a Longevity Impetus Grant.; Sincerely, [brought to our attention by] Matt Kaeberlein; CEO and Chair, American Aging Association; Impetus Grants provides funding for scientists to start working on what they consider the most important problems in aging biology, without delay. Such work should not be held up by red tape: we offer grants of up to $500k, with decisions
made within 3 weeks. Our review process asks "what's the potential for impact" rather than "could this go wrong". Our goal is to have a broad impact on the field, by supporting projects that challenge assumptions, develop new tools and methodologies, discover new ways to reverse aging processes, and/or synthesize isolated manifestations of aging into a systemic perspective. To ensure that we learn from every project, we're organizing a special issue of GeroScience to provide an opportunity to publish both positive and negative results from funded studies; Applications will open on September 13, 2021

[NTW] [AGING]
Making Health Care Safer in Ambulatory Care Settings and Long-term Care Facilities (R18)

**Sponsor:** Agency for Healthcare Research and Quality  
**Deadline(s):** Standard dates; 05/27/2024 (Expiration)  
**Contact:** Scientific/Research Contact(s); Emily Chew; Health Scientist Administrator; Center for Quality Improvement and Patient Safety; Agency for Healthcare Research and Quality; Email: emily.chew@ahrq.hhs.gov  

[NTW] [AGING]
Notice of Special Interest (NOSI): Navigating Pediatric to Adult Health Care: Lost in Transition

**Sponsor:** Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Cancer Institute; National Institute on Alcohol Abuse and Alcoholism; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Biomedical Imaging and Bioengineering; National Institute of Dental and Craniofacial Research; National Institute of Mental Health; Office of Behavioral and Social Sciences Research  
**Deadline(s):** 06/05/2021 (First Available Due Date); 01/08/2024 (Expiration Date)  
**Contact:** Scientific/Research Contact(s); Sonia Lee, PhD; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-594-4783; Email: leesonia@mail.nih.gov  

**Additional Information:** The purpose of this Notice of Special Interest (NOSI) is to encourage applications in high-priority research areas related to pediatric health care transition for youth with chronic physical/medical conditions or intellectual/developmental disabilities. Research applications that will advance our understanding of promising practices designed to facilitate successful health care transitions (HCT) from pediatric to adult care settings as well as barriers and facilitators to such transition are encouraged. The ultimate goal is to improve care quality and patient and family outcomes during and after HCT.

[NTW] [AGING]
Notice of Special Interest (NOSI): Maximizing the Scientific Value of Secondary Analyses of Existing Cohorts and Datasets in Order to Address Research Gaps and Foster Additional Opportunities in Aging Research

**Sponsor:** National Institute on Aging  
**Deadline(s):** 10/05/2021 (First Available Due Date); 09/08/2023 (Expiration Date)  
**Contact:** Rosaly Correa-de-Araujo, MD, MSc, Ph.D.; AgingResearchBiobank; National Institute on Aging; Telephone 301-496-6762; Email: rosaly.correa-de-Araujo@nih.gov [and other contacts provided in the link]

2021 NIAID Omnibus Broad Agency Announcement HHS-NIH-NIAID-BAA2021-1 Now Available

Sponsor: National Institute of Allergy and Infectious Diseases
**Deadline(s):** 03/31/2021 (Release Date)
**Contact:** Alexandra Buck; National Institute of Allergy and Infectious Diseases (NIAID); Telephone: 240-669-5174; Email: alexandra.buck@nih.gov
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-AI-21-045.html
**Additional Information:** This Broad Agency Announcement is soliciting proposals that possess the research and development (R&D) expertise necessary for successfully carrying out research toward meeting the program objectives of the Division of Microbiology and Infectious Diseases (DMID), NIAID, NIH.

[NTW] [NIH ANNOUNCEMENTS]
**Reminder Regarding Recipient and Applicant Grants Policy Related Inquiries**
**Sponsor:** National Institutes of Health
**Deadline(s):** 07/13/2021 (Release Date)
**Contact:** Please direct all inquiries from the AOR to: NIH Office of Policy for Extramural Research Administration (OPERA); Division of Grants Policy; grantspolicy@nih.gov
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-151.html
https://www.ninds.nih.gov/Funding/About-Funding/landis-award-for-outstanding-mentorship
**Additional Information:** The purpose of this notice is to remind the extramural research community of best practices regarding submission of grants policy related inquiries to NIH.

[NTW] [NIH ANNOUNCEMENTS/DIVERSITY]
**Updated Guidelines for Enhancing Diversity and Creating Safe Environments in Conferences Supported by NIH Grants and Cooperative Agreements**
**Sponsor:** Office of The Director, National Institutes of Health (OD)
**Deadline(s):** 01/22/2021 (Release Date)
**Contact:** Please direct all policy-related inquiries to: Office of Policy for Extramural Research Administration (OPERA); Division of Grants Policy; GrantsPolicy@OD.NIH.GOV
**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-053.html
**Additional Information:** This new policy notice, which provides updated guidance on enhancing the diversity of conferences supported by NIH under the R13 and U13 activity codes. Per the notice, “Conference grant applicants (R13/U13) must include plans to enhance diversity during the selection of organizing committees, speakers, other invited participants, such as session chairs and panel discussants, and attendees. Plans to enhance diversity will be assessed during the scientific and technical merit review of the application. Though the proposed plans will not be scored individually, they will be considered in the overall impact score.” Please read the full notice for more details.

Additional Information: Imagine a country in which all individuals, families, and communities have ready access to enough affordable, nutritious food to sustain healthy lives. However, this was still an illusory notion for at least 13.8 million food insecure US households in 2020. Household food insecurity is defined by having difficulty at some time during the year providing enough food for all members because of lack of resources. Moreover, in 2020, the prevalence of food insecurity among African American/Black households was estimated at 21.7%, and among Latino/Hispanic households was estimated at 17.2%, both substantially higher than the overall estimated prevalence of 13.5%.

**Measures and Methods to Advance Research on Minority Health and Health Disparities-Related Constructs (R01 Clinical Trial Not Allowed)**

**Sponsor:** National Institute on Minority Health and Health Disparities; National Cancer Institute; National Institute of Dental and Craniofacial Research; National Institute of Environmental Health Sciences; National Institute of Mental Health; Office of Behavioral and Social Sciences Research; Office of Disease Prevention

**Deadline(s):** 05/08/2024 (Expiration)

**Contact:** Nancy L. Jones, PhD, MS; National Institute on Minority Health and Health Disparities NIMHD; Telephone: 301-594-8945; Email: nancy.jones@nih.gov; NIEHS Program Contacts: Lindsey Martin lindsey.martin@nih.gov and Melissa Smarr melissa.smarr@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/pa-files/PAR-22-072.html

**Additional Information:** PAR-22-072: Measures and Methods to Advance Research on Minority Health and Health Disparities-Related Constructs (R01 Clinical Trial Not Allowed) The purpose of this Funding Opportunity Announcement (FOA) is to support research that will advance the measurement and methodology of complex constructs relevant to minority health and health disparities; The NIEHS seeks applications that advance innovative development of new measures and methods, or validation and adaptation of existing measures and approaches, to address the complex interplay of the physical, chemical, cultural, social, and built environmental factors that contribute to or exacerbate environmental health disparities. Applications of interest may include, but are not limited to: The use of mixed methods approaches that integrate qualitative and quantitative data collection methods and measures of factors that contribute to environmental health disparities, including how qualitative methods can inform the development and validation of quantitative surveys and instruments that evaluate these factors.; Application and testing of methods and measures of SDOH, and structural racism and discrimination, to the study of environmental health disparities.; Establishment of novel interdisciplinary collaborations (including, but not limited to, methodologists, behavioral scientists, exposure scientists, epidemiologists, bioinformaticians, biostatisticians, data scientists, social scientists) to incorporate concomitant chemical and built environmental factors with existing or developed measures of structural and individual racism into a multilevel assessment of environmental health disparities.; Development, testing and adaptation of methods and measures that capture the lived experience of intersectionality to identify structural factors contributing to disproportionate exposures to chemical and non-chemical stressors at the community and individual level.; Application of community engaged approaches to identify or develop measures that are based on the interests and primary concerns identified by multiple community stakeholders, such as parents, schools, organizations, and fence-line residents, particularly for communities that are under resourced and populations that have historically been combating environmental injustices and disparate rates of adverse health outcomes.; Examination of the ethical issues related to methods and measurement approaches in the study of environmental health disparities, including issues around data harmonization and the collection of common data elements.; Enhancement of existing place-based indices, environmental exposures models and geocoded data to account for social level factors, to explain environmental health disparities at the regional or community level. Of interest are the extent to which these measures demonstrate how placed-based structural racism and discrimination exacerbate environmental risk factors and/or limit protective factors.; Novel use of SDOH and structural racism and discrimination methods and measures to guide the development of multi-level, evidence-based prevention and intervention strategies to reduce environmental health disparities.; NIEHS Program Contacts: Lindsey Martin lindsey.martin@nih.gov and Melissa Smarr melissa.smarr@nih.gov

[NTW] [HEALTH DISPARITIES]

**Notice of Special Interest (NOSI): Epidemiologic studies in Asian Americans, Native Hawaiians, and Pacific Islanders (Parent R01 Clinical Trial Not Allowed)**

**Sponsor:** National Heart, Lung, and Blood Institute; National Cancer Institute; National Human Genome Research Institute; National Institute on Aging; National Institute of Environmental Health Sciences; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke

**Deadline(s):** 02/05/2022 (First Available Due Date); 11/19/2024 (Expiration Date)
Notice of Special Interest (NOSI): Biologic Factors Underlying Dental, Oral, and Craniofacial Health Disparities (NIMHD); Telephone: 301-827-9126; Email: Robb.Rowley@nih.gov; NIEHS Program Contact: Lindsey Martin lindsey.martin@nih.gov

Additional Information: NOT-HL-23-001 Notice of Special Interest (NOSI): Epidemiologic studies in Asian Americans, Native Hawaiians, and Pacific Islanders (Parent R01 Clinical Trial Not Allowed) The purpose of this Notice of Special Interest (NOSI) is to stimulate novel epidemiological research to address key knowledge gaps within and between subpopulations of Asian Americans, Native Hawaiians, and Pacific Islanders. These populations are frequently aggregated in research, potentially masking important social and health differences. Given clear heterogeneity in ancestry, culture, immigration patterns among Asian Americans, socioeconomic position, and Islanders. These populations are frequently aggregated in research, potentially masking important social and health differences. Among Asian Americans, Native Hawaiian and Pacific Islander subpopulations; The National Institute of Environmental Health Sciences encourages submissions of applications that are within the mission of NIEHS, which is to discover how the environment affects people to promote healthier lives. Exposures of interest include, but are not limited to, chemicals that people are exposed to via air, water, food, or direct dermal exposure (e.g., personal care products), including air pollutants, pesticides, metals, industrial chemicals, nanomaterials, environmental tobacco smoke, certain microbial products, and certain physical agents, such as environmental radiation. Applications examining the impacts of climate change on health are encouraged and could include a focus on weather extremes (e.g., prolonged or excessively high heat waves, droughts, severe unseasonal cold spells) and extreme weather-related disasters (e.g., hurricanes, storm surges, floods, wildfires) attributed to our changing climate.; Specific topics of interest include but are not limited to environmental epidemiology studies: Characterizing environmental health disparities among Asian American, Native Hawaiian and Pacific Islander subpopulations.; Investigating exposures at the intersection of the physical, chemical, built, and social environments, including social determinants of health, and how these exposures affect health outcomes in Asian American, Native Hawaiian and Pacific Islander subpopulations.; Examining the linkages between structural racism and discrimination, environmental exposures, and health outcomes in Asian American, Native Hawaiian and Pacific Islander subpopulations.; Examining resilience among Asian American, Native Hawaiian and Pacific Islander subpopulations in the context of climate change and climate change-related disasters.; The NIEHS strongly supports research conducted in partnership with communities. Studies that utilize community engaged and/or citizen science approaches done in partnership with Asian American, Native Hawaiian and Pacific Islander communities and/or community-based organizations are strongly encouraged. Applications that utilize report-back methods to increase the environmental health literacy within these subpopulations are also strongly encouraged.; NIEHS Program Contact: Lindsey Martin lindsey.martin@nih.gov

**Additional Information:** NIH Announces Funding Opportunity to Study the Role of Work in Health Disparities in the U.S.; ORWH recently announced its participation in The Role of Work in Health Disparities in the U.S. (R01 Clinical Trials Optional) (PAR-21-...
The funding opportunity will support innovative population-based research designed to identify and characterize pathways and mechanisms through which work or occupation influences health outcomes and health status among populations with health and/or health care disparities. The main objective of this initiative is to determine the extent and mechanisms by which work, as a social determinant of health, both contributes to and helps alleviate disparities related to health and health care.

Of particular interest are: Projects designed to examine pathways and mechanisms using conceptual model(s) grounded in minority health and health disparities theories that recognize that health disparities arise by multiple and overlapping contributing factors acting at multiple levels of influence; Intersectional approaches that consider different social identities and the embeddedness of individuals within families, households, and communities; Projects that explore whether work can explain the health or health care disparities seen within diseases or conditions (e.g., COVID-19, opioid use disorder, mental/behavioral health, diabetes, cancer, heart disease, asthma, and maternal and infant health); Projects that explore how work contributes to health care disparities—including, but not limited to, disparities in access to preventive, specialty, and emergency care in health insurance coverage and disparities in quality of health care; Applications for The Role of Work in Health Disparities in the U.S. (R01 Clinical Trials Optional) will open on September 5, 2021.

