TABLE OF CONTENTS:

NEW THIS WEEK [NTW] FUNDING OPPORTUNITIES, ANNOUNCEMENTS, ETC.: .................................................. 4
ANNOUNCEMENTS .................................................................................................................................................. 25
NIH ANNOUNCEMENTS, INCLUDING NIH MULTI-PROJECT APPLICATIONS & NEW BUDGET SPREADSHEETS: ....... 25
RURAL HEALTH CARE FUNDING OPPORTUNITIES .......................................................................................... 26
SCHOLASTIC / SCHOLARLY FUNDING OPPORTUNITIES .................................................................................. 26
FUNDING SOURCES RELATIVE TO THE U.S. ENVIRONMENTAL PROTECTION AGENCY: .......................... 30
FUNDING OPPORTUNITIES RELATIVE TO PILOT PROJECTS ........................................................................... 30
FUNDING OPPORTUNITIES RELATIVE TO TRAINING GRANTS, T32S, ETC. ................................................... 31
ADDITIONAL INFORMATION REQUIRED FOR F GRANT APPLICATIONS ....................................................... 32
FULBRIGHT FUNDING OPPORTUNITIES: ........................................................................................................... 33
SERVICE AREA COMPETITIONS ....................................................................................................................... 33
AHRQ RESEARCH AND DISSEMINATION FUNDING ..................................................................................... 33
AMERICAN HEART ASSOCIATION FUNDING OPPORTUNITIES .................................................................... 33
FUNDING OPPORTUNITIES RELATIVE TO REHABILITATION ....................................................................... 33
NASA FUNDING OPPORTUNITIES ........................................................................................................................ 33
PRE AND POSTDOCTORAL OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): ........................................ 34
NEW ITEMS FROM THE NIH ............................................................................................................................ 35
NIH eSUBMISSION ITEMS OF INTEREST ......................................................................................................... 37
NIH REVISED SUBMISSION RULES .................................................................................................................. 41
NIH GUIDE TO GRANTS AND CONTRACTS ....................................................................................................... 41
FEDERAL FUNDING TRAVEL POLICY ................................................................................................................ 43
MAIN PAGE FUNDING LINKS FOR HUD, CDC, PCORI, DOE: ............................................................................ 43
FOAs FROM AGENCIES REQUIRING INTERNAL COLUMBIA UNIVERSITY VETTING .............................. 44
FUNDING OPPORTUNITIES RELATIVE TO MUSCULAR DYSTROPHY ............................................................ 49
ETHICS / BIOETHICS RELATED FUNDING OPPORTUNITIES ....................................................................... 49
AWARDS ............................................................................................................................................................... 50
EDUCATION AND DIVERSITY FUNDING OPPORTUNITIES: ........................................................................... 52
FUNDING OPPORTUNITIES RELATED TO TB AND ITS PREVENTION: .............................................................. 53
FUNDING OPPORTUNITIES RELATIVE TO VOICE DISORDERS ..................................................................... 53
INSTITUTIONAL DEVELOPMENT AWARD FUNDING OPPORTUNITIES: ............................................................. 53
PAY FOR SUCCESS FUNDING OPPORTUNITIES: ............................................................................................... 53
FUNDING OPPORTUNITIES RELATIVE TO FALL PREVENTION: ................................................................. 53
EARLY CAREER / NEW RESEARCHER FUNDING OPPORTUNITIES ............................................................... 53
FUNDING OPPORTUNITIES RELATIVE TO SUBSTANCE USE DISORDERS (SUDS) AND ADDICTION: ........... 56
CENTER CORE AND P GRANT FUNDING OPPORTUNITIES: ............................................................................ 58
TRANSLATIONAL RESEARCH FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): .............. 58
FUNDING OPPORTUNITIES RELATIVE TO EPIDEMIOLOGY .......................................................................... 59
FUNDING OPPORTUNITIES RELATIVE TO SKIN DISEASES / DERMATOLOGY .......................................... 59
FUNDING OPPORTUNITIES RELATIVE TO THE WORLD TRADE CENTER (WTC) .............................................. 59
FUNDING OPPORTUNITIES RELATIVE TO BLOOD PRESSURE .................................................................... 59
FUNDING OPPORTUNITIES RELATIVE TO EMERGENCY MANAGEMENT RESPONSES/PREPAREDNESS: ........ 60
FUNDING OPPORTUNITIES FOR YOUNG, FOREIGN BORN BIOMEDICAL SCIENTISTS ................................................................. 60
FUNDING OPPORTUNITIES FROM THE ROBERT WOOD JOHNSON FOUNDATION ............................................................... 61
FUNDING OPPORTUNITIES RELATED TO ENVIRONMENTAL AND OCCUPATIONAL HEALTH AND SAFETY ............. 61
FUNDING OPPORTUNITIES RELATIVE TO CARDIOVASCULAR DISEASE AND/OR STROKE: ............................................... 62
NIH RESEARCH EVALUATION AND COMMERCIALIZATION HUB (REACH) AWARDS: .................................................... 62
CANCER / ONCOLOGY RELATED FUNDING OPPORTUNITIES: .......................................................................................... 63
CANCER EPIDEMIOLOGY COHORT FUNDING OPPORTUNITIES: ....................................................................................... 63
TRANSFORMATIVE FUNDING OPPORTUNITIES .................................................................................................................. 65
NSF FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): .............................................................................. 65
TRANSDISCIPLINARY FUNDING OPPORTUNITIES: ............................................................................................................. 65
IMPORTANT EXTRAMURAL FUNDING OPPORTUNITIES ....................................................................................................... 65
FOUNDATION FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): ................................................................. 66
WALL STREET JOURNAL OP-ED ........................................................................................................................................ 72
FUNDING OPPORTUNITIES RELATIVE TO THE USDA: ........................................................................................................ 72
FUNDING OPPORTUNITIES RELATIVE TO MATERNAL AND CHILD HEALTH (MCH): ............................................................ 73
FUNDING OPPORTUNITIES RELATIVE TO HEALTHY HABITS/BEHAVIORS: ................................................................. 78
FUNDING OPPORTUNITIES RELATIVE TO SICKLE CELL ANEMIA ....... ........................................................................ 78
FUNDING SOURCES RELATIVE TO VIOLENCE AGAINST WOMEN .................................................................................. 78
FUNDING RELATIVE TO CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION .................................................. 79
BIG DATA AND GENOMICS FUNDING OPPORTUNITIES ...................................................................................................... 81
AUTISM FUNDING OPPORTUNITIES: ................................................................................................................................. 85
DOD FUNDING OPPORTUNITIES ....................................................................................................................................... 87
US DEPARTMENT OF STATE FUNDING SOURCES (NOT OTHERWISE CATEGORIZED): ....................................................... 94
USAID FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED): ................................................................. 95
RENAL/KIDNEY RESEARCH FUNDING OPPORTUNITIES: ............................................................................................. 96
FUNDING OPPORTUNITIES RELATIVE TO ALCOHOL: .................................................................................................... 98
FUNDING OPPORTUNITIES RELATIVE TO CANNABIS / CANNABINOIDS ........................................................................ 104
FUNDING SOURCES RELATIVE TO TOBACCO: ................................................................................................................... 104
FUNDING OPPORTUNITIES RELATIVE TO HEPATITIS: ...................................................................................................... 104
FUNDING OPPORTUNITIES RELATIVE TO ARTHRITIS ...................................................................................................... 104
FUNDING OPPORTUNITIES RELATIVE TO LUPUS (NOT OTHERWISE CATEGORIZED): .................................................. 105
FUNDING OPPORTUNITIES RELATIVE TO PAIN: ............................................................................................................... 105
FUNDING OPPORTUNITIES RELATIVE TO NUTRITION, WEIGHT OUTCOMES, OBESITY, OBESOGENICS: .................. 106
HTTP://GRANTS1.NIH.GOV/GRANTS/GUIDE/PA-FILES/PAR-12-228.HTML; ................................................................. 107
FOA FROM THE NEW YORK STATE DEPARTMENT OF HEALTH (NYSDOH) ................................................................. 108
FUNDING OPPORTUNITIES RELATIVE TO VACCINES/IMMUNIZATIONS: ................................................................. 109
FUNDING OPPORTUNITIES RELATIVE TO ALZHEIMER’S DISEASE/DEMENTIA: ...................................................... 110
FUNDING OPPORTUNITIES RELATIVE TO CHRONIC FATIGUE SYNDROME (CFS)/MYALGIC ENCEPHALOMYELITIS (ME) ......................................................................................................................... 110
FUNDING OPPORTUNITIES RELATIVE TO CLINICAL TRIALS: ......................................................................................... 111
FUNDING OPPORTUNITIES RELATIVE TO DIABETES (NOT OTHERWISE CATEGORIZED): .............................................. 113
COLUMBIA UNIVERSITY INTERNAL FUNDING OPPORTUNITIES ................................................................................... 115
FUNDING SOURCES RE LGBTI (NOT OTHERWISE CATEGORIZED): .................................................................................. 115
FUNDING OPPORTUNITIES RELATIVE TO STDs SEXUALLY TRANSMITTED DISEASES / HIV / AIDS / IMMUNODIFFICIENCY .......................................................... 116
FUNDING OPPORTUNITIES RELATIVE TO ENVIRONMENTAL MEDICINE: .......................................................... 130
DENTAL/ORAL/CRANIOFASCIAL FUNDING OPPORTUNITIES: .......................................................... 131
FUNDING OPPORTUNITIES RELATIVE TO RESPONSIBLE GAMING / GAMBLING .......................................................... 132
FUNDING OPPORTUNITIES RELATIVE TO NEUROLOGICAL DISORDERS .......................................................... 132
MOOD / MENTAL HEALTH / PSYCHIATRIC DISORDER FUNDING OPPORTUNITIES: .......................................................... 134
NON-COMMUNICABLE DISEASE FUNDING OPPORTUNITIES: .......................................................... 136
FUNDING OPPORTUNITIES RELATIVE TO TRANSFUSIONS: .......................................................... 136
FUNDING OPPORTUNITIES RELATIVE TO THE AFFORDABLE CARE ACT: .......................................................... 136
AGRICULTURAL RELATED FUNDING SOURCES: .......................................................... 137
FUNDING OPPORTUNITIES RELATIVE TO SUICIDE PREVENTION: .......................................................... 137
AGE / AGING RELATED FUNDING OPPORTUNITIES: .......................................................... 139
NOTICES FROM COLUMBIA UNIVERSITY .................................................................................................. 141

NEW THIS WEEK [NTW] FUNDING OPPORTUNITIES, ANNOUNCEMENTS, ETC.:

Abbreviation: [NTW] = New This Week

[NTW FOAs AND ANNOUNCEMENTS WILL BE MOVED TO THE MAIN BODY OF THE NEWSLETTER THE WEEK AFTER THEY APPEAR IN THIS “NEW THIS WEEK” SECTION]

New Funding Opportunities and/or Announcements are listed below in the NTW/New This Week Section, presented (and hyperlinked) in the following order: WEEKLY HIGHLIGHT; FOUNDATION FUNDING; ANNOUNCEMENTS; HIV/AIDS; EPA; OBESITY; GENOMICS; OCCUPATIONAL HEALTH; (PRE-/POST-DOCTORAL) FELLOWSHIPS;

[NTW] [WEEKLY HIGHLIGHT]:
[NTW] [COLUMBIA/FOUNDATION FUNDING/IRVING INSTITUTE Title: FUNDING OPPORTUNITY FROM THE IRVING INSTITUTE FOR CLINICAL AND TRANSLATIONAL RESEARCH;
Sponsor: Irving Institute; The Irving Institute for Clinical and Translational Research at Columbia University Medical Center is part of the national Clinical and Translational Science Award (CTSA) consortium, and is funded by the National Center for Advancing Translational Sciences (NCATS), National Institutes of Health, through Grant Number; UL1 TR000040;
Deadline(s): Phase I Application Due Date: October 15, 2014; Phase I Selections Announced: November 1, 2014; Phase II Application Due Date (by invitation only): December 1, 2014;
Contact: irving.institute@columbia.edu;
Link(s): To download application instructions and forms, please go to: http://irvinginstitute.columbia.edu/education/research_train.html; To learn more about CTSA TRANSFORM, please visit our web site: http://irvinginstitute.columbia.edu/education/overview.html;
Additional Information: With funding from the NCATS, NIH CTSA award, the Irving Institute for Clinical and Translational Research seeks to promote high-quality research, enhance the integration of clinical and translational science, advance the latest proven health care approaches and deliver them more quickly to the patient community. An integral part of this effort is the KL2 Mentored Career Development Program. The KL2 program serves as a "bridge" by which young junior faculty can achieve research independence in multidisciplinary research settings.; We are seeking applications from junior faculty with professorial appointments for funding to begin July 1, 2015. Please see the instructions and application forms by following the link below (note that certain qualifications apply).; Phase I Application Due Date: October 15, 2014; Phase I Selections Announced: November 1, 2014; Phase II Application Due Date (by invitation only): December 1, 2014; Award Start Date: July 1, 2015; To download application instructions and forms, please go to: http://irvinginstitute.columbia.edu/education/research_train.html; To learn more about CTSA TRANSFORM, please visit our web site: http://irvinginstitute.columbia.edu/education/overview.html;
[NTW] [COLUMBIA/FOUNDATION FUNDING/IRVING INSTITUTE] Title: 2015 Irving Institute/DBMI; Health Practice Research Pilot Awards;
Sponsor: Irving Institute; The Irving Institute for Clinical and Translational Research at Columbia University Medical Center is part of the national Clinical and Translational Science Award (CTSA) consortium, and is funded by the National Center for Advancing Translational Sciences (NCATS), National Institutes of Health, through Grant Number; UL1 TR000040;
Deadline(s): Monday, October 13;
Contact: irving.institute@columbia.edu;
Link(s): Learn more or start an application today.;
Additional Information: The Irving Institute for Clinical and Translational Research, in partnership with the Department of Biomedical Informatics (DBMI), announce an individual, one-year health practice research pilot grant opportunity of $25,000. The main goal of this program is to offer clinical researchers the opportunity to do an informatics-based project in an operational clinical setting by bringing information technology-based tools to address a practical clinical problem. Specific areas of interest are improving the process of clinical documentation and integrating genomic data to enable advanced clinical decision support. Other topic areas will also be considered.; Qualifications: Applicants must have an appointment as an Instructor, Assistant Professor (clinical or tenure track), or Associate Research Scientist at Columbia University Medical Center (CUMC). U.S. citizenship or permanent residency status is not required.; Duration: One (1) Year; Award Amount: $25,000; Quantity: Based on availability of funds;
Application Deadline: Monday, October 13, 2014 by 5:00p EST; Start Date: January 1, 2015; Learn more or start an application today.;

[NTW] [COLUMBIA/FOUNDATION FUNDING/IRVING INSTITUTE] Title: KL2 Mentored Career Development Award 2015;
Sponsor: Irving Institute; The Irving Institute for Clinical and Translational Research at Columbia University Medical Center is part of the national Clinical and Translational Science Award (CTSA) consortium, and is funded by the National Center for Advancing Translational Sciences (NCATS), National Institutes of Health, through Grant Number; UL1 TR000040;
Deadline(s): Monday, October 15; Phase I Application Deadline: October 15, 2014; Phase I Selections Announced: November 1, 2014; Phase II Application Deadline (by invitation only): December 1, 2014; Award Start Date: July 1, 2015;
Contact: irving.institute@columbia.edu;
Link(s): Learn more and download an application today;
Additional Information: The Irving Institute seeks to promote high-quality research, enhance the integration of clinical and translational science, advance the latest proven health care approaches and deliver them more quickly to the patient community. An integral part of this effort is the KL2 Mentored Career Development Program. The KL2 program serves as a "bridge" by which young junior faculty can achieve research independence in multidisciplinary research settings. ; We are seeking applications from junior faculty with professorial appointments for funding to begin July 1, 2015.; Phase I Application Deadline: October 15, 2014; Phase I Selections Announced: November 1, 2014; Phase II Application Deadline (by invitation only): December 1, 2014; Award Start Date: July 1, 2015; Learn more and download an application today.
Report
Research Resources - Friday Newsletter, 10/03/14

[NTW] [COLUMBIA/FOUNDATION FUNDING/IRVING INSTITUTE] Title: 2014-15 CaMPR Phase I Planning Grants;
Sponsor: Irving Institute; The Irving Institute for Clinical and Translational Research at Columbia University Medical Center is part of the national Clinical and Translational Science Award (CTSA) consortium, and is funded by the National Center for Advancing Translational Sciences (NCATS), National Institutes of Health, through Grant Number; UL1 TR000040;
Deadline(s): Monday, November 10;
Contact: irving.institute@columbia.edu;
Link(s): Learn more or start an application today;
Additional Information: The Irving Institute for Clinical and Translational Research is now accepting applications for the 2014-15 Collaborative and Multidisciplinary Pilot Research (CaMPR) Phase I planning grants. CaMPR is a two-phase funding process that provides planning ($15,000) and start-up funds ($75,000) to support the formation of newly-configured investigative teams with the aim of addressing a significant health problem at the cellular, individual or community level. The four teams selected for Phase I planning grants will go on to compete for two Phase II pilot awards.; Qualifications: Applicants must hold a full-time faculty appointment at the level of Assistant Professor or above. Formation and planning activities of novel, cross-disciplinary research teams involving both senior and junior faculty from at least two of the four CUMC schools. A second school selected from the Morningside campus may be an option. In addition to the collaboration between schools, proposals with faculty from more than one department within at least one of the schools will be considered more competitive. ; Duration: Four (4) months; Award Amount: $15,000; Quantity: Four (4) Phase I planning grants funded per application cycle; Application Deadline: Monday, November 10, 2014 by 5:00p EST; Start Date: February 2015; All applicants are strongly encouraged to attend the CaMPR Planning Workshop on Wednesday, October 1, 2014 from 11:30a -12:30p. Register to attend. ; Learn more or start an application today;

