TABLE OF CONTENTS:

NEW THIS WEEK [NTW] FUNDING OPPORTUNITIES, ANNOUNCEMENTS, ETC.: ................................................................. 4
ANNOUNCEMENTS (NIH AND OTHER) ........................................................................................................................................ 18
RURAL HEALTH CARE FUNDING OPPORTUNITIES .................................................................................................................... 21
SCHOLASTIC / SCHOLARLY FUNDING OPPORTUNITIES .............................................................................................................. 21
FUNDING SOURCES RELATIVE TO THE U.S. ENVIRONMENTAL PROTECTION AGENCY: ......................................................... 25
FUNDING OPPORTUNITIES RELATIVE TO PILOT PROJECTS ........................................................................................................ 25
FUNDING OPPORTUNITIES RELATIVE TO TRAINING GRANTS, T32S, ETC. .................................................................................. 26
ADDITIONAL INFORMATION REQUIRED FOR F GRANT APPLICATIONS ...................................................................................... 27
FULBRIGHT FUNDING OPPORTUNITIES: ....................................................................................................................................... 28
SERVICE AREA COMPETITIONS .................................................................................................................................................. 28
AHRQ RESEARCH AND DISSEMINATION FUNDING ..................................................................................................................... 28
AMERICAN HEART ASSOCIATION FUNDING OPPORTUNITIES ................................................................................................. 28
FUNDING OPPORTUNITIES RELATIVE TO REHABILITATION .................................................................................................... 28
NASA FUNDING OPPORTUNITIES ................................................................................................................................................ 28
PRE AND POSTDOCTORAL OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): ........................................................................... 29
NEW ITEMS FROM THE NIH .......................................................................................................................................................... 31
NIH eSUBMISSION ITEMS OF INTEREST ....................................................................................................................................... 33
NIH REVISED SUBMISSION RULES .......................................................................................................................................... 37
NIH GUIDE TO GRANTS AND CONTRACTS ..................................................................................................................................... 37
FEDERAL FUNDING TRAVEL POLICY ........................................................................................................................................... 39
MAIN PAGE FUNDING LINKS FOR HUD, CDC, PCORI, DOE: ........................................................................................................ 39
FOAs FROM AGENCIES REQUIRING INTERNAL COLUMBIA UNIVERSITY VETTING ...................................................................... 40
FUNDING OPPORTUNITIES RELATIVE TO MUSCULAR DYSTROPHY ........................................................................................... 44
ETHICS / BIOETHICS RELATED FUNDING OPPORTUNITIES ...................................................................................................... 45
AWARDS .......................................................................................................................................................................................... 45
EDUCATION AND DIVERSITY FUNDING OPPORTUNITIES: ........................................................................................................... 47
FUNDING OPPORTUNITIES RELATED TO TB AND ITS PREVENTION: .............................................................................................. 48
FUNDING OPPORTUNITIES RELATIVE TO VOICE DISORDERS ..................................................................................................... 48
INSTITUTIONAL DEVELOPMENT AWARD FUNDING OPPORTUNITIES: .......................................................................................... 48
PAY FOR SUCCESS FUNDING OPPORTUNITIES ............................................................................................................................ 48
FUNDING OPPORTUNITIES RELATIVE TO FALL PREVENTION: .................................................................................................... 48
EARLY CAREER / NEW RESEARCHER FUNDING OPPORTUNITIES .................................................................................................. 48
FUNDING OPPORTUNITIES RELATIVE TO SUBSTANCE USE DISORDERS (SUDS) AND ADDICTION: ............................................ 51
CENTER CORE AND P GRANT FUNDING OPPORTUNITIES: ................................................................................................................. 54
TRANSLATIONAL RESEARCH FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): .................................................. 54
FUNDING OPPORTUNITIES RELATIVE TO EPIDEMIOLOGY (NOT OTHERWISE CATEGORIZED) ....................................................... 55
FUNDING OPPORTUNITIES RELATIVE TO SKIN DISEASES / DERMATOLOGY .................................................................................. 55
FUNDING OPPORTUNITIES RELATIVE TO THE WORLD TRADE CENTER (WTC) .............................................................................. 55
FUNDING OPPORTUNITIES RELATIVE TO BLOOD PRESSURE ......................................................................................................... 55
FUNDING OPPORTUNITIES RELATIVE TO EMERGENCY MANAGEMENT RESPONSES/PREPAREDNESS: ....................................... 56
FUNDING OPPORTUNITIES FOR YOUNG, FOREIGN BORN BIOMEDICAL SCIENTISTS ......................................................................... 56
FUNDING OPPORTUNITIES FROM THE ROBERT WOOD JOHNSON FOUNDATION ........................................................................... 57

Research Resources:
http://www.mailman.columbia.edu/faculty-staff/research-resources-r2-office
FUNDING OPPORTUNITIES RELATIVE TO ENVIRONMENTAL AND OCCUPATIONAL HEALTH AND SAFETY ..... 57
FUNDING OPPORTUNITIES RELATIVE TO CARDIOVASCULAR DISEASE AND/OR STROKE: .............................................. 58
FUNDING OPPORTUNITIES RELATIVE TO LUNG DISEASE ......................................................................................... 58
NIH RESEARCH EVALUATION AND COMMERCIALIZATION HUB (REACH) AWARDS: .................................................. 58
CANCER / ONCOLOGY RELATED FUNDING OPPORTUNITIES: ............................................................................. 59
CANCER EPIDEMIOLOGY COHORT FUNDING OPPORTUNITIES: ............................................................................. 61
TRANSFORMATIONAL FUNDING OPPORTUNITIES................................................................................................. 61
NSF FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): ............................................................... 62
TRANSDISCIPLINARY FUNDING OPPORTUNITIES: ............................................................................................... 62
IMPORTANT EXTRAMURAL FUNDING OPPORTUNITIES .................................................................................. 62
FOUNDATION FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): ...................................................... 62
WALL STREET JOURNAL OP-ED ......................................................................................................................... 68
FUNDING OPPORTUNITIES RELATIVE TO THE USDA: ..................................................................................... 68
FUNDING OPPORTUNITIES RELATIVE TO MATERNAL AND CHILD HEALTH (MCH): ........................................ 69
FUNDING OPPORTUNITIES RELATIVE TO HEALTHY HABITS/BEHAVIORS/BEHAVIOR MODIFICATION: ............ 74
FUNDING OPPORTUNITIES RELATIVE TO SICKLE CELL ANEMIA ....................................................................... 74
FUNDING SOURCES RELATIVE TO VIOLENCE AGAINST WOMEN ............................................................................. 74
FUNDING RELATIVE TO CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION............................................ 75
BIG DATA AND GENOMICS FUNDING OPPORTUNITIES .................................................................................. 77
AUTISM FUNDING OPPORTUNITIES: ............................................................................................................. 82
DOD FUNDING OPPORTUNITIES .................................................................................................................. 84
US DEPARTMENT OF STATE FUNDING SOURCES (NOT OTHERWISE CATEGORIZED): ......................................... 91
USAID FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): .............................................................. 92
RENAL/KIDNEY RESEARCH FUNDING OPPORTUNITIES: .............................................................................. 93
FUNDING OPPORTUNITIES RELATIVE TO ALCOHOL: ...................................................................................... 95
FUNDING OPPORTUNITIES RELATIVE TO CANNABIS / CANNABINOIDs ............................................................ 101
FUNDING SOURCES RELATIVE TO TOBACCO: ................................................................................................. 101
FUNDING OPPORTUNITIES RELATIVE TO HEPATITIS: ................................................................................... 101
FUNDING OPPORTUNITIES RELATIVE TO ARTHRITIS .................................................................................. 101
FUNDING OPPORTUNITIES RELATIVE TO LUPUS (NOT OTHERWISE CATEGORIZED): ........................................ 102
FUNDING OPPORTUNITIES RELATIVE TO PAIN: ............................................................................................ 102
FUNDING OPPORTUNITIES RELATIVE TO NUTRITION, WEIGHT OUTCOMES, OBESITY, OBESOGENICS: .... 103
FOA FROM THE NEW YORK STATE DEPARTMENT OF HEALTH (NYSDOH) ......................................................... 106
FUNDING OPPORTUNITIES RELATIVE TO VACCINES/IMMUNIZATIONS: ....................................................... 106
FUNDING OPPORTUNITIES RELATIVE TO ALZHEIMER’S DISEASE/DEMENTIA: .................................................. 107
FUNDING OPPORTUNITIES RELATIVE TO CHRONIC FATIGUE SYNDROME (CFS)/MYALGIC ENCEPHALOMYELITIS (ME) ...................................................................................................................... 108
FUNDING OPPORTUNITIES RELATIVE TO CLINICAL TRIALS: ........................................................................... 108
FUNDING OPPORTUNITIES RELATIVE TO DIABETES (NOT OTHERWISE CATEGORIZED): .................................... 108
COLUMBIA UNIVERSITY INTERNAL FUNDING OPPORTUNITIES ........................................................................ 111
FUNDING SOURCES RE LGBTI (NOT OTHERWISE CATEGORIZED): ................................................................. 112
FUNDING OPPORTUNITIES RELATIVE TO STDS SEXUALLY TRANSMITTED DISEASES / HIV / AIDS / IMMUNODIFFICIENCY ........................................................................................................... 113
FUNDING OPPORTUNITIES RELATIVE TO ENVIRONMENTAL MEDICINE: ....................................................... 126
DENTAL/ORAL/CranioFascial Funding Opportunities: ................................................................. 126
Funding Opportunities Relative To Responsible Gaming / Gambling .................................. 128
Funding Opportunities Relative To Neurological Disorders .................................................... 128
Mood / Mental Health / Psychiatric Disorder Funding Opportunities: .................................... 130
Non-Communicable Disease Funding Opportunities: ............................................................. 132
Funding Opportunities Relative To Transfusions: ................................................................. 132
Funding Opportunities Relative To The Affordable Care Act: .................................................. 132
Agricultural Related Funding Sources: .................................................................................. 132
Funding Opportunities Relative To Insurance ......................................................................... 132
Funding Opportunities Relative To Suicide Prevention: ......................................................... 133
Age / Aging Related Funding Opportunities: .......................................................................... 134

NEW THIS WEEK [NTW] FUNDING OPPORTUNITIES, ANNOUNCEMENTS, ETC.:

Abbreviation: [NTW] = New This Week

[NTW FOAs AND ANNOUNCEMENTS WILL BE MOVED TO THE MAIN BODY OF THE NEWSLETTER THE WEEK AFTER THEY APPEAR IN THIS “NEW THIS WEEK” SECTION]

New Funding Opportunities and/or Announcements are listed below in the NTW/New This Week Section, presented (and hyperlinked) in the following order: WEEKLY HIGHLIGHT; ANNOUNCEMENTS; FOUNDATION FUNDING; HIV; USAID; MCH; DIABETES; PAIN; SUDS; EARLY STAGE RESEARCHER; R2 ANNOUNCEMENTS;

[NTW] [WEEKLY HIGHLIGHT/ANNOUNCEMENTS]
Title: Ebola Projects/MTA's;
Sponsor: CUMC Sponsored Projects and Office of Research Administration;
Deadline(s): NA;
Contact: NA;
Link(s): NA;
Additional Information: From Rudina Odeh-Ramadan, via Rosa Rivera; RE: Ebola Projects/MTA's; Dear All, The University continues to closely monitor information and recommendations regarding travel to West Africa countries experiencing the Ebola virus outbreak. Please note that any proposals with proposed travel to Guinea, Sierra Leone, or Liberia or the receipt of specimens from any of the three countries require approval from the Provost. The Provost’s approval must be obtained prior to submission of the proposal. The email below provides more specific information on the policy/procedure regarding this matter.; Thanks, Rosa; Rosa Rivera; Director for MSPH Operations, Sponsored Projects Administration; Associate Dean for Grants & Contracts, Mailman School of Public Health; Columbia University; Telephone: 212-305-0350; Fax: 212-305-6450; Email: rr21@cumc.columbia.edu; Dear All: Additional clarification regarding the policy regarding research (proposals or MTA's) with proposed travel to Guinea, Sierra Leone, or Liberia or the receipt of specimens from any of the three countries: Please direct the PI of any project that involves travel to Guinea, Sierra Leone, or Liberia to submit the project to his or her dean for approval. If the dean approves the project, he or she should forward it to the Provost for his approval. One prerequisite for the Provost’s approval will be a written evacuation plan; if you could let the PI know that now, so he or she can have it ready for the Provost. Ensure you have a notice of approval from the Provost office prior to submission. Also, please ensure you maintain full documentation with the proposal record. We are also working to implement an indicator flag in InfoEd, so that can properly flag all proposals that meet this requirement.; Odeh-Ramadan, Rudina; Associate Vice President For Research Administration; Clinical Trials Office; Office of Research Administration; 154 Haven Avenue; Mail Code: Third Floor; New York NY 10032; United States 212-305-5064; Ro133@columbia.edu;
[NTW] [ANNOUNCEMENTS/(COLUMBIA UNIVERSITY)]
Title: Message from President Bollinger relative to Ebola;
Sponsor: Columbia University;
Deadline(s): NA;
Contact: If you or anyone has any concerns, please visit the University’s Ebola Preparedness site or the New York City Department of Health Ebola update page. You may also contact Student Health Services at 212-854-2284 or Workforce Health and Safety for Faculty/Staff with Hospital Responsibilities at 212-305-7590.;
Link(s): If you or anyone has any concerns, please visit the University’s Ebola Preparedness site or the New York City Department of Health Ebola update page.;
Additional Information: Dear fellow members of the Columbia community: As you may have seen in the media, Dr. Craig Spencer is being treated for Ebola at Bellevue Hospital in Manhattan. Dr. Spencer, an emergency department physician at NewYork-Presbyterian/Columbia University Medical Center, recently returned from a humanitarian mission with Doctors Without Borders to one of the outbreak areas in Western Africa. We admire and appreciate all of those willing to do this vital and selfless public health work around the globe.; It’s critical to bear in mind what our public health and infectious disease experts have emphasized – that the risk to people in New York City and at Columbia remains extremely low. If you or anyone has any concerns, please visit the University’s Ebola Preparedness site or the New York City Department of Health Ebola update page. You may also contact Student Health Services at 212-854-2284 or Workforce Health and Safety for Faculty/Staff with Hospital Responsibilities at 212-305-7590.; We must keep Dr. Spencer in our thoughts and wish him a full and speedy recovery, as we do the vulnerable populations he serves. We will also continue to keep the Columbia community informed as we learn more from City, State, and Federal health officials.; Sincerely, Lee C. Bollinger;