[NTW] [CTSA CENTER FOR LEADING INNOVATION AND COLLABORATION]
The Center for Leading Innovation & Collaboration across all CTSA hubs

**Sponsor:** Irving Institute; [https://www.irvinginstitute.columbia.edu/](https://www.irvinginstitute.columbia.edu/)

**Deadline(s):** NA

**Contact:** [https://clic-ctsa.org/contact](https://clic-ctsa.org/contact)

**Link(s):** [https://clic-ctsa.org/](https://clic-ctsa.org/)

**Additional Information:** CLIC has a new website; The Center for Leading Innovation & Collaboration across all CTSA hubs has a new platform for sharing and collaborating; CLIC has also collected stories from 60+ CTSA Program hubs (Including the Irving Institute) as they brought testing, treatment and prevention to people during the COVID-19 pandemic. The stories will be featured on a new CLIC webpage. Watch the trailer [HERE.](#)
Dear Colleagues,

Thank you for attending our recent CUIMC Town Hall, celebrating our fourth CTSA Award from NIH. We take great pride in offering over 70 services and programs including training, study design, research support services, funding, and mentoring. We support all stages of clinical and translational science research including planning, analyses, implementation and dissemination.

Watch the recording of our Town Hall for a wonderful overview of all the ways that the Irving Institute for Clinical and Translational Research can support YOU: "It is our responsibility and our privilege to provide the vision and stewardship that accelerates translation of biomedical discoveries to improve societal health. At the Irving Institute, it is our passion to empower and enable our outstanding clinical and translational research communities to achieve their goals."

- Muredach P. Reilly, MBCh, MSCE; Director, Irving Institute for Clinical and Translational Research

See all our resources & funding opportunities!

We are here to help investigators through every stage of their career and research.

Research resources is pleased to coordinate grant type specific grant writing groups, pending faculty / researcher interest. Please let us know (via email to prf1@cumc.columbia.edu and or ckk7@cumc.columbia.edu) if you are interested in such groups, along with the type of grant and proposed due date(s). We are planning to coordinate a writing group for this fall's NIH deadlines. Please join us.

[NTW] [COVID-19]
Updated Reporting Requirements for RADx-rad Grant Recipients
Sponsor: National Institutes of Health
Deadline(s): 03/26/2021 (Release Date)
Contact: NIH Office of Policy for Extramural Research Administration; Division of Grants Policy; grantspolicy@nih.gov

[NTW] [COVID-19/COLUMBIA UNIVERSITY BIOBANK]
Columbia University Biobank
Sponsor: https://www.ps.columbia.edu/research/core-and-shared-facilities/core-facilities-category/columbia-university-biobank
Deadline(s): NA
Contact: General questions: Danielle Pendrick, dp2657@cumc.columbia.edu ; Researchers can contact - PS-Officeforresearch@cumc.columbia.edu ; Participants can contact - CUBiobankCOVID19@cumc.columbia.edu
Link(s): https://www.ps.columbia.edu/research/core-and-shared-facilities/core-facilities-category/columbia-university-biobank

[NTW] [COVID-19]
FDA Notice of Special Interest (NOSI) to add COVID-19 Capacity Building Grants to PAR-18-604 Vet-LIRN Network Capacity-Building Projects (Vet-LIRN)
Sponsor: Food and Drug Administration
Deadline(s): 04/26/2021 (Release Date)
Contact: Rene Vasquez; Grants Management Specialist; Office of Operations, Office of Finance Budget & Acquisitions; Office of Acquisitions and Grants Services, HFA-500; U.S. Food and Drug Administration; Tel: 301-796-3546; rene.vasquez@fda.hhs.gov
[NTW] [COVID-19]
Notice of Special Interest (NOSI): Research on the Impact of the Covid 19 Pandemic and Risks for Abuse and Injury Among Vulnerable Children and Youth

**Sponsor:** Eunice Kennedy Shriver National Institute of Child Health and Human Development

**Deadline(s):** 06/05/2021 (First Available Due Date); 05/08/2024 (Expiration Date)

**Contact:** Scientific/Research Contact(s); Valerie Maholmes, Ph.D., CAS; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-496-1514; Email: maholmev@mail.nih.gov

[NTW] [COVID-19]
Notice of Information: NCATS to Issue an Emergency Competitive Revision Sole Source Award in Support of ACTIV-6

**Sponsor:** National Center for Advancing Translational Sciences

**Deadline(s):** NA

**Contact:** Please direct all inquiries to: Stacia Fleisher, MPP; National Center for Advancing Translational Research (NCATS); Phone: 301-435-0851; Email: stacia.fleisher@nih.gov

[NTW] [ADMINISTRATIVE SUPPLEMENTS]
Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional)

**Sponsor:** National Institutes of Health; John E. Fogarty International Center; National Center for Advancing Translational Sciences; National Cancer Institute; National Eye Institute; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Biomedical Imaging and Bioengineering; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences; National Institute of General Medical Sciences; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Institute of Nursing Research; National Library of Medicine; Office of Behavioral and Social Sciences Research; Office of Research on Women's Health

**Deadline(s):** Due dates may vary by awarding IC. See the awarding IC’s web site or applicable Notice of Special Interest (NOSI) for appropriate Application Due Dates. Applicants may also contact their respective awarding IC; 07/24/2023 (Expiration)

**Contact:** Scientific/Research Contact(s); For any scientific or research-related questions on this administrative supplement notice please contact the Program Officer listed on the NoA of the most recent parent award.

[NTW] [NIH ANNOUNCEMENTS/COVID-19]
Extended Guidance for Applicants Preparing Applications During the COVID-19 Pandemic

**Sponsor:** Office of The Director, National Institutes of Health (OD)

**Deadline(s):** 11/04/2020 (Release Date)

**Contact:** Please direct all inquiries to: Sally A. Amero, Ph.D.; NIH Review Policy Officer; ReviewPolicyOfficer@mail.nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-026.html

[NTW] [NIH ANNOUNCEMENTS]
NIH Implementation of the Revised Federal-wide Research Terms and Conditions

**Sponsor:** National Institutes of Health

**Deadline(s):** 11/17/2020 (Release Date)

**Contact:** Please direct all inquiries to: Division of Grants Policy; Office of Policy for Extramural Research Administration; grantspolicy@nih.gov

**Link(s):** https://grants.nih.gov/grants/guide/notice-files/NOT-OD-21-029.html

[NTW] [NIH ANNOUNCEMENTS/SINGLE IRB]

**Sponsor:** Agency for Healthcare Research and Quality

**Deadline(s):** 11/05/2020 (Release Date)

**Contact:** Please direct all inquiries to: Hope Hongzhu He, JD, MPA, MA; Human Protections Administrator; Agency for Healthcare Research and Quality; Telephone: (301) 427-1905; E-mail: HopeHongzhu.He@ahrq.hhs.gov

For New York State Department of Health/Health Research, Inc. Comprehensive Cancer Control Program:

**Sponsor:** Health Research, Inc (HRI) and the New York State Department of Health (NYSDOH)

**Deadline(s):** Applications will be accepted starting immediately and will be reviewed and awarded in the order received on a rolling basis until funds are no longer available.

**Contact:** Please click on the link to the Community Project Application below to apply:

**Additional Information:** New York State Department of Health/Health Research, Inc. Comprehensive Cancer Control Program; Health Research, Inc (HRI) and the New York State Department of Health (NYSDOH) Comprehensive Cancer Control Program are soliciting applications from organizations to conduct projects in support of the New York State Comprehensive Cancer Control Plan and the work of the New York State Cancer Consortium (Consortium) action teams. The Consortium is a voluntary network of individuals and organizations that collaborate to address New York’s cancer burden. The Consortium recommends statewide and local interventions to: prevent skin cancer, promote the human papillomavirus (HPV) vaccine, promote programs and services to increase quality of life for cancer survivors, and prevent and promote early detection of colorectal cancer. The purpose of this funding opportunity is to support local interventions to address the burden of cancer in communities and across the state. This funding will support awards, valued at $1,000 each to implement one of the six (6) community interventions listed in the attached solicitation.

Applications will be accepted beginning November 18, 2020, and will be reviewed and awarded in the order received on a rolling basis until funds are no longer available.

**Eligible applicants:** Nonprofit organizations and municipal organizations located in New York State including, but not limited to: local government and public health agencies, local educational agencies, academic institutions, community-based organizations, faith-based organizations, health care systems, primary care networks, professional associations, public and private schools, and volunteer associations.

**Applications will be accepted starting immediately and will be reviewed and awarded in the order received on a rolling basis until funds are no longer available.**

**Participant-level Data Template**

**Additional Information:** [SPA News] FW: eRA Information: Changes in HSS Post-Submission Updates with FORMS-F Starting June 13; NIH sent this announcement yesterday after they had already made the changes in their Human Subjects System (HSS).

Please see below, it outlines the changes made to the HSS and its integration with the updated FORMS-F PHS Human Subjects and Clinical Trials Form. [brought to our attention by] Stephanie Scott ; eRA Information: Changes in HSS Post-Submission Updates with FORMS-F Starting June 13; eRA Information: Changes in HSS Post-Submission Updates with FORMS-F Starting June 13; Monday, June 15, 2020; As of Saturday, June 13, 2020, all applicants and recipients submitting post-submission updates in the Human Subjects System (HSS) will use the updated FORMS-F PHS Human Subjects and Clinical Trials Information Form. These updates address new requirements for participant-level data on sex/gender, race, ethnicity, and age at enrollment for projects subject to the [NIH Policy and Guidelines on the Inclusion of Individuals Across the Lifespan as Participants in Research Involving Human Subjects](https://grants.nih.gov/grants/guide/index.html). Users with records currently in progress will need to modify the records to meet new FORMS-F requirements.; The changes listed below include items released by eRA in March and items released on June 13.; Key FORMS-F Changes to the PHS Human Subjects and Clinical Trials Information Form; [*] A new Inclusion Enrollment Report title field is now available. The human subjects study title will appear by default for all existing studies and may be changed by the user. For new studies and those with a work in progress study, the title will be blank and need to be filled by the grantee. See Figure 1.; **Figure 1: Inclusion Enrollment Report Title Field;** [*] For clinical trials, the “Brief Summary” field will no longer appear in Section 4. Information in this field prior to June 13, 2020 will continue to be available in the PDF images of applications and Research Performance Progress Reports (RPPRs) submitted prior to this change.; [*] Question 1.4.a. “Does the study involve human...
subjects/participants” now has a default value of yes and cannot be changed unless the user changes their response to the question “Are Human Subjects Involved?” on the Other Projects Information form. As a study record should be completed only for research involving human participants, the “No” option is no longer available for this question. See Figure 2.; Figure 2: Question 1.4.a of the Clinical Trial Post Submission Study Record; [*] In Section 2.8 of the Study Record: PHS Human Subjects and Clinical Trials Information screen, the language has been changed from ‘Enrollment of First Subject’ to ‘Enrollment of First Participant.’ [*] A new question has been added to the Study Record: PHS Human Subjects and Clinical Trials Information screen — Section 4.6 asks ‘Is this an applicable clinical trial under FDAAA.’; [*] For a full list of significant FORMS-F changes, see the High-level Grant Application Form Change Summary: FORMS-F PDF.; Key Inclusion Across the Lifespan Changes; [*] Recipients reporting actual enrollment progress for a grant application submitted for due dates January 25, 2019 or later must provide participant-level data on sex/gender, race, ethnicity, and age at enrollment in the Inclusion Enrollment Report of the PHS Human Subjects and Clinical Trials Information Form using HSS.; [*] Users must use the spreadsheet template available in HSS to submit participant-level data. The column titles must not be altered, and data should be provided using the values modeled in the template. Changes to the template may result in a submission error. See Figure 3.; Figure 3: Download Participant Level Data Template button on the Inclusion Enrollment Report; [*] Participant-level data must be uploaded in .csv format. Users do not need to separately enter the individual numerical fields in the Actual (Cumulative) Inclusion Enrollment Report table once the .csv file is successfully uploaded. The data provided will populate the actual (cumulative) enrollment table within the system. See Figure 4.; Figure 4: Upload Participant Level Data Attachment button on the Inclusion Enrollment Report; [*] For more information on the requirement of individual-level participant data on sex/gender, race, ethnicity, and age at enrollment in progress reports for research supported by NIH projects, please see NOT-OD-18-116; For more information, see: [*] Entering Inclusion Data Using the Participant Level Data Template (video and transcript); Participant-level Data Template ; [*] The eRA Human Subjects System (HSS) information page ; [*] Information about the PHS Human Subjects and Clinical Trials Information form ; electronic Research Administration (eRA); NIH Office of Extramural Research; Questions? Please contact the eRA Service Desk. Check out self-help resources on the Help page before submitting an online ticket; or call Toll-free: 1-866-504-9552, Phone: 301-402-7469. The eRA Service Desk hours are Mon-Fri, 7 a.m. to 8 p.m. ET.; Help us improve our communications; send your suggestions and feedback to eRACommunications@mail.nih.gov or call 301-435-8185.; To read other recent articles and messages, please visit our Latest News page at https://era.nih.gov/news

[NTW] [FORMS-F]
Reminder of Upcoming FORMS-F and Inclusion Across the Lifespan Requirements for NIH Applicants and Recipients Submitting Post-Submission Updates Using the Human Subjects System (HSS)

Sponsor: National Institutes of Health
Deadline(s): 06/17/2020 (Release Date)
Contact: For questions about this notice, contact: Office of Policy for Extramural Research Administration; Telephone: 301-435-0949; Email: grantspolicy@mail.nih.gov; For requests for technical assistance using HSS, contact the eRAService Desk.