[NTW] [COLUMBIA/FOUNDATION FUNDING/IRVING INSTITUTE] Title: 2015 Irving Institute Imaging Pilot Awards;
Sponsor: Irving Institute; The Irving Institute for Clinical and Translational Research at Columbia University Medical Center is part of the national Clinical and Translational Science Award (CTSA) consortium, and is funded by the National Center for Advancing Translational Sciences (NCATS), National Institutes of Health, through Grant Number; UL1 TR000040;
Deadline(s): Friday, December 5, 2014;
Contact: irving.institute@columbia.edu;
Link(s): Application Deadline: Friday, December 5, 2014 by 5:00p EST;
Additional Information: The Irving Institute seeks pilot project applications from junior investigators in the following areas: (*) Magnetic Resonance Imaging (MRI); (*) Optical Imaging; (*) PET Tomography; (*) Single Photon Emission Computed Tomography/Computed Tomography (SPECT/CT); (*) Ultrasound; Structural, functional, or spectroscopic imaging studies in animals or human subjects with relevance to medical illness will be considered. ; Qualifications: At time of award, qualified applicants must have an appointment as an Instructor, Assistant Professor (clinical or tenure track) or Associate Research Scientist at CUMC.; Duration: One (1) year; Award Amount: $5,000 - 10,000; Quantity: Based on availability of funds; Application Deadline: Friday, December 5, 2014 by 5:00p EST; Start Date: April 2015; Learn more about this funding opportunity or start an application;
[NTW] [LIMITED SUBMISSION/INTERNAL VETTING/FOUNDATION FUNDING]

Title: Limited Submission; Allen Distinguished Investigators Program;

Sponsor: Paul G. Allen Family Foundation;

Deadline(s): Internal Proposal Deadline – 9:00 a.m. on Friday, October 17, 2012;

Contact: Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research
Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street
New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

Link(s): http://www.pgafamilyfoundation.org/programs/investigators-fellows;

Additional Information: WHAT: The Allen Distinguished Investigator (ADI) Program seeks to fund a select group of investigators to pursue new, pioneering research that collectively ‘moves the needle’ towards answering broad scientific questions. The most promising proposals will incorporate novel, creative, and ambitious approaches. For this reason, the program is especially interested in proposals that are unlikely to receive funding from traditional government sources. Methodological and technological advances are often necessary complements to scientific advance and yet these are often difficult to fund through traditional sources. The ADI Program encourages and supports researchers including novel methodological, theoretical and technological elements in their proposals. Supported projects are expected to have interim milestones and clearly described anticipated outcomes. Scientific goals in the topic area should be achievable within the award period. The Foundation expects to fund between 5 and 7 projects with a total funding of $1M-$1.5M, for each project, spanning a 3-year period. The Paul G. Allen Family Foundation has a 0% indirect cost policy. Funding is intended to provide a sustainable funding stream for one or more investigators allowing them sufficient time to investigate big questions in-depth using risky, novel approaches.; EMPHASIS: This 2014 request for proposals (RFP) focuses on basic insights into human neuronal maturation in vitro. While in vitro systems are instrumental in revealing processes in healthy and disease states, currently the ability to fully understand and recapitulate neuronal cell maturation is inadequate (ex. neocortical development, disease). Recent studies reveal that cells can fail to maintain age-associated markers during reprogramming and differentiation, and be arrested or delayed at an immature developmental state. A variety of approaches have been used to induce cellular maturation (ex. stress, progerin), but it is unclear how closely these models mimic the normal maturation process. WHO: Scientists at any stage of their career may apply. The Foundation has a particular interest in both supporting the careers of exceptional young scientists showing particular promise as thought leaders in their fields and supporting more established researchers with ambitious, high-risk ideas that could have a revolutionary impact in the field but remain outside the scope of traditional funding sources.; INSTITUTIONAL LIMIT – Final Sponsor Proposal: 2; WHEN: Internal deadline – 9:00 a.m. on Friday, October 17, 2014; Sponsor deadline – October 31, 2014; HOW: The Foundation requests that all submissions use Times New Roma, a font size of 12 points, single spaced, and utilize 1” margins top, bottom, left and right. Submissions will have the following proposal sections and associated length limits: (1) Cover Page – Provide name and department for the PI and all Co-PI(s).; (2) Project description – 5 page limit - References are not included in the page count of the project description. Up to 10 figures are permitted. The figures must be included in an appendix, and will not count towards the page count. (3) Biographical sketch – 3 pages (for each PI and Co-PI); Please combine all three parts of the internal proposal in a single PDF file and email to gcc19@columbia.edu and mb3952@columbia.edu. The subject heading of the email should be "Allen Distinguished Investigators". All proposals must be submitted by 9:00 a.m. on Friday, October 17, 2014. For additional information, please contact: Greg Culler at gcc19@columbia.edu or 212-854-6285.; Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research Columbia University
in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

[NTW] [NUTRITION/FOUNDATION FUNDING] Title: Grants Program;
Sponsor: Allen Foundation;
Deadline(s): 12/31/2014;
Contact: P.O. Box 1606; Midland, MI 48641-1606; Fax: 989-832-8842; U.S.A.
Link(s): Web Site: https://www.allenfoundation.org;
Program URL: https://www.allenfoundation.org/commoninfo/aboutus.asp;
Additional Information: SYNOPSIS: The sponsor provides support for projects that benefit programs for human nutrition in the areas of health, education, training, and research.; Established Date: 03/14/1997; Follow-Up Date: 10/01/2015; Review Date: 09/25/2014; Deadline Ind: Receipt; Deadline Open: No; Award Type(s): Development-Program; Information Dissemination; Publication; Public Awareness/Education; Research Grants/R & D; Training/Professional Development; Citizenship/Country of Applying Institution: Any/No Restrictions; Locations Tenable: Any/No Restrictions; Appl Type(s): Hospital; Non-Profit; Organizations--Community/Soc. Serv.; Organizations--Health/Medical; Precollegiate Institution; Private Institution/Organization; Tax-exempt; Target Group(s): NONE; Funding Limit: $0 NOT PROV; Duration: 0; Indirect Costs: Yes; Cost Sharing: No; Sponsor Type: Foundations; Geo. Restricted: NO RESTRICTIONS; CFDA#: ; OBJECTIVES: The sponsor’s policies and priorities are as follows: to make grants to fund relevant nutritional research; to support programs for the education and training of mothers during pregnancy and after the birth of their children, so that good nutritional habits can be formed at an early age; to assist in the training of persons to work as educators and demonstrators of good nutritional practices; to encourage the dissemination of information regarding healthful nutritional practices and habits; and in limited situations to make grants to help solve immediate emergency hunger and malnutrition problems. The connections between diet and health remain a basic and primary priority, and consideration has always been given to projects that benefit nutritional programs in the areas of education, training, and research. Low priority has traditionally been given to proposals that help solve immediate or emergency hunger and malnutrition problems. The foundation does not under any circumstances sponsor professional conferences, seminar tables, discussion panels, or similar events. One specific hope of the board of trustees in the future is to encourage the inclusion of mandatory courses in nutrition in medical schools. Another desire is to bring the promise of nutrigenomics or nutritional genomics to realization, thus creating the possibility for empowering individuals to make informed choices based on genetic information for their diet in order to influence the balance between health and disease. ; ELIGIBILITY: An eligible applicant must be a non-profit organization, and be able to provide the sponsor with a copy of their federal Internal Revenue Service certification of 501(c)(3) tax-exempt status. Academic research under an Allen Foundation grant must be conducted under the leadership of a principal investigator who is a full-time regular faculty member with tenure or on tenure tract. If applying from outside the United States, applicants must send their country's counterpart or equivalent of the 501(c)(3) form. In certain circumstances, the Allen Foundation will consider requests from the following: hospitals or medical clinics; social, religious, fraternal, or community organizations; private foundations; and K-12 public, parochial or private schools. ; FUNDING: All projects should have the potential for budgetary self-sufficiency (direct and indirect costs) or show evidence that special funds will not be needed to continue the program after completion of the grant period. The Allen Foundation Inc. imposes a cap of twenty percent (20%) for overhead costs collected (on top of direct costs of completing the project) by colleges and universities.; KEYWORDS: Child Psychology/Development; Nutrition Education; Parent
Dear Principal Investigators, The National Institutes of Health (NIH) recently announced a new Genomic Data Sharing (GDS) Policy (NOT-OD-14-124) that promotes sharing, for research purposes, of large-scale human and non-human genomic data generated from NIH-funded research. Included in the GDS Policy are requirements for Data Sharing Plans to be included in proposals, a listing of acceptable data repositories, and new provisions for informed consent to obtain participants’ consent for their genomic and phenotypic data to be used for future research purposes and to be shared broadly, even if cell lines and clinical specimens are de-identified. This memo will summarize the new requirements; however, you should also read the GDS Policy in its entirety, as well as NIH’s announcement, “Implementation of the NIH Genomic Data Sharing Policy for NIH Grant Applications and Awards (NOT-OD-14-111).” The GDS Policy requires that data be de-identified and deposited, if the data is non-human, in any widely-used data repository or if the data is human, in any NIH-designated data repository. The GDS Policy becomes effective with competing NIH grant applications, and proposals for contracts, submitted for the January 25, 2015 due date and thereafter. To determine applicability of the Policy, you should review Supplemental Information to the NIH GDS Policy, which provides examples of research that does and does not fall within the Policy’s scope. After determining the Policy is applicable to your proposed research, the following steps should be taken: At Proposal Preparation: (-) You should discuss data sharing expectations and timelines with a Program Official at NIH (identified in the funding announcement or IC website) prior to proposal submission.; (-) A basic Genomic Data Sharing Plan must be included in the Resource Sharing Plan section of the proposal. If your data cannot be shared, you should provide a justification and an alternative data sharing plan. (-) The budget should include enough funds to cover any preparation needed for the data to be submitted to an appropriate repository.; (-) The proposal cover letter must state that the study will generate large-scale human or non-human genomic data. Note that instructions in individual Funding Opportunity Announcements supersede the guidance provided in the GDS Policy. At Informed Consent Documentation Preparation: (-) Consent documents should reflect that future use for research and data sharing are proposed, and, when appropriate, indicate the risk of re-identification and the potential for incidental findings.; (-) Justifications based on compelling scientific reasons to use samples lacking consent for future use and data sharing must be included in the proposal.; (-) Data use restrictions based on informed consent limitations or institutional concerns should be noted in the data sharing plan as part of the funding request.; At Just in Time: (-) You must submit to NIH a more detailed genomic data
sharing plan prior to award.; (-) An Institutional Certification must be submitted, which assures that submission of data and data sharing are consistent with the informed consent of study participants, and/or notes data use limitations. This should be signed by an Authorized Institutional Official in Sponsored Projects Administration (SPA); At Notice of Award and Post-Award; (-) Special Terms and Conditions in the notice of award will reference the data sharing plan.; (-) Data sharing plans will undergo periodic compliance review through annual progress reports.; (-) If you have received NIH support for large-scale human and non-human genomic data research prior to the effective date of the Policy, you should provide an updated genomic data sharing plan to the funding IC with your Research Performance Progress Report (RPPR).; Resources to Assist You in Developing your Data Sharing Plans: (-) The NIH Genomic Data Sharing Website.; (-) Data Management Tools – developed by the Columbia University Scholarly Communication Program; (-) Monthly IRB-Investigator Meeting, October 16, 2014 at 3:30 pm – Proposal and Protocol Requirements of the NIH Genomic Data Sharing Policy (IRB and SPA); For questions concerning the administrative requirements of the Policy, please contact your SPA Project Officer.; For questions concerning informed consent requirements, please contact the Columbia Human Research Protection Office: irboffice@columbia.edu; 212.305.5883.; Sincerely, Rudina Odeh-Ramadan, Pharm.D.; Associate Vice President for Research Administration; Brenda Ruotolo; Executive Director; Columbia University Human Research Protection Office; Institutional Review Boards;

[NTW] [ANNOUNCEMENTS (NIH)] Title: New Webinars to Connect Applicants to NIH Peer Review Experts; Sponsor: NIH

Deadline(s): Webinars Will Each Focus on a Different Type of NIH Grant Application; Webinar Focus/Date: Academic Research Enhancement Awards (R15); Nov. 4, 2014; (2) Fellowship Awards; Nov. 5, 2014; (3) Small Business Grants (SBIR/STTR); Nov.7, 2014; (4) Research Project Grants (R01); Nov. 10, 2014; All of the Webinars will run from 2:00 to 4:00 p.m. EST, including a 30 minute Q&A period.; Contact: Please see link, below;

Link(s): http://public.csr.nih.gov/aboutcsr/NewsAndPublications/PeerReviewNotes/Pages/Peer-Review-Notes-Sep-2014Part1.aspx; Listserv Web site:

Additional Information: New Webinars to Connect Applicants to NIH Peer Review Experts: Pass the word to applicants and those who mentor them: the NIH Center for Scientific Review will host four Meet the Experts in NIH Peer Review Webinars in early November 2014 to give new NIH grant applicants and others useful insights into the submission and review processes. ; CSR is the portal for NIH grant applications and their review for scientific and technical merit. ; Webinars Will Each Focus on a Different Type of NIH Grant Application; Webinar Focus/Date: Academic Research Enhancement Awards (R15); Nov. 4, 2014; (2) Fellowship Awards; Nov. 5, 2014; (3) Small Business Grants (SBIR/STTR); Nov.7, 2014; (4) Research Project Grants (R01); Nov. 10, 2014; All of the Webinars will run from 2:00 to 4:00 p.m. EST, including a 30 minute Q&A period.; Viewers Will See Presentations by Five CSR/NIH Experts; (*) The Review of Your NIH Grant Application Begins Here; (*) What You Need to Know about Application Receipt and Referral; (*) How Your Application Is Reviewed; (*) Key Things to Know About Your Type of Application (See above list.); (*) Jumpstart Your Career with CSR’s Early Career Reviewer Program; (*) How to Participate in the Webinar: (*) Go to www.csr.nih.gov/webinar to register for the Webinar you wish to join before Tuesday, October 28. You will not need to download special software. You will just need a reliable Internet browser and connection.; (*) Submit questions for the Q&A session before or during the Webinar by sending them to the moderator at: AskExperts@csr.nih.gov; (*) Go to www.csr.nih.gov/webinar on the day/time your Webinar is scheduled to run and click on the link that will be provided there;
(*) View archived copies of each Webinar via the Webinar webpage. The recordings should be posted within a week after broadcast. ; (*) If you have general questions about the NIH application and review processes at other times, please visit the CSR website or the NIH Grants and Funding website. The NIH Information Service can address specific questions.; Listserv Web site; About the Peer Review Notes: The NIH Center for Scientific Review publishes Peer Review Notes to inform reviewers, NIH staff and others interested in news related to our grant application review policies, procedures and plans. Comments may be sent to Don Luckett, Communications Director, Center for Scientific Review, National Institutes of Health. E-mail: LuckettD@csr.nih.gov;

[NTW] [ANNOUNCEMENTS (NIH)] Title: [NIH-Investigators] New Information for NIH Fellowships; Sponsor: NIH; Deadline(s): Please see announcement; Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director
Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606
Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Link(s): PA-14-149; NOT-OD-14-137; NOT-OD-14-133; NOT-OD-14-135; http://spa.columbia.edu/; Additional Information: NIH just announced that it will discontinue the requirement for “Additional Educational Information” provided in Section IV.2 Content and Form of Application Submission, Other Project Information Form, Other Attachments of PA-14-149 (Program Announcement for the Individual Postdoctoral Fellowship-Parent F32). See announcement NOT-OD-14-137. However, applicants are encouraged to provide any information on resources that are available at the Office of Postdoctoral Affairs under the Other Project Information Form, Facilities & Other Resources attachment.; While this is no longer required for the postdoctoral F32s, it is still required for the following individual predoctoral fellowships: (*) F30 - Individual Predoctoral MD/PhD or Other Dual-Doctoral Degree Fellowship – NOT-OD-14-133; (*) Parent F31 – Individual Predoctoral Fellowship – NOT-OD-14-134; (*) Parent F31 – Diversity - Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research – NOT-OD-14-135; All applications lacking the “Additional Educational Information” attachment will be considered incomplete and will not proceed to review if submitted to NIH. Note that this information is typically provided by the director of the graduate program or the department chair. Please read the specific instructions for each predoctoral program announcement, in addition to the notices above.; If you have any questions, please feel free to contact me, or your assigned SPA Project Officer. Thank you!;
Thank you, Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