[NTW] [ANNOUNCEMENTS/(COLUMBIA UNIVERSITY)] Title: Note from Dean Fried;
Sponsor: Dean’s Office
Deadline(s): NA;
Contact: NA;
Link(s): NA;
Additional Information: Dear Colleagues, By now, many of you have learned that a New York Presbyterian physician, Dr. Craig Spencer, who recently returned from treating patients in Guinea, has tested positive for Ebola. I ask you all to keep Dr. Spencer, who is a 2013 Mailman School graduate, in your thoughts, and to acknowledge that the extraordinary efforts of our alumni, current students, and faculty continue to play a critical role in the containment, treatment, and understanding of this outbreak. ; At a moment of global distress, public health knowledge is vital. It is important to recognize that this crisis will continue, and that all available scientific information suggests the risk of transmission here is extremely low.; Dr. Spencer’s commitment is among many noteworthy examples of our colleagues passing seamlessly from science to service. As we move through this global crisis, we must all take pride in that commitment. ; Sincerely, Linda; Linda P. Fried, MD, MPH ; Dean and DeLamar Professor of Public Health; Mailman School of Public Health; Senior Vice President; Columbia University Medical Center; Professor of Epidemiology and Medicine;
[NTW] [ANNOUNCEMENT/ASPPH NEWSLETTER] Title: ASPPH; Association of Schools & Programs Of Public Health; Friday Newsletter; October 24, 2014;
Sponsor: Association of Schools & Programs Of Public Health;
Deadline(s): NA;
Contact: To share updates, email submissions@aspph.org. View submission guidelines.; Public Health Reports, published by ASPPH, is the official journal of the U.S. Public Health Service and the U.S. Surgeon General, since 1878.; ASPPH 1900 M Street NW, Suite 710 Washington, DC 20036;
Link(s): http://aspph.cmail2.com/t/ViewEmail/d/2F416A6682391AE3/FD9509C24ED2A6066A4D01E12DB8921D;

[NTW][FOUNDATION FUNDING/POSTDOCTORAL] Title: Convergence Awards from The Raymond & Beverly Sackle Center for the Convergence of Biomedical, Physical & Engineering Sciences, In honor of Herbert Pardes; of the 2015 and 2016 Raymond and Beverly Sackler Convergence Awards;
Sponsor: The Raymond & Beverly Sackler Center for the Convergence of Biomedical, Physical & Engineering Sciences;
Deadline(s): Timeline: Phase I application should be submitted in the December 1st-5th- window. Phase II submission deadline will be January 7th-14th;
Contact: Informal Inquiries whether the project is suitable for support by RBS Center are welcome. You can submit brief questions to sackler@columbia.edu, and these will be answered within one week.;
Link(s): Not Provided;
Additional Information: Research Opportunity: The Raymond & Beverly Sackler Center for the Convergence of Biomedical, Physical & Engineering Sciences, In honor of Herbert Pardes, announces availability of the 2015 and 2016 Raymond and Beverly Sackler Convergence Awards. The awards are intended to support research projects at the interface between Biological, Medical, and Engineering Sciences by faculty members at the level of an assistant or associate professor (submitting investigator). The research should have the potential to transform medical sciences and significantly contribute to human health leading to breakthroughs in physical sciences or engineering. Joint applications by two co-PIs (one of which could be senior) establishing a new collaboration are encouraged. Each PI may participate in up to two applications. Applicants should propose their own budgets of up to $ 105,000; proposals that cover a salary and fringe for an outstanding postdoctoral candidate will be given preference with all other considerations being equal. The postdoctoral researcher working on the project will be then named the Raymond and Beverly Sackler Convergence Postdoctoral Fellow in the laboratory of the lead PI which will be named the Raymond and Beverly Sackler Laboratory for the duration of the project (12 Months) and will be referred to as such in all publications related to the period of support. Application Process: The application process consists of two phases. In the first phase, the applicants should send one page inquiry to sackler@columbia.edu. Please provide a short paragraph describing research proposed, a paragraph describing the background of a postdoctoral candidate (if any) whose salary will be supported, a paragraph on the transformative impact on health care of the planned experiments, and a paragraph as to why traditional funding sources are not appropriate. Addition of a second faculty member from another discipline who would have a co-advisory role for a postdoctoral fellow is strongly encouraged. Candidates with proposals considered competitive (five to ten of the most suitable proposals) will be contacted for a brief interview and will be invited to submit a full proposal in the second phase of application (two pages of a more detailed research description, cv’s of the postdoctoral fellow and faculty members, current funding, and a full budget).; Questions: Informal Inquiries whether the project is suitable for support by RBS Center are welcome. You can submit brief questions to sackler@columbia.edu, and these will be answered within one week.; Timeline: Phase I application should be submitted in the December 1st-5th- window. Phase II submission deadline will be January 7th-14th,
[NTW] [FOUNDATION FUNDING/LIMITED SUBMISSION] **Title:** Limited Submission; Rita Allen Foundation Scholars Program  
**Sponsor:** Rita Allen Foundation;  
**Deadline(s):** Internal Proposal Deadline – 9:00 a.m. on Wednesday, November 12, 2014;  
**Contact:** For additional information, please contact: Greg Culler at gcc19@columbia.edu or 212-854-6285.;  
**Link(s):** please read the Request for Proposals by linking to this URL: [http://www.ritaallen.org/grant-procedures.htm](http://www.ritaallen.org/grant-procedures.htm); [please note, at press time, the above link is not active; a similar link is provided:] [http://www.ritaallen.org/for-grant-seekers.htm](http://www.ritaallen.org/for-grant-seekers.htm);  
**Additional Information:** **WHAT:** The Rita Allen Foundation Scholars Program provides grants to support early career investigators conducting high-risk, basic research in the fields of cancer, immunology and neuroscience. Individuals chosen will be designated Rita Allen Foundation Scholars and the affiliated institution will receive financial support for the Rita Allen Foundation of up to $110,000 annually, for a period of up to five years. The entire grant is to be used entirely for direct project expenses, including up to 50% of the Scholar’s compensation. The Foundation does not support institutional overhead.; Applicants with committed awards that overlap the first two years of the Rita Allen Foundation Scholars Program from the Beckman Young Investigator Program, Ellison New Scholar Award, Kimmel Scholar Award, Pew Scholars in Biomedical Sciences, and Searle Scholars Program are not eligible. Other sources of funding may influence selection.;  
**PROGRAM EMPHASIS:** Fields of research are cancer, immunology and neuroscience. The Foundation supports research projects with above-average risk that break new ground and challenge the status quo.; **WHO:** The following eligibility terms apply. (-) Candidates should be considered independent investigators in the early stages of their careers.; (-) The caliber of early-stage investigators suggests nominees would be appointed to tenure track positions at their respective institutions.; (-) It is preferable that candidates be in the first three years of their tenure track. (This is taken into consideration in the rating of applications by the Scientific Advisory Committee.); (-) A senior post-doc should not be a candidate, but wait until s/he has tenure track as described.; (-) Associate professors should not be candidates.; (-) Candidates must have received committed start-up funds from their respective institutions.; (-) Candidates must have lab space from their institutions.; **WHEN:** INTERNAL PROPOSAL DUE – 9:00 A.M. ON WEDNESDAY, NOVEMBER 12, 2014; Sponsor Letter of Intent due – December 12, 2014; Sponsor Proposal due – January 23, 2015;  
**HOW:** The internal proposal must include the following components.; (-) Cover Page with the candidate’s contact information, title of the proposed research project, and the month and year of appointment to the candidate’s first tenure-track position; (-) Candidate’s CV (4 page limit); (-) Project Proposal (4 page limit including references); (-) Funding – A list of past, current and pending awards and support expected from other sources.; (-) Letter of Recommendation from Department Chair; Please PDF all items of the internal proposal in one document and send to gcc19@columbia.edu with a cc: to mb3952@columbia.edu by 9:00 a.m. on Wednesday, November 12, 2014. The subject heading of the email should be "Rita Allen Scholars Program.” ; For detailed information regarding eligibility and application guidelines, please read the Request for Proposals by linking to this URL: [http://www.ritaallen.org/grant-procedures.htm](http://www.ritaallen.org/grant-procedures.htm); [please note, at press time, the above link is not active; a similar link is provided:] [http://www.ritaallen.org/for-grant-seekers.htm](http://www.ritaallen.org/for-grant-seekers.htm);  
For additional information, please contact: Greg Culler at gcc19@columbia.edu or 212-854-6285.
**Title:** Strengthening HIV Strategic Information Activities in the Republic of Senegal under the President's Emergency Plan for AIDS Relief; (PEPFAR);

**Sponsor:** Center for Global Health/CDC/DHHS

**Deadline(s):** 10/23/2014;

**Contact:** Hussain Baseer, Project Officer; 1600 Clifton Road, M/S E-77; Atlanta, GA 30033; U.S.A.; Tel: 404-639-8394; E-mail: hxb8@cdc.gov;

**Link(s):** Program URL: [http://www.grants.gov/view-opportunity.html?oppId=264314](http://www.grants.gov/view-opportunity.html?oppId=264314);

**Additional Information:** SYNOPSIS: Center for Global Health invites applications to strengthen HIV strategic information (SI) in Senegal through design and implementation of a national HIV case reporting system and other surveillance activities in support of the national Strategic Information (SI) program. Approximately $350,000 is available in FY2015.;

**Established Date:** 09/09/2014; **Follow-Up Date:** 12/01/2014; **Review Date:** 10/21/2014; **Deadline Ind:** Receipt; **Deadline Open:** No; **Award Type(s):** General Project; **Citizenship/Country of Applying Institution:** Any/No Restrictions; **Locations Tenable:** African/South African/Sub-Saharan African Institution; **Appl Type(s):** Colleges/Universities; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Institution/ Organization; Non-Profit; Organizations--Community/Soc. Serv.; Research Institutions/Organizations; Small Business; Tax-exempt; **Target Group(s):** NONE; **Funding Limit:** $350,000 YEAR; **Duration:** 5 YEAR(s); **Indirect Costs:** Yes; **Cost Sharing:** No; **Sponsor Type:** NONE; **Geo. Restricted:** NO RESTRICTIONS; **CFDA#:** 93.067; **OBJECTIVES:** The purpose of this FOA in Senegal is to strengthen the quality and sustainability of HIV surveillance in Senegal by: --Implementing a round of surveillance among pregnant women attending ANC based on routine prevention of mother-to-child transmission of HIV (PMTCT) program data (not employing the unlinked anonymous testing method) by 2016 (or as soon as feasible given the readiness of routine data) through the evaluating and strengthening the quality of routine PMTCT data and HIV testing. --Supporting the Senegal National AIDS Control Program (NACP/CNLS) to establishing a functioning HIV case surveillance system with high national coverage by 2019 through the strengthening and expansion of the pilot case surveillance system initiated in 2013.;

**ELIGIBILITY:** Eligible applicants are: for-profit or non-profit organizations; public or private institutions, such as universities, colleges, hospitals and research organizations; units of State and local governments; units of State and local Tribal government; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); Alaska Native health corporations; urban Indian health organizations; tribal epidemiology centers; Small, minority and/or women-owned businesses; domestic or foreign institutions/organizations; and faith-based or community-based organizations. ;

**FUNDING:** Applications submitted in response to this announcement must be submitted electronically through Grants.gov. The sponsor intends to commit approximately $350,000 in FY2015 to fund one award under this announcement. The approximate average award for is anticipated to be $350,000 per year, including direct costs (and indirect costs in the case of domestic grantees), for a project period of up to five years.;