[NTW] [FORMS-F]
Reminder: Required use of FORMS-F application forms for application submission

Sponsor: National Institutes of Health
Deadline(s): 04/14/2021 (Release Date)
[NTW] [DATA TABLES FOR TRAINING GRANTS]

1. Data Tables for FORMS-F required institutional training grant proposals; required for applications due May 25th, 2020 or later

   **Sponsor:** NIH, SPA  
   **Deadline(s):** 05/25/2020 (Forms-F, required for applications due 05/25/2020 or later)
   **Contact:** https://grants.nih.gov/support/index.html; SPA  
   **Link(s):** https://grants.nih.gov/grants/forms-f/data-tables.htm

   **Additional Information:** Data Tables for training grants; NIH just posted the latest Data Tables for FORMS-F required institutional training grant proposals. These tables will be required for applications due May 25th, 2020 or later. Go to: https://grants.nih.gov/grants/forms-f/data-tables.htm; They did not post a significant changes document yet, so I took the instructions from the previous tables and did a comparison to the new tables. See attached “Changes from FORMS-E to FORMS-F”; I have an email to NIH to clarify the significant changes, and any impact they may have in xTRACT. Upon first glance, the changes appear to be more of clarifications of the instructions, rather than anything drastically different.; I know a number of you are preparing training grant proposals for May. Please feel free to take a look at these changes, and let me know if you have questions. This way I can collect them all and send them to NIH for clarification. As every training grant program is different, you may also need to go to your Program Officials for direction on how they want the table completed for your specific set of circumstances.; As soon as I have more information from NIH I will pass it along; [brought to our attention by] Stephanie F. Scott, MS, CRA; Director of Policy and Research Development

**[NTW] [COVID-19]**

Extending the Special Exception to the NIH/AHRQ/NIOSH Post-Submission Material Policy During the COVID-19 Pandemic

**Sponsor**: National Institutes of Health
**Deadline(s):** This Notice extends the special exception for post-submission material (see NOT-OD-20-123) to applications submitted for the May 2021 Council round; For applications submitted for the May 2021 council (beginning with applications submitted for the September 25, 2020 due date for Spring 2021 review meetings), the NIH, AHRQ, and NIOSH will accept a one-page update with preliminary data as post-submission materials for applications submitted under all activity codes, ONLY if the Funding Opportunity Announcement (FOA) used for submission allowed preliminary data in the application. One page of preliminary data will be accepted for single component applications or for each component of a multi-component application.

The deadline for submitting all post-submission materials, including preliminary data, will be 30 days before the study section meeting. Because applications for emergency competitive revisions and urgent competitive revisions undergo expedited review, post-submission materials will not be accepted for those applications; All other materials listed in NOT-OD-19-083 as acceptable post-submission materials will continue to be accepted if submitted 30 days before the study section meeting.

**Contact:** Please direct all inquiries to: Sally A. Amero, Ph.D.; NIH Review Policy Officer; ReviewPolicyOfficer@mail.nih.gov

[NTW] [TRAINING GRANTS/ADMINISTRATIVE SUPPLEMENTS/BEHAVIORAL AND SOCIAL SCIENCES]
NOT-OD-23-098: Notice of Special Interest: Administrative Supplements to NIH-funded T32 and TL1 Training Grants to Better Integrate Behavioral and Social Sciences (BSS) with other Health-Related Sciences

Sponsor: NIH
Deadline(s): 05/01/2023 (First Available Due Date); 05/02/2023 (Expiration Date)
Contact: It is not clear to me if supplements can be submitted to any NIH Institute in response to this NOSI. Therefore, it is best to direct all questions to Erica L. Spotts, PhD.; Office of Behavioral and Social Sciences Research (OBSSR);
Email: spotts@od.nih.gov, as well as your NIH Program Official of the parent grant

Additional Information: Notice of Special Interest: Administrative Supplements to NIH-funded T32 and TL1 Training Grants to Better Integrate Behavioral and Social Sciences (BSS) with other Health-Related Sciences; The following Notice of Special Interest (NOSI) was just issued this morning: Administrative Supplements to NIH-funded T32 and TL1 Training Grants to Better Integrate Behavioral and Social Sciences (BSS) with other Health-Related Sciences; See NOT-OD-23-098 for full details.; Application Due Date(s) – May 1, 2023, by 5:00 PM local time of applicant organization.; For funding consideration, applicants must include “NOT-OD-23-098” (without quotation marks) in the Agency Routing Identifier field (box 4B) of the SF424 R&R form. Applications without this information in box 4B will not be considered for this initiative.; Requests may be for one year of support only.; The Research Strategy section of the application is limited to 6 pages.; Applicants are strongly encouraged to notify the program contact at the Institute supporting the parent award that a request has been submitted in response to this FOA in order to facilitate efficient processing of the request.; Budget: Application budgets are limited to no
more than $100,000 direct costs (unless the cost of the parent grant is less than $100,000 at which point the request cannot exceed the cost of the parent grant) and must reflect the actual needs of the proposed project. The proposed project period cannot exceed that of the parent award. See NOT-OD-23-098 for full details.; It is not clear to me if supplements can be submitted to any NIH Institute in response to this NOSI. Therefore, it is best to direct all questions to Erica L. Spotts, PhD.; Office of Behavioral and Social Sciences Research (OBSSR); Email: spotts@od.nih.gov, as well as your NIH Program Official of the parent grant.; [brought to our attention by Stephanie Scott] ; 2021-NIH Funding Opportunities (Notices, PA, RFA); Notice of Special Interest: Administrative Supplements to NIH-funded T32 and TL1 Training Grants to Better Integrate Behavioral and Social Sciences (BSS) with other Health-Related Sciences; Notice NOT-OD-23-098 from the NIH Guide for Grants and Contracts; Related Announcements: PA-20-272 - Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional); Purpose: OBSSR is interested in supporting the integration of health-related behavioral and social sciences (BSS) with other biomedical methodological and scientific disciplines (e.g., genetics, immunology, metabolomics, molecular biology, microbiome, biochemistry, or physiological sciences). The goal is to train a research workforce that has the integrated content expertise and skills to meaningful address gaps in scientific advancement that are not well served by a more siloed approach to research. To support this goal, the OBSSR is soliciting applications for a one year administrative supplement to existing NIH T32 and TL1 training grants for the addition of activities that support the acquisition of expertise and skills that are foundational to conducting multidisciplinary science that integrates BSS with biomedical approaches, methods, paradigms, and outcomes. Activities may be designed to better prepare students for multi-disciplinary research careers in a variety of venues, such as academia, industry, government, or entrepreneurial enterprises. Applicants are encouraged to develop activities that can be easily shared with other training programs. Applicants can respond to this announcement by adding curricula from biomedical disciplines to T32s and TL1s that are primarily focused on BSS or by adding BSS curricula to T32s and TL1s that are primarily focused on biomedical sciences. The aims of the administrative supplement activities should be to support T32 or TL1 training to develop skills and expertise in integrated and multidisciplinary research that includes BSS. Applicants should discuss how the training module will increase interest in the T32/TL1, and how the training module will impact trainee careers. The cross-discipline curricula added to a T32 or TL1 could focus on training in discipline-specific methods, measurement approaches, research paradigms, and/or discipline specific subject matter expertise.; Applicants should note that this NOSI provides an opportunity to request only one year of support, and the funds from this supplement must be expended during the 12-month budget period of the award. Some NIH institutes may have restrictions on the year in which the award can be made, so please consult with the program officer on your parent grant.

Additional Information: The conference will explore the implications of technology on healthcare delivery as digital innovation grows within the US health ecosystem. The conference will kick off with a keynote address from Dr. Christopher P. Boone, Vice President and Global Head of Health Economics & Outcomes Research, AbbVie; Reimagining Our Clinical Research Enterprise; The Increasing Role of Real-World Evidence, Precision Health, and Public Policy; Conference Overview; The 2023 HPM Healthcare Conference will explore the implications of technology on healthcare delivery as digital innovation grows within the US health ecosystem. The conference will kick off with a keynote address from Dr. Christopher P. Boone, Vice President and Global Head of Health Economics & Outcomes Research at AbbVie. Dr. Boone will examine the political, economic, sociocultural, and technological advances that have necessitated a tectonic shift in the discovery, development and commercialization of new and ongoing therapies and interventions in healthcare. The morning panel will host a conversation with female trailblazers in FemTech who have advanced the field through innovative discoveries and strategies to address gaps in women's health. The afternoon program will allow attendees to choose one of the following three sessions: (1) a fireside chat that will investigate the role of technology on health delivery systems, (2) a roundtable discussion on navigating the challenges in data sharing and privacy in a post-Roe world, and (3) a panel that will explore the role and impact of entrepreneurship within the field of health technology. The conference will conclude with a networking reception.

**[NTW] [HICCC/CANCER/PILOT/GENOMICS]**

**HICCC 2023 Cancer Genomics and Epigenomics Program Pilot Award for Translational Clinical Trials**

**Sponsor:** Herbert Irving Comprehensive Cancer Center  
**Deadline(s):** 05/18/2023  
**Contact:** Please contact Dr. Sadiqa Quadri below with any questions on the program at skq1@cumc.columbia.edu  
**Link(s):** https://columbia.infoready4.com/#competitionDetail/1901246

**Additional Information:** Announcement: 2023 Cancer Genomics and Epigenomics Program Pilot Award for Translational Clinical Trials; Dear Colleagues, On behalf of the leadership of the Herbert Irving Comprehensive Cancer Center, we are thrilled to announce the launch of a 2023 Cancer Genomics and Epigenomics (CGE) Program to provide seed funding for a translational clinical trial with basic collaboration that aligns with its focus on cancer genomics and epigenomics. The award will provide one-year funds of $150,000 to support the project-specific study experiments. However, a smaller portion may be used towards salary support for research personnel (e.g., post-doctorate researchers, graduate students, or technician). Application Submission Deadline: Thursday, May 18, 2023, 11:59 pm EST. With best wishes, Susan Bates, MD; Announcing 2023 Cancer Genomics and Epigenomics Program Pilot Award for Translational Clinical Trials; We are pleased to announce the launch of 2023 Cancer Genomics and Epigenomics Program Pilot Award for Translational Clinical Trials. Click on the link below to view more information. Thank you! Internal Submission Deadline: Thursday, May 18, 2023; Cycle: 2023; Discipline/Subject Area: Cancer Genomics and Epigenomics; Description: Herbert Irving Comprehensive Cancer Center (HICCC); Cancer Genomics and Epigenomics (CGE) Pilot Program - Translational Clinical Trials; Request for Proposals; The Herbert Irving Comprehensive Cancer Center (HICCC) is seeking applications for the 2023 Cancer Genomics and Epigenomics (CGE) Program to provide seed funding for a translational clinical trial with basic collaboration that align with its focus on cancer genomics and epigenomics. The goal of this funding opportunity is to support translational clinical trial pilot projects including...
the pre-clinical projects leading to clinical trials. Projects should be focused on reaching a translational human endpoint that will enable a new clinical trial. A second goal is to encourage collaboration and develop relationships between basic scientists and clinicians. Successful applicants will be expected to apply for external funding as a result of pilot support. **Funding:** We expect to fund one award through this opportunity. The award term will be for 1 year at an amount, not to exceed **$150,000**, that is clearly defined, well justified, and likely to enhance success in facilitating the initiation of a new, or expansion of an existing, clinical trial (see below). Awards will be made to support innovative ideas stemming from research conceived by the co-principal investigators. We encourage that the majority of funds be utilized for project-specific study experiments, although a smaller portion of the funds may be used towards salary support for research personnel (e.g., post-doctorate researchers, graduate students, or technician). Funds may not be used towards PI salary, capital equipment, or travel. Indirect costs will **not** be allowed.

**[NTW] [RESEARCH SUPPORT SERVICES]**

*Update on Research Support Services, Spring 2019; we are pleased to expand the Research Support Services to also include resubmissions of otherwise eligible R01, P, K, Center and T32 grants*

**Sponsor:** Mailman School  
**Deadline(s):** relative to upcoming NIH Grant Submission Deadline(s): 5 weeks prior to submission deadline (Inform R2 of intent to utilize services); 4 weeks prior to submission deadline (science draft for external review); 2 weeks prior to submission deadline (submission for editing services)  
**Contact:** Pam Factor-Litvak (Associate Dean, Research Resources, and Professor of Epidemiology) prf1@cumc.columbia.edu; Craig Kandell (Project Coordinator, Research Resources) ckk7@cumc.columbia.edu  
**Link(s):** [Grant Review Submission Form (updated Spring 2019)](https://r2eport.files.wordpress.com/2015/05/mailmanschoolgrantreviewsubmissionformwordgenericspring2019_04-09-19d.docx)

**Additional Information:**

Dear Mailman School faculty,

I want to give you an update on Research Support Services—the School's new program for pre-submission external review and final editing. As Dean Fried wrote in October, the program is geared “to support faculty in preparing grant applications with the highest chance of success.”

I'm happy to report that those using the services this fall have found them valuable. Katherine Keyes in Epidemiology spoke enthusiastically at the recent Assembly: "It was a great experience. I got to focus on the science without having to deal with any of the administrative aspects. I got really good feedback. I will be using these services again.”

In my estimation, all the grants were greatly improved by these services. Of course, the ultimate test is how they are scored and funded. As soon I have that information, I will share it with you.

I encourage everyone to take advantage of Research Support Services to give your grants a competitive advantage. Please keep in mind the following deadlines:

- **5 weeks prior to submission deadline**—Inform Research Resources (via Craig Kandell at ckk7@cumc.columbia.edu) if you plan on using Research Support Services with information about they the type of grant at least five weeks prior to
the grant due date. If you seek external review, please provide the name and contacts of at least three potential
reviewers so we can reach out to them in your order of preference.

- **4 weeks prior to submission deadline** — Send us your science draft for external review three to four weeks prior
to submission. We will forward it to the external reviewer. Generally, they provide feedback within a week.

- **2 weeks prior to submission deadline** — For editorial services, send us your manuscript at least 10 days ahead of
the deadline. We will make arrangements with the editor. Comments will be returned to Craig and the PI for
finalization and submission within a few days.

Please keep in mind that it may take you a day or two to incorporate comments and edits. For best results, get in touch with us
prior to these deadlines.

Research Support Services cover first-time submissions, and we are pleased to expand the service to encompass
resubmissions of R01, P, K, Center, T32, or other complex NIH proposals by full-time faculty with primary appointments in the
School. I am available to provide feedback for grants that utilize this service and also for other grant types that are ineligible
for the services.

If you have any questions about your eligibility or the above process, please visit Research Resources online or contact me at
prf1@cumc.columbia.edu.