[NTW] [ANNOUNCEMENTS (NIH)] Title: Review of Grants Information for Fiscal Year 2014; Sponsor: Office of the Director, NIH; Deadline(s): ANNOUNCEMENT; October 3, 2014; Contact: Commons@od.nih.gov; Link(s): (NOT-OD-14-138);
[NTW] [HIV/AIDS] Title: Supporting Implementation of the National HIV and AIDS Strategic Plan (NSP) through Improving Coverage and Quality of HIV and AIDS Services and Strengthening Health Systems in Malawi under the President's Emergency Plan for AIDS Relief (PEPFAR); Grant; 
Sponsor: HHS; Department of Health and Human Services; Centers for Disease Control and Prevention; 
Deadline(s): November 24, 2014; 
Contact: CDC Procurement and Grants Office Technical Information Management Section Phone 770-488-2700; PGO TIM;

[http://www.epa.gov/ncer/rfa/2015/2015-nheerl.html](http://www.epa.gov/ncer/rfa/2015/2015-nheerl.html);  
Additional Information: Welcome to the NCER mailing list, Friday September 26, 2014 Volume 16 Number 18. The following is a broadcast announcement listing of a new funding opportunity sponsored in whole or in part by the U.S. Environmental Protection Agency’s National Center for Environmental Research (NCER). See the end of this message to obtain details on this and other NCER broadcast services as well as how to unsubscribe to this list; SYNOPSIS: The mission of the US Environmental Protection Agency (EPA) is to protect human health and the environment. The EPA’s
Office of Research and Development (ORD) conducts timely, mission-relevant, solution-oriented research based on the principles of integrity, sustainability, and responsiveness to the needs of the Nation. The research products and outputs are utilized by the EPA to better determine toxicological hazards, define dose-response relationships, estimate human exposure characteristics, and assess potential susceptible or vulnerable populations in support of the Agency’s responsibility to provide risk assessment, policy analysis, regulatory standards for environmental hazards, and contribute to sustainable solutions to the Nation’s greatest environmental concerns. EPA’s ORD seeks applications to enter into cooperative agreements from the EPA under this program. The specific Strategic Goal(s) and Objective(s) from the EPA’s Strategic Plan that relate to this solicitation are: Goal 1. Addressing Climate Change and Improving Air Quality, Objective 1.1: Address Climate Change, Objective 1.2: Improve Air Quality; Goal 2. Protecting America’s Waters, Objective 2.1: Protect Human Health, Objective 2.2: Protect and Restore Watersheds and Aquatic Ecosystems; Goal 3. Cleaning Up Communities and Advancing Sustainable Development, Objective 3.1: Promote Sustainable and Livable Communities; Goal 4. Ensuring the Safety of Chemicals and Preventing Pollution, Objective 4.1: Ensure Chemical Safety; ELIGIBILITY: This solicitation is available to each State, territory and possession, and Tribal nation of the U.S., including the District of Columbia, for public and private State universities and colleges, hospitals, laboratories, State and local government departments, other public or private nonprofit institutions, and in some cases, individuals or foreign entities. Profit-making firms are not eligible to receive assistance agreements from the EPA under this program.; FUNDING: It is anticipated that a total of up to $10 million will be awarded.
under this agreement, depending on the availability of funds, quality of applications received, and other applicable considerations. The EPA anticipates funding up to 5 awards under this RFA. Requests for amounts in excess of a total of $2,000,000, including direct and indirect costs, will not be considered. The EPA is expected to fund the cooperative agreement(s) over a period of 3 years. Cost-sharing is not required. Source: Grants.gov (09/25/14).

KEYWORDS: Biomedical Research, Multidisciplinary; Cancer/Carcinogenesis; Environmental Health; Research Resources (Health/Safety/Medical); Environmental Studies; Air Pollution; Toxicology; Environmental Conservation; Pollution Control; Environmental Restoration/Remediation; Environmental Management; Pollution Prevention; Water Quality; Grants.gov; Grants.gov/S2S; For more information see the full RFA at: http://www.epa.gov/ncer/rfa/2015/2015-nheerl.html; Applicable Category(s): Grant/Fellowship Announcements;

[NTW] [OBESITY] Title: RFA-DK-14-026--Psychosocial and Behavioral Aspects of Bariatric Surgery (R01);
Sponsor: National Institute of Diabetes and Digestive and Kidney Diseases/NIH/DHHS;
Deadline(s): 03/16/2015; 04/16/2015;
Contact: Christine Hunter, Ph.D.; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 6707 Democracy Boulevard; Bethesda, MD 20892; Tel: 301-594-4728; U.S.A.; E-mail:hunterchristine@niddk.nih.gov;
Link(s): Program URL: http://grants.nih.gov/grants/guide/rfa-files/RFA-DK-14-026.html; (RFA-DK-14-026); - See more at: http://grants.nih.gov/grants/guide/rfa-files/RFA-DK-14-026.html#sthash.29rXZq.dpuf;
Additional Information: SYNOPSIS: National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) invites applications for research to measure psychosocial and behavioral variables in individuals undergoing bariatric surgery to understand how they predict success and risk and examine mechanisms of behavior change. The goals of this funding opportunity announcement are to: 1) improve the ability to identify who is at risk for sub-optimal weight loss, weight regain, and short- or long-term adverse metabolic/physiologic or behavioral outcomes based on pre-and/or post-operative behavioral characteristics and 2) inform the development of new treatment approaches to be used pre and/or post surgery to minimize risks and improve outcomes or allow for more tailored patient and procedure selection. This FOA will use the NIH Research Project (R01) award mechanism.; Established Date: 09/29/2014; Follow-Up Date: 06/01/2015; Review Date: 09/29/2014; Deadline Ind: Receipt; Deadline Open: No; DEADLINE NOTE; Applications may be submitted to Grants.gov in response to this announcement on or after March 16, 2015. The deadline for receipt of optional letters of intent is March 16, 2015. The deadline for receipt of full applications is April 16, 2015, by 5:00 PM local time of applicant organization.; Award Type(s): Requests For Applications (NIH); Research Grants/R & D; Citizenship/Country of Applying Institution: Any/No Restrictions; Locations Tenable: U.S.A. Institution (including U.S. Territories); Appl Type(s): Colleges/Universities; Faculty Member; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Institution/Organization; Non-Profit; Organizations--Community/Soc. Serv.; Researcher/Investigator; Research Institutions / Organizations; Small Business; Tax-exempt; Target Group(s): NONE; Funding Limit: $500,000 YEAR; Duration: 5 YEAR(s); Indirect Costs: Unspecified; Cost Sharing: No; Sponsor Type: NONE; Geo. Restricted: NO RESTRICTIONS; CFDA#: 93.847; OBJECTIVES: To understand predictors of success and risk and examine mechanisms of behavior change, research is needed that allows detailed measurement of psychosocial and behavioral variables in the targeted population before and after bariatric surgery. Research responsive to this FOA can encompass one of two approaches to answer questions on the role of behavioral/psychosocial characteristics in the patient as treatment predictors and as mediators or moderators of weight loss and maintenance, behavioral or psychosocial outcomes, and metabolic/physiologic outcomes. 1) Use of data from longitudinal studies, including follow-up of existing well-characterized cohorts, or research that adds additional measurement to existing intervention studies to determine the impact

Research Resources:
http://www.mailman.columbia.edu/faculty-staff/research-resources-r2-office
of behavioral/psychosocial characteristics on bariatric surgical outcomes over time. 2) Basic behavioral research in humans to study mechanisms by which bariatric surgery procedures may lead to changes in food intake, sedentary behavior, physical activity, or other behavioral or psychosocial outcomes related to weight. Behavioral/psychosocial factors which may be predictors, mediators or moderators, and/or outcomes of interest related to bariatric surgery include but are not limited to: -Dysregulated eating such as binge eating (objective or subjective loss of control), rigid dietary restraint, or disinhibition; and --Behavioral, cognitive, or psychological aspects related to weight control such as appetite, experience of satiety and hunger, dietary adherence, sedentary behavior, or physical activity. Examples include, impulsivity, memory, executive function, reinforcement, reward pathways, self-regulation, affect/stress, or other response to internal or external stimuli. Primary outcomes must be related to the NIDDK mission such as obesity and diabetes. However, the following areas of emphasis would be acceptable for inclusion as secondary outcomes or mechanisms to explore: --Psychological conditions or states such as depression, anxiety, and suicidal ideation; --Risky behaviors such as problematic substance use (excess alcohol intake, illegal drug use or misuse of prescription medicine, tobacco); or --Other aspects of functioning or health, such as ambulatory ability or sexual functioning. Research is encouraged that explores difference by demographic characteristics including age, sex, race/ethnicity, socioeconomic status and other factors such as baseline BMI or type of surgical procedure. ; ELIGIBILITY: Eligible applicants are: for-profit or non-profit organizations; public/State-controlled institutions of higher education; private institutions of higher education; units of State and local governments; units of State and local Tribal government; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); Small Business; eligible agencies of the Federal government; domestic institutions/organizations; and faith-based or community-based organizations. More than one PD/PI, or multiple PDs/Pis, may be designated on the application for projects that require a “team science” approach that clearly does not fit the single-PD/PI model.; FUNDING: This program will use the NIH Research Project (R01) award mechanism. Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF424 (R&R) Application Guide. NIDDK intends to commit up to $2.5 million in FY 2015 to fund up to 4 awards. Application budgets may not exceed $500,000 direct costs per year, including any subcontract direct costs. The budget needs to reflect the actual needs of the proposed project. The scope of the proposed project should determine the project years. The maximum project period is 5 years. Because the nature and scope of the proposed research will vary from application to application, it is anticipated that the size and duration of each award will also vary. F&A costs requested by consortium participants are not included in the direct cost limitation. Reference: NIH Guide, Week Ending September 26, 2014.; KEYWORDS: Behavioral/Social Studies/Services/Other; Substance Abuse; Behavior Modification; Demography; Psychology; Diabetes; Obesity; Surgery; Psychosocial Therapy; Behavior and Health; Grants.gov; Grants.gov/S2S;

[NTW] [GENOMICS/DENTAL] Title: Building Genetics and Genomic Knowledge about Dental, Oral, and Craniofacial Diseases and Disorders (R01); Sponsor: National Institute of Dental and Craniofacial Research; Deadline(s): Application Receipt/Submission Date(s): Multiple dates, see announcement; First application due date for New/Renewal/Submission/Revision applications is November 28, 2014, by 5:00 PM local time of applicant organization. For subsequent application due dates, Standard dates apply, by 5:00 PM local time of applicant organization. All types of non-AIDS applications allowed for this funding opportunity announcement are due on these dates. Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found
in the application during the submission process by the due date. AIDS Application Due Date(s) Standard AIDS dates apply, by 5:00 PM local time of applicant organization. All types of AIDS and AIDS-related applications allowed for this funding opportunity announcement are due on these dates. Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date. - See more at: http://grants.nih.gov/grants/guide/pa-files/PA-14-347.html#sthash.E1wjaBA.dpuf;

[NTW] [OCCUPATIONAL HEALTH] Title: RFA-TW-14-002--Hubs of Interdisciplinary Research and Training in Global Environmental and Occupational Health (GEOHealth) ; Research Training; (U2R);
Sponsor: Fogarty International Center/NHI/DHHS;
Deadline(s): 10/19/2014; 11/19/2014;
Contact: Christine M. Jessup, Ph.D.; 31 Center Drive, MSC 2220; Bethesda, MD 20892-2220; U.S.A.; Tel: 301-496-1653; Fax: 301-402-0779; E-mail: Christine.Jessup@nih.gov; Link(s): Program URL: http://grants.nih.gov/grants/guide/rfa-files/RFA-TW-14-002.html; SYNOPSIS: The sponsors invite applications for research training activities in linked Hubs of Interdisciplinary Research and Training in Global Environmental and Occupational Health (GEOHealth).

The overall objective of the GEOHealth program is to support the development of institutions in the Low- or Middle-Income Countries (LMICs) that will serve as regional hubs for collaborative research, data management, training, curriculum and outreach material development and policy support around high priority local, national, and regional environmental and occupational health threats. Hubs are supported by two coordinated linked awards to 1) a LMIC institution for research and 2) a U.S. institution to coordinate research training. Together all regional hubs supported will form the GEOHealth Network, a platform for coordinated environmental and occupational health research and research training activities. An application submitted in response to this FOA for research training must be harmonized with a linked application for a related research project under RFA-TW-14-001 “Hubs of Interdisciplinary Research and Training in Global Environmental and Occupational Health (GEOHealth) “Research” (SPIN Program # 42562). This FOA is intended to support research and research training that can only be conducted primarily in and/or by scientists at LMIC institutions. This program will use the NIH U2R International Research Training Cooperative Agreements award mechanism. ; Established Date: 08/11/2014; Follow-Up Date: 01/01/2015; Review Date: 09/29/2014; Deadline Ind: Receipt; Deadline Open: No; DEADLINE NOTE; Applications may be submitted to Grants.gov in response to this announcement on or after October 19, 2014 ; The deadline for receipt of optional letters of intent is October 19, 2014. The deadline for receipt of full applications is November 19, 2014, by 5:00 PM local time of applicant organization. Applicants who wish to be considered for IDRC support are invited to submit directly to the IDRC a copy of their NIH applications (both the U.S and LMIC parts) within 30 days of the NIH application deadline, and subsequently their NIH peer review results (NIH Summary Statements). Additional guidance to potential applicants and details about the IDRC-NIH partnership can be found at: http://www.idrc.ca/EN/Funding/Competitions/Pages/CompetitionDetails.aspx?CompetitionID=85; Award Type(s): Collaborative Project; Requests For Applications (NIH); Training/Professional Development; Citizenship/Country of Applying Institution: Any/No Restrictions; Locations Tenable: African/South African/Sub-Saharan African Institution; Any/No Restrictions; Asian Institution; Caribbean; European Institution; Indian Institution; Mexican Institution; Middle/Near Eastern Institution; South/Central American Institution; U.S.A. Institution (including U.S. Territories); Appl; Type(s): Colleges/Universities; Faculty Member; HBCU; Hospital; Laboratory; Minority Institution/Organization; Non-
The purpose of this FOA, as one of two linked FOAs comprising the GEOHealth Hub program, is to support research training programs that address priority LMIC environmental and occupational health issues that are integrated with associated LMIC research activities. Therefore, applications in response to this FOA must be developed in close coordination with linked applications under RFA-TW-14-001 “Hubs of Interdisciplinary Research and Training in Global Environmental and Occupational Health (GEOHealth) “Research”. Training programs may include a mix of short- (three months or less), medium- (over three months and up to six months), and long- (six months and longer, including degree) term training as appropriate to strengthen the capacity of the LMIC institution to conduct environmental and occupational health research. The goals of the GEOHealth program are to strengthen environmental and occupational health-related research collaborations, accelerate scientific infrastructure development, enhance research training, create relevant advanced educational curricula and outreach material, and support research needed to identify and design mitigation strategies for the adverse consequences of environmental and occupational exposures and to inform nationally-relevant policy development in LMICs. FIC envisions that GEOHealth Hubs will become internationally recognized centers for the collection, management, synthesis and interpretation of data on environmental and occupational health, ideally serving the multi-national regions in which they reside. Each Hub will provide training and curricular resources to academic institutions in the region. Hubs will also be expected to have collaborative relationships with ministries of health and other key planning and operating agencies that oversee health-affecting activities, such as agriculture, labor and public works, to serve as a source of scientific evidence for policy formulation related to environmental and occupational health. Together these regional hubs will form the GEOHealth Network which will serve as a platform for coordinated environmental and occupational health research and research training activities. It is anticipated that the GEOHealth Hubs will not only leverage the current investments of national governments and international research agencies and donors, but also become attractive for further investments in these institutions in the future. In doing so, the Hubs can also become magnets that attract, develop and retain the best environmental and occupational health scientists in LMICs, key collaborators for scientists from the U.S. and international partners, and among the most credible sources in the world for state-of-the-art knowledge on environmental and occupational health. GEOHealth Hubs are expected to bring together multiple disciplines to advance the pace of scientific discovery initially in one focal environmental or occupational health area. The focal environmental or occupational health-related area should be selected by the applicants, based upon expertise within the proposed consortium to address a priority public health need in the country and/or region. Applicants are encouraged to develop a deliberate process that builds on demonstrated capacity and may increase in scientific scope over the life of the grant. ELIGIBILITY: Eligible applicants are: non-profit organizations; public/state-controlled institutions of higher education; private institutions of higher education; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); and domestic institutions/organizations. More than one PD/PI, or multiple PDs/PIs, may be designated on the application for projects that require a “team science” approach that clearly does not fit the single-PD/PI model. Only one application per institution is allowed. Applications may be submitted by eligible domestic (U.S.) institutions that demonstrate collaborations with Low- and Middle-Income Country (LMIC) institutions named in their application by documented joint publications, grants or previous research training activities. The sponsoring institution must assure support for the proposed program. Appropriate institutional commitment to the program includes the provision of adequate staff, facilities, and educational resources that can contribute to the planned program. The applicant institution should have a robust and high-quality research program in the area(s) proposed under this FOA and must have the requisite faculty, staff, students and postdoctorates (as applicable) and facilities on site and through proposed partnerships to conduct the proposed program. It is anticipated that program
faculty will have active, funded research projects in which participating trainees gain relevant experiences consistent with their research interests and goals. Only individuals from LMICs (defined by the World Bank classification system and excluding individuals from upper-middle-income countries that are also members of the G20 major economies (http://www.g20.org/en/members), with the exception of individuals from Sub-Saharan Africa and individuals involved in applications submitted in follow up to a successful planning grant application that had been received prior to January 1, 2013) are eligible for pre-doctoral or postdoctoral training support.; FUNDING: This program will use the NIH U2R International Research Training Cooperative Agreements award mechanism. Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF444 (R&R) Application Guide. Issuing agencies and partner components intend to commit an estimated total of $3 million for FY2015 for the combined linked (U01 and U2R) awards, corresponding to approximately five linked hub awards. Anticipated budget total costs may not exceed $300,000 per year. The U2R application budget should be developed in close coordination with the linked U01 research application (RFA-TW-14-001) because the combined budget for both linked U01 and U2R applications cannot exceed $600,000 in total costs per year and at least 50% of the combined budget must be in the LMIC’s U01 application. The scope of the proposed project should determine the project period. The maximum project period is 5 years. CFDA#: 93.989, 93.399, 93.262, 93.113. Reference: NIH Guide, Week Ending August 8, 2014; NIH Guide, Week Ending August 29, 2014; NIH Guide, Week Ending September 26, 2014.; KEYWORDS: Environmental Health; Occupational Health and Safety; Grants.gov; Grants.gov/S2S;