**KEYWORDS:** Senegal; Infectious Diseases/Agents; Child/Maternal Health; Health/Nutrition Programs--Developing Countries; Women's Health; Health/Medical Science--Computer Technology; Information Science/Systems; HIV Infection; Information Technology; Grants.gov; Grants.gov/S2S; Health Information Technology;
Sponsor: National Institute of Diabetes and Digestive and Kidney Diseases/NIH/DHHS
Deadline(s): 03/09/2015; 04/09/2015;
Contact: Andrew A. Bremer, M.D., Ph.D.; 6707 Democracy Boulevard; Bethesda, MD 20892; U.S.A.;
Tel: 301-402-7886; E-mail: andrew.bremer@nih.gov;
Link(s): Program URL: http://grants1.nih.gov/grants/guide/rfa-files/RFA-DK-14-023.html;
Additional Information: SYNOPSIS: National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) invites applications for innovative research in humans to elucidate the role of HIV infection, including relevant host conditions or antiretroviral therapy, on metabolic and endocrine dysfunction, as well as to support innovative research delineating the pathophysiology, etiology, risk or protective factors, and potential strategies to prevent, treat, or reverse endocrine and metabolic dysfunction in HIV-infected individuals. Proposed projects must involve human subjects with HIV infection or materials or data from HIV-infected individuals. Proposed projects must also be related to the mission of the Division of Diabetes, Endocrinology, and Metabolic Diseases within NIDDK (DEM/NIDDK). This FOA will use the NIH Research Project (R01) award mechanism.; Established Date: 10/21/2014; Follow-Up Date: 06/01/2015; Review Date: 10/21/2014; Deadline Ind: Receipt; Deadline Open: NO; DEADLINE NOTE: Applications may be submitted to Grants.gov in response to this announcement on or after March 9, 2015. The deadline for receipt of optional letters of intent is March 9, 2015. The deadline for receipt of full applications is April 9, 2015, by 5:00 PM local time of applicant organization.; Award Type(s): Requests For Applications (NIH); Research Grants/R & D; Citizenship/Country of Applying Institution: Any/No Restrictions; Locations Tenable: U.S.A. Institution (including U.S. Territories); Appl Type(s): Colleges/Universities; Faculty Member; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Institution/Organization; Non-Profit; Organizations–Community/Soc. Serv.; Researcher/Investigator; Research Institutions/ Organizations; Small Business; Tax-exempt; Target Group(s): NONE; Funding Limit: $500,000 YEAR; Duration: 5 YEAR(s); Indirect Costs: Unspecified; Cost Sharing: No; Sponsor Type: NONE; Geo. Restricted: NO RESTRICTIONS; CFDA#: 93.847; OBJECTIVES: This FOA supports mechanistic research as well as clinical studies examining HIV infection, including relevant host conditions, ART, or other HIV-related therapies on metabolic/endocrine function and metabolic/endocrine-related outcomes, as well as the effects of other therapies proposed to mitigate HIV and/or ART-related adverse metabolic/endocrine perturbations in the HIV population. Given the advances in ART and the transition of HIV-associated morbidity from one of primarily acute opportunistic infections and immune dysfunction to one having chronic metabolic and/or endocrine complications, it will be important for health care providers caring for HIV-infected individuals to use the appropriate ART to adequately achieve viral suppression while simultaneously limiting medication-related metabolic/endocrine dysfunction. It is hoped that studies adequately addressing these issues will greatly improve our knowledge of HIV- and ART-associated metabolic and endocrine perturbations and will yield new approaches for the prevention, management, and treatment of HIV- and ART-associated adipose tissue/lipodystrophic changes, as well as disorders of glucose and lipid metabolism and other HIV-associated metabolic and endocrine perturbations. Proposed projects must also be related to the mission of the Division of Diabetes, Endocrinology, and Metabolic Diseases within NIDDK.

Potential topics include, but are not limited to: --Studies to elucidate the mechanisms underlying the effects of HIV and/or ART on metabolism (including glucose, lipid, and skeletal metabolism), body composition, and general endocrine function through research; --Studies that elucidate novel approaches to prevent or manage diabetes and/or other endocrine disorders in HIV-infected individuals. However, such studies should target pathways unique to the development of these
disorders in the context of HIV infection and/or its treatment rather than simply testing treatments accepted in non-HIV-infected individuals; --Studies that elucidate the interactions between HIV, ART, and/or HIV-associated inflammation and diabetes-related medications to provide a basis for individualized therapy; --Studies that determine the extent to which HIV and its therapy increase the risk of diabetes and/or other endocrine or metabolic dysfunction and identify factors which augment or ameliorate the risk; --Studies that discover and validate biomarkers for metabolic and/or endocrine disease progression as a result of HIV infection or its treatment; --Studies that employ non-invasive or minimally invasive means to assess tissue-specific or whole body metabolic changes in vivo due to HIV infection or therapy. ; ELIGIBILITY: Eligible applicants are: for-profit or non-profit organizations; public/State-controlled institutions of higher education; private institutions of higher education; units of State and local governments; units of State and local Tribal government; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); Small Business; eligible agencies of the Federal government; domestic or foreign institutions/organizations; and faith-based or community-based organizations. More than one PD/PI, or multiple PDs/PIs, may be designated on the application for projects that require a “team science” approach that clearly does not fit the single-PD/PI model. ; FUNDING: This program will use the NIH Research Project (R01) award mechanism. Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF424 (R&R) Application Guide. NIDDK intends to commit up to $2,500,000 in FY 2015 to fund 3-6 awards. Application budgets are limited to $500,000 direct costs in any year and need to reflect the actual needs of the proposed project. The scope of the proposed project should determine the project period. The maximum project period is 5 years. Because the nature and scope of the proposed research will vary from application to application, it is anticipated that the size and duration of each award will also vary. F&A costs requested by consortium participants are not included in the direct cost limitation. Reference: NIH Guide, Week Ending October 24, 2014.; KEYWORDS: Endocrine System; Immune System; Mechanism of Action (Medical); Biomedical Research, Multidisciplinary; Inflammation; Diabetes; Immune System Disorders; Infectious Diseases /Agents; Metabolic Diseases; Biochemical Markers; Biological Markers; Endocrinology; Metabolic Biology; HIV Infection; Antiretroviral Therapy; Grants.gov; Grants.gov/S2S;

[NTW] [HIV] Title: Elucidating HIV and HIV-treatment Associated Metabolic/Endocrine Dysfunction (R01) Grant; 
Sponsor: HHS; Department of Health and Human Services; National Institutes of Health; 
Deadline(s): April 9, 2015; 
Contact: FBOWebmaster@OD.NIH.GOV;

[NTW] [PAIN] Title: Mechanisms, Models, Measurement and Management in Pain Research (R21);
Sponsor: National Institute of Nursing Research/NIH/DHHS;
Deadline(s): 01/07/2015; 02/16/2015; 05/07/2015; 06/16/2015; 09/07/2015; 10/16/2015; 01/07/2016; 02/16/2016; 05/07/2016;
Contact: Dr. Susan Marden, Ph.D., Program Director; Office of Extramural Activities; 6701 Democracy Boulevard; Suite 710; Bethesda, MD 20892-4870; U.S.A. ; Tel: 301-496-9623; Fax: 301-480-8260; E-mail: mardens@mail.nih.gov;
Additional Information: SYNOPSIS: The sponsors invite applications to stimulate and foster a wide range of basic, clinical, and translational studies on pain as they relate to the missions of these ICs. New advances are needed in every area of pain research, from the micro perspective of molecular sciences to the macro perspective of behavioral and social sciences. Although great strides have been made in some areas, such as the identification of neural pathways of pain, the experience of pain and the challenge of treatment have remained uniquely individual and unsolved. Furthermore, our understanding of how and why individuals transition to a chronic pain state after an acute insult is limited. Research to address these issues conducted by interdisciplinary and multidisciplinary research teams is strongly encouraged, as is research from underrepresented, minority, disabled, or women investigators. This program will use the NIH Exploratory/Developmental (R21) grant mechanism.; Established Date: 10/06/2009; Follow-Up Date: 03/01/2015; Review Date: 10/21/2014; Deadline Ind: Receipt; Deadline Open: No; *See Restrictions for further information.; DEADLINE
NOTE: The deadlines for receipt of standard applications under this announcement are: February 16, June 16, and October 16 annually. The deadlines for receipt of AIDS-related applications are: January 7, May 7, and September 7 annually. This program will expire on May 8, 2016.; Award Type(s): Demonstration/Evaluation; Research Grants/R & D; Citizenship/Country of Applying Institution: Any/No Restrictions; Locations Tenable: Any/No Restrictions; Appl Type(s): Colleges/Universities; Faculty Member; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Institution/ Organization; Non-Profit; Organizations--Community/Soc. Serv.; Researcher/Investigator; Research Institutions/ Organizations; Small Business; Tax-exempt; Target Group(s): NONE; Funding Limit: $275,000 MAXIMUM; Duration: 2 YEAR(s); Indirect Costs: Unspecified; Cost Sharing: No Sponsor Type: Federal; Geo. Restricted: NO RESTRICTIONS; CFDA#: 99.999; OBJECTIVES: New and innovative advances are needed in every area of pain research, from the microperspective of molecular sciences to the macro perspective of behavioral/social sciences. Although great strides have been made in some areas, such as the neural pathways of pain, chronic pain and the challenge of its treatment have remained uniquely individual and largely unsolved. Proposals that seek to improve the understanding of the causes, costs, and societal effects of both acute and chronic pain and the relationships between the two are highly encouraged. Studies on the mechanisms underlying the transition from acute to chronic pain are also needed. Additionally, proposals that link such understandings to the development of better approaches to therapeutic interventions, including complementary and alternative medicine (CAM) interventions, and management of acute and chronic pain are in keeping with the current translational focus of NIH and are encouraged. The following acute and chronic pain conditions are of special interest but do not comprise a comprehensive or complete listing of research areas relevant to this FOA: Inflammatory Pain; Visceral pain; Chronic urologic pelvic pain syndromes; Neuropathic pain; Spinal cord injury pain; Headache; Musculoskeletal pain, including back pain; Cancer related pain (e.g. pain due to metastasis or primary disease); Cardiovascular pain disorders; Chemotherapy-induced neuropathies and other related toxicities (e.g. aromatase inhibitio arthralgias); Fibromyalgia; Temporomandibular joint and muscle disorders; Pain associated with HIV/AIDS; Pain associated with osteoporosis; Pain associated with communication disorders (e.g., otitis media, tinnitus, burning mouth syndrome, dysphagia); Pain at the end of life; Pain in older persons with multiple contributing morbidities; Pain in people with drug and alcohol addictions; Pain in persons with neuromuscular conditions; Pain in preterm neonates exposed to multiple medical interventions; and Skin disorders and pain. The following topic areas are not intended to be comprehensive or exhaustive. Synergistic studies that reach across two or more of these areas are encouraged. Interdisciplinary and multidisciplinary research is especially encouraged, as is research that involves specific cooperation between basic and clinical scientists: Molecular and cellular mechanisms of pain; genetics of pain; biobehavioral pain; models of pain; diagnosis and assessment of pain; pain management; epidemiology of pain; health disparities; and translational pain research. ; ELIGIBILITY: Eligible applicants are: for-profit or non-profit organizations; public/State-controlled institutions of higher education; private institutions of higher education; units of State and local governments; units of State and local Tribal government; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); Small Business; eligible agencies of the Federal government; domestic or foreign institutions/organizations; and faith-based or community-based organizations. More than one PD/PI, or multiple PDs/PIs, may be designated on the application for projects that require a “team science” approach that clearly does not fit the single-PD/PI model. ; FUNDING: This program will use the NIH Exploratory/Developmental (R21) grant mechanism. Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF424 (R&R) Application Guide. The total project period for an application submitted in response to this funding opportunity may not exceed two years. Direct costs are
limited to $275,000 over the two years of the R21 award, with no more than $200,000 in direct costs allowed in any single year. Because the nature and scope of the proposed research will vary from application to application, it is anticipated that the size and duration of each award will also vary. F&A costs requested by consortium participants are not included in the direct cost limitation. CFDA#: 93.361, 93.213; 93.866; 93.853; 93.865; 93.847; 93.859; 93.279; 93.393; 93.846; 93.307. Reference: NIH Guide, Week Ending February 15, 2013; NIH Guide, Week Ending February 22, 2013; NIH Guide, Week Ending April 12, 2013; NIH Guide, Week Ending October 24, 2014.; KEYWORDS: BEHAVIORAL/SOCIAL SCIENCES; Addictions; Cardiovascular System; Musculoskeletal System; Urogenital System; AIDS; Inflammation; Injury; Cancer/Carcinogenesis; Cardiovascular Diseases; Communicative Disorders, Hearing; Communicative Disorders, Speech; Muscle Disorders; Neuromuscular Disorders; Pain; Skin Diseases; Skeletal Diseases; Chemotherapy; Epidemiology; Cellular Biology; Molecular Biology; Genetics; HIV Infection; Spinal Cord Injury; Alternative Medicine; Fibromyalgia; Osteoporosis; Elderly Health; Health Disparities; Bone; Temporomandibular Joint Disorders; Urinary Tract Disorders; Otitis Media; Translational Research; Grants.gov; Grants.gov/S2S;