Best wishes,

Pam Factor-Litvak

Grodman Family Foundation; innovative programs of research, education, clinical
care, and program operations that provide solutions to the immense challenge of
caring for children in distress

Apply here

**Sponsor:** Grodman Family Foundation: https://grodmanfamilyfoundation.org

**Deadline(s):** None provided; Letters of interest will be reviewed. Proposals meeting the Board’s approval will be invited to
submit additional information

**Contact:** https://grodmanfamilyfoundation.org/contact.html

**Link(s):** https://grodmanfamilyfoundation.org/apply.html

**Additional Information:** Sending this funding opportunity on behalf of the **Office of Alumni & Development**, and the **VP&S
CUIMC Office of Development**, due to the broad, multidisciplinary nature of the program. See below and attached.; All questions
must be sent directly to the sponsor here; **Grodman Family Foundation**: The Grodman Family Foundation will fund innovative
programs of research, education, clinical care, and program operations that provide solutions to the immense challenge of caring
for children in distress.; **Funding Guidelines**: Initial Funding for proposals will commence throughout 2022 calendar year.;
Applicants must submit a Letter of Interest through the web portal to be considered: https://grodmanfamilyfoundation.org/apply.html
Grants will be considered in the $50,000-$200,000 annual range with 1–3-year terms.

Evidence for Action: Innovative Research to Advance Racial Equity

**Sponsor:** RWJF; [https://www.evidenceforaction.org/](https://www.evidenceforaction.org/)

**Deadline(s):** Open

**Contact:** Email: evidenceforaction@ucsf.edu; Website: [www.evidenceforaction.org](http://www.evidenceforaction.org)

**Additional Information:** New funding opportunity: Innovative research to advance racial equity; As we enter into a year and a half of the pandemic there’s no doubt that we have had many difficult conversations as a country. One particular topic we should not stop discussing is the harm structural racism has on the health and well-being of society and how we can dismantle it; RWJF’s **Evidence for Action** program is currently seeking proposals to evaluate specific policies, programs, and practices that have the potential to contribute to dismantling and counteracting the harms of structural and systemic racism and improving health, well-being, and equity outcomes. Knowing that some approaches to disrupting racism are in early stages of development; other types of research that can advance racial equity will be considered. ; Learn more about eligibility and selection criteria >

[NTW] [FOUNDATION FUNDING]

The EVPR’s Office is working with schools to determine the theme and institutional partners for our **Chan Zuckerberg Biohub** LOL. I will appoint and convene a faculty committee to coordinate with relevant deans, Provost Boyce, and colleagues in Development on next steps for the Columbia University Coordination on CZ Biohub Letter of Intent; Please direct any questions to [EVPR@columbia.edu](mailto:EVPR@columbia.edu) with “CZ Biohub” in the subject line

**Sponsor:** Chan Zuckerberg Initiative; CU EVPR

**Deadline(s):** 02/01/2022 (Release Date)

**Contact:** Please direct any questions to [EVPR@columbia.edu](mailto:EVPR@columbia.edu) with “CZ Biohub” in the subject line

**Link(s):** [https://www.czbiohub.org/cz-biohub-network-applications/](https://www.czbiohub.org/cz-biohub-network-applications/)

**Additional Information:** Columbia University Coordination on CZ Biohub Letter of Intent; Dear Faculty: The Chan Zuckerberg Initiative recently announced a competition for a new **Chan Zuckerberg Biohub** to focus on developing new technologies to measure and observe human biology in ways that help deepen our understanding of human health and disease. The ideal scientific themes should be interdisciplinary in nature, have large engineering challenges to conquer, and should be wildly ambitious. The focus area of this new CZ Biohub should further diversify CZI’s existing research portfolio, which includes: infectious disease and quantitative cell science (San Francisco CZ Biohub); neuroscience and artificial intelligence (Kempen Institute for the Study of Natural and Artificial Intelligence at Harvard University); and the Chan Zuckerberg Institute for Advanced Biomedical Imaging. ; The Letter of Intent (LOI) requires a minimum of three geographically proximate institutions collectively to propose a concept for the CZ Biohub. As an organizational structure, the CZ Biohub will be a nonprofit medical research organization that will enter into a collaboration agreement with its institutional partners, enabling the new CZ Biohub to support research at its partner Institutions. Funding is anticipated in the $200–250 million range, over an initial ten-year period, with the possibility for an additional five-year commitment of funds; Columbia plans to endorse only one institutional partnership application for this opportunity. The EVPR’s Office is working with schools to determine the theme and institutional partners for our Chan Zuckerberg Biohub LOI. I will appoint and convene a faculty committee to coordinate with relevant deans, Provost Boyce, and colleagues in Development on next steps.; Please direct any questions to [EVPR@columbia.edu](mailto:EVPR@columbia.edu) with “CZ Biohub” in the subject line.; Sincerely, Jeannette M. Wing; Executive Vice President for Research; Professor of Computer Science; Columbia University

CDC-RFA-GH-23-0045_Regional Partnerships to Strengthen National Data Capacities for HIV, TB, and Other Pandemic Preparedness and Response under the President’s Emergency Plan for AIDS Relief (PEPFAR)

Sponsor: PEPFAR

Deadline(s): 04/18/2023; 05/24/2023 (Archive Date)

Contact: pepfarfoas@cdc.gov

Additional Information: Regional Partnerships to Strengthen National Data Capacities for HIV, TB, and Other Pandemic Preparedness and Response under the President’s Emergency Plan for AIDS Relief (PEPFAR). Average One Year Award Amount: $63,000,000; Regional Partnerships to Strengthen National Data Capacities for HIV, TB, and Other Pandemic Preparedness and Response under the President’s Emergency Plan for AIDS Relief (PEPFAR). Average One Year Award Amount: $63,000,000;
Regional Partnerships to Strengthen National Data Capacities for HIV, TB, and Other Pandemic Preparedness and Response under the President’s Emergency Plan for AIDS Relief (PEPFAR); The focus of this NOFO is to improve capacity, timeliness, and quality of the public health response to HIV, TB, and other health threats. This will be achieved through country-led or -owned activities related to survey and surveillance systems, monitoring and evaluation (M&E), advanced data management and analysis including machine learning (ML) and artificial intelligence (AI), as well as economic and cost analysis. Activities range from skill building and system strengthening to data collection, processing, and analysis, to dissemination and use of data for public health impact; 1. Due Date for Letter of Intent (LOI): The LOI date will generate once the Synopsis is published if Days or a Date are entered.; 2. Due Date for Applications: Application Due Date will be submitted as: date based on specified number of days after the actual Synopsis Post Date; 11:59 p.m. U.S. Eastern Standard Time, at www.grants.gov; 3. Due Date for Informational Conference Call: N/A; G. Executive Summary: 1. Summary Paragraph; Activities implemented through this NOFO will be conducted in PEPFAR-supported countries.; The activities will support a range of critical national data capacities for HIV, TB, and other pandemic preparedness and public health response through partnership with relevant regional and/or national organizations by strengthening regional, national, and subnational institutions to independently develop, implement, support, and sustain health data systems and related activities. This NOFO will strive to keep in balance that countries need immediate implementation support for specific data activities with the imperative for greater expertise, capability, ownership, and sustainability (financial, operational, technical, programmatic, political) in national and regional institutions.; The focus of this NOFO is to improve capacity, timeliness, and quality of the public health response to HIV, TB, and other health threats. This will be achieved through country-led or -owned activities related to survey and surveillance systems, monitoring and evaluation (M&E), advanced data management and analysis including machine learning (ML) and artificial intelligence (AI), as well as economic and cost analysis. Activities range from skill building and system strengthening to data collection, processing, and analysis, to dissemination and use of data for public health impact.; a. Eligible Applicants: Open Competition; b. Funding Instrument Type: CA (Cooperative Agreement); c. Approximate Number of Awards: 3; The expected number of awards is 1-3.; d. Total Period of Performance Funding: $0; The Approximate Project Period of Performance Funding/Estimated Total Funding for the Total: 5 year Project Period is None. The Approximate Total Fiscal Year Funding/Average One Year; Award Amount/Approximate Average Award amount for years 2-5 will be set at continuation.; e. Average One Year Award Amount: $63,000,000; The Approximate Total Fiscal Year Funding/Average One Year Award Amount/Approximate; Average Award amount for Year 1 is $63,000,000. The expected number of awards is 1-3. Exact; amounts for each award under this NOFO will be determined at the time of award. Applicants, are encouraged to apply to the Approximate Total Fiscal Year Funding/Average One Year; Award Amount/Approximate Average Award amount; f. Total Period of Performance Length: 5 year(s); g. Estimated Award Date: September 30, 2023; h. Cost Sharing and/or Matching Requirements: No; Cost sharing or matching funds are not required for this program. Although no statutory; matching requirement for this NOFO exists, leveraging other resources and related ongoing efforts to promote sustainability is strongly encouraged.; Prof. Francis Mulaa; Asso-Dean, Faculty of Science & Technology; UNIVERSITY OF NAIROBI; Tel: +254 -733-876968; +254 -713-036908; Email: assocdean-fst@uonbi.ac.ke

**Pre-Solicitation Notice: Resources to Advance Pediatrics and HIV Prevention Science (RAPPS), RFP: 75N93021R00020**

**Sponsor:** National Institute of Allergy and Infectious Diseases  
**Deadline(s):** NA  
**Contact:** Robert Corno; Contracting Officer; AIDS Research Contracts Branch, Office of Acquisitions; Division of Extramural Activities; National Institute of Allergy and Infectious Diseases; National Institutes of Health, Email: cornorj@niaid.nih.gov  
**Additional Information:** As a resource to the fields of HIV treatment and prevention, NIAID maintains contracts to support the development of emerging HIV therapeutics, vaccines, and nBP candidates. The services under these contracts are provided on a case-by-case basis and are designed to assist in filling key gaps in their product development pathway. These services have enabled the acquisition of critical data, development of essential methods, manufacture and characterization of products, fulfillment of regulatory requirements, and/or completion of studies necessary for entering clinical trials. Over the past years, these contract activities have helped investigators to obtain critical data and materials to attract additional funding, gain prospective partnership, fulfill regulatory requirements, and complete studies before entering clinical trials. Information about these contract resources or activities can be found at the following website: [https://www.niaid.nih.gov/research/resources](https://www.niaid.nih.gov/research/resources).

### [NTW] [HIV]
**Notice of Special Interest (NOSI): Research on barriers to care and risk of HIV-associated comorbidities among vulnerable population groups**

**Sponsor:** National Heart, Lung, and Blood Institute  
**Deadline(s):** 05/07/2022 (First Available Due Date); 05/08/2025 (Expiration Date)  
**Contact:** Please direct all inquiries to the contacts in Section VII of the listed funding opportunity announcements with the following additions/substitutions: Scientific/Research Contact(s): Sean Altekruse D.V.M., Ph.D.; National Heart, Lung, and Blood Institute (NHLBI); Telephone: 301-4-35-1290; Email: altekrusesf@nhlbi.nih.gov

Notice of Special Interest (NOSI): Administrative Supplements for NIMH Grants to
Inform the Assessment of Suicide Thoughts and Behaviors among Children and Preteens

Sponsor: National Institute of Mental Health; National Institute on Drug Abuse; National Institute on Minority Health and Health Disparities
Deadline(s): 04/05/2022 (First Available Due Date); 04/02/2023 (Expiration Date)
Contact: National Institute of Mental Health (NIMH); Mary Rooney, Ph.D.; Telephone: 301-827-1325; Email: mary.rooney@nih.gov
Additional Information: Related Announcements: PA-20-272 - Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional); Reissue of NOT-MH-22-085 - Notice of Special Interest (NOSI): Administrative Supplements for NIMH Grants to Inform the Assessment of Suicide Thoughts and Behaviors among Children and Preteens

[NTW] [SUICIDE PREVENTION]
Understanding Suicide Risk and Protective Factors among Black Youth (R01 Clinical Trial Not Allowed)
Sponsor: National Institute of Mental Health; National Institute on Minority Health and Health Disparities; Office of Behavioral and Social Sciences Research
Deadline(s): 06/20/2023; 06/21/2023 (Expiration)
Contact: Scientific/Research Contact(s); Eric R. Murphy, Ph.D.; National Institute of Mental Health (NIMH); Telephone: 301-443-9230; Email: eric.murphy@nih.gov
Additional Information: Understanding Suicide Risk and Protective Factors among Black Youth; (R01 Clinical Trial Not Allowed); FOA Number: RFA-MH-22-140; Key Dates; Open Date (Earliest Submission Date): September 18, 2022; Expiration Date: June 21, 2023; Purpose: This FOA aims to advance translational research to better understand factors that confer risk and resilience for suicide among Black youth. This FOA encourages research that is designed to identify neurobiological, behavioral, social, and structural/systemic mechanisms underlying risk and protective factors for suicide among Black youth, with consideration for identification of novel targets for future development of prevention and intervention efforts. This FOA is intended to support R01 research project grants that are adequately powered and of sufficient scope to examine the impact of empirically and theoretically suggested risk and protective factors on suicide and STB among Black youth, and the pathways by which these factors uniquely contribute to suicide related outcomes in this population. These studies should be adequately powered to definitively answer the primary research question(s), with well-justified hypotheses supported by pilot data. Support for earlier-stage exploratory developmental projects is provided via a companion FOA, RFA-MH-22-141.; View RFA-MH-22-140