[NTW] [GRADUATE/POSTDOCTORAL FELLOWSHIP/RESEARCH EXCHANGE] Title: Fellowships for Columbia University/University of Glasgow Research Exchange; Sponsor: Deadline(s): Internal Proposal Deadline – 9:00 a.m. on, Thursday, October 23, 2014; Contact: Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu; mb3952@columbia.edu; Link(s): http://www.gla.ac.uk/research/az/; Additional Information: WHAT: As part of an ongoing collaboration between Columbia University and the University of Glasgow, funds are available for the exchange of graduate students and postdoctoral fellows between research programs in the two universities. The exchanges are intended to enhance research activities that are shared between faculty members at the two institutions by providing for support for short visits. These visits might be used to carry out research, develop a method, learn a technique, etc. Since the inception of the program, three awards have been made annually with funding up to $10,000 per award at Columbia in the fields of Science, Engineering and Medicine. In 2015, for a one year pilot, there will also be two awards for up to $5,000 each in the Humanities and Social Science fields. Funds may only be used for direct costs related to research, stipend and travel during the exchange visit.; PROGRAM EMPHASIS: Fields where there are complementary research activities between Columbia and the University of Glasgow are preferred. A list of Research Units appears on the University of Glasgow website at: http://www.gla.ac.uk/research/az/; WHO: The following eligibility terms apply.: Applicants must be in a postdoctoral position or a PhD program at Columbia University; Applicants must be working in the natural sciences, biomedical sciences or engineering for the standard awards; Applicants must be working in the social sciences or humanities for the 2015 Pilot.; WHEN: Internal proposal deadline – 9:00 a.m. on Thursday, October 23, 2014.; HOW: The application should contain the following five parts: (1) Cover Page listing the name, title, department and contact information for both the applicant and sponsoring faculty member; (2) Project Description (one
page limit) of the proposed project and purpose of the visit; (3) CU Faculty Letter of Support from the sponsoring faculty member from Columbia that includes a description of the relationship between the Columbia and Glasgow faculty members; and; (4) CV or Biosketch (four-page limit for each) for the applicant and faculty sponsor.; (5) Host Letter of Support from the faculty member at Glasgow University agreeing to host the visiting researcher.; Please combine all five parts of the application in a single PDF file and email to gcc19@columbia.edu and mb3952@columbia.edu by no later than 9:00 a.m. on Thursday, October 23, 2014. The subject of the email should be “CU-Glasgow Fellowships”; Questions should be directed to Greg Culler at gcc19@columbia.edu. ; The exchange fellowship has been a great boost to my PhD research: it has provided me with research funds needed to carry out some of my thesis-related lab analyses in Glasgow, as well as prompted me to initiate a brand-new collaborative research effort with faculty there, whose expertise and interests closely overlap with mine. ; - John Templeton, 2012 Fellowship recipient.; Greg Culler; Associate Director | Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu.

[NTW] [POSTDOCTORAL] Title: Postdoctoral Fellowship Program
Sponsor: Magee-Womens Research Institute (MWRI);
Deadline(s): 12/31/2014; 06/30/2015;
Contact: Helen Gamrod; Postdoctoral Fellowship Program; 204 Craft Ave, Room B408; Pittsburgh, PA 15213; U.S.A.; Fax: 412-641-6156; E-mail: hgamrod@mwri.magee.edu;
Link(s): Web Site: http://www.mwrif.org; Program URL: http://www.mwrif.org/21/postdoctoral-trainees;
Additional Information: SYNONYMS: Magee-Womens Research Institute’s (MWRI) Postdoctoral Fellowship Program prepares individuals for independent and productive careers as research scientists by providing them with the environment necessary for an intensive experience in medical research education. Post-doctoral trainees participate in highly focused research projects that impact one of a number of problems related to reproductive biology, reproductive development, and the health of women and their infants. ; Established Date: 03/31/2011; Follow-Up Date: 05/01/2015; Review Date: 09/25/2014; Deadline Ind: Receipt; Deadline Open: No; *See Restrictions for further information.; DEADLINE NOTE: The deadline for receiving Postdoctoral Fellowship applications is December 31 and June 30 each year.; Award Type(s): Fellowship; Citizenship/Country of Applying Institution: Any/No Restrictions; Locations Tenable: U.S.A. Institution (including U.S. Territories); Appl Type(s): Postdoctoral; Target Group(s): NONE; Funding Limit: $0 SEE BELOW; Duration: 1 YEAR(s); Indirect Costs: Unspecified; Cost Sharing: No; Sponsor Type: NONE; Geo. Restricted: NO RESTRICTIONS; CFDA#:; OBJECTIVES: The training goals of the MWRI Postdoctoral Fellowship include: Performing meaningful basic, translational or clinical research that leads to enhancement of scientific knowledge; Developing effective oral and written communication skills; Acquiring the skills needed for independent research; Learning skills needed for successful grant writing; Developing effective oral and written communication skills; Developing effective teaching skills; Understanding laboratory management and organization; and Incorporating responsible conduct (including ethics, safety and regulatory compliance) into all research activities. ; ELIGIBILITY: Applicants must have an MD, PhD, or equivalent doctorate (eg, ScD, PharmD or DVM) in a field that is relevant to reproductive biology and women’s health. Applicants must be committed to a research career in reproductive sciences. Strong candidates are intelligent, creative, focused, independent, and show a keen interest in developing current as well as new skills through the fellowship training. They are expected to effectively correspond and work with other team members. Candidates should have excellent written and oral communications skills in English. Preference will be given to applicants who are committed to an academic career.
Individuals participating in the Program may come from the United States or international institutions.;

FUNDING: Appointments are granted for one year, and funds are provided to cover the fellow’s salary and standard fringe benefits, and enrollment in one advanced University of Pittsburgh course relevant to their project. At the end of the first year, a written progress report and presentation to the Postdoctoral Fellowship Committee are required. At that time, the Committee may choose to approve an extension of support for a second year. The maximum term for which a trainee may be supported by the program is two years.;

KEYWORDS: Infants; Human Reproduction/Fertility; Women's Education; Biomedical Research, Multidisciplinary; Biomedical Research Training; Child/Maternal Health; Women's Health;

[NTW] [PREDOCTORAL/NRSA/F31/DIVERSITY] Title: Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research (Parent F31 - Diversity);

Sponsor: National Institutes of Health/DHHS;

Deadline(s): 12/08/2014; 01/07/2015; 04/08/2015; 05/07/2015; 08/08/2015; 09/07/2015; 12/08/2015; 01/07/2016; 04/08/2016; 05/07/2016; 08/08/2016; 09/07/2016; 12/08/2016; 01/07/2017;

Contact: 9000 Rockville Pike; Bethesda, MD 20892; U.S.A.; E-mail: GrantsInfo@nih.gov;

Link(s): Program URL: http://grants1.nih.gov/grants/guide/pa-files/PA-14-148.html;

Additional Information: SYNOPSIS: The sponsor offers support designed to improve the diversity of the health-related research workforce by supporting the training of predoctoral students from groups that have been shown to be underrepresented. Such individuals include those from underrepresented racial and ethnic groups, those with disabilities, and those from disadvantaged backgrounds. Through this award program, promising predoctoral students will obtain individualized, mentored research training from outstanding faculty sponsors while conducting well-defined research projects in scientific health-related fields relevant to the missions of the participating NIH Institutes and Centers. The proposed mentored research training is expected to clearly enhance the individual’s potential to develop into a productive, independent research scientist.

This Funding Opportunity Announcement (FOA) will utilize the NIH F31 Predoctoral Individual National Research Service Grant Award. ; Established Date: 03/07/2014; Follow-Up Date: 10/01/2015; Review Date: 09/25/2014; Deadline Ind: Receipt; Deadline Open: No; DEADLINE NOTE: The deadlines for receipt of standard applications under this announcement are: April 8, August 8, and December 8 annually. The deadlines for receipt of AIDS-related applications are: January 7, May 7, and September 7 annually. This program will expire on January 8, 2017.;

Award Type(s): Fellowship; Training/Professional Development; Citizenship/Country of Applying Institution: U.S. Non-Citizen National; U.S.A. Citizenship (including U.S. Territories); U.S. Permanent Resident; Locations Tenable: Any/No Restrictions; U.S.A. Institution (including U.S. Territories); Appl Type(s): Colleges/Universities; Doctoral-Midcareer/Senior Invst.; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Individual; Non-Profit; Research Institutions/Organizations; School of Medicine; Tax-exempt; Target Group(s): NONE; Funding Limit: $0 SEE BELOW; Duration: 5 YEAR(s); Indirect Costs: Unspecified; Cost Sharing: No; Sponsor Type: NONE; Geo. Restricted: NO RESTRICTIONS; CFDA#: 99.999; OBJECTIVES: The objective of NIH-supported Ruth L. Kirschstein National Research Service Awards programs is to help ensure that a diverse pool of highly trained scientists are available in adequate numbers and in appropriate research areas to address the Nation's biomedical, behavioral, and clinical research needs. The purpose of the F31 predoctoral fellowship to promote diversity in health-related research is to provide up to five years of support for research training leading to the PhD or equivalent research degree, the combined MD/PhD degree; or another formally combined professional degree and research doctoral degree in biomedical, behavioral, health services, or
clinical sciences. These fellowships will enhance the diversity of the biomedical, behavioral, health services, and clinical research labor force in the United States by providing opportunities for academic institutions to identify and recruit students from diverse population groups to seek graduate degrees in health-related research and apply for this fellowship. The goal of this program is to increase the number of scientists from diverse population groups who are prepared to pursue careers in biomedical, behavioral, social, clinical, or health services research. The NIH recognizes a unique and compelling need to promote diversity in the biomedical, behavioral and clinical sciences research workforce. The NIH expects that efforts to diversify the workforce to lead to: the recruitment of the most talented researchers from all groups; an improvement in the quality of the educational and training environment; A balanced perspective in setting research priorities; an improved capacity to recruit subjects from diverse backgrounds into clinical research protocols; and an improved capacity to address and eliminate health disparities.

ELIGIBILITY: Eligible applicants are: for-profit or non-profit organizations; public/State-controlled institutions of higher education; private institutions of higher education; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); eligible agencies of the Federal government; and domestic institutions/organizations. The sponsoring institution must have adequate faculty and facilities available to provide a suitable research environment for a high-quality research training experience. The research training should occur in a research-intensive environment that has appropriate human and technical resources and is demonstrably committed to research training in the particular program proposed by the applicant. An individual may request support for training abroad. In such cases, the applicant is required to provide detailed justification for the foreign training, including the reasons why the facilities, the mentor, or other aspects of the proposed experience are more appropriate than training in a domestic setting. For the purpose of this announcement, institutions are encouraged to identify candidates who will increase diversity on a national or institutional basis. As discussed, the NIH is particularly interested in encouraging the recruitment and retention of the following classes of candidates: Individuals from racial and ethnic groups that have been shown by the National Science Foundation to be underrepresented in health-related sciences on a national basis; Individuals with disabilities, who are defined as those with a physical or mental impairment that substantially limits one or more major life activities; and/or Individuals from disadvantaged backgrounds. By the time of award, the individual applicant for the Kirschstein-NRSA fellowship award must be a citizen or non-citizen national of the United States, or must have been lawfully admitted to the United States for Permanent Residence. A Fellowship Applicant must have a baccalaureate degree and be currently enrolled in a PhD or equivalent research degree program (e.g., EngD, DNSc, Dr PH, DSW, PharmD, PsyD, ScD), a formally combined MD/PhD program, or other combined professional/clinical doctoral/research PhD graduate program (e.g., DDS/PhD) in the biomedical, behavioral, or clinical sciences at an accredited domestic or foreign institution. With the exception of the combined degree programs described above, the Kirschstein-NRSA fellowship may not be used to support studies leading to the MD, DDS, or other clinical, health-professional training (e.g., DC, DMD, DNP, DO, DPM, DVM, ND, OD). Neither may these awards be used to support the clinical years of residency training.

FUNDING: This Funding Opportunity Announcement (FOA) will utilize the NIH Ruth L. Kirschstein Individual Predoctoral National Research Service Award (NRSA) mechanism (F31). Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF424 (R&R) Application Guide. Kirschstein-NRSA F31 awards provide stipends to fellows as a subsistence allowance to help defray living expenses during the research and clinical training experiences. The NIH will contribute to the combined cost of tuition and fees at the rate in place at the time of award. Tuition, for the purposes of this policy, means the combined costs of tuition and fees. Fellows sponsored by nonfederal or nonprofit institutions (domestic or foreign) will receive an
institutional allowance to help defray fellowship expenses such as health insurance, research supplies, equipment, books, and travel to scientific meetings. NIH provides an institutional allowance to fellows sponsored by Federal laboratories or for-profit institutions for expenses associated with health insurance, travel to scientific meetings and books. CFDA#s: 93.853; 93.351; 93.846; 93.839; 93.838; 93.837; 93.233; 93.866; 93.361; 93.307; 93.121; 93.172; 93.273; 93.859; 93.879; 93.867; 93.847; 93.838; 93.837; 93.233; 93.866; 93.361; 93.307; 93.121; 93.172; 93.273; 93.859; 93.879; 93.867; 93.847; 93.838; 93.837; 93.233; 93.866; 93.361; 93.307; 93.121; 93.172; 93.273; 93.859; 93.879; 93.867; 93.847; 93.838; 93.837; 93.233; 93.866; 93.361; 93.307; 93.121; 93.172; 93.273; 93.859; 93.879; 93.867; 93.847; 93.838; 93.837; 93.233; 93.866; 93.361; 93.307; 93.121; 93.172; 93.273; 93.859; 93.879; 93.867; 93.847; 93.838; 93.837; 93.233. Reference: NIH Guide, Week Ending March 7, 2014; NIH Guide, Week Ending May 23, 2014; NIH Guide, Week Ending September 26, 2014.; KEYWORDS: Medical Education; Behavioral Science Education; Minority Education; HEALTH AND SAFETY/MEDICAL SCIENCES/BIOMEDICAL; Disciplines/Fields, Health & Safety/Med/Biomedical; Behavioral Medicine; Biomedical Research Training; Health Services Delivery; Grants.gov; Grants.gov/Adobe;