[NTW] [SUDS] Title: Women & Sex/Gender Differences in Drug and Alcohol Abuse/Dependence; (R03);
Sponsor: National Institute on Drug Abuse/NIH/DHHS;
Deadline(s): 01/07/2015; 02/16/2015; 05/07/2015; 06/16/2015; 09/07/2015; 10/16/2015; 01/07/2016; 02/16/2016; 05/07/2016; 06/16/2016; 09/07/2016; 10/16/2016; 01/07/2017;
Contact: Cora Lee Wetherington, Ph.D.; Women & Gender Research Coordinator; 6001 Executive Boulevard; Room 4282, MSC 9555; Bethesda, MD 20892-9555; U.S.A.; Tel: 301-435-1319; E-mail: cwetheri@mail.nih.gov;
Link(s): Program URL: http://grants1.nih.gov/grants/guide/notice-files/PA-14-037.html;
Additional Information: National Institute on Drug Abuse (NIDA) and National Institute on Alcohol Abuse and Alcoholism (NIAAA) invite applications to advance research on male-females differences in drug and alcohol abuse and addiction and on factors specific to women. Both human and animal model studies are sought. This FOA will use the NIH Small Research Grant (R03) award mechanism.; Established Date: 12/12/2013; Follow-Up Date: 11/01/2015; Review Date: 10/21/2014; Deadline Ind: Receipt; Deadline Open: No; DEADLINE NOTE: Applications may be submitted to Grants.gov in response to this announcement on or after January 16, 2014. The deadlines for receipt of standard applications under this announcement are: February 16, June 16, and October 16 annually. The deadlines for receipt of AIDS-related applications are: January 7, May 7, and September 7 annually. This program will expire on January 8, 2017.; Award Type(s): Research Grants/R & D; Citizenship/Country of Applying Institution: Any/ No Restrictions; Locations Tenable: Any/No Restrictions; Appl Type(s): Colleges/Universities; Faculty Member; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Institution/Organization; Non-Profit; Organizations--Community/Soc. Serv.; Researcher/Investigator; Research Institutions/Organizations; Small Business; Tax-exempt; Target Group(s): NONE; Funding Limit: $50,000 YEAR; Duration: 2 YEAR(s); Indirect Costs: Unspecified; Cost Sharing: No; Sponsor Type: NONE; Geo. Restricted: NO RESTRICTIONS; CFDA#: 99.999; The extant literature on male-female differences in drug abuse strongly suggests that males and females are likely to differ in many aspects of drug abuse yet to be explored and that in the long run, identifying and understanding such differences can improve our understanding of the nature and etiology of drug abuse and have implications for tailoring prevention and treatment interventions to maximize outcomes for both males and females. Although progress has been made in knowledge of male-female differences in drug abuse and issues unique to women, noteworthy gaps remain. Often, studies fail to include sex/gender analyses, and only a small
proportion of animal research includes female subjects thus providing no opportunity to analyze data for sex differences. Thus, in all areas of drug abuse, research is needed that examines male-female differences and issues specific to females. Areas of research interest include, but are not limited to, the following: ETIOLOGY AND MECHANISMS OF DRUG ABUSE: Study sex/gender differences in the basic behavioral and biological mechanisms underlying drug abuse and dependence across the lifespan; and conduct laboratory, epidemiological, and clinical studies of male-female differences in the determinants of initiation, progression, and maintenance of drug use and dependence. CONSEQUENCES AND IMPACT: Laboratory (both human and animal), field, and clinical research aimed at (a) identifying sex/gender differences across the lifespan in the consequences of drug use, abuse, and addiction following acute use, chronic use, as well as residual effects following prolonged abstinence, or (b) examining drug-related consequences that are unique to females. PREVENTION AND PREVENTION SERVICES: Using input and involvement of both researchers and practitioners, design, develop and test the efficacy/effectiveness of sex/gender-based prevention strategies that are informed by sex/gender-based theories (e.g., psychosocial, biological, developmental) and empirical findings on the risk and protective factors related to drug abuse initiation, progression, transition, and maintenance. TREATMENT AND TREATMENT SERVICES: Using input and involvement of both researchers and practitioners, develop and test the efficacy/effectiveness of sex/gender-based treatment strategies (including behavioral treatment and pharmacotherapies) that are informed by relevant sex/gender-based theories (e.g., biological, psychosocial, developmental) as well as empirical findings on gender differences in drug abuse including, e.g., sex/gender differences in risk factors, psychopathology and factors affecting treatment entry, completion, and outcomes. Examine gender-based issues related to the effective and efficient delivery of drug abuse treatment services. HIV/AIDS and RELATED INFECTIOUS DISEASES: Based on the input and involvement of both researchers and practitioners, develop and evaluate sex/gender-based interventions directed at preventing and treating HIV/AIDS and related infectious diseases among drug using populations and those at risk for drug use at every age level. CROSS-CUTTING ISSUES: In addition to the above areas of research on sex/gender differences and issues unique to women, several research considerations and topic areas apply to many areas of research. They include, but are not limited to, the following: --Research that addresses and compares stages of the life cycle, from preconception, gestation, infancy, childhood, adolescence, adulthood, to late adulthood. --Research that examines the role of race, ethnicity, culture, and SES. --Research that examines health disparity issues in drug abuse and associated infectious diseases. --Research on hidden and underserved populations, e.g., lesbians, transgender individuals, incarcerated, homeless, victims of violence, sex workers, migrant workers, school dropouts, truants, runaways, street youth, and latchkey children. --Research that addresses transgendered populations with special attention to improving methods for sampling those populations and to their elevated risk for drug use, and for HIV exposure and transmission. --Research on all drugs of abuse, including the nonmedical use of prescription drugs, over-the-counter drugs with abuse potential, nicotine, club drugs, and polydrug use. --Use of a wide range of methodological approaches including longitudinal studies, secondary data analyses, descriptive and ethnographic studies, use of and development of novel measurement tools, and interdisciplinary approaches. Research that addresses gender-specific recruitment and retention issues. The NIAAA has indicated the following areas of research interest: epidemiology and prevention; neuroscience; and pubertal and hormonal processes. ; ELIGIBILITY: Eligible applicants are: for-profit or non-profit organizations; public/State-controlled institutions of higher education; private institutions of higher education; units of State and local governments; units of State and local Tribal government; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); Small Business; eligible agencies of the Federal government; domestic or foreign institutions/organizations; and faith-based or community-based
organizations. More than one PD/PI, or multiple PDs/PIs, may be designated on the application for projects that require a “team science” approach that clearly does not fit the single-PD/PI model.

**FUNDING:** This FOA will use the NIH Small Research Grant (R03) award mechanism. Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF424 (R&R) Application Guide. Applicants may request a project period of up to two years and budget for direct costs of up to $50,000 per year. Because the nature and scope of the proposed research will vary from application to application, it is anticipated that the size and duration of each award will also vary. F&A costs requested by consortium participants are not included in the direct cost limitation. CFDA#s: 93.279, 93.273. Reference: NIH Guide, Week Ending December 13, 2013; NIH Guide, Week Ending October 24, 2014.; **KEYWORDS:** Ethnic Studies; Addictions; Alcohol/Alcoholism; Drugs/Drug Abuse; Racism/Race Relations; Substance Abuse; Dependency; AIDS; Infectious Diseases/Agents; AIDS—Substance Abuse; Health of Underserved Populations; Women's Health; Disease Prevention; Alcoholism Prevention; Alcoholism Treatment; Drug Abuse Prevention; Drug Abuse Treatment; Substance Abuse Prevention; Medical Treatment; Hormones; Epidemiology; Biological Sciences; Genetics; Neuroscience; Behavioral Biology; HIV Infection; Pharmacotherapy; Prescription Drugs; Grants.gov; Grants.gov/S2S; Grants.gov/Adobe; Gender Differences (Biological);

**[NTW] [EARLY STAGE RESEARCHER]**

**Title:** Limited Submission; 2015 Mallinckrodt Scholars Program;

**Sponsor:** Mallinckrodt Scholars Program;

**Deadline(s):** INTERNAL DEADLINE: 9:00 A.M. ON MONDAY, NOVEMBER 17, 2014;

**Contact:** gcc19@columbia.edu and mb3952@columbia.edu; Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

**Link(s):** [http://www.emallinckrodtfoundation.org/Application.html](http://www.emallinckrodtfoundation.org/Application.html);

**Additional Information:** WHAT: The mission of the Foundation is to support early stage investigators engaged in basic biomedical research that has the potential to significantly advance the understanding, diagnosis or treatment of disease. The funds are designed to provide faculty members who hold M.D. and/or Ph.D. degrees, and are in their fifth to eighth year of a tenure-track position, with support to move the project forward to the point where R01 or other independent funding can be obtained. The Scholar Award provides $100,000 per year for a period of four years. The Foundation will not fund overhead.

WHO: The following eligibility terms apply: (-) Applicants must hold an M.D. and/or Ph.D. degree; (-) Applicants must be in a tenure-track position (those in tenured, non-tenure-track or postdoc positions are not eligible); (-) Applicants must have started their first tenure-track position between January 15, 2007 and January 15, 2010.;

**WHEN:** Internal Proposal due – 9:00 a.m. on Monday, November 17, 2014; Sponsor Proposal – January 15, 2015;

**HOW:** The internal proposal (12-point Arial or Times New Roman font) must include the following: (1) Cover Page with the name, title, department and contact information for the PI as well as start date of the applicant’s first tenure-track position and title of the proposed research project.; (2) Lay Abstract (one-page limit) summarizing the proposed research for non-scientific readers; (3) Project Proposal (five-page limit, not including references) clearly describing the objectives and aims of the proposed research project. Please describe support from current or pending grants for this work.; (4) Biosketch of the investigator inclusive of publications in a 4-page NIH format; (5) Budget Justification explaining how the funds to be received will be used to advance the unique problem under study in a way that cannot be done with existing funds.; (6) List of Current and Pending Grants; Please combine all six parts of the internal proposal in a single pdf file and email to gcc19@columbia.edu and mb3952@columbia.edu by no later than 9:00 a.m. on Monday, November 17, 2014.; All questions
should be directed to Greg Culler at gcc19@columbia.edu; Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

[NTW] [EARLY RESEARCHER] Title: NIH Director's Early Independence Awards (DP5) Grant; Sponsor: HHS; Department of Health and Human Services; National Institutes of Health; Deadline(s): January 30, 2015; Contact: FBOWebmaster@OD.NIH.GOV; Link(s): http://www.grants.gov/web/grants/view-opportunity.html?oppId=268951; http://grants.nih.gov/grants/guide/rfa-files/RFA-RM-14-004.html; Additional Information: The NIH Directors Early Independence Award Program supports exceptional investigators who wish to pursue independent research directly after completion of their terminal doctoral/research degree or clinical residency, thereby forgoing the traditional post-doctoral training period and accelerating their entry into an independent research career.

[NTW] [R2 ANNOUNCEMENTS] Title: Data Security And Me; R2 November Information Session; Ms. Elizabeth Tashiro, Presenter; Sponsor: Dean’s Office, R2; Deadline(s): Tuesday November 18, 2014; 2:00 PM – 3:30 PM; Contact: ckk7@columbia.edu; Link(s): http://www.mailman.columbia.edu/students/student-life/hess-commons-policies/hess-reservations/display?site=osa&event_id=14793; http://www.mailman.columbia.edu/events/display?site=msp&event_id=14832; Additional Information: Please join the Research Resources Office on Tuesday, November 18, 2014 from 2:00 PM - 3:30 PM in Hess Student Commons for a talk with Ms. Elizabeth Tashiro, Associate Dean, Information Technology. Ms. Tashiro will discuss “Data Security And Me”. Time will be allocated for questions and answers. This event is sponsored by the Research Resources (R2) Office. To RSVP, please email Craig Kandell at ckk7@columbia.edu;
[NTW] [R2 ANNOUNCEMENTS]
Title: How To Design A Grant Budget and Justification; R2 December Information Session; Ms. Rosa Rivera and Ms. Christina McCarthy Presenters;
Sponsor: Dean’s Office, R2;
Deadline(s): Tuesday December 16, 2014; 2:00 PM – 3:30 PM;
Contact: ckk7@columbia.edu;
Additional Information: Please join us on Tuesday December 16, 2014 from 2:00 PM - 3:30 PM in Hess Student Commons for a talk with Ms. Rosa Rivera, Director of Sponsored Projects Administration (SPA) and Associate Dean for Grants and Contracts and Ms. Christina McCarthy, Administrator, Department of Epidemiology. Ms. Rivera and Ms. McCarthy will discuss "How To Design A Grant Budget and Justification". Time will be allocated for questions and answers. This event is sponsored by the Research Resources (R2) Office. To RSVP, please email Craig Kandell at ckk7@columbia.edu;

[NTW] [R2 ANNOUNCEMENTS] Title: Proposed R2 Information Sessions;
Sponsor: Dean’s Office, R2;
Deadline(s): NA;
Contact: ckk7@columbia.edu;

Title: NIH Loan Repayment Program now Open!
Sponsor: NIH:
Deadline(s): 9/1/14 THROUGH 11/17/14;
Contact: Institutional Approver for Columbia University is William Berger at wb2174@columbia.edu of Sponsored Projects Administration;
Link(s): http://www.lrp.nih.gov/index.aspx;

Additional Information: This is a reminder about the NIH Loan Repayment Program (LRP). The LRPs repay the student loans of doctoral level, biomedical or behavioral scientists conducting research funded by nonprofit institutions. Eligible applicants may be eligible to receive up to $70,000 of qualified educational debt repayment with a 2 year contract. The NIH began accepting applications on September 1, 2014. Applications are limited to one per year. The deadline for applications is November 17th, 2014, 8pm EST. All applications must be completed and submitted online at: http://www.lrp.nih.gov/index.aspx
Please note that while completing the online application, the Institutional Approver for Columbia University is William Berger at wb2174@columbia.edu of Sponsored Projects Administration. The five following program areas are included as part of the LRP: (*) Clinical Research (NOT-OD-14-105); (*) Pediatric Research (NOT-OD-14-107); (*) Health Disparities Research (NOT-OD-14-109); (*) Contraception and Infertility Research (NOT-OD-14-108); (*) Clinical Research for Individuals from Disadvantaged Backgrounds (NOT-OD-14-106); Pay special attention to the eligibility requirements and commitment obligations, as each announcement has its own criteria. Please share this announcement with those who may be interested.; Thank you, Stephanie F. Scott, MS, CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/.