[NTW] [SUICIDE PREVENTION]
Understanding Suicide Risk and Protective Factors among Black Youth (R21 Clinical Trial Not Allowed)
Sponsor: National Institute of Mental Health
Deadline(s): 06/20/2023; 06/21/2023 (Expiration)
Contact: Scientific/Research Contact(s); Eric R. Murphy, Ph.D.; National Institute of Mental Health (NIMH); Telephone: 301-443-9230; Email: eric.murphy@nih.gov
Additional Information: Understanding Suicide Risk and Protective Factors among Black Youth; (R21 Clinical Trial Not Allowed); FOA Number; RFA-MH-22-141 ; Key Dates; Open Date (Earliest Submission Date): September 18, 2022; Expiration Date: June 21, 2023; Purpose: This FOA aims to advance translational research to better understand factors that confer risk and
resilience for suicide among Black youth. R21 exploratory grant awards in response to this FOA are intended to conduct preliminary work regarding the assessment and characterization of risk and protective factors, with consideration for the identification of novel targets for future development of prevention and intervention efforts. Studies may involve evaluating the relevance of risk and protective factors for Black youth and their families, identifying risk or protective factors (or their interactions) unique to Black youth (or subgroups of this population), developing new or adapted assessment methods that are developmentally and culturally appropriate, and/or examining the acceptability and utility of existing assessment methods. This FOA supports exploratory developmental projects focused on refining strategies for the assessment and characterization of risk and protective factors and collecting preliminary data needed as a prerequisite to a larger-scale, definitive project. A companion R01 FOA RFA-MH-22-140 supports larger scale projects that are of sufficient scope and are powered to provide a definitive examination of risk/protective factors associated with suicide risk among Black youth.; RFA-MH-22-141

[NTW] [SUICIDE PREVENTION]

[NTW] [COUNTERMEASURES AGAINST CHEMICAL THREATS]
Countermeasures Against Chemical Threats (CounterACT) Research Centers of Excellence (U54 Clinical Trial Optional)  
**Sponsor:** National Institute of Neurological Disorders and Stroke; National Eye Institute; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute on Drug Abuse; National Institute of Environmental Health Sciences  
**Deadline(s):** 09/12/2023; 09/13/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); For questions related to the overall CounterACT program and/or neurological injury research including threat agents of interest: David A. Jett, Ph.D.; National Institute of Neurological Disorder and Stroke (NINDS); Telephone: 301-496-6035; Email: jettd@ninds.nih.gov  
**Link(s):** [https://grants.nih.gov/grants/guide/pa-files/PAR-20-316.html](https://grants.nih.gov/grants/guide/pa-files/PAR-20-316.html)

[NTW] [COUNTERMEASURES AGAINST CHEMICAL THREATS]
PAR-23-139: CCRP Initiative: NIH Countermeasures Against Chemical Threats (CounterACT) Translational Exploratory/Developmental Research Projects (R21 Clinical Trial Not Allowed)  
**Sponsor:** National Institute of Neurological Disorders and Stroke; National Eye Institute; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute on Drug Abuse; National Institute of Environmental Health Sciences  
**Deadline(s):** 05/30/2023; 05/30/2024; 05/30/2025; 05/31/2025 (Expiration)  
**Contact:** Scientific/Research Contact(s); For questions related to the overall CounterACT Program and/or neurological injury research: Shardell Spriggs, Ph.D.; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-443-8189; Email: shardell.spriggs@nih.gov  
[NTW] [COUNTERMEASURES AGAINST CHEMICAL THREATS]
CCRP Initiative: Countermeasures Against Chemical Threats (CounterACT)
Therapeutics Discovery and Early-Stage Development (UG3/UH3 Clinical Trial Not Allowed)

**Sponsor:** National Institute of Neurological Disorders and Stroke; National Eye Institute; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute on Drug Abuse; National Institute of Environmental Health Sciences

**Deadline(s):** 10/27/2023; 10/17/2024; 10/18/2024 (Expiration)

**Contact:** Scientific/Research Contact(s): Shardell Spriggs, PhD; National Institute of Neurological Disorders and Stroke (NINDS); Telephone: 301-443-8189; Email: shardell.spriggs@mail.nih.gov

[NTW] [COOPERATIVE AGREEMENT]

**NIDDK High Risk Multi-Center Clinical Study Implementation Planning Cooperative Agreements (U34 Clinical Trial Optional)**

**Sponsor:** National Institute of Diabetes and Digestive and Kidney Diseases

**Deadline(s):** 06/08/2023; 02/15/2024; 02/16/2024 (Expiration)

**Contact:** Scientific/Research Contact(s): Tracy Rankin, Ph.D., M.P.H.; Division of Kidney, Urologic and Hematologic Diseases; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); Telephone: 301-594-4748; Email: rankint@mail.nih.gov

[NTW] [COOPERATIVE AGREEMENT]

**NIDDK High Risk Multi-Center Clinical Study Cooperative Agreement (U01 Clinical Trial Required)**

**Sponsor:** National Institute of Diabetes and Digestive and Kidney Diseases

**Deadline(s):** Standard dates; Standard AIDS dates; 01/08/2024 (Expiration)

**Contact:** Scientific/Research Contact(s): Tracy Rankin, Ph.D., M.P.H.; Division of Kidney, Urologic and Hematologic Diseases; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); Telephone: 301-594-4748; Email: rankint@mail.nih.gov

[NTW] [COOPERATIVE AGREEMENT]

**NIDDK High Risk Multi-Center Clinical Study Cooperative Agreement (U01 Clinical Trial Not Allowed)**

**Sponsor:** National Institute of Diabetes and Digestive and Kidney Diseases

**Deadline(s):** Standard dates; Standard AIDS dates; 01/08/2024 (Expiration)

**Contact:** Scientific/Research Contact(s): Tracy Rankin, Ph.D., M.P.H.; Division of Kidney, Urologic and Hematologic Diseases; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); Telephone: 301-594-4748; Email: rankint@mail.nih.gov

**[NTW] [IMPLEMENTATION RESEARCH]**

**Dissemination and Implementation Research in Health (R01 Clinical Trial Optional)**

**Sponsor:** National Cancer Institute; National Center for Complementary and Integrative Health; National Human Genome Research Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Institute of Nursing Research; Office of Behavioral and Social Sciences Research; Office of Disease Prevention; Office of Research on Women's Health

**Deadline(s):** 10/05/2024; 02/05/2025; 05/08/2025 (Expiration)

**Contact: Scientific/Research Contact(s):** Gila Neta, PhD; National Cancer Institute (NCI); Telephone: 240-276-6785;

**Email:** Gila.Neta@nih.gov

**Link(s):** http://grants.nih.gov/grants/guide/pa-files/PAR-22-105.html

**Additional Information:** The purpose of this Funding Opportunity Announcement (FOA) is to support studies that will identify, develop, and/or test strategies for overcoming barriers to the adoption, adaptation, integration, scale-up, and sustainability of evidence-based interventions, practices, programs, tools, treatments, guidelines, and policies. Studies that promote equitable dissemination and implementation of evidence-based interventions among underrepresented communities are encouraged. Conversely, there is a benefit in understanding circumstances that create a need to stop or reduce ("de-implement") the use of practices that are ineffective, unproven, low-value, or harmful. In addition, studies to advance dissemination and implementation research methods and measures are encouraged. Applications that focus on re-implementation of evidence-based health services (e.g. cancer screening) that may have dropped off amidst the ongoing COVID pandemic are encouraged.

---

**[NTW] [IMPLEMENTATION RESEARCH]**

**Dissemination and Implementation Research in Health (R03 Clinical Trial Not Allowed)**

**Sponsor:** National Cancer Institute; John E. Fogarty International Center; National Human Genome Research Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute of Dental and Craniofacial Research; National Institute of Environmental Health Sciences; National Institute of Mental Health; National Institute on Neurological Disorders and Stroke; Office of Behavioral and Social Sciences Research; Office of Disease Prevention; Office of Research on Women's Health

**[NTW] [IMPLEMENTATION SCIENCE]**

**NOT-HD-23-009: Notice of Intent to Publish a Notice of Funding Opportunity for the PATCH-IN Implementation Science Coordinating Center (UM2 Clinical Trial Optional)**

**Sponsor:** **Eunice Kennedy Shriver** National Institute of Child Health and Human Development

**Deadline(s):** 12/06/2023 (First Estimated Application Due Date)

**Contact:** Franklin W. Yates, MD; **Eunice Kennedy Shriver** National Institute of Child Health and Human Development (NICHD); Telephone: 240-890-3679; Email: franklin.yates@nih.gov

---

**[NTW] [FOOD AND DRUG ADMINISTRATION/RARE DISEASES]**

**Efficient and Innovative Natural History Studies Addressing Unmet Needs in Rare Diseases (R01) Clinical Trials Not Required**

**Sponsor:** Food and Drug Administration

**Deadline(s):** 02/13/2024; 02/14/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Katherine Needleman; Director, Orphan Products Grants Program; Office of Orphan Products Development; Food and Drug Administration; E-mail: katherine.needleman@fda.hhs.gov

[NTW] [FOOD/NUTRITION]
NOT-OD-23-107: Request for Information (RFI): Food is Medicine Research Opportunities

**Sponsor:** Office of Nutrition Research; Agency for Healthcare Research and Quality; Food and Drug Administration; National Center for Complementary and Integrative Health; National Cancer Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; Office of AIDS Research; Office of the Director, NIH; Office of Disease Prevention; Office of Dietary Supplements; Office of Research on Women’s Health

**Deadline(s):** 06/30/2023 (Response Date)

**Contact:** Christopher J. Lynch, Ph.D.; Office of Nutrition Research (ONR); Division of Program Coordination, Planning and Strategic Initiatives (DPCPSI); Telephone: 301-325-4232; Email: nutritionresearch@nih.gov

**Additional Information:** This Request for Information (RFI) invites input on research opportunities and best practices for Food is Medicine research programs. These programs are part of a whole-of-government approach to end hunger, improve nutrition and physical activity, and reduce diet-related diseases and disparities. Review of this entire RFI notice is encouraged to ensure a comprehensive response is prepared and to have a full understanding of how your response will be used.

Notice of Special Interest (NOSI): NIH Research Project Grant (R01) Applications from Individuals from Diverse Backgrounds, Including Under-Represented Minorities

**Sponsor:** National Institute of Neurological Disorders and Stroke; National Institute on Drug Abuse  
**Deadline(s):** 06/05/2021 (First Available Due Date); 05/08/2023 (Expiration)  
**Contact:** Please direct all inquiries to the Scientific/Research, Peer Review, and Financial/Grants Management contacts in Section VII of the listed funding opportunity announcements.  
[NTW] [CONFERENCE AND MEETING SUPPORT]
NIOSH Support for Conferences and Scientific Meetings (R13 Clinical Trial Not Allowed)
Sponsor: National Institute for Occupational Safety and Health
Deadline(s): Standard dates; 12/15/2025 (Expiration)
Contact: Scientific/Research Contact(s); Sharon Chiou, PhD; National Institute for Occupational Safety and Health (NIOSH); Centers for Disease Control and Prevention (CDC); Telephone: 304-285-6029; Email: SChiou@cdc.gov

[NTW] [CONFERENCE AND MEETING SUPPORT]
NIH Support for Conferences and Scientific Meetings (Parent R13 Clinical Trial Not Allowed)
Sponsor: National Institutes of Health; National Center for Advancing Translational Sciences; National Center for Complementary and Integrative Health; National Cancer Institute; National Eye Institute; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences; National Institute of General Medical Sciences; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Library of Medicine; Division of Program Coordination, Planning and Strategic Initiatives, Office of Research Infrastructure Programs
Deadline(s): standard due dates; 01/07/2024; 01/08/2024 (Expiration)
Contact: Scientific/Research Contact information is listed in the table at R13 Contacts and Special Interest website.

[NTW] [CONFERENCE AND MEETING SUPPORT/AHRQ]
PA-22-238: AHRQ Conference Grant Programs (R13)
Sponsor: Agency for Healthcare Research and Quality
Deadline(s): Standard dates apply; 10/31/2026; 11/01/2026 (Expiration)
Contact: Scientific/Research Contact(s); Direct your questions about general NOFO issues: Linda Franklin; Conference Grant Program Administrator; Agency for Healthcare Research and Quality; Office of Extramural Research, Education and Priority Populations; Division of Policy, Coordination and Analysis; Telephone: (301) 427-1904; Email: linda.franklin@ahrq.hhs.gov
Link(s): https://grants.nih.gov/grants/guide/pa-files/PA-22-238.html
Additional Information: Funding Opportunity Purpose: The Agency for Healthcare Research and Quality (AHRQ) announces its interest in supporting conferences through the AHRQ Single-Year and Multiple-Year Conference grant programs (R13). AHRQ seeks to support conferences that help further its mission to produce evidence to make health care safer, higher quality, more accessible, equitable and affordable, and to work with HHS and other partners to make sure the evidence is understood and used. The types of conferences eligible for support include: 1) Research Development; 2) Research Design and Methodology; 3) Dissemination and Implementation; 4) Research Training, Infrastructure and Career Development; AHRQ is especially interested in supporting conferences that demonstrate strategies that include plans for disseminating complementary conference materials and products beyond the participants attending the event. Regionally-based conferences are acceptable with the expectation that plans will be developed for national
dissemination. Such strategies might include, but are not limited to, submitting articles for publication, posting information on a website, and seeking formal opportunities to discuss conference information with others.