[NTW] [POSTDOCTORAL/NRSA/F32] Title: Ruth L. Kirschstein National Research Service Award (NRSA) Individual Postdoctoral Fellowship (Parent F32) ; Sponsor: National Institutes of Health/DHHS; Deadline(s): 12/08/2014; 01/07/2015; 04/08/2015; 05/07/2015; 08/08/2015; 09/07/2015; 12/08/2015; 01/07/2016; 04/08/2016; 05/07/2016; 08/08/2016; 09/07/2016; 12/08/2016; 01/07/2017; Contact: 9000 Rockville Pike: Bethesda, MD 20892; U.S.A.; E-mail: GrantsInfo@nih.gov; Link(s): Program URL: http://grants1.nih.gov/grants/guide/pa-files/PA-14-149.html; Additional Information: SYNOPSIS: The purpose of the Kirschstein-NRSA postdoctoral fellowship is to enhance the research training of promising postdoctoral candidates who have the potential to become productive, independent investigators in scientific health-related research fields relevant to the missions of the participating NIH Institutes and Centers. This FOA uses the F32 Postdoctoral Individual National Research Service Award. Established Date: 03/07/2014; Follow-Up Date: 10/01/2015; Review Date: 09/25/2014; Deadline Ind: Receipt; Deadline Open: No; DEADLINE NOTE: The deadlines for receipt of standard applications under this announcement are April 8, August 8, and December 8 annually. The deadlines for receipt of AIDS-related applications are: January 7, May 7, and September 7 annually. This program will expire on January 8, 2017.; Award Type(s): Fellowship; Training/Professional Development; Citizenship/Country of Applying Institution: U.S. Non-Citizen National; U.S.A. Citizenship (including U.S. Territories); U.S. Permanent Resident; Locations Tenable: Any/No Restrictions; U.S.A. Institution (including U.S. Territories); Appl Type(s): Colleges/Universities; For-Profit; HBCU; Hospital; Indian Tribes/Governing Orgs.; Laboratory; Minority Institution/Organization; Non-Profit; Postdoctoral; Physician/Medical Professional; Researcher/Investigator; Research Institutions/Organizations; Tax-exempt; Target Group(s): NONE; Funding Limit: $0 SEE BELOW; Duration: 3 YEAR(s); Indirect Costs: No; Cost Sharing: No; Sponsor Type: NONE; Geo. Restricted: NO RESTRICTIONS; CFDA#: 99.999; OBJECTIVES: The overall goal of the NIH Ruth L. Kirschstein National Research Service Award (NRSA) program is to help ensure that a diverse pool of highly trained scientists is available in appropriate scientific disciplines to address the Nation's biomedical, behavioral, and clinical research needs. The purpose of the Ruth L. Kirschstein National Research Service Award (NRSA) Individual Postdoctoral Fellowship (Parent F32) is to support promising applicants during their mentored postdoctoral training under the guidance of outstanding faculty sponsors. The integrated program of research and training should enhance the individual’s potential to develop into a productive, independent researcher. The training plan should document the need for, and the anticipated value of, the proposed mentored training in relationship to the individual’s research career goals. The training plan should also facilitate the fellow’s transition to the next stage of his/her career.; ELIGIBILITY: Eligible applicants are: for-profit or non-profit organizations; public/State-controlled institutions of higher education.
education; private institutions of higher education; Hispanic-serving institutions; Historically Black Colleges and Universities (HBCUs); Alaska Native and Native Hawaiian Serving Institutions; Tribally Controlled Colleges and Universities (TCCUs); eligible agencies of the Federal government; and domestic institutions/organizations. The sponsoring institution must have adequate faculty and facilities available to provide a suitable environment for the high-quality research training experience. The research training should occur in a research-intensive environment that has appropriate human and technical resources and is demonstrably committed to research training in the particular program proposed by the applicant. An individual may request support for training abroad. In such cases, the applicant is required to provide detailed justification for the foreign training, including the reasons why the facilities, the mentor, or other aspects of the proposed experience are more appropriate than training in a domestic setting. The fellowship is designed to support research training experiences in new settings in order to maximize the acquisition of new skills and knowledge. In most cases, therefore, the sponsoring institution should be a site other than where the applicant fellow has trained as a graduate student. However, if the applicant fellow is proposing postdoctoral training at his/her doctoral institution, the application must carefully document the opportunities for new research training experiences specifically designed to broaden his/her scientific background. In addition, the application should propose research experiences that will allow the fellow to acquire new knowledge and/or technical skills that will enhance his/her potential to become a productive, independent investigator. Before a Ruth L. Kirschstein-NRSA postdoctoral fellowship award can be activated, the individual must have received a PhD, MD, DO, DC, DDS, DVM, OD, DPM, ScD, EngD, Dr PH, DNSc, ND (Doctor of Naturopathy), PharmD, DSW, PsyD, or equivalent doctoral degree from an accredited domestic or foreign institution. By the time of award, the individual applicant must be a citizen or a noncitizen national of the United States or have been lawfully admitted for permanent residence.; FUNDING: This funding opportunity announcement (FOA) uses the Ruth L. Kirschstein Individual Postdoctoral National Research Service Award (NRSA) mechanism (F32). Applications submitted in response to this announcement must be submitted electronically through Grants.gov, using the SF424 Research and Related (R&R) forms and SF424 (R&R) Application Guide. NRSA postdoctoral support normally may not exceed three years. Kirschstein-NRSA F32 awards provide stipends to fellows as a subsistence allowance to help defray living expenses during the research and clinical training experiences. The NIH will contribute to the combined cost of tuition and fees at the rate in place at the time of award. Tuition, for the purposes of this policy, means the combined costs of tuition and fees. Fellows sponsored by nonfederal or nonprofit institutions (domestic or foreign) will receive an institutional allowance to help defray fellowship expenses such as health insurance, research supplies, equipment, books, and travel to scientific meetings. NIH provides an institutional allowance to fellows sponsored by Federal laboratories or for-profit institutions for expenses associated with health insurance, travel to scientific meetings and books. CFDA#: 93.846; 93.866; 93.273; 93.172; 93.233; 93.839; 93.838; 93.837; 93.361; 93.859; 93.867; 93.847; 93.121; 93.856; 93.855; 93.398; 93.286; 93.173; 93.865; 93.213; 93.242; 93.113; 93.853; 93.279. Reference: NIH Guide, Week Ending March 7, 2014; NIH Guide, Week Ending May 23, 2014; NIH Guide, Week Ending September 26, 2014.; KEYWORDS: BEHAVIORAL/SOCIAL SCIENCES; Medical Education; Behavioral Science Education; HEALTH AND SAFETY/MEDICAL SCIENCES/ BIOMEDICAL; Disciplines/Fields, Health & Safety/Med/Biomedical; Biomedical Research, Multidisciplinary; Behavioral Medicine; Biomedical Research Training; Clinical Medicine, General; Grants.gov; Grants.gov/S2S;

NIH ANNOUNCEMENTS, INCLUDING NIH MULTI-PROJECTAPPLICATIONS & New Budget Spreadsheets:

Title: NIH Loan Repayment Program now Open!;  
Sponsor: NIH;  
Deadline(s): 9/1/14 THROUGH 11/17/14;  
Contact: Institutional Approver for Columbia University is William Berger at wb2174@columbia.edu of Sponsored Projects Administration.;  
Link(s): http://www.lrp.nih.gov/index.aspx;  
http://spa.columbia.edu/uniform-guidance;  

Additional Information: This is a reminder about the NIH Loan Repayment Program (LRP). The LRPs repay the student loans of doctoral level, biomedical or behavioral scientists conducting research funded by nonprofit institutions. Eligible applicants may be eligible to receive up to $70,000 of qualified educational debt repayment with a 2 year contract. The NIH began accepting applications on September 1, 2014. Applications are limited to one per year. The deadline for applications is November 17th, 2014, 8pm EST. All applications must be completed and submitted online at: http://www.lrp.nih.gov/index.aspx  
Please note that while completing the online application, the Institutional Approver for Columbia University is William Berger at wb2174@columbia.edu of Sponsored Projects Administration. The five following program areas are included as part of the LRP: (*) Clinical Research (NOT-OD-14-105); (*) Pediatric Research (NOT-OD-14-107); (*) Health Disparities Research (NOT-OD-14-109); (*) Contraception and Infertility Research (NOT-OD-14-108); (*) Clinical Research for Individuals from Disadvantaged Backgrounds (NOT-OD-14-106); Pay special attention to the eligibility requirements and commitment obligations, as each announcement has its own criteria. Please share this announcement with those who may be interested.;  
Thank you, Stephanie F. Scott, MS, CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

Contact: Alan VanBiervliet, PhD National Library of Medicine (NLM) Telephone: 301-594-4882 Email: alan.vanbiervliet@nih.gov; FBOWebmaster@OD.NIH.GOV; Link(s): http://www.grants.gov/web/grants/view-opportunity.html?oppId=264469; http://grants.nih.gov/grants/guide/pa-files/PAR-14-339.html; (PAR-14-339);

Title: CLARIFICATION - RE: 3rd Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs; The requirement for NIH eRA Commons IDs, as per notice NOT-OD-13-097;
Sponsor: NIH;
Deadline(s): October 2014;
Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfsc2110@columbia.edu; Website: http://spa.columbia.edu/;
Additional Information: This is to clarify the requirement for NIH eRA Commons IDs, as per notice NOT-OD-13-097. The Commons IDs, and complete Personal Profiles, are required for postdocs, graduate and undergraduate students when: (*) They have participated at least one person month on an NIH award, regardless if they were paid from the grant; and (*) Their participation is required to be included in Participants Section (D.1) in the Research Performance Progress Report (RPPR) – note some select NIH grant mechanisms may be exempt from reporting in this section. (*) The RPPR Instruction Guide contains Supplemental Instructions for Specific Grant Types (such as training awards and multi-project awards), which can be found at: http://grants.nih.gov/grants/rppr/rppr_instruction_guide.pdf. ;
TIP – when preparing your RPPR, click “Check for Errors” prior to routing the report to your SPA Project Officer. You will be alerting of missing eRA Commons IDs and incomplete profiles. This is the best time to contact SPA-eBiz to request IDs, or to alert individuals to complete their Commons profiles.; If you are requesting an eRA Commons ID from SPA-eBiz@columbia.edu, please include the following information with your request: (*) Full Name; (*) UNI; (*) Email address; (*)
Campus (Morningside or CUMC); SPA-eBiz will work with you to determine the appropriate eRA Commons role.; Please feel free to ask me, your assigned SPA Project Officer, any questions. Thank you for your patience!; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

Title: 3rd Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs; Sponsor: NIH; Deadline(s): October 2014; Contact: Steph; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/; Link(s): eRA Commons Manage Personal Profile; NOT-OD-14-092; http://grants.nih.gov/grants/rppr/; Additional Information: As we get closer to October 2014, I wanted to remind investigators and administrators of the new NIH progress reporting requirement regarding eRA Commons IDs. Postdocs, graduate and undergraduate students supported on NIH awards must have eRA Commons IDs, with complete eRA Commons Personal Profiles. Beginning with NIH progress reports due October 2014, NIH will not accept progress reports that have missing eRA Commons IDs and incomplete profiles. As you are aware, if NIH rejects a progress report, that could delay issuance of the next year’s funding.; Complete eRA Commons profiles are just as important as the ID itself. NIH can reject the progress report if the following fields are not complete in the profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Tutorials on the eRA Commons Personal Profile can be found at eRA Commons Manage Personal Profile.; If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. ; Finally, the Research Performance Progress Report (RPPR) format will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPPR format, resources are available at http://grants.nih.gov/grants/rppr/. ; Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.; Steph; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Title: Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs; Sponsor: NIH; Deadline(s): October 2014; Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/; Link(s): NOT-OD-13-097; NOT-OD-14-092; http://grants.nih.gov/grants/rppr/; Additional Information: This is a reminder that beginning October 2014, Research Performance Progress Reports (RPPRs) lacking an eRA Commons ID for graduate and undergraduate students will receive an error and the RPPR will not be accepted by the NIH without this information. RPPRs that are not accepted could delay issuance of Notice of Grant Awards. See full NIH notice at NOT-OD-13-097. Currently, warnings appear in the
eRA Commons screens to alert individuals identified as undergraduate students, graduate students, and postdoctoral researchers that the following fields should be completed in their eRA Commons profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Beginning on October 1, 2014, those fields in the eRA Commons screens will be required for individuals identified in any of those three roles. If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. In addition, graduate and undergraduate students, and postdoctoral researchers should complete their Personal Profiles in the eRA Commons, ensuring all fields listed above are complete. Tutorials on the Personal Profile can be found at eRA Commons Manage Personal Profile.; RPRRs will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPRR format, resources are available at http://grants.nih.gov/grants/rpr/. Therefore, if you have students supported on non-SNAP awards, now is the time to ensure they have eRA Commons profiles completed.; Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Title: NIH Extramural Nexus ; NIH: The View From 10,000 Feet; Sponsor: NIH; Deadline(s): NA; Contact: NA
Link(s): http://nexus.od.nih.gov/all/2014/07/24/nih-the-view-from-10000-feet/?utm_source=nexus&utm_medium=email&utm_content=nihupdate&utm_campaign=july14;
Additional Information: NIH: The View From 10,000 Feet: Posted on July 24, 2014 by Sally Rockey; Here on the blog we discuss many different aspects of NIH’s research program – policies, funding trends, workforce issues. A few weeks ago, while I was preparing to give the opening talk at the NIH Regional Seminar on Program Funding and Grants Administration, I realized some Rock Talk readers might be interested in learning more about how these topics fit into the big picture of NIH. So, I asked my colleagues to tape this talk, “NIH: The View from 10,000 Feet”, so I could share it with you on the blog …. Continue reading →

Title: NIH Extramural Nexus; Formula For Innovation: People + Ideas + Time; Sponsor: NIH; Deadline(s): NA; Contact: NA
Link(s): http://nexus.od.nih.gov/all/2014/07/17/formula-for-innovation-people-ideas-time/?utm_source=nexus&utm_medium=email&utm_content=nihupdate&utm_campaign=july14;
Additional Information: Formula for Innovation: People + Ideas + Time: Posted on July 17, 2014 by Sally Rockey and Francis Collins; In these times of tight budgets and rapidly evolving science, we must
consider new ways to invest biomedical research dollars to achieve maximum impact—to turn scientific discoveries into better health as swiftly as possible. We do this by thinking strategically about the areas of research that we support, as well as the process by which we fund that research. …. We often hear from investigators at all career stages that they spend a significant portion of their careers writing grant applications, consuming precious time that could otherwise be spent conducting research. …. Dear PIs and Administrators, If you are planning to prepare and submit an NIH multi-project application over the next several months, please let me know. Examples of multi-project grant mechanisms include, but are not limited to, P01, P30, P50, and U19. All multi-project Funding Opportunity Announcements (FOAs) now require proposals to be submitted electronically using ASSIST (Application Submission System and Interface for Submission Tracking). For a listing of all multi-project FOAs, go to http://grants.nih.gov/searchGuide/ComplexOnly.cfm. If you plan to submit a multi-project application in the coming months, please contact me and your SPA Project Officer and we will schedule a time to meet to provide you with training and guidance. Please feel free to contact me if you have any questions. Our website contains many ASSIST resources: http://spa.columbia.edu/electronic-systems/assist. Thank you.; Stephanie F. Scott, MS, CRA; Communications and Outreach Director; Sponsored Projects; Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

Click Here For Standard Budget Spreadsheets To Be Used By All Departments And PIs For Grant Submissions, Provided By MSPH/SPA: (1) New Budget Proposal Template; (2) Genetic Detail Budget Template;
The Columbia University Medical Center IRB Office has a standing “IRB Consultation Hour”. This service provides an opportunity for researchers to stop in at the IRB office and meet with an IRB professional to discuss regulatory, policy, and procedural questions. The sessions are scheduled for every Tuesday from 10 am to 11 am. No appointment is necessary. The IRB office is located at 154 Haven Avenue, 1st Floor. Attendees should sign in at the IRB receptionist desk, and will meet with IRB staff in the order of arrival. If situations warrant, individual consultations may be limited to 15 minutes. Important Note: If you have questions about a protocol that has already been submitted to the IRB, please contact the staff members who administer the IRB to which the protocol is assigned rather than bringing those questions to a Consultation Hours session. Staff contact information may be obtained on the IRB website: http://www.cumc.columbia.edu/dept/irb/

Researchers may also call in during these times, to the IRB main number, for consultation: 212.305.5883. Email: irboffice@columbia.edu;

Funding Sources Relative To The U.S. Environmental Protection Agency:

**Title:** Air Pollution Monitoring for Communities;  
**Sponsor:** US Environmental Protection Agency (EPA);  
**Deadline(s):** Open Date: 06/09/2014 - Close Date: 10/07/2014;  
**Contact:** Technical Contact: Sherri Hunt (hunt.sherri@epa.gov); phone: 703-347-8042; Eligibility Contact: Ron Josephson (josephson.ron@epa.gov); phone: 703-308-0442; Electronic Submissions: Todd Peterson (peterson.todd@epa.gov); phone: 703-308-7224;  
**Link(s):** [http://www.epa.gov/ncer/rfa/2014/2014-star-air-pollution-monitoring.html](http://www.epa.gov/ncer/rfa/2014/2014-star-air-pollution-monitoring.html);

**Title:** ACE Centers: Supporting Science Solutions;  
**Sponsor:** The U.S. Environmental Protection Agency's National Center for Environmental Research (NCER);  
**Deadline(s):** Date: 09/04/2014;  
**Contact:** Todd Peterson (peterson.todd@epa.gov); phone: 703-308-7224;  
**Link(s):** [http://www.epa.gov/ncer/rfa/2014/2014-star-ace.html](http://www.epa.gov/ncer/rfa/2014/2014-star-ace.html);

Funding Opportunities Relative to Pilot Projects

**Title:** Pilot Project Awards in Environmental Health Research;  
**Sponsor:** NIEHS Center for Environmental Health in Northern Manhattan;  
**Deadline(s):** October 8, 2104;  
**Contact:** Investigators interested in submitting applications are encouraged to discuss them with Dr. Matt Perzanowski, Pilot Projects Director (212-305-3465 or mp2217@columbia.edu), or Dr. Regina Santella, Center Director (305-1996 or rps1@columbia.edu). For administrative issues, contact Gail Garbowski, MPH, NIEHS Center Administrator, Dept. of Environmental Health Sciences (212-305-1364 or ggg1@columbia.edu);  
**Link(s):** [NIEHS Center for Environmental Health in Northern Manhattan; Pilot Project webpage](http://www.cumc.columbia.edu/dept/irb/);
FUNDING OPPORTUNITIES RELATIVE TO TRAINING GRANTS, T32S, ETC.