Title: Frank A. Calderone Prize in Public Health Lecture;
October 28, 2104; at the Paley Center for Media on W. 52nd Street, at 10:30 AM;
Sponsor: The Mailman School;
Deadline(s): October 28th, 2014;
Contact: please see the link below for RSVP;
Link(s): Please RSVP on the link, below: https://www.eventbrite.com/e/2014-calderone-prize-in-public-health-lecture-tickets-13733789133;

Title: November Research Resources’ Information Session: Data Security And Me; Ms. Elizabeth Tashiro, Speaker;
Sponsor: Mailman School of Public Health, Research Resources Office;
Deadline(s): November 18, 2014; Tuesday, 2:00 PM – 3:30 PM; Hess Student Commons;
Contact: ckk7@columbia.edu to rsvp;
Link(s): http://www.mailman.columbia.edu/events/display?site=msph&event_id=14832;

Additional Information: Please join the Research Resources Office on Tuesday, November 18, 2014 from 2:00 PM - 3:30 PM in Hess Student Commons for a talk with Ms. Elizabeth Tashiro about “Data Security And Me”. Time will be allocated for questions and answers. To RSVP, please email Craig Kandell at ckk7@columbia.edu;

Title: December Research Resources’ Information Session: How To Design A Grant Budget and Justification; Ms. Rosa Rivera and Ms. Christina McCarthy, Speakers;
Sponsor: Mailman School of Public Health, Research Resources Office;
Deadline(s): December 16, 2014; Tuesday, 2:00 PM – 3:30 PM; Hess Student Commons;
Contact: ckk7@columbia.edu to rsvp;
Link(s): http://www.mailman.columbia.edu/events/display?site=msph&event_id=14831;

Additional Information: Please join us on Tuesday December 16, 2014 from 2:00 PM - 3:30 PM in Hess Student Commons for a talk with Ms. Rivera and Ms. McCarthy. Time will be allocated for questions and answers. To RSVP, please email Craig Kandell at ckk7@columbia.edu;

Title: CLARIFICATION - RE: 3rd Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs; The requirement for NIH eRA Commons IDs, as per notice NOT-OD-13-097;  
Sponsor: NIH;  
Deadline(s): October 2014;  
Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;  
Link(s): NOT-OD-13-097;  
Additional Information: This is to clarify the requirement for NIH eRA Commons IDs, as per notice NOT-OD-13-097. The Commons IDs, and complete Personal Profiles, are required for postdocs, graduate and undergraduate students when: (*) They have participated at least one person month on an NIH award, regardless if they were paid from the grant; and (*) Their participation is required to be included in Participants Section (D.1) in the Research Performance Progress Report (RPPR) – (*) note some select NIH grant mechanisms may be exempt from reporting in this section. (*) The RPPR Instruction Guide contains Supplemental Instructions for Specific Grant Types (such as training awards and multi-project awards), which can be found at: http://grants.nih.gov/grants/rppr/rppr_instruction_guide.pdf. ;  
TIP – when preparing your RPPR, click “Check for Errors” prior to routing the report to your SPA Project Officer. You will be alerted of missing eRA Commons IDs and incomplete profiles. This is the best time to contact SPA-eBiz to request IDs, or to alert individuals to complete their Commons profiles.; If you are requesting an eRA Commons ID from SPA-eBiz@columbia.edu, please include the following information with your request: (*) Full Name; (*) UNI; (*) Email address; (*)
Campus (Morningside or CUMC); SPA-eBiz will work with you to determine the appropriate eRA Commons role.; Please feel free to ask me, or your assigned SPA Project Officer, any questions. Thank you for your patience!; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

Title: 3rd Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs; Sponsor: NIH; Deadline(s): October 2014; Contact: Steph; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/; Link(s): eRA Commons Manage Personal Profile; NOT-OD-14-092; http://grants.nih.gov/grants/rppr/; Additional Information: As we get closer to October 2014, I wanted to remind investigators and administrators of the new NIH progress reporting requirement regarding eRA Commons IDs. Postdocs, graduate and undergraduate students supported on NIH awards must have eRA Commons IDs, with complete eRA Commons Personal Profiles. Beginning with NIH progress reports due October 2014, NIH will not accept progress reports that have missing eRA Commons IDs and incomplete profiles. As you are aware, if NIH rejects a progress report, that could delay issuance of the next year’s funding. Complete eRA Commons profiles are just as important as the ID itself. NIH can reject the progress report if the following fields are not complete in the profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Tutorials on the eRA Commons Personal Profile can be found at eRA Commons Manage Personal Profile; If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. ; Finally, the Research Performance Progress Report (RPPR) format will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPPR format, resources are available at http://grants.nih.gov/grants/rppr/; Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.; Steph; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Title: Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs; Sponsor: NIH; Deadline(s): October 2014; Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/; Link(s): NOT-OD-13-097; NOT-OD-14-092; http://grants.nih.gov/grants/rppr/; Additional Information: This is a reminder that beginning October 2014, Research Performance Progress Reports (RPPRs) lacking an eRA Commons ID for graduate and undergraduate students will receive an error and the RPPR will not be accepted by the NIH without this information. RPPRs that are not accepted could delay issuance of Notice of Grant Awards. See full NIH notice at NOT-OD-13-097. Currently, warnings appear in the
eRA Commons screens to alert individuals identified as undergraduate students, graduate students, and postdoctoral researchers that the following fields should be completed in their eRA Commons profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Beginning on October 1, 2014, those fields in the eRA Commons screens will be required for individuals identified in any of those three roles. If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. In addition, graduate and undergraduate students, and postdoctoral researchers should complete their Personal Profiles in the eRA Commons, ensuring all fields listed above are complete. Tutorials on the Personal Profile can be found at eRA Commons Manage Personal Profile.

RPPRs will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPRP format, resources are available at http://grants.nih.gov/grants/rprp/. Therefore, if you have students supported on non-SNAP awards, now is the time to ensure they have eRA Commons profiles completed.;

Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Additional Information: NIH: The View From 10,000 Feet; Posted on July 24, 2014 by Sally Rockey; Here on the blog we discuss many different aspects of NIH’s research program – policies, funding trends, workforce issues. A few weeks ago, while I was preparing to give the opening talk at the NIH Regional Seminar on Program Funding and Grants Administration, I realized some Rock Talk readers might be interested in learning more about how these topics fit into the big picture of NIH. So, I asked my colleagues might be interested in learning more about how these topics fit into the big picture of NIH. So, I asked my colleagues to tape this talk, “NIH: The View from 10,000 Feet”, so I could share it with you on the blog ….

Link(s): http://nexus.od.nih.gov/all/2014/07/17/formula-for-innovation-people-ideas-time/?utm_source=nexus&utm_medium=email&utm_content=nihupdate&utm_campaign=july14;
Additional Information: Formula for Innovation: People + Ideas + Time; Posted on July 17, 2014 by Sally Rockey and Francis Collins; In these times of tight budgets and rapidly evolving science, we must
consider new ways to invest biomedical research dollars to achieve maximum impact—to turn scientific discoveries into better health as swiftly as possible. We do this by thinking strategically about the areas of research that we support, as well as the process by which we fund that research. … We often hear from investigators at all career stages that they spend a significant portion of their careers writing grant applications, consuming precious time that could otherwise be spent conducting research. … Continue reading →

Dear PIs and Administrators, If you are planning to prepare and submit an NIH multi-project application over the next several months, please let me know. Examples of multi-project grant mechanisms include, but are not limited to, P01, P30, P50, and U19. All multi-project Funding Opportunity Announcements (FOAs) now require proposals to be submitted electronically using ASSIST (Application Submission System and Interface for Submission Tracking). For a listing of all multi-project FOAs, go to http://grants.nih.gov/searchGuide/ComplexOnly.cfm. If you plan to submit a multi-project application in the coming months, please contact me and your SPA Project Officer and we will schedule a time to meet to provide you with training and guidance. Please feel free to contact me if you have any questions. Our website contains many ASSIST resources: http://spa.columbia.edu/electronic-systems/assist. Thank you.; Stephanie F. Scott, MS, CRA; Communications and Outreach Director; Sponsored Projects; Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

The Columbia University Medical Center IRB Office has a standing “IRB Consultation Hour”. This service provides an opportunity for researchers to stop in at the IRB office and meet with an IRB professional to discuss regulatory, policy, and procedural questions. The sessions are scheduled for every Tuesday from 10 am to 11 am. No appointment is necessary. The IRB office is located at 154 Haven Avenue, 1st Floor. Attendees should sign in at the IRB receptionist desk, and will meet with IRB staff in the order of arrival. If situations warrant, individual consultations may be limited to 15 minutes. Important Note: If you have questions about a protocol that has already been submitted to the IRB, please contact the staff members who administer the IRB to which the protocol is assigned rather than bringing those questions to a Consultation Hours session. Staff contact information may be obtained on the IRB website: http://www.cumc.columbia.edu/dept/irb/ Researchers may also call in during these times, to the IRB main number, for consultation: 212.305.5883. Email: irboffice@columbia.edu;

FUNDING OPPORTUNITIES RELATIVE TO TRAINING GRANTS, T32S, ETC.

Title: New Program for NIH-funded Grad Students and Postdocs;  
Sponsor: NIH;  
Deadline(s): Open Ended;  
Contact: Please contact Rory Flinn (rf2531@columbia.edu); Director of the Office of Postdoctoral Affairs, with any questions about the program;  
Link(s):  
https://www2.gsas.columbia.edu/idp;  
https://www2.gsas.columbia.edu/idp/node/3#summary;  
Additional Information: Dear Colleagues: The Office of the Executive Vice President of Research (EVPR), including the Office of Postdoctoral Affairs, and the Graduate School of Arts and Sciences (GSAS) are pleased to announce the introduction of an individual development plan (IDP) program for National Institutes of Health (NIH)-funded graduate students and postdoctoral researchers (postdocs). An IDP consists of a self-assessment of skills, interests and values that guides the development of short and long term plans to achieve career goals. In 2012, the NIH published a task force report on the current state of the biomedical workforce which found, among other things, that universities need to better prepare biomedical graduate students and postdocs for a broad range of career opportunities beyond academia. As one of a number of initiatives designed to address the recommendations of the task force, the NIH issued a policy, released on July 23, 2013 and revised on August 4, 2014 (http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-113.html), that does not require, but strongly encourages recipients of NIH awards to develop and use IDPs for graduate students and postdocs supported by the NIH. In addition, the revised policy provides that, beginning on October 1, 2014, annual progress reports relating to NIH awards must include a description of whether or not the institution uses IDPs and how they are employed to help manage the training and career development of graduate students and postdocs associated with such awards. The University’s IDP program will begin later this month and will include seminars on topics relating to the development of an IDP. Optional workshops will assist participants in completing an IDP. Career panels and networking events will be held to offer opportunities for participants to learn more about potential career options and the skills and experiences needed to gain employment in a wide array of fields. Complete IDP program details, including registration information, can be found at https://www2.gsas.columbia.edu/idp. Faculty members should strongly encourage their NIH-funded graduate student and postdocs to register and participate in the IDP program. A description of the Columbia IDP program to be utilized in progress reports can be found at https://www2.gsas.columbia.edu/idp/node/3#summary. Please contact Rory Flinn (rf2531@columbia.edu), Director of the Office of Postdoctoral Affairs, with any questions about the program;  
Sincerely,  
G. Michael Purdy;  
Executive Vice President;  
Carlos J. Alonso;  
Dean, Graduate School of Arts and Sciences;  
Arthur G. Palmer III;  
Associate Dean for Graduate Affairs;  
College of Physicians & Surgeons;

ADDITIONAL INFORMATION REQUIRED FOR F GRANT APPLICATIONS

Title: REMINDER & Clarification: New NIH Requirement for Fellowship Applications;

Sponsor: NIH;

Deadline(s): Standard Dates;

Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Link(s): NIH Notice of Clarification (F31s); NIH Notice of Clarification (F32s); NIH Notice of Clarification (Parent F31-Diversity); NIH Notice of Clarification (F30); FAQs for Fellowships; http://www.postdocs.columbia.edu/funding.html;

Additional Information: Just a reminder and a clarification of the new NIH requirement for fellowship applications (see original notice below); The new “Additional Educational Information” requirement also applies to the Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research (Parent F31 - Diversity) and the Individual Predoctoral MD/PhD or Other Dual-Doctoral Degree Fellowship (F30). I added these two programs, with links clarifying their instructions, to the list below.; As always, if you have any questions regarding this new requirement, please contact your SPA Project Officer. Please forward this email to predoctoral and postdoctoral fellows whom you are aware are applying for these fellowships. Thank you.; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

As the next NIH deadline for Predoctoral (F31) and Postdoctoral (F32) Fellowship applications approaches August 8th, I wanted to take this opportunity to remind applicants, their mentors, and administrators of the new “Additional Educational Information” document required in the applications. All applications lacking this attachment will be considered incomplete and will not proceed to review. Please refer to the following notices regarding this new requirement: NIH Notice of Clarification (F31s); NIH Notice of Clarification (F32s); FAQs for Fellowships; Columbia University’s Office of Postdoctoral Affairs (OPA) provides template language you can include in the “Additional Educational Information” document for F32s. This language can be obtained from the OPA website at http://www.postdocs.columbia.edu/funding.html. If you have any questions regarding this new requirement, please contact your SPA Project Officer.;

Title: Fellowships for Columbia University/University of Glasgow Research Exchange;
Sponsor:
Deadline(s): Internal Proposal Deadline – 9:00 a.m. on, Thursday, October 23, 2014;
Contact: Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu; mb3952@columbia.edu;
Link(s): http://www.gla.ac.uk/research/az/;
NEW ITEMS FROM THE NIH

**Title:** [NIH-Investigators] Reminder for NIH-Investigators: eRA Commons IDs and Complete Profiles;

**Sponsor:** NIH eRA Commons IDs and Complete Profiles

**Deadline(s):** October 2014;

**Contact:** Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu;

**Website:** [http://spa.columbia.edu/](http://spa.columbia.edu/);

**Link(s):** eRA Commons Manage Personal Profile; [http://era.nih.gov/reg_accounts/manage_personal_profile.cfm](http://era.nih.gov/reg_accounts/manage_personal_profile.cfm);

**Additional Information:** Complete Profiles Required for Students and Postdocs; As we get closer to October 2014, I wanted to remind investigators and administrators of the new NIH progress reporting requirement regarding eRA Commons IDs. Postdocs, graduate and undergraduate students supported on NIH awards must have eRA Commons IDs, with complete eRA Commons Personal Profiles. Beginning with NIH progress reports due October 2014, NIH will not accept progress reports that have missing eRA Commons IDs and incomplete profiles. As you are aware, if NIH rejects a progress report, that could delay issuance of the next year’s funding. Complete eRA Commons profiles are just as important as the ID itself. NIH can reject the progress report if the following fields are not complete in the profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Tutorials on the eRA Commons Personal Profile can be found at eRA Commons Manage Personal Profile. If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu.