[NTW] [GENDER]
RFA-OD-22-014: Specialized Centers of Research Excellence (SCORE) on Sex Differences (U54 Clinical Trial Optional)

Sponsor: Office of Research on Women's Health; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute on Drug Abuse; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences; National Institute of Mental Health

Deadline(s): 08/15/2024; 08/16/2024 (Expiration)

Contact: Scientific/Research Contact(s); Rajeev K. Agarwal, Ph.D.; Office of Research on Women's Health (ORWH); Telephone: (301) 451-7058; Email: rajeev.agarwal@nih.gov

[NTW] [GENDER EQUITY]
RFA-OD-23-004: Advancing Gender Inclusive Excellence (AGIE) Coordinating Center (U24 Clinical Trial Not Allowed)
Office of Research on Women’s Health; ORWH Accepting Applications for an Advancing Gender Inclusive Excellence Coordinator Center | Office of Research on Women's Health

Sponsor: Office of Research on Women's Health; National Institute of Diabetes and Digestive and Kidney Diseases

Deadline(s): 05/31/2023; 01/31/2024; 02/01/2024 (Expiration)

Contact: Benjamin Johns, Ph.D.; Office of Research on Women’s Health (ORWH/OD); Tel: 301-435-1681; email: benjamin.johns@nih.gov

Additional Information: ORWH Accepting Applications for an Advancing Gender Inclusive Excellence Coordinator Center; NIH Office of Research on Women’s Health; ORWH Accepting Applications for an Advancing Gender Inclusive Excellence Coordinator Center; ORWH and the National Institute of Diabetes and Digestive and Kidney Diseases recently re-issued a request for applications for an Advancing Gender Inclusive Excellence (AGIE) Coordinator Center. The purpose of the AGIE Coordinating Center is to provide the organizational framework for the management, direction, and overall coordination of all common activities aimed at investigating strategies, approaches, and interventions. This includes promoting gender equity or addressing barriers to gender equity for women, at the faculty and leadership levels in many areas of science, technology, engineering, mathematics, and medicine (STEMM).; The purpose of the AGIE Coordinating Center will be to provide the organizational framework for the management, direction, and overall coordination of all common activities aimed at investigating strategies, approaches, and interventions promoting gender equity or addressing barriers to gender equity, including for women, at the faculty and leadership levels in many areas of science, technology, and engineering.; This opportunity is co-funded by the Office of Research on Women’s Health in collaboration with the National Institute of Diabetes and Digestive and Kidney Diseases.
[NTW] [SEX AND GENDER]
RFA-OD-22-028: The Intersection of Sex and Gender Influences on Health and Disease (R01 Clinical Trial Optional)

**Sponsor:** Office of Research on Women's Health; National Center for Complementary and Integrative Health; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute on Drug Abuse; National Institute of Dental and Craniofacial Research; National Institute of Environmental Health Sciences; National Institute of Mental Health; National Institute of Nursing Research

**Deadline(s):** 11/22/2023; 11/22/2024; 11/23/2024 (Expiration)

**Contact:** Scientific/Research Contact(s); Chyren Hunter, Ph.D.; Office of Research on Women's Health (ORWH); Phone: 301-496-7849; Email: Hunterc@mail.nih.gov

[NTW] [VACCINE HESITANCY]
Notice of Special Interest (NOSI): Urgent Competitive Revisions and Administrative Supplements for Research at NIMHD Research Centers in Minority Institutions (RCMI U54s) on SARS-CoV-2 Vaccine Hesitancy, Uptake, and Implementation

**Sponsor:** National Institute on Minority Health and Health Disparities

**Deadline(s):** 03/05/2021 (First Available Due Date); 05/04/2024 (Expiration Date)

Notice of Information: NICHD Population Dynamics Centers Research Infrastructure Program FY2023 and FY2024

**Sponsor:** Eunice Kennedy Shriver National Institute of Child Health and Human Development  
**Deadline(s):** 06/08/2021 (Release Date)
Hello Colleagues,

Just wanted to share information about the release of NIEHS’s Request for Applications (RFA) for the multi-disciplinary “Virtual Consortium for Translational/Transdisciplinary Environmental Research (ViCTER)” RFA-ES-21-007, which posted yesterday evening. The purpose of the ViCTER program is to foster and promote early-stage transdisciplinary collaborations and/or translational research efforts to address fundamental research among basic (technology and mechanism oriented), clinical (patient-oriented) and population-based researchers in the environmental health field. The newly established collaborative teams will come together in common interest to investigate potential linkages between human health and one or more environmental stressor(s). The ViCTER program is intended to support innovative high-risk, high-reward transdisciplinary/translational research projects that are more difficult to achieve in a typical R01 application. Collaboration among investigators at different institutions through a virtual consortium arrangement is encouraged. The next due date is February 1, 2022. There will be a free informational webinar on November 18th from 2-3pm ET. Please visit the ViCTER webpage for a link to register to the webinar and for any updates related to this announcement: https://www.niehs.nih.gov/research/supported/translational/victer/index.cfm; I invite you to share this announcement with teams of researchers who might be interested in this funding mechanism. If you have questions, please don’t hesitate to reach out to me.; Thank you, Heather Henry; [brought to our attention by] Heather F. Henry, Ph.D.; Program Administrator; Superfund Research Program; National Institute of Environmental Health Sciences; Email: henryh@niehs.nih.gov; SRP Funding Opportunities

Notice of Special Interest (NOSI): Use of Digital Technology and Mobile Health (mHealth) to Improve Diagnosis, Assessments, Interventions, Management and Outcomes for Individuals with Down Syndrome Across the Lifespan (R21 Clinical Trial Not Allowed)

Sponsor: National Institutes of Health; National Center for Complementary and Integrative Health; National Cancer Institute; National Eye Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute of Arthritis and Musculoskeletal and Skin Diseases; Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research

The NewYork-Presbyterian Hospital William Rhodes Center for Glioblastoma - Collaborative Research Initiative | Research | Weill Cornell Medicine

**Sponsor:** https://research.weill.cornell.edu  
**Deadline(s):** 05/08/2023 (Internal Deadline)  
**Contact:** Applications must be submitted as a single e-mail attachment in PDF format to Matt Baird mab9327@nyp.org by 5:00pm on Monday, May 8, 2023. The subject line of the e-mail should read “RCG RFA”.  
**Link(s):** https://research.weill.cornell.edu/funding/funding-opportunities/newyork-presbyterian-hospital-william-rhodes-center-glioblastoma

**Additional Information:** Request for Application; deadline: May 8th, 2023; The NewYork-Presbyterian Hospital William Rhodes Center for Glioblastoma - Collaborative Research Initiative; The NewYork-Presbyterian Hospital William Rhodes Center for Glioblastoma - Collaborative Research Initiative; **Internal Deadline:** Monday May 8th, 2023; **Request for Applications; Pre-R01 Award Mechanism:** Release Date: April 3, 2023; The NewYork-Presbyterian Hospital (NYP), in collaboration with its Ivy League partners, Weill Cornell Medicine and Columbia University Vagelos College of Physicians and Surgeons, and with the generous support of the Rhodes family, has established the William Rhodes and Louise Tilzer-Rhodes Center for Glioblastoma (RCG). A key mission of the RCG is to “drive new scientific discovery through research to improve our diagnostic and therapeutic tools”. To achieve that goal, the RCG seeks applications for research studies related to gliomas, with a particular emphasis on glioblastoma, with an overarching goal of stimulating the development of a cross campus, cross institution, collaborative...
research matrix center among all of our partners. This pilot grant program is intended to entice investigators, either experienced in or new to glioma research, to obtain externally funded grant applications and new philanthropy; **Award Mechanism:** From $5K up to $250K for one year (with competitive 2nd year option) for proposals that demonstrate meaningful cross-campus collaboration. The detailed budget must demonstrate that each campus will receive a minimum of one third of the total award amount; For proposals that are focused on one campus the awards will be from $5K up to $100K for one year (with competitive 2nd year option). Investigators who received a previous RCG award are eligible for follow-on funding from $5K up to $100K, subject to submission of a satisfactory progress report; Support for proposals from two or more investigators collaborating within and among NYP, Columbia, and Cornell; Objective: generate sufficient preliminary data and/or evidence of publication to transition to cancer-focused R01-type grant applications; **Funding:** Funds may be used only to cover project supplies and partial effort for existing personnel, not new faculty recruitments. The funding period is anticipated to be 07/01/23 – 06/30/24. Funding will be contingent on obtaining the appropriate protocols (IRB, etc.) for the project. There is no upper or lower limit (including none) on the number of awards to be made, with decisions depending on the quality of applications. Projects involving more than one NYP Campus (e.g., involving both Weill Cornell Medical Center and Columbia University Irving Medical Center) will be viewed with particular favor.; **Expenditure Guidelines; Non-allowable expenditures:** Recruitment of new faculty; Secretarial/administrative personnel; Capital costs/equipment, including maintenance/service contracts; Office furniture and supplies; Construction, renovation, or maintenance of buildings/laboratories; Rental of laboratory or office space; ITS services; Non-medical services to patients; Tuition; Purchasing or binding of periodicals and books, other than reuse fees in presentations/publications or purchase fees if an article is not readily available via institutional subscription. Publication and travel costs for dissemination of research results from the RCG funded project are permitted; Dues and membership fees in scientific societies; **Grant Guidelines:** To responsibly manage funds, the following guidelines have been instituted. Acceptance of an award indicates agreement to abide by these guidelines; All publications resulting from research supported by this grant should contain an acknowledgement such support from “The William Rhodes and Louise Tilzer-Rhodes Center for Glioblastoma at NewYork-Presbyterian Hospital”; Progress reports (one-page each), including financial status, are required and must be provided every 6 months upon request.; It is expected that the funds will be expended in full within the duration of the grant. Up to two, one-year, merit-based competitive renewals are possible contingent on submission of acceptable progress report.; Given the intent of this funding mechanism, no-cost extensions are not encouraged; any such requests must be received in writing, with justification, no less than 60 days before the original end date of the grant and will be considered on a case-by-case basis. As a result of the COVID-19 pandemic, all projects funded in the prior cycle were granted an automatic no-cost extension, and a progress report is only required upon request or if additional funding is being sought during this current cycle.; The funds awarded shall be used solely for the purposes specified in and in strict compliance with the application submitted and as executed by the recipient; Grant funds will be distributed annually via a shared NYP account; All grant recipients must respond promptly to requests for information about their grant from the scientific leadership and administrative staff.; During the funding period, recipients may be asked to provide progress updates to describe their research, and are expected to accommodate these requests.; **Application Deadline:** Applications must be submitted as a single e-mail attachment in PDF format to Matt Baird mab9327@nyp.org by 5:00pm on Monday, May 8, 2023. The subject line of the e-mail should read “RCG RFA”. Incomplete applications or those received after the deadline will not be considered.; Eligibility; Proposals must address critical questions in glioma biology, therapeutics, quality of life or patient reported outcomes, or population science (e.g., epidemiology). There is no limit on academic rank or departmental affiliation other than a primary appointment at NYP, Cornell University, or Columbia University is required for all named investigators. Each faculty member may only serve as the principal investigator for one application, although can serve as a collaborator on additional applications. Any principal investigator who received funding in prior rounds is not eligible to apply as a principal investigator for this funding round.; Application Requirements; If a grant is awarded, the PIs must agree to abide by the RCG guidelines (see below). This includes, upon request, a one page written six-month progress report to present evidence of project establishment and initial efforts, and a final progress report. The final progress report is required upon request at the end of the funding period, which should include all publications and grants resulting from research supported by this grant and plans for securing external funding.; **Application Deadline;** Applications must be submitted as a single e-mail attachment in PDF format to Matt Baird mab9327@nyp.org by 5:00pm on Monday, May 8, 2023. The subject line of the e-mail should read “RCG RFA”. Incomplete applications or those received after the deadline will not be considered.; For more information, Please click the following link.; The NewYork-Presbyterian Hospital William Rhodes Center for Glioblastoma - Collaborative Research Initiative | Research | Weill
[NTW] [CELIAC DISEASE]

Notice of Special Interest (NOSI): Accelerating Progress in Celiac Disease Research

**Sponsor:** National Institute of Allergy and Infectious Diseases; National Center for Complementary and Integrative Health; National Cancer Institute; National Institute of Arthritis and Musculoskeletal and Skin Diseases

**Deadline(s):** 01/12/2022 (First Available Due Date); 01/08/2025 (Expiration Date)

**Contact:** Please direct all inquiries to the contacts in Section VII of the listed funding opportunity announcements with the following additions/substitutions: Scientific/Research Contact(s); Annette L. Rothermel, Ph.D.; National Institute of Allergy and Infectious Diseases NIAID; Telephone: 240-627-3477; Email: arothermel@niaid.nih.gov; (and others listed in the announcement)

**[NTW] [SICKLE CELL]**

**RFA-AT-24-001: Research Network to Promote Multidisciplinary Mechanistic and Translational Studies of Sickle Cell Disease Pain (U24, Clinical Trial Optional)**

**RFA-AT-24-001 Technical Assistance Webinar Registration – Zoom; 06/14/2023**

**Sponsor:** National Institutes of Health (NIH); Components of Participating Organizations; National Center for Complementary and Integrative Health (NCCIH)

**Deadline(s):** 06/14/2023 (Technical Assistance Webinar Date); 10/01/2023 (Application); 10/02/2023 (Expiration)

**Contact:** Scientific/Research Contact(s); Inna Belfer, M.D., Ph.D.; National Center for Complementary and Integrative Health (NCCIH); Telephone: 301-435-1573; Email: inna.belfer@nih.gov

**Additional Information:** SAVE THE DATE 06/14/2023 Technical Assistance Webinar for New U24 funding Opportunity on Sickle Cell Disease (SCD) Pain.; The National Center for Complementary and Integrative Health (NCCIH/NIH) released a new funding opportunity: Research Network to Promote Multidisciplinary Mechanistic and Translational Studies of Sickle Cell Disease Pain (U24, Clinical Trial Optional). The purpose of this funding opportunity is to support a research network that promotes multidisciplinary mechanistic and translational studies of Sickle Cell Disease (SCD) pain. This network is expected to develop compelling research frameworks and model systems that will support interdisciplinary collaborations; initiate pilot projects to test novel mechanistic hypotheses in the high-priority research areas listed below and develop novel technologies and methodologies to study pain in the organ(s) typically impacted by SCD.; To accomplish these objectives, applicants can propose activities such as meetings, workshops, conferences, research collaborations, exchange of ideas through visiting scientist arrangements, or training opportunities. These activities will help identify unique research gaps and opportunities that can be addressed through the network in the form of pilot projects which will in turn generate the preliminary data needed for SCD pain investigators to successfully compete for more substantial NIH grants, including The Helping to End Addiction Long-term® (HEAL) Initiative grant awards. In addition, the network will sustain its scientific impact through a variety of dissemination and outreach strategies, including publication of research frameworks, reviews, and other best practices to foster the growth and development of research in the several priority areas.; The application deadline is October 01, 2023.; REGISTER NOW: Technical Assistance Webinar Scheduled: June 14, 2023; 2-3:00 pm ET; We hope you find this information of interest. Please feel free to forward to colleagues who also may be interested in applying for this funding opportunity.; Best wishes, Inna Belfer, MD, Ph.D.; Program Director, Basic and Mechanistic Research Branch; National Center for Complementary and Integrative Health, NIH; Email: inna.belfer@nih.gov

ANNOUNCEMENTS (NIH and Other)

**Successor-in-Interest (Type 6 Parent Clinical Trial Optional)**

**Sponsor:** National Institutes of Health; John E. Fogarty International Center; National Center for Advancing Translational Sciences; National Center for Complementary and Integrative Health; National Cancer Institute; National Eye Institute; National Human Genome Research Institute; National Heart, Lung, and Blood Institute; National Institute on Aging; National Institute on Alcohol Abuse and Alcoholism; National Institute of Allergy and Infectious Diseases; National Institute of Arthritis and Musculoskeletal and Skin Diseases; National Institute of Biomedical Imaging and Bioengineering; Eunice Kennedy ShriverNational Institute of Child Health and Human Development; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences; National Institute of General Medical Sciences; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Neurological Disorders and Stroke; National Institute of Nursing Research; National Library of Medicine; Office of Behavioral and Social Sciences Research; Office of Research on Women’s Health

**Deadline(s):** A successor-in-interest request must be made before the anticipated start date at the new organization and preferably several months in advance; 07/24/2023 (Expiration)

**Contact:** Scientific/Research Contact(s); For any scientific or research-related questions on this Successor-in-Interest announcement please contact the Program Officer listed on the NoA of the most recent award.