Title: New Program for NIH-funded Grad Students and Postdocs;  
Sponsor: NIH;  
Deadline(s): October 1, 2014;  
Contact: Please contact Rory Flinn (rf2531@columbia.edu), Director of the Office of Postdoctoral Affairs, with any questions about the program;  
Link(s): http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-113.html;  
https://www2.gsas.columbia.edu/idp;  
https://www2.gsas.columbia.edu/idp/node/3#summary;  
Additional Information: Dear Colleagues: The Office of the Executive Vice President of Research (EVPR), including the Office of Postdoctoral Affairs, and the Graduate School of Arts and Sciences (GSAS) are pleased to announce the introduction of an individual development plan (IDP) program for National Institutes of Health (NIH)-funded graduate students and postdoctoral researchers (postdocs). An IDP consists of a self-assessment of skills, interests and values that guides the development of short and long term plans to achieve career goals. In 2012, the NIH published a task force report on the current state of the biomedical workforce which found, among other things, that universities need to better prepare biomedical graduate students and postdocs for a broad range of career opportunities beyond academia. As one of a number of initiatives designed to address the recommendations of the task force, the NIH issued a policy, released on July 23, 2013 and revised on August 4, 2014 (http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-113.html), that does not require, but strongly encourages recipients of NIH awards to develop and use IDPs for graduate students and postdocs supported by the NIH. In addition, the revised policy provides that, beginning on October 1, 2014, annual progress reports relating to NIH awards must include a description of whether or not the institution uses IDPs and how they are employed to help manage the training and career development of graduate students and postdocs associated with such awards. The University’s IDP program will begin later this month and will include seminars on topics relating to the development of an IDP. Optional workshops will assist participants in completing an IDP. Career panels and networking events will be held to offer opportunities for participants to learn more about potential career options and the skills and experiences needed to gain employment in a wide array of fields. Complete IDP program details, including registration information, can be found at https://www2.gsas.columbia.edu/idp. Faculty members should strongly encourage their NIH-funded graduate student and postdocs to register and participate in the IDP program. A description of the Columbia IDP program to be utilized in progress reports can be found at https://www2.gsas.columbia.edu/idp/node/3#summary. Please contact Rory Flinn (rf2531@columbia.edu), Director of the Office of Postdoctoral Affairs, with any questions about the program;  
Sincerely,  
G. Michael Purdy;  
Executive Vice President;  
Carlos J. Alonso;  
Dean, Graduate School of Arts and Sciences;  
Arthur G. Palmer III;  
Associate Dean for Graduate Affairs;  
College of Physicians & Surgeons;

Title: MD-PhD Training Program in Aging and the Social / Behavioral Sciences (T32) Grant;  
Sponsor: HHS; Department of Health and Human Services; National Institutes of Health;  
Deadline(s): November 7, 2014;  
Contact: FBOWebmaster@OD.NIH.GOV;  
Link(s): http://www.grants.gov/web/grants/view-opportunity.html?oppId=262268;  
ADDITIONAL INFORMATION REQUIRED FOR F GRANT APPLICATIONS

Title: REMINDER & Clarification: New NIH Requirement for Fellowship Applications;
Sponsor: NIH;
Deadline(s): Standard Dates;
Contact: Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;
Link(s): NIH Notice of Clarification (F31s); NIH Notice of Clarification (F32s); NIH Notice of Clarification (Parent F31-Diversity); NIH Notice of Clarification (F30); FAQs for Fellowships; http://www.postdocs.columbia.edu/funding.html;
Additional Information: Just a reminder and a clarification of the new NIH requirement for fellowship applications (see original notice below); The new “Additional Educational Information” requirement also applies to the Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research (Parent F31 - Diversity) and the Individual Predoctoral MD/PhD or Other Dual-Doctoral Degree Fellowship (F30). I added these two programs, with links clarifying their instructions, to the list below.; As always, if you have any questions regarding this new requirement, please contact your SPA Project Officer. Please forward this email to predoctoral and postdoctoral fellows whom you are aware are applying for these fellowships. Thank you.; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Prior Announcement: As the next NIH deadline for Predoctoral (F31) and Postdoctoral (F32) Fellowship applications approaches August 8th, I wanted to take this opportunity to remind applicants, their mentors, and administrators of the new “Additional Educational Information” document required in the applications. All applications lacking this attachment will be considered incomplete and will not proceed to review. Please refer to the following notices regarding this new requirement: (*) NIH Notice of Clarification (F31s); (*) NIH Notice of Clarification (F32s); (*) NIH Notice of Clarification (Parent F31-Diversity); (*) NIH Notice of Clarification (F30); (*) FAQs for Fellowships; Columbia University’s Office of Postdoctoral Affairs (OPA) provides template language you can include in the “Additional Educational Information” document for F32s.

Thank you.

Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Please forward this email to predoctoral and postdoctoral fellows whom you are aware are applying for these fellowships. Thank you.

NEW ITEMS FROM THE NIH

**Title:** [NIH-Investigators] Reminder for NIH-Investigators: eRA Commons IDs and Complete Profiles;  
**Sponsor:** NIH eRA Commons IDs and Complete Profiles  
**Deadline(s):** October 2014;  
**Contact:** Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu;  
**Website:** http://spa.columbia.edu/;  
**Link(s):** eRA Commons Manage Personal Profile; http://era.nih.gov/reg_accounts/manage_personal_profile.cfm;  
**Additional Information:** Complete Profiles Required for Students and Postdocs; As we get closer to October 2014, I wanted to remind investigators and administrators of the new NIH progress reporting requirement regarding eRA Commons IDs. Postdocs, graduate and undergraduate students supported on NIH awards must have eRA Commons IDs, with complete eRA Commons Personal Profiles. Beginning with NIH progress reports due October 2014, NIH will not accept progress reports that have missing eRA Commons IDs and incomplete profiles. As you are aware, if NIH rejects a progress report, that could delay issuance of the next year’s funding.; Complete eRA Commons profiles are just as important as the ID itself. NIH can reject the progress report if the following fields are not complete in the profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Tutorials on the eRA Commons Personal Profile can be found at eRA Commons Manage Personal Profile.; If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. ;

**Title:** The Research Performance Progress Report (RPPR);  
**Sponsor:** NIH;  
**Deadline(s):** October 17, 2014;  
**Contact:** Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu;  
**Website:** http://spa.columbia.edu/;  
**Link(s):** NOT-OD-13-097; NOT-OD-14-092; eRA Commons Manage Personal Profile;  
**Additional Information:** The Research Performance Progress Report (RPPR) format will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPPR format, resources are available at http://grants.nih.gov/grants/rppr/; Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.: Steph; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects; Administration (SPA); Columbia University; Morningside Campus Ph: 212-854-0606; Medical Center (CUMC) Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/; This is a reminder that beginning October 2014, Research Performance Progress Reports (RPPRs) lacking an eRA Commons ID for graduate and undergraduate students will receive an error and the RPPR will not be accepted by the NIH without this
The five following program areas are included as part of the LRP: (*) Clinical Research (NOT-OD-14-105); (*) Pediatric Research (NOT-OD-14-107); (*) Health Disparities Research (NOT-OD-14-109); Additional Information: The National Institutes of Health (NIH) released five separate program announcements for the 2015 application cycle of the NIH Loan Repayment Program (LRP). The LRP may repay up to $35,000 of qualified student loan debt per year to outstanding health professionals who commit at least two years to conduct biomedical, behavioral, social, or clinical research. This includes most undergraduate, graduate, and medical school loans. Loan repayment benefits are in addition to the institutional salary received for research. The NIH will begin accepting applications on September 1, 2014. Applications are limited to one per year. The deadline for applications is November 15th, 2014, 8pm EST. All applications must be completed and submitted online at: http://www.lrp.nih.gov/index.aspx; Please note that while completing the online application, the Institutional Approver for Columbia University is William Berger at wb2174@columbia.edu of Sponsored Projects Administration.; The five following program areas are included as part of the LRP: (*) Clinical Research (NOT-OD-14-105); (*) Pediatric Research (NOT-OD-14-107); (*) Health Disparities Research (NOT-OD-14-109);
NIH eSUBMISSION ITEMS OF INTEREST

From Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); “NIH eSubmission Items of Interest” (June 4, 2014) (see below). In particular, it addresses the new Biosketch Pilot program, tips on using non-standard characters in form fields, and the cover letter attachment.

Don’t Forget the eSubmission Basics: I had the privilege of spending some time last week with the eRA Commons Help Desk and posed the question - “If you could tell the applicant community one thing about application submission what would it be?” I was a bit surprised to hear the same key messages that we have been pushing for years. On the other hand, that’s why we consider them ‘the eSubmission basics’.

So, here’s a quick reminder…

- Watch out for form fields required by NIH that are not marked required on federal-wide forms (e.g. Credential for PD/Pis and Organization for all entries on R&R Sr/Key Person Profile form; primary site DUNS on Project/Performance Sites form).
- Use PDF format for all attachments. Follow PDF Guidelines.
- Submit early – days, not minutes – to allow time to correct unforeseen errors.
- Track your submission in eRA Commons. Email can be unreliable.
- Check your entire assembled application image in eRA Commons. If you can’t view it, we can’t review it!
- If federal system issues threaten your on-time submission you need to notify the help desk and follow the Guidelines for Applicants Experiencing System Issues.

Impact of Biosketch Pilot on Non-pilot Applications: Did you see in the NIH Guide (NOT-OD-14-091) or in Rock Talk (Changes to the Biosketch) that NIH is piloting a new biosketch format? The pilot directly impacts applicants applying to a few Funding Opportunity Announcements (FOAs) (e.g., RFA-NR-15-001), but there is an immediate indirect impact to all applicants as well. In order to accommodate the pilot applications, eRA has changed the way we systematically validate the biosketch page limit for all applications. Specifically, a warning will fire if you submit a 5 page biosketch and an error will fire if your biosketch is over 5 pages. Applicants to pilot FOAs can ignore the 5-page warning, but everyone else should
take action or risk post-submission rejection of their applications. After your application moves forward to NIH staff, we will do a manual check of the biosketches in applications to FOAs not participating in the pilot. If your non-pilot FOA requires 4 pages, but you included 5 and ignored the warning, then your application may not be reviewed. Applicants must read and follow all FOA and application guide instructions – even those that aren’t enforced by electronic systems.

**Non-standard Characters in Form Fields:** Although NIH systems now support a broader character set including Greek and other non-standard characters, Grants.gov systems currently do not. When completing application form fields type content directly from your keyboard. Avoid cutting and pasting from Word and other word processors- they often convert your plain text to rich text (e.g. Word converts quotes to ‘smart quotes’ that curve towards the text between them and combines two dashes into one long em-dash.) Also, keep your text as simple as possible. The following characters are typically ‘safe’: letters, numbers, spaces, underscores, periods, dashes (not em-dashes), quotes (not smart quotes), parentheses, brackets, ampersands, tilde, exclamation points, commas, colons, semicolons, at signs, number signs, dollar signs, percent signs, plus signs, equal signs, and asterisks. Limit your use of fancier characters to the body of your PDF attachments.

**Submitting Applications with more than 5 Budget Periods:** Although NIH typically allows only 5 budget periods to be submitted with grant applications, from time to time you will come across a FOA that allows more than 5 budget periods. Most NIH FOAs include the R&R Budget form which only accommodates data collection for 5 budget periods leaving applicants wondering what to do with the rest of the data. Applicants have been forced to use a rather clumsy ‘workaround’ that includes adding the additional budget period information in the budget justification. eRA has just added system support for Grants.gov’s R&R Budget 10YR form that will allow for the collection of up to 10 budget periods of data. Going forward, this form will be included with the few, special FOAs that allow more than 5 budget periods. The bulk of NIH FOAs will continue to use the standard R&R Budget form.

**Transition to FORMS-C To Complete in August:** If it seems like I’ve been talking about transitioning to FORMS-C for a year – I have. On May 30, 2013, we announced our first transition to updated application forms (FORMS-C) for application due dates on/after September 25, 2013 (NOT-OD-13-074). The Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs are our last remaining programs to use the older forms. These programs are scheduled to transition to FORMS-C for due dates on/after August 5, 2014 (NOT-OD-14-089) marking the end of a rather lengthy transition. Believe it or not, this summer my friends in policy will start pulling together requirements for the next OMB clearance of the PHS (agency-specific) forms used in our applications (they expire in August 2015). Before you know it we’ll be talking about ‘FORMS-D’ forms. For now, let’s celebrate getting through this one. Woo-hoo!

**CYA: Cover Your Application –** that’s what you thought I was talking about – right? NIH form packages no longer use a separate, agency-specific PHS Cover Letter form. The version of the SF424 (R&R) cover form included in FORMS-C packages has a new Cover Letter Attachment (item #21 at the very bottom of the form). If you plan to include a cover letter with your application – use this Cover Letter Attachment only! The eRA systems know to keep this attachment separate from your assembled application image and to limit access to it. If you attach it someplace else (e.g., Pre-application attachment on the SF424 (R&R) cover form, Other Attachments on the R&R Other Project Information form) it will become part of your assembled application image and will be visible to everyone with access to your application including reviewers.
[NIH-Investigators] Reminder-eRA Commons IDs and Complete Profiles Required for Students and Postdocs

This is a reminder that beginning October 2014, Research Performance Progress Reports (RPPRs) lacking an eRA Commons ID for graduate and undergraduate students will receive an error and the RPPR will not be accepted by the NIH without this information. RPPRs that are not accepted could delay issuance of Notice of Grant Awards. See full NIH notice at NOT-OD-13-097.

Currently, warnings appear in the eRA Commons screens to alert individuals identified as undergraduate students, graduate students, and postdoctoral researchers that the following fields should be completed in their eRA Commons profiles: date of birth, gender, race, ethnicity, disabilities, US citizenship status and country of citizenship. Some fields have “I Do Not Wish to Provide” as one of the acceptable responses. For those who have completed undergraduate or graduate degrees (graduate students and postdoctoral researchers), the highest educational degree, the degree date, and the institution where it was earned also should be completed. Beginning on October 1, 2014, those fields in the eRA Commons screens will be required for individuals identified in any of those three roles.

If you have graduate and undergraduate students supported on NIH grants who do not have eRA Commons IDs, please have them request an eRA Commons account from SPA at SPA-eBiz@columbia.edu. In addition, graduate and undergraduate students, and postdoctoral researchers should complete their Personal Profiles in the eRA Commons, ensuring all fields listed above are complete. Tutorials on the Personal Profile can be found at eRA Commons Manage Personal Profile.

RPPRs will be required for all Type 5 non-SNAP progress reports beginning October 17th, 2014 (the paper PHS 2590 forms are being phased out). See NOT-OD-14-092. If you are not yet familiar with the RPPR format, resources are available at http://grants.nih.gov/grants/rppr/. Therefore, if you have students supported on non-SNAP awards, now is the time to ensure they have eRA Commons profiles completed. Please share this information with your students and postdocs who are supported on NIH grants. If you have any questions, you may contact me, or your assigned SPA Project Officer.