**Title:** The Research Performance Progress Report (RPPR);

**Sponsor:** NIH;

**Deadline(s):** October 17, 2014;

**Contact:** Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu;

**Website:** [http://spa.columbia.edu/](http://spa.columbia.edu/);

**Link(s):** NOT-OD-13-097; NOT-OD-14-092; eRA Commons Manage Personal Profile;

**Additional Information:** The Research Performance Progress Report (RPPR) format will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPPR format, resources are available at [http://grants.nih.gov/grants/rppr/](http://grants.nih.gov/grants/rppr/). Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.: Steph; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects; Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: [http://spa.columbia.edu/](http://spa.columbia.edu/); This is a reminder that beginning October 2014, Research Performance Progress Reports (RPPRs) lacking an eRA Commons ID for graduate and undergraduate students will receive an error and the RPPR will not be accepted by the NIH without this.
The National Institutes of Health (NIH) released five separate program announcements for the 2015 application cycle of the NIH Loan Repayment Program (LRP). The LRP may repay up to $35,000 of qualified student loan debt per year to outstanding health professionals who commit at least two years to conduct biomedical, behavioral, social, or clinical research. This includes most undergraduate, graduate, and medical school loans. Loan repayment benefits are in addition to the institutional salary received for research. The NIH will begin accepting applications on September 1, 2014. Applications are limited to one per year. The deadline for applications is November 15th, 2014, 8pm EST. All applications must be completed and submitted online at: http://www.lrp.nih.gov/index.aspx; Please note that while completing the online application, the Institutional Approver for Columbia University is William Berger at wb2174@columbia.edu of Sponsored Projects Administration.; The five following program areas are included as part of the LRP: (*) Clinical Research (NOT-OD-14-105); (*) Pediatric Research (NOT-OD-14-107); (*) Health Disparities Research (NOT-OD-14-109);
NIH eSUBMISSION ITEMS OF INTEREST

From Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); “NIH eSubmission Items of Interest” (June 4, 2014) (see below). In particular, it addresses the new Biosketch Pilot program, tips on using non-standard characters in form fields, and the cover letter attachment.

Don’t Forget the eSubmission Basics: I had the privilege of spending some time last week with the eRA Commons Help Desk and posed the question - “If you could tell the applicant community one thing about application submission what would it be?” I was a bit surprised to hear the same key messages that we have been pushing for years. On the other hand, that’s why we consider them ‘the eSubmission basics’.

So, here’s a quick reminder…

- Watch out for form fields required by NIH that are not marked required on federal-wide forms (e.g. Credential for PD/PIs and Organization for all entries on R&R Sr/Key Person Profile form; primary site DUNS on Project/Performance Sites form).
- Use PDF format for all attachments. Follow PDF Guidelines.
- Submit early – days, not minutes – to allow time to correct unforeseen errors.
- Track your submission in eRA Commons. Email can be unreliable.
- Check your entire assembled application image in eRA Commons. If you can’t view it, we can’t review it!
- If federal system issues threaten your on-time submission you need to notify the help desk and follow the Guidelines for Applicants Experiencing System Issues.

Impact of Biosketch Pilot on Non-pilot Applications: Did you see in the NIH Guide (NOT-OD-14-091) or in Rock Talk (Changes to the Biosketch) that NIH is piloting a new biosketch format? The pilot directly impacts applicants applying to a few Funding Opportunity Announcements (FOAs) (e.g., RFA-NR-15-001), but there is an immediate indirect impact to all applicants as well. In order to accommodate the pilot applications, eRA has changed the way we systematically validate the biosketch page limit for all applications. Specifically, a warning will fire if you submit a 5 page biosketch and an error will fire if your biosketch is over 5 pages. Applicants to pilot FOAs can ignore the 5-page warning, but everyone else should
take action or risk post-submission rejection of their applications. After your application moves forward to NIH staff, we will do a manual check of the biosketches in applications to FOAs not participating in the pilot. If your non-pilot FOA requires 4 pages, but you included 5 and ignored the warning, then your application may not be reviewed. Applicants must read and follow all FOA and application guide instructions – even those that aren’t enforced by electronic systems.

**Non-standard Characters in Form Fields:** Although NIH systems now support a broader character set including Greek and other non-standard characters, Grants.gov systems currently do not. When completing application form fields type content directly from your keyboard. Avoid cutting and pasting from Word and other word processors- they often convert your plain text to rich text (e.g. Word converts quotes to ‘smart quotes’ that curve towards the text between them and combines two dashes into one long em-dash.) Also, keep your text as simple as possible. The following characters are typically ‘safe’: letters, numbers, spaces, underscores, periods, dashes (not em-dashes), quotes (not smart quotes), parentheses, brackets, ampersands, tilde, exclamation points, commas, colons, semicolons, at signs, number signs, dollar signs, percent signs, plus signs, equal signs, and asterisks. Limit your use of fancier characters to the body of your PDF attachments.

**Submitting Applications with more than 5 Budget Periods:** Although NIH typically allows only 5 budget periods to be submitted with grant applications, from time to time you will come across a FOA that allows more than 5 budget periods. Most NIH FOAs include the R&R Budget form which only accommodates data collection for 5 budget periods leaving applicants wondering what to do with the rest of the data. Applicants have been forced to use a rather clunky ‘workaround’ that includes adding the additional budget period information in the budget justification. eRA has just added system support for Grants.gov’s R&R Budget 10YR form that will allow for the collection of up to 10 budget periods of data. Going forward, this form will be included with the few, special FOAs that allow more than 5 budget periods. The bulk of NIH FOAs will continue to use the standard R&R Budget form.

**Transition to FORMS-C To Complete in August:** If it seems like I’ve been talking about transitioning to FORMS-C for a year – I have. On May 30, 2013, we announced our first transition to updated application forms (FORMS-C) for application due dates on/after September 25, 2013 (NOT-OD-13-074). The Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs are our last remaining programs to use the older forms. These programs are scheduled to transition to FORMS-C for due dates on/after August 5, 2014 (NOT-OD-14-089) marking the end of a rather lengthy transition. Believe it or not, this summer my friends in policy will start pulling together requirements for the next OMB clearance of the PHS (agency-specific) forms used in our applications (they expire in August 2015). Before you know it we’ll be talking about ‘FORMS-D’ forms. For now, let’s celebrate getting through this one. Woohoo!

**CYA: Cover Your Application** - that’s what you thought I was talking about – right? NIH form packages no longer use a separate, agency-specific PHS Cover Letter form. The version of the SF424 (R&R) cover form included in FORMS-C packages has a new Cover Letter Attachment (item #21 at the very bottom of the form). If you plan to include a cover letter with your application – use this Cover Letter Attachment only! The eRA systems know to keep this attachment separate from your assembled application image and to limit access to it. If you attach it someplace else (e.g., Pre-application attachment on the SF424 (R&R) cover form, Other Attachments on the R&R Other Project Information form) it will become part of your assembled application image and will be visible to everyone with access to your application including reviewers.
[NIH-Investigators] Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs

This is a reminder that beginning October 2014, Research Performance Progress Reports (RPPRs) lacking an eRA Commons ID for graduate and undergraduate students will receive an error and the RPPR will not be accepted by the NIH without this information. RPPRs that are not accepted could delay issuance of Notice of Grant Awards. See full NIH notice at NOT-OD-13-097.

Currently, warnings appear in the eRA Commons screens to alert individuals identified as undergraduate students, graduate students, and postdoctoral researchers that the following fields should be completed in their eRA Commons profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Beginning on October 1, 2014, those fields in the eRA Commons screens will be required for individuals identified in any of those three roles.

If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. In addition, graduate and undergraduate students, and postdoctoral researchers should complete their Personal Profiles in the eRA Commons, ensuring all fields listed above are complete. Tutorials on the Personal Profile can be found at eRA Commons Manage Personal Profile.

RPPRs will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPPR format, resources are available at http://grants.nih.gov/grants/rppr/. Therefore, if you have students supported on non-SNAP awards, now is the time to ensure they have eRA Commons profiles completed.

Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.

Thank you, Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Update from the NIH Office of Extramural Research to the external biomedical on behalf of NIH Extramural Nexus (NIH/OD)

Read the full issue online.

Mentorship Matters for the Biomedical Workforce
Nature Medicine asked me to share my thoughts on the role of mentorship in the biomedical workforce, and I want to share this article with Rock Talk readers, as well. … Mentorship Matters for the Biomedical Workforce: The mentorship of early-career scientists is necessary to their individual career success and the future of the biomedical research enterprise as a whole. Recently launched NIH programs and tools aim to facilitate this important type of training. … Continue reading ➔

RPPR Required for Non-SNAP Progress Reports Beginning October 17, 2014

NIH currently requires use of the fed-wide progress reporting format — known as the RPPR (Research Performance Progress Report) — to submit progress reports for Streamlined Non-competing Award Process (SNAP), fellowship, and multi-year funded awards. In April we opened the RPPR for use for all Type 5 Non-SNAP progress reports in anticipation of an October 2014 requirement for RPPR use. Now, it’s official — all type 5 non-SNAP progress reports submitted on or after October 17, 2014 need to be submitted through the RPPR module of eRA Commons. … Continue reading ➔

Keep Up With Grants Administration Changes With Our New Timeline

Want to look into the future? We sure would. But in lieu of clairvoyant powers we’re trying the next best thing: a map to help navigate upcoming changes in grants administration. The grants policy page on grants.nih.gov is now home to an interactive timeline of upcoming changes in grants administration. … Continue reading ➔

Promoting Research Integrity: Building the Foundation of Trust

Exemplifying and promoting the highest level of scientific integrity, public accountability, and social responsibility in the conduct of science are among NIH’s main goals as an agency. Research integrity is not about being flawless. It is about conducting science using honest and verifiable methods, complying with rules and regulations and adhering to professional standards. Ultimately, it is also about trust, the foundation upon which the scientific research enterprise is built. We’ve recently updated our website on research integrity, … Continue reading ➔

New Website for iEdison Invention Reporting Information:

True or false: iEdison is the newest Apple™ light bulb. Well, for now at least, false. iEdison – which stands for “interagency Edison” – is a system for reporting inventions resulting from federal funding. iEdison is now part of NIH’s electronic Research Administration (eRA) suite of services, and our new website helps iEdison users access information and resources related to invention reporting. … Continue reading ➔

You Ask, We Answer:

- Can I Resubmit My Grant Application While It Is Under Appeal of the Initial Peer Review Results?
- What is the Deadline for Resubmitting my Unfunded Application?
NIH REVISED SUBMISSION RULES

NIH & AHRQ just released more clarifications on the new resubmission policy. In this announcement are clarifications on due dates, applicability, time limits, and the various options PIs have. See NOT-OD-14-082: [http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-082.html](http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-082.html); I know this revised policy is important to you and has many implications. Please feel free to me or your assigned Project Officer questions. I am following up with additional information on the important announcement I sent last week regarding NIH and AHRQ’s new resubmission policy (see below). NIH just posted extensive FAQs describing various scenarios when you may submit applications as ‘new’ that were previously submitted, resubmitted and not funded (including competing renewal applications that were not funded). Refer to the following resources and articles: FAQs: [http://grants.nih.gov/grants/policy/resubmission_q&a.htm](http://grants.nih.gov/grants/policy/resubmission_q&a.htm); The policy announcement: NOT-OD-14-074; [A Change in Our Resubmission Policy](http://grants.nih.gov/grants/policy/resubmission_q&a.htm); Rock Talk article explaining the reasons for the change; [NIH Policy on Resubmission Applications](http://grants.nih.gov/grants/policy/resubmission_q&a.htm); Science Magazine article: [NIH to Relax ‘Two Strikes’ Grant Submission Policy](http://grants.nih.gov/grants/policy/resubmission_q&a.htm); Deciding whether to submit an application as a resubmission or as a new submission can sometimes be complex. You may need to speak with an NIH Program Official or Program Director regarding your specific situation. Please feel free to ask me, or your SPA Project Officer, questions as they arise. Please read full announcement, NOT-OD-14-074 at [http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-074.html](http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-074.html) Effective immediately, for NIH and AHRQ applications due after April 16, 2014, following an unsuccessful resubmission (A1) application, applicants may submit the same idea as a new (A0) application for the next appropriate due date. The NIH and AHRQ will not assess the similarity of the science in the new (A0) application to any previously reviewed submission when accepting an application for review. Although a new (A0) application does not allow an introduction or responses to the previous reviews, the NIH and AHRQ encourage applicants to refine and strengthen all application submissions. Please read the full announcement for more details on the background of this policy change and the policy details. The NIH time limit for accepting resubmission (A1) applications remains in effect, as does the policy for New Investigator R01 resubmission deadlines. *Stephanie F. Scott, M.S., CRA*

Additional Information for the two above mentioned announcements: This Notice alerts grantees to a change in the implementation timeline, previously announced in NOT-OD-13-120 and NOT-OD-14-093, for the NIH transition to new U.S. Department of Health and Human Services (HHS) payment policies for domestic, non-competing continuation awards and use of Payment Management System (PMS) subaccounts. It also announces a change in how competitive revisions/administrative supplements (Type-3s) awards will be processed. This Notice only applies to domestic non-competing continuation awards that have not yet transitioned to PMS subaccounts. In response to critical feedback from the grantee community, NIH requested an amendment to its subaccount implementation plan to delay the transition of domestic, non-competing continuation awards to PMS subaccounts for an additional year; e.g., now beginning October 1, 2015. HHS’s Office of the Assistant Secretary for Financial Resources recently approved the request. This additional time is provided to allow grantees to prepare their systems to accommodate the changes. Grantee with inadequate systems in place to appropriately manage this transition by October 1, 2015, may be unable to appropriately access PMS accounts and risk losing their ability to draw down funding. Grantees are advised that there will be no additional implementation delays considered and no exceptions granted to the deadline. As of October 1, 2015, NIH will utilize only subaccounts for awarding grant funds. Every grant that is awarded funding in FY 2016 (whether it be in the first, second, third or fourth quarter of FY 2016) will be in a subaccount. NIH will continue transitioning payment of grant awards with new document numbers to domestic institutions to PMS subaccounts in FY 2015 as announced in Notice NOT-OD-13-120. The administrative changes announced in NOT-OD-14-093 will now apply to the transition that will occur between October 1, 2015 and September 30, 2016. This Notice reiterates those administrative changes for non-competing, continuation awards and highlights the revised implementation timelines and T-3 award process for all domestic awards. - See more at: http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-103.html#sthash.0l3doSVZ.dpuf; http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-103.html#sthash.q3dTkMY2.dpuf;
FEDERAL FUNDING TRAVEL POLICY

[NIH-Investigators] New Policy on Fly America Act:
Sponsored Projects Administration (SPA) and the Accounts Payable (AP) department is happy to announce the release of an updated version of the Fly America Act policy, effective immediately. SPA and AP have partnered together on this effort, resulting in a clearer, more comprehensive policy to ensure compliance with the Fly America Act. You can find the full policy in the Administrative Policy Library at: http://policylibrary.columbia.edu/fly-america-act. This link contains: * Full policy text, including links to resources; * FAQs; * A Decision Tree Diagram; * A new form, the Fly America Exception Checklist.; These resources can also be found on the SPA website at: http://spa.columbia.edu/policies/us-flag-carrier-policy.