**Link(s):** https://grants.nih.gov/grants/guide/files/NOT-OD-20-275.html

**Notice of Requirement for Electronic Submission of all Administrative Supplements**

**Sponsor:** National Institutes of Health

**Deadline(s):** [1] Effective immediately, NIH will begin accepting administrative supplement applications for multi-project awards electronically. Since the administrative supplement applies to the parent award as a whole, the single-project application form package used for research grants and cooperative agreements will be used for these submissions (e.g., Competition ID= “FORMS-F-ADMSUPP-RESEARCH.”); [2] Effective July 25, 2020, the streamlined submission method through the eRA Commons will be discontinued and replaced with the option to initiate the administrative supplement application within eRA Commons and leverage technology available in NIH ASSIST to complete submission.; [3] Effective July 25, 2020, all supplement applications to existing single and multi-project awards must be submitted electronically through Grants.gov using NIH ASSIST, Grants.gov Workspace, or institutional system-to-system (S2S) solutions.

**Contact:** Please direct all inquiries to: NIH Office of Policy for Extramural Research Administration (OPERA) Systems Policy Branch; Email: operasystemspolicy@nih.gov

**Additional Information:** Related Announcements: PA-18-591 Administrative Supplements to Existing NIH Grants and Cooperative Agreements (Parent Admin Supp Clinical Trial Optional); PA-18-592 Research Supplements to Promote Re-Entry into Biomedical and Behavioral Research Careers (Admin Supp - Clinical Trial Not Allowed); This Notice alerts the extramural community of three updates to our administrative supplement submission policies.

**Competing Revisions to Existing NIH Grants and Cooperative Agreements (Clinical Trial Optional)**

**Sponsor:** National Institutes of Health; National Institute of Diabetes and Digestive and Kidney Diseases; National Institute of Environmental Health Sciences

**Deadline(s):** See the competitive revision NOSI for any applicable Application Due Dates. Applicants are encouraged to
apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date. Open dates may vary by awarding IC on an as-needed rolling basis. See competitive revision NOSI published by an NIH Institute or Center for applicable Application Due Dates.; 04/03/2023 (Expiration)

**Contact:** Scientific/Research Contact(s); For any scientific or research-related questions on this competitive revision notice please contact the Program Officer listed on NoA of the most recent parent award.

**NIH single IRB (sIRB) policy**

**Deadline(s):** (for NIH application submissions on or after) 01/25/2018

**Contact:** If you are preparing an NIH application due on or soon after January 25th, 2018, you should contact the Human Research Protection Office (HRPO) immediately at irboffice@columbia.edu if your application proposes to: (*) Conduct non-exempt human subjects research; AND; (*) The same research protocol will be conducted at multiple domestic sites

**Links:**

**Additional Information:** The NIH single IRB (sIRB) policy applies to the domestic sites of new and competing renewal applications/proposals with due dates of January 25, 2018 and beyond for NIH-funded multi-site studies where each site will conduct the same protocol involving non-exempt human subjects research, whether supported through grants, cooperative agreements, contracts, or the NIH Intramural Research Program.; If you are preparing an NIH application due on or soon after January 25th, 2018, you should contact the Human Research Protection Office (HRPO) immediately at irboffice@columbia.edu if your application proposes to: (*) Conduct non-exempt human subjects research; AND; (*) The same research protocol will be conducted at multiple domestic sites.; If Columbia University is being proposed as one of the participating sites in an application to be submitted this month or soon after by another applicant organization, you must also contact the HRPO immediately. Moving forward, it is recommended that you contact the HRPO as soon as a decision is made to participate in a multi-site study to which the NIH sIRB Policy applies.; An official process that details the requirements for addressing the NIH sIRB Policy is being finalized, to be released shortly. In the meantime, PIs and/or departments can reach out to irboffice@columbia.edu to inform the HRPO about these applications. Upon receipt of your email, HRPO will send you an online form to be completed, and you will be provided with next steps.; In addition, we are offering several options to learn more about the sIRB process. **Note:** Protocols that address the same research questions, involve the same methodologies, and evaluate the same outcomes are considered to be the "same research protocol.” Additionally, sites that are accruing research participants for studies that are identical except for variations due to local context consideration would be considered to be conducting the "same research protocol.; If you have any questions, please contact irboffice@columbia.edu.; Our website contains resources to help you while you get accustomed to all of the policy changes impacting proposal preparation. We have an Excel checklist to help you complete the new PHS NIH Human Subjects and Clinical Trials Information Form. We also have a one-page reference guide (thank you Katherine Rochmat of School of Social Work for the initial template); https://research.columbia.edu/content/nih-proposal-information; As always, feel free to contact your SPA Project Officer should you have any questions about NIH proposal preparation.; [brought to our attention by] Stephanie F. Scott, Director of Policy & Research

Additional Information: HRPO and IRB Updates; Dear colleagues, This email provides updates from the Human Research Protection Office (HRPO) on recent new or revised policies, regulations or requirements that may affect IRB activities and requirements.; **Status of the Revised Common Rule:** The Final (revised) Common Rule, i.e., revisions to Subpart A of the DHHS regulations for the Protection of Human Subjects (45 CFR 46), were published on January 19, 2017, with an effective and compliance date of January 19, 2018 for the majority of the revisions. On January 17, 2018, an Interim Final Rule was released that delays the effective date for 6 months, to July 19, 2018. Certain federal departments and agencies are in the process of developing a proposed rule to further delay implementation.; The HRPO is developing guidance for preparing for the transition to the Revised Common Rule. Stay tuned for more information...; **Revised Policies:** Revisions have been made to the new IRB Policy on the Privacy Rule and the Use of Health Information in Research (IRB HIPAA & Research Policy) and the IRB Data Security Plans Involving the Use, Storage or Transmission of Electronic Research Data Constituting Sensitive Data (IRB Data Security Policy). The IRB HIPAA & Research Policy, which was released on November 1, 2017, was revised to provide clarifications of definitions, scope, and when a Data Use Agreement is necessary. In addition, several case studies were added to assist with implementation of this policy. The IRB Data Security Policy was revised to include new terminology and definitions that are included in the IRB HIPAA & Research Policy. Sessions to explain the policy and review the examples will be scheduled. In addition, please let us know if you would like to have us come to your departmental meeting to review the policy!; **Revised Standard Operating Procedures (SOPs):** Version 5.0 of the IRB’s SOPs were recently released. Included in this version: (*) Comprehensive information on Expanded Access; (*) Incorporation of Columbia’s Institutional Conflict of Interest Policy; (*) Clarifications on when Unanticipated Problems are reported to federal agencies; (*) Updates to the sections regarding recruitment of inpatients at NYP; (*) Addition of the new Single IRB processes; (*) Clarification on the process for IRB disapproval; **Process for Implementing the NIH Single IRB Policy:** The NIH Single IRB (sIRB) Policy is applicable to new and competing renewal applications/proposals for NIH funding that are due on or after January 25, 2018, and contract solicitations issued on or after January 25, 2018. It is applicable to NIH-funded multi-site domestic studies involving non-exempt human subjects...
research, whether supported through grants, cooperative agreements, contracts, or the NIH Intramural Research Program. If you are preparing an NIH application that is due on or before March 5, 2018, it is important that you contact the HRPO immediately at irboffice@columbia.edu if your application proposes to: (*) Conduct non-exempt human subjects research; AND (*) The same research protocol will be conducted at multiple domestic sites.; The HRPO and SPA have developed tools to facilitate implementation of this policy. These tools, including an overview of our process and template language that can be used in your grant applications, can be accessed here. The HRPO’s web page will continue to be updated with additional resources as more information becomes available to facilitate compliance with this policy.;

**Upcoming HRPO Education Sessions:**

Monthly IRB-Investigation Monthly Meetings: (*) February 22, 3:30-4:30pm, P&S Amphitheatre 1; (*) March 22, 3:30-4:30pm, P&S Amphitheatre 1; (*) April 26, 3:30-4:30pm, P&S Amphitheatre 1; (*) May 24, 3:30-4:30pm, P&S Amphitheatre 1; **We want to hear from you:** Please send us your questions as well as suggestions for topics for future education sessions! We look forward to hearing from you! [https://research.columbia.edu/irb](https://research.columbia.edu/irb);

Medical Center Office: Phone: 212.305.5883; e-mail: irboffice@columbia.edu; Morningside Office: Phone: 212.851.7040; e-mail: askirb@columbia.edu; Columbia | Research Human Research Protection Office; Institutional Review Boards

**Who At NIH Can Answer my Question About….?**

**Sponsor:** NIH

**Deadline(s):** NA (Announcement/Information)

**Contact:** Please see posting for individual contact links

**Link(s):** [https://grants.nih.gov/grants/how-to-apply-application-guide/resources/contacting-nih-staff.htm](https://grants.nih.gov/grants/how-to-apply-application-guide/resources/contacting-nih-staff.htm)

**Additional Information:** Contacting Staff at the NIH Institutes and Centers; In today’s NIH Extramural News blog, the NIH staff posted a handy chart of the major roles of NIH staff: Program Officials, Scientific Review Officers, Grants Management Officials, and staff of the Division of Receipt and Referral in NIH’s Center of Scientific Review. It explains each role’s responsibility, when it is appropriate to contact them, and where to find their contact information; See [Who At NIH Can Answer my Question About….?](https://grants.nih.gov/grants/how-to-apply-application-guide/resources/contacting-nih-staff.htm); Remember that your Sponsored Projects Administration (SPA) Project Officer must communicate with NIH staff directly when submitting proposals, negotiating awards, submitting Just-In-Time information, submitting formal requests for prior approval, submitting progress reports, clarifying NIH policies, and discussing financial or administrative issues. However, there may be times when contacting NIH directly is appropriate, for example, to identify the right type of grant program and/or funding opportunity for you and your research, or to verify that your idea fits within the mission and priorities of an NIH Institute or Center. When in doubt, reach out to your SPA Project Officer; [brought to our attention by] Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Columbia | Research; Sponsored Projects Administration; Phone: (212) 854-0606; Cell Phone: (646) 248-8573; Email: sfs2110@columbia.edu; Website: [http://spa.columbia.edu/](http://spa.columbia.edu/)

**Sponsor:** Columbia  
**Deadline(s):** NA  
**Contact:** Piecemeal, per publication  
**Link(s):** [http://evpr.columbia.edu/content/selected-resources](http://evpr.columbia.edu/content/selected-resources) pw protected, you will be prompted to log in.

MENTAL HEALTH DISORDERS

Behavioral Tasks Targeting Brain Systems Relevant to Anhedonia (R01 Basic Experimental Studies with Humans Required)  
**Sponsor:** National Institute of Mental Health  
**Deadline(s):** Standard dates; 05/08/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); Andrew Rossi; National Institute of Mental Health (NIMH); Telephone: 301-443-1576; Email: rossia@mail.nih.gov  

Multimorbidity  

Advancing Research to Develop Improved Measures and Methods for Understanding Multimorbidity (R01 Clinical Trial Optional)

**Sponsor:** Office of Disease Prevention; National Center for Complementary and Integrative Health; National Cancer Institute; National Institute on Aging; National Institute on Deafness and Other Communication Disorders; National Institute of Dental and Craniofacial Research  
**Deadline(s):** Standard dates; Standard AIDS dates; 09/08/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); David L. Tilley, MPH, MS, CP; Office of Disease Prevention (ODP); Telephone: 301-827-6014; Email: david.tilley@nih.gov  

**Identifying Innovative Mechanisms or Interventions that Target Multimorbidity and Its Consequences (R01 Clinical Trial Optional)**  
**Sponsor:** Office of Disease Prevention; National Center for Complementary and Integrative Health; National Cancer Institute; National Institute on Aging; National Institute on Drug Abuse; National Institute on Deafness and Other Communication Disorders; National Institute of Mental Health; National Institute on Minority Health and Health Disparities; National Institute of Nursing Research; Office of Behavioral and Social Sciences Research  
**Deadline(s):** Standard dates; Standard AIDS dates; 09/08/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); David L. Tilley, MPH, MS, CP; Office of Disease Prevention (ODP); Telephone: 301-827-6014; Email: david.tilley@nih.gov  

GUN VIOLENCE

NIH awards grants for firearm injury and mortality prevention research  
**Sponsor:** NIH  
**Deadline(s):** NA (Announcement of Awards Granted)  
**Contact:** [https://obssr.od.nih.gov/about/contact-us/](https://obssr.od.nih.gov/about/contact-us/)  

Gun Violence Research Collaborative to Release First Request for Research Proposals in January  
**Sponsor:** [http://rand.org](http://rand.org)  
**Deadline(s):** NA; Gun Violence Research Collaborative to Release First Request for Research Proposals in January  
**Contact:** Researchers who would like to suggest areas of focus for gun-policy research funding can contact us at ncgvr@rand.org  
CHRONIC DISEASES AND CHRONIC CONDITIONS

**Special Emphasis Notice (SEN):** AHRQ Announces Interest in Research on Improving Organizational Health Literacy to Prevent and Manage Chronic Disease

**Sponsor:** Agency for Healthcare Research and Quality

**Deadline(s):** NA; AHRQ will use standing program announcements for the R01, R03, R18 funding mechanisms to support this research.