Thank you, Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/;

Update from the NIH Office of Extramural Research to the external biomedical on behalf of NIH Extramural Nexus (NIH/OD)

Mentorship Matters for the Biomedical Workforce
Nature Medicine asked me to share my thoughts on the role of mentorship in the biomedical workforce, and I want to share this article with Rock Talk readers, as well. … Mentorship Matters for the Biomedical Workforce: The mentorship of early-career scientists is necessary to their individual career success and the future of the biomedical research enterprise as a whole. Recently launched NIH programs and tools aim to facilitate this important type of training. … Continue reading →

RPPR Required for Non-SNAP Progress Reports Beginning October 17, 2014

NIH currently requires use of the fed-wide progress reporting format — known as the RPPR (Research Performance Progress Report) — to submit progress reports for Streamlined Non-competing Award Process (SNAP), fellowship, and multi-year funded awards. In April we opened the RPPR for use for all Type 5 Non-SNAP progress reports in anticipation of an October 2014 requirement for RPPR use. Now, it’s official — all type 5 non-SNAP progress reports submitted on or after October 17, 2014 need to be submitted through the RPPR module of eRA Commons. … Continue reading →

Keep Up With Grants Administration Changes With Our New Timeline

Want to look into the future? We sure would. But in lieu of clairvoyant powers we’re trying the next best thing: a map to help navigate upcoming changes in grants administration. The grants policy page on grants.nih.gov is now home to an interactive timeline of upcoming changes in grants administration. … Continue reading →

Promoting Research Integrity: Building the Foundation of Trust

Exemplifying and promoting the highest level of scientific integrity, public accountability, and social responsibility in the conduct of science are among NIH’s main goals as an agency. Research integrity is not about being flawless. It is about conducting science using honest and verifiable methods, complying with rules and regulations and adhering to professional standards. Ultimately, it is also about trust, the foundation upon which the scientific research enterprise is built. We’ve recently updated our website on research integrity, … Continue reading →

New Website for iEdison Invention Reporting Information:

True or false: iEdison is the newest Apple™ light bulb. Well, for now at least, false. iEdison – which stands for “interagency Edison” – is a system for reporting inventions resulting from federal funding. iEdison is now part of NIH’s electronic Research Administration (eRA) suite of services, and our new website helps iEdison users access information and resources related to invention reporting. … Continue reading →

You Ask, We Answer:

☐ Can I Resubmit My Grant Application While It Is Under Appeal of the Initial Peer Review Results?
☐ What is the Deadline for Resubmitting my Unfunded Application?
NIH REVISED SUBMISSION RULES

NIH & AHRQ just released more clarifications on the new resubmission policy. In this announcement are clarifications on due dates, applicability, time limits, and the various options PIs have. See NOT-OD-14-082: http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-082.html; I know this revised policy is important to you and has many implications. Please feel free to me or your assigned Project Officer questions. I am following up with additional information on the important announcement I sent last week regarding NIH and AHRQ’s new resubmission policy (see below). NIH just posted extensive FAQs describing various scenarios when you may submit applications as ‘new’ that were previously submitted, resubmitted and not funded (including competing renewal applications that were not funded). Refer to the following resources and articles: FAQs: http://grants.nih.gov/grants/policy/resubmission_q&a.htm; The policy announcement: NOT-OD-14-074; A Change in Our Resubmission Policy – Rock Talk article explaining the reasons for the change; NIH Policy on Resubmission Applications; Science Magazine article; NIH to Relax ‘Two Strikes’ Grant Submission Policy; Deciding whether to submit an application as a resubmission or as a new submission can sometimes be complex. You may need to speak with an NIH Program Official or Program Director regarding your specific situation. Please feel free to ask me, or your SPA Project Officer, questions as they arise. Please read full announcement, NOT-OD-14-074 at http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-074.html Effective immediately, for NIH and AHRQ applications due after April 16, 2014, following an unsuccessful resubmission (A1) application, applicants may submit the same idea as a new (A0) application for the next appropriate due date. The NIH and AHRQ will not assess the similarity of the science in the new (A0) application to any previously reviewed submission when accepting an application for review. Although a new (A0) application does not allow an introduction or responses to the previous reviews, the NIH and AHRQ encourage applicants to refine and strengthen all application submissions. Please read the full announcement for more details on the background of this policy change and the policy details. The NIH time limit for accepting resubmission (A1) applications remains in effect, as does the policy for New Investigator R01 resubmission deadlines. Stephanie F. Scott, M.S., CRA

Additional Information for the two above mentioned announcements: This Notice alerts grantees to a change in the implementation timeline, previously announced in NOT-OD-13-120 and NOT-OD-14-093, for the NIH transition to new U.S. Department of Health and Human Services (HHS) payment policies for domestic, non-competing continuation awards and use of Payment Management System (PMS) subaccounts. It also announces a change in how competitive revisions/administrative supplements (Type-3s) awards will be processed. This Notice only applies to domestic non-competing continuation awards that have not yet transitioned to PMS subaccounts. In response to critical feedback from the grantee community, NIH requested an amendment to its subaccount implementation plan to delay the transition of domestic, non-competing continuation awards to PMS subaccounts for an additional year; e.g., now beginning October 1, 2015. HHS’s Office of the Assistant Secretary for Financial Resources recently approved the request. This additional time is provided to allow grantees to prepare their systems to accommodate the changes. Grantee with inadequate systems in place to appropriately manage this transition by October 1, 2015, may be unable to appropriately access PMS accounts and risk losing their ability to draw down funding. Grantees are advised that there will be no additional implementation delays considered and no exceptions granted to the deadline. As of October 1, 2015, NIH will utilize only subaccounts for awarding grant funds. Every grant that is awarded funding in FY 2016 (whether it be in the first, second, third or fourth quarter of FY 2016) will be in a subaccount. NIH will continue transitioning payment of grant awards with new document numbers to domestic institutions to PMS subaccounts in FY 2015 as announced in Notice NOT-OD-13-120. The administrative changes announced in NOT-OD-14-093 will now apply to the transition that will occur between October 1, 2015 and September 30, 2016. This Notice reiterates those administrative changes for non-competing, continuation awards and highlights the revised implementation timelines and T-3 award process for all domestic awards. - See more at: http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-103.html#sthash.0l3doSVZ.dpuf; http://grants.nih.gov/grants/guide/notice-files/NOT-OD-14-103.html#sthash.q3dTkMY2.dpuf;
**FEDERAL FUNDING TRAVEL POLICY**

[NIH-Investigators] New Policy on Fly America Act: Sponsored Projects Administration (SPA) and the Accounts Payable (AP) department is happy to announce the release of an updated version of the Fly America Act policy, effective immediately. SPA and AP have partnered together on this effort, resulting in a clearer, more comprehensive policy to ensure compliance with the Fly America Act. You can find the full policy in the Administrative Policy Library at [http://policylibrary.columbia.edu/fly-america-act](http://policylibrary.columbia.edu/fly-america-act). This link contains: * Full policy text, including links to resources; * FAQs; * A Decision Tree Diagram; * A new form, the Fly America Exception Checklist; These resources can also be found on the SPA website at [http://spa.columbia.edu/policies/us-flag-carrier-policy](http://spa.columbia.edu/policies/us-flag-carrier-policy).

The Fly America Act is a Federal regulation that states that any foreign air travel that is financed by Federal funds must be booked on U.S. Flag Air Carriers, regardless of cost or convenience. Only Federally funded sponsored projects are subject to this policy. The Fly America Act is not a new policy. Rather, our offices updated our existing policies, which now live in a central location in the Policy Library.

There are specific exceptions to the Fly America Act that allow travelers to use Federal funds on foreign carriers, but only under certain circumstances. These exceptions can be quite complex to interpret. Therefore, our offices created a Fly America Exception Checklist and Decision Tree Diagram to assist travelers when booking flights internationally as part of the work to be done on a Federal sponsored project. In cases of exceptions, the Fly America Exception Checklist Form will need to accompany the Columbia Travel & Business Expense Report (TBER) to be submitted to AP. Appropriate back-up documentation should accompany the Checklist. The full policy and FAQs outline this process.

Anyone planning to travel internationally as part of work to be done on a Federally sponsored project is responsible for knowing and adhering to this policy. Please share this information with all faculty, administrators, postdocs and students who may be traveling internationally.

When questions arise that are related to the Fly America Act (for example, what is allowable vs. unallowable, Open Skies Agreement exceptions, etc.) you may contact your SPA Project Officer or myself. However, if you have specific questions about reimbursement of travel expenses or regarding your supporting travel documentation, you should contact AP through the [Finance Service Center](http://spa.columbia.edu/policies/us-flag-carrier-policy) or call 212-854-2122. Thank you.

Thank you, Stephanie F. Scott, M.S., CRA: Communications and Outreach Director; Sponsored Projects; Administration (SPA); CUMC

| Title: Seed Funding for cancer-focused NIH Program Grants; Sponsor: Columbia University; Herbert Irving Comprehensive Cancer Center (HICCC); Deadline(s): Application deadline: Applications may be submitted any time before or shortly after submission of the NIH Program grant (but HICCC seed funding may not begin until after NIH submission. Contact: Applications should be submitted as a single pdf file to: Richard Arjune (dra2112@columbia.edu) and Sadie Maloof (maloof@icg.cpmc.columbia.edu); Link(s): [http://hiccc.columbia.edu](http://hiccc.columbia.edu); |
**Title: Limited Submission Funding; Simons Investigators in the Mathematical Modeling of Living Systems (MMLS);**

**Sponsor:** Simons Foundation;

**Deadline(s):** Internal Proposal Deadline – 9:00 a.m. on Monday, August 18, 2014; Sponsor deadline – October 28, 2014;

**Contact:** Greg Culler; Associate Director; Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

**Additional Information:**

**WHAT:** Mathematical model-based approaches are making increasingly important contributions to the life sciences. The Mathematical Modeling of Living Systems (MMLS) program aims to support such approaches and to foster a scientific culture of theory-experiment collaboration similar to that prevailing in the physical sciences. To encourage young researchers to pursue this endeavor, MMLS will provide a long-term stable base of support, enabling a focus on model-based approaches to important issues in the life sciences. Appointments will begin August 1, 2015. An Investigator will receive research support in an amount initially set at $100,000 per year. An additional $10,000 per year will be provided to the Investigator’s department. The award is administered through the institution at which the Investigator is appointed, and this institution will receive 20 percent in indirect costs.

**PROGRAM EMPHASIS:** A broad spectrum of research areas within the life sciences will be considered, ranging from cellular-level issues of organization, regulation, signaling, and dynamics through morphogenesis to the properties of large organisms, as well as neuroscience and evolution. Preference will be given to areas in which modeling approaches are less well established, and for that reason bioinformatics and genomics will fall outside the scope of the program.

**WHO:** The following eligibility terms apply: (*) Candidates must be a scientist engaged in MMLS related research; (*) Candidates must be in the early stages of their academic career (within 5 years of the start of the first assistant professor position). (*) Former Simons Investigators are not eligible.

**WHEN:**

- **Internal deadline – 9:00 a.m. on Monday, August 18, 2014**;
- **Sponsor deadline – October 28, 2014**;

**HOW:** The internal proposal must be completed by the nominator with the following five parts. All documents should be single-spaced, no smaller than 10-point font, with minimum ½ inch margins:

1. Cover page with the following: (a) Nominee’s name, title and department; (b) Start date for nominee’s first assistant professor position (mm/yyyy); (c) Nominator’s name, department and contact information;
2. Nomination letter: up to two pages in length, explaining the distinctive scientific contributions of the nominee, focusing on scientific accomplishments of the past five years and including discussion of a few important papers; (3) The nominee’s curriculum vitae, including Ph.D. year, institution, advisor, postdoctoral institutions and advisors, and positions held subsequent to award of doctorate; (4) The nominee’s up-to-date publication list; (5) A research statement, of less than two pages in length, prepared by the nominee and outlining the nominee’s research vision and plans.

Please combine all five parts of the internal nomination in a single PDF file and email to gcc19@columbia.edu and mb3952@columbia.edu by 9:00 a.m. on Monday, August 18, 2014. The subject heading of the email should be "Simons MMLS".

For additional information, please contact: Greg Culler at gcc19@columbia.edu or 212-854-6285.
| Title: Department of Homeland Security Science and Technology Critical Infrastructure Resilience Center of Excellence – Center Lead;  
Sponsor: DHS, Department of Homeland Security  
Deadline(s): Anyone planning to participate in a proposal for this program, in a lead or non-lead capacity, must send an email with the information listed below to gcc19@columbia.edu and mb3952@columbia.edu by 9:00 a.m. on Friday, July 25, 2014. FOUNDATION FUNDING OPPORTUNITIES (NOT OTHERWISE CATEGORIZED):

Title: Limited Submission; Irma T. Hirschl Research Awards;
Sponsor: Irma T. Hirschl Trust;
Deadline(s): Internal Application Deadline: 9:00 A.M. on Wednesday, October 15, 2014;
Contact: gcc19@columbia.edu and mb3952@columbia.edu;
Link(s): please see below;
Additional Information: WHAT: The Irma T. Hirschl/Monique Weill-Caulier Trusts Research Award will provide support for highly meritorious medical research conducted at Columbia University College of Physicians & Surgeons. The awards are paid at a rate of $35,000 per year for a period of five years.; WHO: The following general guidelines apply: (*) Applicants must hold a tenure-track position as an Assistant Professor in the College of Physicians & Surgeons and must have been in this position for at least one year as of September 1, 2014.; (*) Start date before September 1, 2013 required; (*) Applicants must be a biomedical scientist, holding a PhD and/or MD and exhibit an exceptional potential for high quality, productive research.; PROGRAM EMPHASIS: Support for researchers who are performing basic laboratory science in medically-relevant fields will be considered as well as those individuals working in highly-meritorious, clinically-related research. Clinical trials or purely clinical research projects will not be supported by this program.; WHEN: Internal application deadline – 9:00 A.M. on Wednesday, October 15, 2014; HOW: The internal application should include the following components: (*) Cover Page with the applicant’s name, title, department, start date (mm/dd/yy), contact information and title of the proposed research project; (*) Applicant’s Biosketch (four-page limit); (*) Lay Scientific Abstract (one-page limit, double-spaced); (*) Research Plan (five-page limit) covering the background, goals, procedures and significance of the proposed research.; (*) Letter of Recommendation from Department Chair. This letter should relate the importance of the scholar’s research and the department’s dedication to that research; (*) A list of sources and amounts of all research/fellowship support; (*) Proposed research may overlap with existing funded projects; (*) A list of the research facilities to which the applicant will have access; (*) A list of recently submitted papers, and the journals to which they were submitted.; Please combine all parts of the internal proposal in a single PDF file and email to gcc19@columbia.edu; and mb3952@columbia.edu; by 9:00 AM on Wednesday, October 15, 2014. The subject heading of the email should be “Hirschl Awards.”; For additional information, please contact: Greg Culler at gcc19@columbia.edu; or 212-854-6285. Please note the Irma T. Hirschl Trust does not maintain a website.; Greg Culler; Associate Director; Research Initiatives; Office of the Executive Vice President for Research; Columbia University in the City of New York; 102 Low Library, MC 4312; 535 West 116th Street; New York, New York 10027; Phone: (212) 854-6285; Email: gcc19@columbia.edu;

Title: Limited Submission; Obama-Singh 21st Century Knowledge Initiative (OSI);

Link(s): http://www.wmkeck.org/grant-programs/research/medical-research-grant-abstracts;
Project Questionnaire (required in the internal application): http://www.mailman.columbia.edu/sites/default/files/2014_Kec k_Questionnaire_2.pdf;
[please note that as the above link may not open properly (possibly due to an Adobe Reader iteration issue), the content (9 questions) of the Project Questionnaire is (are) listed at the bottom of the Additional Information section; Please find linked above the Project Questionnaire form required in the internal application; Its [the Project Questionnaire’s] Content is: W. M. Keck Foundation Research Programs – Questionnaire; Please provide answers to the questions below in the space provided. These questions are taken from the Keck Foundation’s Phase I application; thus responses are very important in the review of internal applications.; (1) PI Name -;
Project Title; (2) Unique Aspects: Describe unique or distinctive aspects of this project. What makes this project particularly novel, creative or paradigm shifting? How is the proposed work high-risk?; (3) Key Personnel: Name the key personnel and describe their expertise, role in this project and any collaborations/partnerships.; (4) Justification for Keck support: Explain why support from the W. M. Keck Foundation is essential for this project. Has funding been requested from other sources for the proposed research project? If so please explain and include reviews as separate attachment.; (5) Overview: Provide an overview of this field and the need for this project.; (6) Relevant Efforts: Describe past and current efforts at your institution that are relevant to this project, including institutional resources that will support the work.; (7) Peer Groups: Name at least two other groups that are pursuing comparable or related work and explain how this project differs from their work. If none, please explain.; (8) Goals and Methodology: State the major goals of this project and summarize the methodologies and time frame to be used in achieving them.; (9) Impact: Describe the potential impacts of achieving these goals. Does the proposed work have the potential for transformative impact such as opening a new avenue of scientific exploration, the enabling of observations not previously possible, or an altered perception of a previously intractable problem? How? Describe breakthrough technologies, instrumentation or methodologies that are likely to be developed.;

DOD FUNDING OPPORTUNITIES

**Title:** DoD Gulf War Illness Research Preannouncement; Funding Opportunities for Fiscal Year 2014 (FY14);

**Sponsor:** Defense Health Program; Department of Defense Gulf War Illness Research Program

**Deadline(s):** Applications to be posted ~ early September 2014;

**Contact:** help@eBRAP.org; usarmy.detrick.medcom-cdmrp.mbx.cdmrp-public-affairs@mail.mil;

**Link(s):** Grants.gov; http://cdmrp.army.mil; https://twitter.com/CDMRP; http://www.youtube.com/user/CDMRP;

**Additional Information:** The Fiscal Year 2014 (FY14) Defense Appropriations Act provides $20 million (M) to the Department of Defense Gulf War Illness Research Program (GWIRP) to support innovative, high-impact research to improve the health and lives of veterans who have Gulf War Illness (GWI). The GWIRP is administered by the US Army Medical Research and Materiel Command (USAMRMC) through the Office of Congressionally Directed Medical Research Programs (CDMRP). The GWIRP is providing the information in this pre-announcement to allow investigators time to plan and develop applications. FY14 GWIRP Program Announcement and General Application Instructions for the following award mechanism are anticipated to be posted on Grants.gov in early September 2014. Pre-application and application deadlines will be available when the Program Announcements are released. This pre-announcement should not be construed as an obligation by the government.; (*) Independent investigators at all academic levels (or equivalent); (*) Supports small-scale, early clinical trial evaluations of innovative treatments not previously studied in GWI; (*) Pilot Phase II or Phase II/II clinical trial combinations are allowed. (*) Provides opportunity to obtain proof of principle data to support future clinical trials.; (*) Preliminary data are not required, and if provided, do not necessarily have to come from the GWI research field. (*) Studies with clear potential to move forward to Phase II/III clinical trials are encouraged.; (*) Collaboration with industry and/or academic partners is encouraged.; (*) Maximum funding of $450,000 for direct costs.; (*) Period of performance not to exceed 3 years.; (*) Indirect costs may be proposed in accordance with the institution's rate agreement.; (*) All applications must conform to the final Program Announcements and General Application Instructions that will be available for electronic downloading from the Grants.gov website. The application package containing the required forms for each award mechanism will also be found on Grants.gov. A listing of all USAMRMC funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420. Applications must be submitted through the federal government's single-entry portal, Grants.gov. Submission deadlines are not available until the Program Announcements are released. Requests for email notification of the Program Announcements release may be sent to help@eBRAP.org. For more information about the GWIRP or other CDMRP-administered programs, please visit the CDMRP website (http://cdmrp.army.mil/); Point of Contact: CDMRP Public Affairs; 301-619-9783; usarmy.detrick.medcom-cdmrp.mbx.cdmrp-public-affairs@mail.mil; Book mark the Congressionally Directed Medical Research Program (CDMRP) website: http://cdmrp.army.mil; Follow CDMRP on Twitter at: https://twitter.com/CDMRP; View CDMRP research results on YouTube: http://www.youtube.com/user/CDMRP.
**Title:** FY13 - FY14 Department of Defense HIV/AIDS Prevention Program; Military Specific HIV/AIDS Prevention, Care, and Treatment Program for non-PEPFAR (President's Emergency Plan for AIDS Relief) Funded Countries; Modification 8;  
**Sponsor:** DOD; Department of Defense; Office of Naval Research; Naval Supply Systems Command  
**Deadline(s):** September 30, 2014;  
**Contact:** If you have difficulty accessing the full announcement electronically, please contact: Janet Norton Contract and Grant Officer Phone (559) 998-2059 janet.norton@navy.mil;