The Fly America Act is a Federal regulation that states that any foreign air travel that is financed by Federal funds must be booked on U.S. Flag Air Carriers, regardless of cost or convenience. Only Federally funded sponsored projects are subject to this policy. The Fly America Act is not a new policy. Rather, our offices updated our existing policies, which now live in a central location in the Policy Library.

There are specific exceptions to the Fly America Act that allow travelers to use Federal funds on foreign carriers, but only under certain circumstances. These exceptions can be quite complex to interpret. Therefore, our offices created a Fly America Exception Checklist and Decision Tree Diagram to assist travelers when booking flights internationally as part of the work to be done on a Federal sponsored project. In cases of exceptions, the Fly America Exception Checklist Form will need to accompany the Columbia Travel & Business Expense Report (TBER) to be submitted to AP. Appropriate back-up documentation should accompany the Checklist. The full policy and FAQs outline this process.

Anyone planning to travel internationally as part of work to be done on a Federally sponsored project is responsible for knowing and adhering to this policy. Please share this information with all faculty, administrators, postdocs and students who may be traveling internationally.

When questions arise that are related to the Fly America Act (for example, what is allowable vs. unallowable, Open Skies Agreement exceptions, etc.) you may contact your SPA Project Officer or myself. However, if you have specific questions about reimbursement of travel expenses or regarding your supporting travel documentation, you should contact AP through the Finance Service Center or call 212-854-2122. Thank you.

Thank you, Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects; Administration (SPA); CUMC

Title: Seed Funding for cancer-focused NIH Program Grants;  
**Sponsor:** Columbia University; Herbert Irving Comprehensive Cancer Center (HICCC);  
**Deadline(s):** Application deadline: Applications may be submitted any time before or shortly after submission of the NIH Program grant (but HICCC seed funding may not begin until after NIH submission.  
**Contact:** Applications should be submitted as a single pdf file to: Richard Arjune ([dra2112@columbia.edu](mailto:dra2112@columbia.edu)) and Sadie Maloof ([maloof@icg.cpmc.columbia.edu](mailto:maloof@icg.cpmc.columbia.edu));  
**Link(s):** [http://hiccc.columbia.edu/](http://hiccc.columbia.edu/);
**Title:** Limited Submission Funding; Simons Investigators in the Mathematical Modeling of Living Systems (MMLS);

**Sponsor:** Simons Foundation;

**Deadline(s):** Internal Proposal Deadline – 9:00 a.m. on Monday, August 18, 2014; Sponsor deadline – October 28, 2014;

**Contact:** Greg Culler; Associate Director; Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

**Additional Information:**

**WHAT:** Mathematical model based approaches are making increasingly important contributions to the life sciences. The Mathematical Modeling of Living Systems (MMLS) program aims to support such approaches and to foster a scientific culture of theory-experiment collaboration similar to that prevailing in the physical sciences. To encourage young researchers to pursue this endeavor, MMLS will provide a long-term stable base of support, enabling a focus on model-based approaches to important issues in the life sciences. Appointments will begin August 1, 2015. An Investigator will receive research support in an amount initially set at $100,000 per year. An additional $10,000 per year will be provided to the Investigator’s department. The award is administered through the institution at which the Investigator is appointed, and this institution will receive 20 percent in indirect costs.

**PROGRAM EMPHASIS:** A broad spectrum of research areas within the life sciences will be considered, ranging from cellular-level issues of organization, regulation, signaling and dynamics through morphogenesis to the properties of large organisms, as well as neuroscience and evolution. Preference will be given to areas in which modeling approaches are less well established, and for that reason bioinformatics and genomics will fall outside the scope of the program.

**WHO:** The following eligibility terms apply: (*) Candidates must be a scientist engaged in MMLS related research.; (*) Candidates must be in the early stages of their academic career (within 5 years of the start of the first assistant professor position).; (*) Former Simons Investigators are not eligible.;

**WHEN:** Internal deadline – 9:00 a.m. on Monday, August 18, 2014; Sponsor deadline – October 28, 2014.

**HOW:** The internal proposal must be completed by the nominator with the following five parts. All documents should be single-spaced, no smaller than 10-point font, with minimum ½ inch margins.; (1) Cover page with the following: (a) Nominee’s name, title and department; (b) Start date for nominee’s first assistant professor position (mm/yyyy); (c) Nominator’s name, department and contact information; (2) Nomination letter: up to two pages in length, explaining the distinctive scientific contributions of the nominee, focusing on scientific accomplishments of the past five years and including discussion of a few important papers.; (3) The nominee’s curriculum vitae, including Ph.D. year, institution, advisor, postdoctoral institutions and advisors, and positions held subsequent to award of doctorate.; (4) The nominee’s up-to-date publication list.; (5) A research statement, of less than two pages in length, prepared by the nominee and outlining the nominee’s research vision and plans.;

Please combine all five parts of the internal nomination in a single PDF file and email to gcc19@columbia.edu and mb3952@columbia.edu by 9:00 a.m. on Monday, August 18, 2014. The subject heading of the email should be "Simons MMLS".; For additional information, please contact: Greg Culler at gcc19@columbia.edu or 212-854-6285.;
Title: Department of Homeland Security Science and Technology Critical Infrastructure Resilience Center of Excellence – Center Lead; 
Sponsor: DHS, Department of Homeland Security 
Deadline(s): Anyone planning to participate in a proposal for this program, in a lead or non-lead capacity, must send an email with the information listed below to gcc19@columbia.edu and mb3952@columbia.edu by 9:00 a.m. on Friday, July 25, 2014. No internal proposal is required at this time.; Final Proposal Deadline: September 26, 2014; 
Contact: Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu and mb3952@columbia.edu; 

Title: NIH Science Education Partnership Award (SEPA) (R25); Limited Submission Funding; 
Sponsor: NIH 
Deadline(s): Anyone planning to submit a proposal in response to this program must send an email with the information described in the HOW section below to gcc19@columbia.edu by no later than 9:00 a.m. on Wednesday, June 25, 2014; Subsequently to NIH: July 30, 2014, June 22, 2015, June 22, 2016, by 5:00 PM local time of applicant organization. - See more at: http://grants.nih.gov/grants/guide/pa-files/PAR-14-228.html#sthash.YNvTcyJJ.dpuf;

Project Questionnaire (required in the internal application): http://www.mailman.columbia.edu/sites/default/files/2014_Kec k_Questionnaire_2.pdf;
[please note that as the above link may not open properly (possibly due to an Adobe Reader iteration issue), the content (9 questions) of the Project Questionnaire is (are) listed at the bottom of the Additional Information section;
Please find linked above the Project Questionnaire form required in the internal application; Its [the Project Questionnaire’s] Content is: W. M. Keck Foundation Research Programs – Questionnaire; Please provide answers to the questions below in the space provided. These questions are taken from the Keck Foundation’s Phase I application; thus responses are very important in the review of internal applications.; (1) PI Name -;
Project Title; (2) Unique Aspects: Describe unique or distinctive aspects of this project. What makes this project particularly novel, creative or paradigm shifting? How is the proposed work high-risk?; (3) Key Personnel: Name the key personnel and describe their expertise, role in this project and any collaborations/partnerships.; (4) Justification for Keck support: Explain why support from the W. M. Keck Foundation is essential for this project. Has funding been requested from other sources for the proposed research project? If so please explain and include reviews as separate attachment.; (5) Overview: Provide an overview of this field and the need for this project.; (6) Relevant Efforts: Describe past and current efforts at your institution that are relevant to this project, including institutional resources that will support the work.; (7) Peer Groups: Name at least two other groups that are pursuing comparable or related work and explain how this project differs from their work. If none, please explain.; (8) Goals and Methodology: State the major goals of this project and summarize the methodologies and time frame to be used in achieving them.; (9) Impact: Describe the potential impacts of achieving these goals. Does the proposed work have the potential for transformative impact such as opening a new avenue of scientific exploration, the enabling of observations not previously possible, or an altered perception of a previously intractable problem? How? Describe breakthrough technologies, instrumentation or methodologies that are likely to be developed.;

DOD FUNDING OPPORTUNITIES

Title: DoD Gulf War Illness Research Preannouncement; Funding Opportunities for Fiscal Year 2014 (FY14);
Sponsor: Defense Health Program; Department of Defense Gulf War Illness Research Program
Deadline(s): Applications to be posted ~ early September 2014;
Contact: help@eBRAP.org; usarmy.detrick.medcom-cdmrp.mbx.cdmrp-public-affairs@mail.mil;
Link(s): Grants.gov; http://cdmrp.army.mil; https://twitter.com/CDMRP; http://www.youtube.com/user/CDMRP;

Additional Information: The Fiscal Year 2014 (FY14) Defense Appropriations Act provides $20 million (M) to the Department of Defense Gulf War Illness Research Program (GWIRP) to support innovative, high-impact research to improve the health and lives of veterans who have Gulf War Illness (GWI). The GWIRP is administered by the US Army Medical Research and Materiel Command (USAMRMC) through the Office of Congressionally Directed Medical Research Programs (CDMRP). The GWIRP is providing the information in this pre-announcement to allow investigators time to plan and develop applications. FY14 GWIRP Program Announcement and General Application Instructions for the following award mechanism are anticipated to be posted on Grants.gov in early September 2014. Pre-application and application deadlines will be available when the Program Announcements are released. This pre-announcement should not be construed as an obligation by the government.; (*) Independent investigators at all academic levels (or equivalent).; (*) Supports small-scale, early clinical trial evaluations of innovative treatments not previously studied in GWI.; (*) Pilot Phase II or Phase II/II clinical trial combinations are allowed. (*) Provides opportunity to obtain proof of principle data to support future clinical trials.; (*) Preliminary data are not required, and if provided, do not necessarily have to come from the GWI research field. (*) Studies with clear potential to move forward to Phase II/III clinical trials are encouraged.; (*) Maximum funding of $450,000 for direct costs.; (*) Period of performance not to exceed 3 years.; (*) Indirect costs may be proposed in accordance with the institution's rate agreement.; (*) All applications must conform to the final Program Announcements and General Application Instructions that will be available for electronic downloading from the Grants.gov website. The application package containing the required forms for each award mechanism will also be found on Grants.gov. A listing of all USAMRMC funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420. Applications must be submitted through the federal government's single-entry portal, Grants.gov. Submission deadlines are not available until the Program Announcements are released. Requests for email notification of the Program Announcements release may be sent to help@eBRAP.org. For more information about the GWIRP or other CDMRP-administered programs, please visit the CDMRP website (http://cdmrp.army.mil); Point of Contact: CDMRP Public Affairs; 301-619-9783; usarmy.detrick.medcom-cdmrp.mbx.cdmrp-public-affairs@mail.mil; Book mark the Congressionally Directed Medical Research Program (CDMRP) website: http://www.youtube.com/user/CDMRP; Follow CDMRP on Twitter at: https://twitter.com/CDMRP; View CDMRP research results on YouTube: http://www.youtube.com/user/CDMRP.
**Title:** FY13 - FY14 Department of Defense HIV/AIDS Prevention Program: Military Specific HIV/AIDS Prevention, Care, and Treatment Program for non-PEPFAR (President's Emergency Plan for AIDS Relief) Funded Countries; Modification 8;  
**Sponsor:** DOD; Department of Defense; Office of Naval Research; Naval Supply Systems Command  
**Deadline(s):** October 31, 2014;

There are two new areas of interest in the DoD CDMRP Cancer Research Program: cancers related to radiation exposure and myeloproliferative disorders. See details below. Note the pre-application due date is June 10th, 2014. As a reminder, all FY14 CDMRP funding opportunities can be found at: http://cdmrp.army.mil/funding/prgdefault.shtml. Current opportunities include: Autism Research; Breast Cancer Research; Gulf War Illness; Lung Cancer Research; Multiple Sclerosis Research; Ovarian Cancer Research; Peer Reviewed Cancer Research Program (PRCRP); Peer Reviewed Medical Research Program; Peer Reviewed Orthopaedic Research Program (PRORP); Prostate Cancer Research Program (PCRP); Prostate Cancer Research Program (PCRP). Please share this notice with others who may be interested; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