**Contact:** Please direct all inquiries to: Cindy Brach; Agency for Healthcare Research and Quality; Center for Evidence and Practice Improvement; Email: cindy.brach@ahrq.hhs.gov

### SUBSTANCE USE DISORDERS, OPIOIDS AND ADDICTION

#### Prevention and Intervention Approaches for Fetal Alcohol Spectrum Disorders (R34 Clinical Trial Optional)
- **Sponsor:** National Institute on Alcohol Abuse and Alcoholism
- **Deadline(s):** 06/19/2023; 10/17/2023; 10/18/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s); Preclinical Studies and Medical Care; William Dunty, Ph.D.
- **National Institute on Alcohol Abuse and Alcoholism (NIAAA); Telephone:** 301-443-7351; Email: duntyw@mail.nih.gov

#### Prevention and Intervention Approaches for Fetal Alcohol Spectrum Disorders (R61/R33 Clinical Trial Optional)
- **Sponsor:** National Institute on Alcohol Abuse and Alcoholism
- **Deadline(s):** 06/19/2023; 10/17/2023; 10/18/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s); Preclinical Studies and Medical Care; William Dunty, Ph.D.
- **National Institute on Alcohol Abuse and Alcoholism (NIAAA); Telephone:** 301-443-7351; Email: duntyw@mail.nih.gov

#### Multi-Site Studies for System-Level Implementation of Substance Use Prevention and Treatment Services (R01 Clinical Trial Optional)
- **Sponsor:** National Institute on Drug Abuse; National Cancer Institute; National Institute on Alcohol Abuse and Alcoholism
- **Deadline(s):** 07/19/2023; 11/15/2023; 11/16/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s); Lori Ducharme, Ph.D.; National Institute on Drug Abuse (NIDA); Telephone: 301-827-6331; Email: Lori.Ducharme@nih.gov

#### Multi-Site Studies for System-Level Implementation of Substance Use Prevention and Treatment Services (R34 Clinical Trial Optional)
- **Sponsor:** National Institute on Drug Abuse; National Institute on Alcohol Abuse and Alcoholism
- **Deadline(s):** 07/19/2023; 11/15/2023; 11/16/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s); Lori Ducharme, Ph.D.; National Institute on Drug Abuse (NIDA); Telephone: 301-827-6331; Email: Lori.Ducharme@nih.gov

#### Providing Research Education Experiences to Enhance Diversity in the Next Generation of Substance Use and Addiction Scientists (R25 Clinical Trials Not Allowed)
- **Sponsor:** National Institute on Drug Abuse; National Institute on Alcohol Abuse and Alcoholism
- **Deadline(s):** 08/10/2023; 11/15/2023; 11/16/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s): Albert Avila, PhD; National Institute on Drug Abuse (NIDA); Telephone: 301-496-8804; Email: aavila@nida.nih.gov

#### Device-Based Treatments for Substance Use Disorders (UG3/UH3, Clinical Trial Optional)
- **Sponsor:** National Institute on Drug Abuse; National Institute on Alcohol Abuse and Alcoholism
- **Deadline(s):** 08/10/2023; 08/11/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s); Kevin Walton, Ph.D.; National Institute on Drug Abuse (NIDA); Telephone: 301-827-5980; Email: kevin.walton@nih.gov

#### NIDA Mentored Clinical Scientist Development Program Award in Substance Use and Substance Use Disorder Research (K12 Clinical Trial Optional)
- **Sponsor:** National Institute on Drug Abuse
- **Deadline(s):** 08/02/2023; 11/15/2023; 11/16/2023
  (Expiration)
- **Contact:** Scientific/Research Contact(s): Aria Davis Crump, Sc.D.; National Institute on Drug Abuse (NIDA); Division of Epidemiology, Services and Prevention Research; Telephone: 301-435-0881; Email: acrump@nida.nih.gov
Substance Use/Substance Use Disorder Dissertation Research Award (R36 - Clinical Trials Optional)

**Sponsor:** National Institute on Drug Abuse

**Deadline(s):** Standard dates; Standard AIDS dates; 05/08/2023 (Expiration)

**Contact:** Scientific/Research Contact(s); Aria Crump, Sc.D.; National Institute on Drug Abuse (NIDA); Telephone: 301-435-0881; Email: acrump@nida.nih.gov

**Sponsor:** National Cancer Institute  
**Deadline(s):** Standard dates; Standard AIDS dates; 01/08/2024  
(Expiration)  
**Contact:** Scientific/Research Contact(s); For Therapeutic Studies: Lori A. Henderson, Ph.D.; National Cancer Institute (NCI); Telephone: 240-276-5930; Email: hendersonlori@mail.nih.gov  

**Cancer Prevention and Control Clinical Trials Grant Program (R01 Clinical Trial Required)**

**Sponsor:** National Cancer Institute  
**Deadline(s):** Standard dates; Standard AIDS dates; 01/08/2024  
(Expiration)  
**Contact:** Scientific/Research Contact(s); For cancer prevention, early detection, screening, and symptom management-related clinical trials, contact: Brandy Heckman-Studdard, Ph.D., M.P.H.; National Cancer Institute (NCI); Telephone: 240-276-7048; Email: heckmanbm@mail.nih.gov  

**Assay Validation of High Quality Markers for Clinical Studies in Cancer (UH2/UH3 Clinical Trial Not Allowed)**

**Sponsor:** National Cancer Institute  
**Deadline(s):** 07/10/2023; 10/10/2023; 10/11/2023  
(Expiration)  
**Contact:** Scientific/Research Contact(s); For inquiries related to response, resistance, and risk stratification markers for treatment trials, please contact: Tracy G. Lively, Ph.D.; National Cancer Institute (NCI); Telephone: 240-276-5944; Email: livelyt@mail.nih.gov  

**Assay Validation of High Quality Markers for Clinical Studies in Cancer (UH3 Clinical Trials Not Allowed)**

**Sponsor:** National Cancer Institute  
**Deadline(s):** 02/14/2023; 07/10/2023; 10/10/2023; 10/11/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); For inquiries related to response, resistance, and risk stratification markers for treatment trials, please contact: Tracy G. Lively, Ph.D.; National Cancer Institute (NCI); Telephone: 240-276-5944; Email: livelyt@mail.nih.gov  

**New Informatics Tools and Methods to Enhance U.S. Cancer Surveillance Research (U01 Clinical Trial Optional)**

**Sponsor:** National Cancer Institute  
**Deadline(s):** 06/06/2023; 06/07/2023 (Expiration)  
**Contact:** Scientific/Research Contact(s); For Research Area 1 related inquiries: Angela B. Mariotto, Ph.D.; National Cancer Institute (NCI); Telephone: 240-276-6698; Email: mariottta@mail.nih.gov  
Fertility, Reproductive Health, Contraception

Fertility Status as a Marker for Overall Health (R01 Clinical Trial Optional)
Sponsor: Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Cancer Institute; National Institute of Environmental Health Sciences; Office of Disease Prevention; Office of Research on Women's Health
Deadline(s): 06/19/2023; 06/20/2023 (Expiration)
Contact: Scientific/Research Contact(s): Susan Taymans, PhD; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-496-6517; Email: taymanss@mail.nih.gov

Fertility Status as a Marker for Overall Health (R21 Clinical Trial Not Allowed)
Sponsor: Eunice Kennedy Shriver National Institute of Child Health and Human Development; National Cancer Institute; National Institute of Environmental Health Sciences; Office of Disease Prevention; Office of Research on Women’s Health
Deadline(s): 06/19/2023; 06/20/2023 (Expiration)
Contact: Scientific/Research Contact(s): Susan Taymans, PhD; Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD); Telephone: 301-496-6517; Email: taymanss@mail.nih.gov

Biostatistics

Speed Biostatistics Consulting Sessions; First Thursday of Every Month; 3:00 – 5:00 PM
Sponsor: This service is sponsored by the Biostatistics, Epidemiology and Research Design Resource (BERD).
**BIG DATA, INFORMATICS, HEALTH INFORMATION SYSTEMS AND GENOMICS**

**Biomedical Knowledgebase (U24 – Clinical Trials Not Allowed)**

**Sponsor:** Participating Organization(s): National Institutes of Health (NIH); Components of Participating Organizations: National Institute on General Medical Sciences (NIGMS); National Institute on Alcohol Abuse and Alcoholism (NIAAA); National Institute of Allergy and Infectious Diseases (NIAID); National Institute on Drug Abuse (NIDA); National Institute of Environmental Health Sciences (NIEHS); National Institute of Neurological Disorders and Stroke (NINDS); National Institute on Minority Health and Health Disparities (NIMHD); National Cancer Institute (NCI)

**Deadline(s):** 05/08/2023; 05/09/2023 (Expiration)

**Contact:** Scientific/Research Contact(s): Veerasamy Ravichandran, Ph.D.; National Institute of General Medical Sciences; Email: veerasamy.ravichandra@nih.gov

**Biomedical Data Repository (U24 – Clinical Trials Not Allowed)**

**Sponsor:** Participating Organization(s): National Institutes of Health (NIH); Components of Participating Organizations: National Institute on General Medical Sciences (NIGMS); National Institute on Alcohol Abuse and Alcoholism (NIAAA); National Institute of Allergy and Infectious Diseases (NIAID); National Institute on Drug Abuse (NIDA); National Institute of Environmental Health Sciences (NIEHS); National Institute of Neurological Disorders and Stroke (NINDS); National Institute on Minority Health and Health Disparities (NIMHD); National Cancer Institute (NCI)

**Deadline(s):** 05/08/2023; 05/09/2023 (Expiration)

**Contact:** Scientific/Research Contact(s): Veerasamy Ravichandran, Ph.D.; National Institute of General Medical Sciences; Email: veerasamy.ravichandra@nih.gov

**Research Experiences in Genomic Research for Data Scientists (R25)**

**Sponsor:** National Human Genome Research Institute

**Deadline(s):** 05/25/2023; 05/26/2023 (Expiration)

**Contact:** Scientific/Research Contact(s): Shurjo K. Sen, Ph.D.; National Human Genome Research Institute (NHGRI) ; Phone: 301-827-7028; Email: sensh@mail.nih.gov

**BRAIN Initiative: Data Archives for the BRAIN Initiative (R24 Clinical Trial Optional)**

**Sponsor:** National Institute of Mental Health; National Center for Complementary and Integrative Health

**Deadline(s):** 07/14/2023 ; 07/15/2023 (Expiration)

**Contact:** Scientific/Research Contact(s): Ming Zhan, Ph.D.; National Institute of Mental Health (NIMH)

**Biomedical Knowledgebase (U24 – Clinical Trials Not Allowed)**

**Sponsor:** Participating Organization(s): National Institutes of Health (NIH); Components of Participating Organizations: National Institute on General Medical Sciences (NIGMS); National Institute on Alcohol Abuse and Alcoholism (NIAAA); National Institute of Allergy and Infectious Diseases (NIAID); National Institute on Drug Abuse (NIDA); National Institute of Environmental Health Sciences (NIEHS); National Institute of Neurological Disorders and Stroke (NINDS); National Institute on Minority Health and Health Disparities (NIMHD); National Cancer Institute (NCI)

**Deadline(s):** 05/08/2023; 05/09/2023 (Expiration)

**Contact:** Scientific/Research Contact(s): Veerasamy Ravichandran, Ph.D.; National Institute of General Medical Sciences; Email: veerasamy.ravichandra@nih.gov

**Biomedical Data Repository (U24 – Clinical Trials Not Allowed)**

**Sponsor:** Participating Organization(s): National Institutes of Health (NIH); Components of Participating Organizations: National Institute on General Medical Sciences (NIGMS); National Institute on Alcohol Abuse and Alcoholism (NIAAA); National Institute of Allergy and Infectious Diseases (NIAID); National Institute on Drug Abuse (NIDA); National Institute of Environmental Health Sciences (NIEHS); National Institute of Neurological Disorders and Stroke (NINDS); National Institute on Minority Health and Health Disparities (NIMHD); National Cancer Institute (NCI)

**Deadline(s):** 05/08/2023; 05/09/2023 (Expiration)

**Contact:** Scientific/Research Contact(s): Veerasamy Ravichandran, Ph.D.; National Institute of General Medical Sciences; Email: veerasamy.ravichandra@nih.gov

**Sponsor:** Participating Organization(s): National Institutes of Health (NIH); Components of Participating Organizations: National Institute of General Medical Sciences (NIGMS); National Institute on Alcohol Abuse and Alcoholism (NIAAA); National Institute of Allergy and Infectious Diseases (NIAID); National Institute on Drug Abuse (NIDA); National Institute of Environmental Health Sciences (NIEHS); National Institute of Neurological Disorders and Stroke (NINDS); National Institute on Minority Health and Health Disparities (NIMHD); National Cancer Institute (NCI)

**Deadline(s):** 05/08/2023; 05/09/2023 (Expiration)

**Contact:** Scientific/Research Contact(s); Veerasamy Ravichandran, Ph.D.; National Institute of General Medical Sciences; Email: veerasamy.ravichandra@nih.gov