[NIH-Investigators] DoD CDMRP Funds New Topic Areas;
There are two new areas of interest in the DoD CDMRP Cancer Research Program: cancers related to radiation exposure and myeloproliferative disorders. See details below. Below the pre-application due date is June 10th, 2014. As a reminder, all FY14 CDMRP funding opportunities can be found at: http://cdmrp.army.mil/funding/prgdefault.shtml; Current opportunities include: Autism Research; Breast Cancer Research; Gulf War Illness; Lung Cancer Research; Multiple Sclerosis Research; Ovarian Cancer Research; Peer Reviewed Cancer Research Program (PRCRP); Peer Reviewed Medical Research Program; Peer Reviewed Orthopaedic Research Program (PRORP); Prostate Cancer Research Program (PCRP); Please share this notice with others who may be interested; Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects Administration (SPA); Columbia University; Morningside Ph: 212-854-0606; CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

Subject: Peer Reviewed Cancer Research Program Funds New Topic Areas Good afternoon, New areas of interest for the Congressionally Directed Medical Research Programs Peer Reviewed Cancer Research Program: 1. Cancers related to radiation exposure: Investigations into cancers related to radiation exposure should include research directed to improve the understanding of elevated cancer risk among military service members exposed to increased levels of ionizing radiation including: * Modulation by host factors; * Occupational and environmental exposure; * Assessment of risk among active duty and Veterans; * Routes of exposure; * Dose and risk estimates; 2. Myeloproliferative disorders: Studies within the scope of myeloproliferative disorders as defined by the National Cancer Institute (http://www.cancer.gov/cancertopics/types/myeloproliferative) will be accepted. CDMRP has allocated $25M in funds to this program. Information on the submission process and details on the applications can be found at: http://cdmrp.army.mil/funding/prcrp.shtml; Preapplications are due by June 10, 2014. Be sure to submit on time. Feel free to share this information with those in your organization that might be interested. Thanks, Jennie Mettert-Young; Public Affairs; for the USAMRMC, CDMRP; Azimuth, Inc.; Fort Detrick, MD 21702-5024; usarmy.detrick.medcom-cdmrp.mbx.cdmrp-public-affairs@mail.mil; Book mark the Congressionally Directed Medical Research Program (CDMRP) website: http://cdmrp.army.mil; Follow CDMRP on Twitter at: https://twitter.com/CDMRP; View CDMRP research results on YouTube: http://www.youtube.com/user/CDMRP

From our 5/9/14 Newsletter: DOD just sent a summary of the funding announcements currently available. Includes the research areas of Autism, Gulf War Illness, the Peer Reviewed Cancer Research Program, the Peer Reviewed Medical Research Program, the Peer Reviewed Orthopedic Research Program (PRORP), and Prostate Cancer. See below for details. Stephanie F. Scott, M.S., CRA; Communications and Outreach Director; Sponsored Projects, Administration (SPA), Columbia University, Morningside Ph: 212-854-0606, CUMC Ph: 212-305-1641; Email: sfs2110@columbia.edu; Website: http://spa.columbia.edu/

JUST RELEASED! FY14 DOD CDMRP Program Announcements: The Fiscal Year 2014 (FY14) Defense Appropriations Act provides research funding for the peer reviewed programs managed by the Department of Defense (DOD) office of Congressionally Directed Medical Research Programs (CDMRP). This e-mail is to notify the research community of the recently released funding opportunities from the following programs: Autism Research Program (ARP), Gulf War Illness Research Program (GWIRP), Peer Reviewed Cancer Research Program (PRCRP), Peer Reviewed Medical Research Program (PRMRP), Peer Reviewed Orthopaedic Research Program (PRORP), and Prostate Cancer Research Program (PCRP). Detailed descriptions of each of the funding opportunities, evaluation criteria, and submission requirements can be found in the respective Program Announcements. Each Program Announcement is available electronically for downloading from the Grants.gov website (http://www.grants.gov), the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org).
**Autism Research Program (ARP); Clinical Trial Award; Idea Development Award; **Gulf War Illness Research Program (GWIRP); Clinical Trial Award; Innovative Treatment Evaluation Award; Investigator-Initiated Research Award; New Investigator Award; Peer Reviewed Cancer Research Program (PRCRP); Career Development Award; Idea Award with Special Focus; Peer Reviewed Medical Research Program (PRMRP); Clinical Trial Award; Discovery Award; Focused Program Award; Investigator-Initiated Research Award; Technology/Therapeutic Development Award; Peer Reviewed Orthopaedic Research Program (PRORP); Clinical Trial Award; Clinical Trial Development Award; Idea Development Award; Outcomes Research Award; Translational Research Award; Prostate Cancer Research Program (PCRP); Biomarker Development Award; Idea Development Award; Synergistic Idea Development Award

*Note: The PCRP Clinical Exploration, Health Disparity Research, Laboratory-Clinical Transition, Population Science Impact, and Prostate Cancer Pathology Biospecimen Resource Site Award funding opportunities will be released in late May 2014. The PCRP Collaborative Undergraduate HBCU Student Summer Training Program, Exploration Hypothesis Development, Physician Research Training, and Postdoctoral Training Award funding opportunities will be released in early June 2014.

All funding opportunities, both recently and previously released, are available on the CDMRP website (http://cdmrp.army.mil). Subsequent notifications will be sent when additional funding opportunities are released. A listing of all CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420. New for 2014 - CDMRP’s New Application Receipt System (eBRAP). For FY14, CDMRP has replaced eReceipt with the electronic Biomedical Research Application Portal (eBRAP). As in the past, application submission is a two-step process requiring both (1) pre-application submission through the eBRAP (https://eBRAP.org/) and (2) application submission through Grants.gov (http://www.grants.gov/), with application status available on eBRAP. A key feature of eBRAP is that organizational representatives and Principal Investigators (PIs) will be able to view and modify their Grants.gov application submissions. Submission of either the pre-application to eBRAP or the application to Grants.gov does not require registering an organization and affiliating its Business Officials and PIs in eBRAP. However, you will only be able to view and modify your full application submission in the eBRAP system if you are accepted in eBRAP by the organization that is listed in blocks 5 & 19 of the S424 form in the Grants.gov application package. You will receive an email from the eBRAP system once this organization has accepted you. Please do not respond directly to this message. To be added or removed from this email list please use the “Subscribe/Unsubscribe” to program specific news and updates at https://ebrap.org; CDMRP also provides news and updates through Twitter and YouTube; Follow CDMRP on Twitter: https://twitter.com/CDMRP; Subscribe to CDMRP on YouTube: http://www.youtube.com/CDMRP

**Title:** Prostate Cancer Research Program--Idea Development Awards; **Sponsor:** Sponsor: Department of the Army; **Deadline(s):** October 24, 2014; **Contact:** Address: Congressionally Directed Medical Research Program; 1077 Patchel Street; Fort Detrick, MD 21702-5024; U.S.A.; Tel: 301-682-5507; Fax: 301-619-7796; E-mail: help@eBRAP.org; **Link(s):** Web Site: http://cdmrp.army.mil/funding/pcrp.shtml Program URL: http://www.grants.gov/custom/viewOppDetails.jsp?oppId=254793

<tr>
<th>Clinical Trial Award – Preproposal due June 25, 2014</th>
<th>New mechanism for FY14!</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assistant Professor level or above (or equivalent); Supports the rapid implementation of clinical trials of novel interventions with the potential to have a significant impact on patient care in the topic area of interest; Investigational New Drug or Investigational Device Exemption applications, if needed, should be submitted to the Food and Drug Administration before the PRMRP Grants.gov application submission deadline; A clinical trial is expected to be initiated within 12 months of the award date.</td>
<td>Restricted to the topic areas of Acupuncture, Congenital Heart Disease, Illnesses Related to Radiation Exposure, Metabolic Disease, Neuroprosthetics, Psychotropic Medications, Respiratory Health, and Segmental Bone Defects; Supports a synergistic, multidisciplinary research program of multiple distinct but complementary projects addressing an overarching goal in one of the topic areas listed directly above; Projects should work together to answer critical questions, resolve differing hypotheses, and translate laboratory findings to clinical applications. Projects may range from exploratory/hypothesis-developing through small-scale clinical trials that together will address the overarching goal/question.</td>
</tr>
<tr>
<td>Preproposal submission is required; application submission is by invitation only; funded limit not defined; requested funding must be appropriate for the scope of work proposed Maximum period of performance is 5 years.</td>
<td></td>
</tr>
<tr>
<td>Discovery Award – Letter of Intent due July 16, 2014</td>
<td></td>
</tr>
<tr>
<td>All Investigators; Supports the exploration of a highly innovative new concept or untested theory; Not intended to support the logical progression of an already established line of questioning; Clinical trials will not be funded; Maximum of $200,000 for direct costs (plus indirect costs); Maximum period of performance is 18 months.</td>
<td></td>
</tr>
<tr>
<td>Focused Program Award - Preproposal due June 25, 2014; Full Professor level or above (or equivalent)</td>
<td>Preproposal submission is required; application submission is by invitation only; Maximum of $10 million for total costs (includes direct and indirect costs); Maximum period of performance is 5 years.</td>
</tr>
</tbody>
</table>
Investigator-Initiated Research Award - Preproposal due June 20, 2014: Assistant Professor level or above (or equivalent); Supports research that will make an original and important contribution to the field of research or patient care in the topic area of interest; Partnering Principal Investigator (PI) Option available; Clinical trials will not be funded

Preproposal submission is required; application submission is by invitation only: Maximum of $1.2 million for direct costs (plus indirect costs); Maximum of $1.5 million for direct costs (plus indirect costs) for applications including a Partnering PI Option; Maximum period of performance is 3 years

Technology/ Therapeutic Development Award - Preproposal due June 25, 2014: Assistant Professor level or above (or equivalent); Supports the development of diagnostics or therapies that have the potential to make a strong impact on patient care in the topic area of interest; Product-oriented: device, drug, clinical guidelines; Clinical trials will not be funded

Preproposal submission is required; application submission is by invitation only: Maximum of $1.5 million for direct costs (plus indirect costs); Maximum period of performance is 3 years

All applications must conform to the final Program Announcement and General Application Instructions that are available for electronic downloading from the Grants.gov website. The application package containing the required forms for the award mechanisms are also found on Grants.gov. A listing of all USAMRMC funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.

A pre-application is required and must be submitted through the CDMRP electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org) prior to the pre-application deadline. Applications must be submitted through the federal government's single-entry portal, Grants.gov. Requests for email notification of the Program Announcement release may be sent to help@eBRAP.org. Email notifications of funding opportunities are sent as a courtesy and should not be used as a sole source of notification; applicants should monitor Grants.gov for official postings of funding opportunities.

For more information about the PRMRP or other CDMRP-administered programs, please visit the CDMRP website (http://cdmrp.army.mil).

Point of Contact: CDMRP Help Desk; 301-682-5507; help@eBRAP.org

Department of Defense Ovarian Cancer Research Program; Funding Opportunities for Fiscal Year 2014 (FY14)

The FY14 Defense Appropriations Act provides $20 million (M) to the Department of Defense Ovarian Cancer Research Program (OCRP) to support innovative, high-impact ovarian cancer research. This program is administered by the US Army Medical Research and Materiel Command (USAMRMC) through the Office of Congressionally Directed Medical Research Programs (CDMRP). FY14 OCRP Program Announcements and General Application Instructions for the following award mechanisms are available on the Grants.gov website.

Clinical Translational Leverage Award – Pre-announcement is due June 3, 2014, full application (if invited) is due August 27, 2014

Must be an independent investigator at or above the level of Assistant Professor (or equivalent)
New for 2014 - CDMRP’s New Application Receipt System (eBRAP)
For FY14, CDMRP has replaced eReceipt with the electronic Biomedical Research Application Portal (eBRAP). As in the past, application submission is a two-step process requiring both (1) pre-application submission through the eBRAP (https://eBRAP.org/) and (2) application submission through Grants.gov (http://www.grants.gov/), with application status available on eBRAP. A key feature of eBRAP is that organizational representatives and Principal Investigators (PIs) will be able to view and modify their Grants.gov application submissions, but only if their organization, Business Officials and PIs are registered and affiliated in eBRAP to the organization listed in blocks 5 & 19 of the Grants.gov SF424. Submission of either the pre-application to eBRAP or the application to Grants.gov does not require registering an organization and affiliating its Business Officials and PIs in eBRAP; however, the ability to view and modify the Grants.gov application in eBRAP is contingent upon this registration and affiliation process. Please do not respond directly to this message. To be added or removed from this email list please use the “Subscribe/unsubscribe to program specific news and updates at https://ebrap.org.” CDMRP also provides news and updates through Twitter and YouTube. Follow CDMRP on Twitter: https://twitter.com/CDMRP Subscribe to CDMRP on YouTube: http://www.youtube.com/CDMRP

The Fiscal Year 2014 (FY14) Defense Appropriations Act provides research funding for the peer reviewed programs managed by the Department of Defense (DOD) office of Congressionally Directed Medical Research Programs (CDMRP).

This e-mail is to notify the research community of the recently released funding opportunities from the following programs: ALSRP, BMFRP, and BCRP. Detailed descriptions of each of the funding opportunities, evaluation criteria, and submission requirements can be found in the respective Program Announcements. Each Program Announcement is available electronically for downloading from the Grants.gov website (http://www.grants.gov), the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org).

Amyotrophic Lateral Sclerosis Research Program (ALSRP)

Therapeutic Development Award
Therapeutic Idea Award

Bone Marrow Failure Research Program (BMFRP)

Idea Development Award

Breast Cancer Research Program (BCRP)

Era of Hope Scholar Award
Innovator Award
Breakthrough Award Levels 1 and 2
Breakthrough Award Levels 3 and 4

All funding opportunities, both recently and previously released, are available on the CDMRP website (http://cdmrp.army.mil). Subsequent notifications will be sent when additional funding opportunities are released. A listing of all CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.

The Department of Defense (DoD) Peer Reviewed Medical Research Program (PRMRP) just released a pre-announcement to allow investigators time to plan and develop applications. The FY14 PRMRP will solicit research applications for 25 topic areas, listed below. The official funding announcements and application instructions will be released in April. See below for details.

**Defense Health Program**

Department of Defense Peer Reviewed Medical Research Program

Funding Opportunities for Fiscal Year 2014

The Fiscal Year 2014 (FY14) Defense Appropriations Act provides $200 million to the Department of Defense Peer Reviewed Medical Research Program (PRMRP).

**PRMRP pre-announcement**

**Congressionally Directed Topic Areas.** The FY14 PRMRP will solicit research applications for the following 25 topics areas: Acupuncture; Arthritis; Chronic Migraine and Post-Traumatic Headaches; Congenital Heart Disease; DNA Vaccine Technology for Postexposure Prophylaxis; Dystonia; Epilepsy; Food Allergies; Fragile X Syndrome; Hereditary Angioedema; Illnesses Related to Radiation Exposure; Inflammatory Bowel Disease; Interstitial Cystitis; Lupus; Malaria; Metabolic Disease; Neuroprosthetics; Pancreatitis; Polycystic Kidney Disease; Post-Traumatic Osteoarthritis; Psychotropic Medications; Respiratory Health; Rheumatoid Arthritis; Segmental Bone Defects; Tinnitus

**Military Relevance:** Relevance to the healthcare needs of the military service members, veterans, and beneficiaries is a key feature of each FY14 PRMRP award