Subject: Peer Reviewed Cancer Research Program Funds New Topic Areas Good morning, New areas of interest for the Congressionally Directed Medical Research Programs Peer Reviewed Cancer Research Program: 1. Cancers related to radiation exposure: Investigations into cancers related to radiation exposure should include research directed to improve the understanding of elevated cancer risk among military service members exposed to increased levels of ionizing radiation including: * Modulation by host factors; * Occupational and environmental exposure; * Assessment of risk among active duty and Veterans; * Routes of exposure; * Dose and risk estimates; 2. Myeloproliferative disorders: Studies within the scope of myeloproliferative disorders as defined by the National Cancer Institute (http://www.cancer.gov/cancertopics/types/myeloproliferative) will be accepted. CDMRP has allocated $25M in funds to this program. Information on the submission process and details on the applications can be found at: http://cdmrp.army.mil/funding/prcrp.shtml; Preapplications are due by June 10, 2014. Be sure to submit on time. Feel free to share this information with those in your organization that might be interested. Thanks, Jennie Mettert-Young; Public Affairs; for the USAAMRMC, CDMRP; Azimuth, Inc.; Fort Detrick, MD 21702-5024; usarmy.detrick.medcom-cdmrp.mbx.cdmrp.public-affairs@mail.mil; Book mark the Congressionally Directed Medical Research Program (CDMRP) website: http://cdmrp.army.mil; Follow CDMRP on Twitter at: https://twitter.com/CDMRP; View CDMRP research results on YouTube: http://www.youtube.com/user/CDMRP

From our 5/9/14 Newsletter: DOD just sent a summary of the funding announcements currently available. Includes the research areas of Autism, Gulf War Illness, the Peer Reviewed Cancer Research Program, the Peer Reviewed Medical Research Program, the Peer Reviewed Orthopedic Research Program (PRORP), and Prostate Cancer. See below for details. Stephanie F. Scott, M.S., CRA, Communications and Outreach Director, Sponsored Projects, Administration (SPA), Columbia University, Morningside Ph: 212-854-0606, CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu, Website: http://spa.columbia.edu/

JUST RELEASED! FY14 DOD CDMRP Program Announcements: The Fiscal Year 2014 (FY14) Defense Appropriations Act provides research funding for the peer reviewed programs managed by the Department of Defense (DOD) office of Congressionally Directed Medical Research Programs (CDMRP). This e-mail is to notify the research community of the recently released funding opportunities from the following programs: Autism Research Program (ARP), Gulf War Illness Research Program (GWIRP), Peer Reviewed Cancer Research Program (PRCRP), Peer Reviewed Medical Research Program (PRMRP), Peer Reviewed Orthopaedic Research Program (PRORP), and Prostate Cancer Research Program (PCRP). Detailed descriptions of each of the funding opportunities, evaluation criteria, and submission requirements can be found in the respective Program Announcements. Each Program Announcement is available electronically for downloading from the Grants.gov website (http://www.grants.gov), the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org).
Autism Research Program (ARP); Clinical Trial Award; Idea Development Award; Gulf War Illness Research Program (GWIRP); Clinical Trial Award; Innovative Treatment Evaluation Award; Investigator-Initiated Research Award; New Investigator Award; Peer Reviewed Cancer Research Program (PRCRP); Career Development Award; Idea Award with Special Focus; Peer Reviewed Medical Research Program (PRMRP); Clinical Trial Award; Discovery Award; Focused Program Award; Investigator-Initiated Research Award; Technology/Therapeutic Development Award; Peer Reviewed Orthopaedic Research Program (PRORP); Clinical Trial Award; Clinical Trial Development Award; Idea Development Award; Outcomes Research Award; Translational Research Award; Prostate Cancer Research Program (PCRP); Biomarker Development Award; Idea Development Award; Synergistic Idea Development Award

*Note: The PCRP Clinical Exploration, Health Disparity Research, Laboratory-Clinical Transition, Population Science Impact, and Prostate Cancer Pathology Biospecimen Resource Site Award funding opportunities will be released in late May 2014. The PCRP Collaborative Undergraduate HBCU Student Summer Training Program, Exploration Hypothesis Development, Physician Research Training, and Postdoctoral Training Award funding opportunities will be released in early June 2014.

All funding opportunities, both recently and previously released, are available on the CDMRP website (http://cdmrp.army.mil). Subsequent notifications will be sent when additional funding opportunities are released. A listing of all CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420. New for 2014 - CDMRP’s New Application Receipt System (eBRAP). For FY14, CDMRP has replaced eReceipt with the electronic Biomedical Research Application Portal (eBRAP). As in the past, application submission is a two-step process requiring both (1) pre-application submission through the eBRAP (https://eBRAP.org/) and (2) application submission through Grants.gov (http://www.grants.gov/), with application status available on eBRAP. A key feature of eBRAP is that organizational representatives and Principal Investigators (PIs) will be able to view and modify their Grants.gov application submissions. Submission of either the pre-application to eBRAP or the application to Grants.gov does not require registering an organization and affiliating its Business Officials and PIs in eBRAP. However, you will only be able to view and modify your full application submission in the eBRAP system if you are accepted in eBRAP by the organization that is listed in blocks 5 & 19 of the S424 form in the Grants.gov application package. You will receive an email from the eBRAP system once this organization has accepted you. Please do not respond directly to this message. To be added or removed from this email list please use the “Subscribe/Unsubscribe” to program specific news and updates at https://ebrap.org; CDMRP also provides news and updates through Twitter and YouTube; Follow CDMRP on Twitter: https://twitter.com/CDMRP; Subscribe to CDMRP on YouTube: http://www.youtube.com/CDMRP.

Research Resources:
http://www.mailman.columbia.edu/faculty-staff/research-resources-r2-office
### Clinical Trial Award – Preproposal due June 25, 2014
Assistant Professor level or above (or equivalent); Supports the rapid implementation of clinical trials of novel interventions with the potential to have a significant impact on patient care in the topic area of interest; Investigational New Drug or Investigational Device Exemption applications, if needed, should be submitted to the Food and Drug Administration before the PRMRP Grants.gov application submission deadline; A clinical trial is expected to be initiated within 12 months of the award date

*Preproposal submission is required; application submission is by invitation only; Funding limit not defined; requested funding must be appropriate for the scope of work proposed Maximum period of performance is 5 years*

### Discovery Award – Letter of Intent due July 16, 2014
All Investigators; Supports the exploration of a highly innovative new concept or untested theory; Not intended to support the logical progression of an already established line of questioning; Clinical trials will not be funded; Maximum of $200,000 for direct costs (plus indirect costs); Maximum period of performance is 18 months

### Focused Program Award - Preproposal due June 25, 2014
Full Professor level or above (or equivalent)

*New mechanism for FY14!*
Restricted to the topic areas of Acupuncture, Congenital Heart Disease, Illnesses Related to Radiation Exposure, Metabolic Disease, Neuroprosthetics, Psychotropic Medications, Respiratory Health, and Segmental Bone Defects; Supports a synergistic, multidisciplinary research program of multiple distinct but complementary projects addressing an overarching goal in one of the topic areas listed directly above; Projects should work together to answer critical questions, resolve differing hypotheses, and translate laboratory findings to clinical applications Projects may range from exploratory/hypothesis-developing through small-scale clinical trials that together will address the overarching goal/question; Research team of highly qualified, multidisciplinary project leaders should be led by a Principal Investigator with demonstrated success in directing large, focused projects; individual projects submitted as part of a Focused Program Award application may be submitted to one other FY14 PRMRP Program Announcement/Funding Opportunity to increase chances of funding; however, accepting multiple grants to support the same project will not be allowed

*Preproposal submission is required; application submission is by invitation only; Maximum of $10 million for total costs (includes direct and indirect costs); Maximum period of performance is 5 years*
Investigator-Initiated Research Award - Preproposal due June 20, 2014: Assistant Professor level or above (or equivalent); Supports research that will make an original and important contribution to the field of research or patient care in the topic area of interest; Partnering Principal Investigator (PI) Option available; Clinical trials will not be funded

Preproposal submission is required; application submission is by invitation only: Maximum of $1.2 million for direct costs (plus indirect costs); Maximum of $1.5 million for direct costs (plus indirect costs) for applications including a Partnering PI Option; Maximum period of performance is 3 years

Technology/ Therapeutic Development Award - Preproposal due June 25, 2014: Assistant Professor level or above (or equivalent); Supports the development of diagnostics or therapies that have the potential to make a strong impact on patient care in the topic area of interest; Product-oriented: device, drug, clinical guidelines; Clinical trials will not be funded

Preproposal submission is required; application submission is by invitation only: Maximum of $1.5 million for direct costs (plus indirect costs); Maximum period of performance is 3 years

All applications must conform to the final Program Announcement and General Application Instructions that are available for electronic downloading from the Grants.gov website. The application package containing the required forms for the award mechanisms are also found on Grants.gov. A listing of all USAMRMC funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420. A pre-application is required and must be submitted through the CDMRP electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org) prior to the pre-application deadline. Applications must be submitted through the federal government's single-entry portal, Grants.gov. Requests for email notification of the Program Announcement release may be sent to help@eBRAP.org. Email notifications of funding opportunities are sent as a courtesy and should not be used as a sole source of notification; applicants should monitor Grants.gov for official postings of funding opportunities.

For more information about the PRMRP or other CDMRP-administered programs, please visit the CDMRP website (http://cdmrp.army.mil).

Department of Defense Ovarian Cancer Research Program; Funding Opportunities for Fiscal Year 2014 (FY14)

The FY14 Defense Appropriations Act provides $20 million (M) to the Department of Defense Ovarian Cancer Research Program (OCRP) to support innovative, high-impact ovarian cancer research. This program is administered by the US Army Medical Research and Materiel Command (USAMRMC) through the Office of Congressionally Directed Medical Research Programs (CDMRP). FY14 OCRP Program Announcements and General Application Instructions for the following award mechanisms are available on the Grants.gov website.

Clinical Translational Leverage Award – Pre-announcement is due June 3, 2014, full application (if invited) is due August 27, 2014

Must be an independent investigator at or above the level of Assistant Professor (or equivalent)
Department of Defense Ovarian Cancer Research Program; Funding Opportunities for Fiscal Year 2014 (FY14)

The FY14 Defense Appropriations Act provides $20 million (M) to the Department of Defense Ovarian Cancer Research Program (OCRP) to support innovative, high-impact ovarian cancer research. This program is administered by the US Army Medical Research and Materiel Command (USAMRMC) through the Office of Congressionally Directed Medical Research Programs (CDMRP).

FY14 OCRP Program Announcements and General Application Instructions for the following award mechanisms are available on the Grants.gov website.

New for 2014 - CDMRP’s New Application Receipt System (eBRAP)

For FY14, CDMRP has replaced eReceipt with the electronic Biomedical Research Application Portal (eBRAP). As in the past, application submission is a two-step process requiring both (1) pre-application submission through the eBRAP (https://eBRAP.org/) and (2) application submission through Grants.gov (http://www.grants.gov/), with application status available on eBRAP. A key feature of eBRAP is that organizational representatives and Principal Investigators (PIs) will be able to view and modify their Grants.gov application submissions, but only if their organization, Business Officials and PIs are registered and affiliated in eBRAP to the organization listed in blocks 5 & 19 of the Grants.gov SF424. Submission of either the pre-application to eBRAP or the application to Grants.gov does not require registering an organization and affiliating its Business Officials and PIs in eBRAP; however, the ability to view and modify the Grants.gov application in eBRAP is contingent upon this registration and affiliation process. Please do not respond directly to this message. To be added or removed from this email list please use the “Subscribe/unsubscribe to program specific news and updates at https://ebrap.org.

CDMRP also provides news and updates through Twitter and YouTube.

FY14 DOD CDMRP Program Announcement(s)

The Fiscal Year 2014 (FY14) Defense Appropriations Act provides research funding for the peer reviewed programs managed by the Department of Defense (DOD) office of Congressionally Directed Medical Research Programs (CDMRP).

This e-mail is to notify the research community of the recently released funding opportunities from the following programs: ALSRP, BMFRP, and BCRP. Detailed descriptions of each of the funding opportunities, evaluation criteria, and submission requirements can be found in the respective Program Announcements. Each Program Announcement is available electronically for downloading from the Grants.gov website (http://www.grants.gov), the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org).

Amyotrophic Lateral Sclerosis Research Program (ALSRP)
Therapeutic Development Award
Therapeutic Idea Award

Bone Marrow Failure Research Program (BMFRP)
Idea Development Award

Breast Cancer Research Program (BCRP)
Era of Hope Scholar Award
Innovator Award
Breakthrough Award Levels 1 and 2
Breakthrough Award Levels 3 and 4

All funding opportunities, both recently and previously released, are available on the CDMRP website (http://cdmrp.army.mil). Subsequent notifications will be sent when additional funding opportunities are released. A listing of all CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.

The Department of Defense (DoD) Peer Reviewed Medical Research Program (PRMRP) just released a pre-announcement to allow investigators time to plan and develop applications. The FY14 PRMRP will solicit research applications for 25 topic areas, listed below. The official funding announcements and application instructions will be released in April. See below for details.

Defense Health Program

Department of Defense Peer Reviewed Medical Research Program

Funding Opportunities for Fiscal Year 2014

The Fiscal Year 2014 (FY14) Defense Appropriations Act provides $200 million to the Department of Defense Peer Reviewed Medical Research Program (PRMRP).

PRMRP pre-announcement

Congressionally Directed Topic Areas. The FY14 PRMRP will solicit research applications for the following 25 topics areas: Acupuncture; Arthritis; Chronic Migraine and Post-Traumatic Headaches; Congenital Heart Disease; DNA Vaccine Technology for Postexposure Prophylaxis; Dystonia; Epilepsy; Food Allergies; Fragile X Syndrome; Hereditary Angioedema; Illnesses Related to Radiation Exposure; Inflammatory Bowel Disease; Interstitial Cystitis; Lupus; Malaria; Metabolic Disease; Neuroprosthetics; Pancreatitis; Polycystic Kidney Disease; Post-Traumatic Osteoarthritis; Psychotropic Medications; Respiratory Health; Rheumatoid Arthritis; Segmental Bone Defects; Tinnitus

Military Relevance: Relevance to the healthcare needs of the military service members, veterans, and beneficiaries is a key feature of each FY14 PRMRP award
